

Revisiting April 8, 2024 Solar Eclipse

In a previous presentation, The Judahite presented a judgmental concept for understanding Judah's perspective on the April 8th celestial event. Indeed, the event will be dramatic, but the focus must be on the prophetic idea of TAV—the beginning and end.

As an introduction, God tells us that the sun, moon, and stars are one aspect of his providential sign of communication. Unlike today, the early man acknowledged the influence of celestial bodies on life on Earth. In fact, after Adam's expulsion from the Garden of Eden, Seth developed the science of astronomy, understanding TIME in the rotational celestial bodies. Seth understood the meaning of the inner and outer constellations (what is above is below) enabling Adam's descendants to jump-start agriculture for sustainable growth of society that led to building cities and kingdoms.

Later, a group of people became impressed with the supernatural movement of celestial bodies and constellation systems, which led them to develop astrology. These elite people formed occult societies to manage governments, a position from which they would rule governments through secrecy throughout the ages.

Though self-serving, the super-secret societies, post-flood to the present day, know that as a cosmic principle, what comes from heaven always has an **enduring** impact on the world.

While true, the LORD told the tribal nations of Israel throughout the ages not to worship celestial bodies because the celestial systems were formed to establish sacred communication through the feast days and for appointed declaratory communications. Yet sometimes, they become milestones in communicating Israel's itinerary and journey to be on the same pages of prophetic history.

As a summary point, the celestial bodies of astrology misdirect the Israelites, regardless if concealed via secret societies or in the format of popular media, is still a misdirection of their purposes.

**Biblical teaching is the only trustworthy celestial
Reason for the Israelites to look up into the heavens.**

The LORD has sent his prophets and selected servants to teach and guide the nation of Israel.

The Law serves as our moral guide to a sustainable, wholesome community. Therefore, the tribes of Israel have the celestial paradigms for operational purposes.

- *Then God said, "Let there be lights in the firmament of the heavens to divide the day from the night; and let them be for signs and seasons, and for days and years. Genesis 1:14*

2017 Signs of the heavens.

The prophetic year 2017 arrived, marking Jereimah's Seventy-year countdown to Judah-America to become acquainted with his prophetic mission because it takes time to evolve the correct historical materialistic consciousness due to complexities. The subsequent years included Queen Elizabeth's death. Not clear at the time, Jereimah's Seventy-year prophecies were a dressed rehearsal when the Executive Body of Israel in Exile would take control of Israel and the Middle East in synch with the fall of Babylon.

Currently, we know where we stand in Jeremiah's prophecy. As often is the case, the Holy Spirit brings clarity to prophecy. Daniel, too, was confused over Jereimah seventy-year prophecy. Then, the LORD dispatched Gabriel to bring Daniel to impart skills for counting the time sequences of events when Archangel Michael would stand up to render all earthly governments helpless without any functional reason to exist.

While it is perfectly understandable for those, who have been dispossessed for hundreds of years to quickly seek relief from society's dominant constraints, reaching for a perceived relief answer might not be the right one for making amends for acceptable settlements. History is full of examples of expediency leading progressive movements to make a U-turn due to omitting the correct historical materialistic consciousness of social laws.

As outlined in the Scriptures, Israel's past conceptual errors will be avoided because of maturity—no longer toddlers. The Ten Tribes, Judah, 144K, and Firstfruits will enter the millennium with a promising future.

The millennium period marks the end of the pre-civilization of Earth. The icing on the cake is at the Wedding Supper of the Lamb when the invited will receive a changed DNA necessary for leading an advanced inter-planetary civilization.

Jonah, the Zebulunite, Re-broadcasts

Repentance.

The courts of Heaven communicated through the solar eclipse on August 21, 2017, for the land and national government of the Chaldeans to repent by overturning anti-Scriptural legislative laws, for the church to stop giving passive support to those violating the Ten Commandments, for individuals to stop using internet platforms to encourage humorizing offenses against Yeshua's New Testament teaching.

The ecliptic communique
from the Pacific to the Atlantic, from the West to East, and
ocean to ocean
STOP SINNING AND REPENT.

The Second Heaven Court issued the same Ecliptic Communique while Jonah was in Nineveh. The whale constellation Cetus was visible on August 21, 2017, in synchronicity with Jonah's message: Stop Sinning and Repent.

Jonah's prophetic template is for our time because it has a dual application, as certified by the whale swallowing Johah because of not going to Ninevah to preach repentance to the Assyrians. He viewed the Assyrians beyond any consideration of a pardon due to their godless, inhuman spirit. For sure, the Assyrians had a long history of hostility toward the children of Jacob.

Jonah is of the tribe of Zebulun, hence a Zebulunite. Zebulun's ideological virtues include **generosity, self-sacrifice, and high ethical integrity**. For example, the Zebulunites would often share their catch with those needing food after fishing. He kept the Israelites' homes with plenty of fish.

The Zebulunites took Joseph, the tribes of Israel, and thousands of Egyptians to North America to the area of Mexico and southern California. Many trips were taken from Egypt to the West and East before they departed Egypt, going to the Promised Land.

Starting from the West Coast, the colonies covered North, Central, and South America. Remember, they had over three thousand years to populate the Americas.

Likewise, the Zebulunites took Joseph, tribal nations of Israel, and thousands of Egyptians to the East. From Cambodia, the colonies migrated to all parts of Asia, taking over three thousand.

Moses knew the precise locations of tribal nations in the West and East because Moses attached them to the Covenant while binding the tribal nations at Mt. Sinai.

- *"And the LORD will take you back to Egypt in ships, by the way of which I said to you, 'You shall never see it again.' And there you shall be offered for sale to your enemies as male and female slaves, but no one will buy you." Deut. 28:68*

Prophet Jonah knew through prophecy his tribe would have an indirect link to the slave ships that would take his tribal nations to all parts of the world. His tribe gained knowledge from Noah (the only shipbuilder in the pre-flood world), Shem, and Abraham. Not just knowing how to construct ships, the Zebulunites learned the mathematics for establishing coordinates.

Enoch, the planetary mathematician, worked out the knowledge of π and passed it down to Shem, who gave it to Abraham and, in turn, to Isaac and Jacob. Joseph stayed by his father's side and learned mathematical skills that would enable him to govern the Egyptian's global Empire. Joseph was a master in all the sciences.

'You shall never see it again.' Moses encoded his message to tell Judah, Levite, and Benjamin that they would return to Egypt (meaning bondage) on foot, heading to the Indian and Atlantic oceans, where they would be loaded onto ships and sent to foreign lands where no one would redeem them or purchase their freedom. Hence, the Great Tribulation was a one-time historical event that would never be repeated, as confirmed by Yeshua.

Given this background, Jonah sacrificed himself in solidarity with Judah by compelling the shipmaster to throw him overboard. Drowning would become a pattern for countless members of tribal Judah (Levit, Benjamin, and Judah). Forms of drowning: (a) jumping or thrown overboard; (b) ship wrecking (as with Apostle Paul); (c) starving to death while on the waters. Prophetically, the whale carried Jonah to Europe, North America, the West Coast of Africa, and around the Arabian Peninsula to the Persian Gulf.

Yeshua recapped Jonah's summary point when the turbulent sea waves were about to smash the boat and drown Jesus and his disciples. Like Jonah, Jesus was sound asleep and had to be awakened. He stood and said, "Peace, be Still." **The Point:** Call upon Yeshua's name and be saved when Satan brings turbulence to one's life and a crisis of faith in one's community.

Jonah and Jesus and the slave routes

The Arab slave trade was ruthless and vicious. Jesus took the same route that Jonah took and preached to the souls that would die during the great tribulation when the apocalyptic horses would perform their missions on account of Israel and Judah's disobedience and emulating the worse Gentiles' practices.

Mexico, Texas, and the West Coast are the initial areas where colonial Ephraim landed from Egypt over 3,000 years ago and immigrated to different locations, eventually reaching the East Coast. In commemoration, the April 8 solar eclipse will originate from Mexico and Texas.

On the evening of August 21, 2017, the constellation Cetus, the whale, could be seen signaling the countdown to repentance. Dovetailing with the constellation Cetus, the path of totality will cover all Ninevah cities in North America on April 8, 2024. Yes, all cities named Ninevah in North America will be blackened. WOW!

Some people see the synchronicity of events as coincidence. On the other hand, those with spiritual insight know that God's universe is designed with built-in synchronicity as cross-checked

validation. Hence, there is no such thing as a coincidence. As Gabriel told Daniel, some people are naturally wicked and will continue to live in disbelief regardless of evidence; thus, don't worry about them.

Yeshua's Grace Supports those who seek repentance.

August 21 repentance sign carried Yeshua's full grace of salvation as his date of birth was observed on September 1st as the eternal hope of salvation. Following September 1, the Revelation 12 sign appeared on September 23, 2017. The dates are organically linked. Suffice is to say, the sign dates are within the end time infrastructure. The appointed occurrences had to take place seven days before September 23 to certify the character of repentance—the overtone of August 21, which is deeply rooted in pre-civil war America.

Jesus' conception birth took place in heaven, likewise, the Man-child as seen in Revelation 12 signs. Like Jesus, the Man-child's gestation period had to run its course before actual birth.

Yeshua has a longstanding practice of granting salvation through grace to those who repent of their sins.

The LORD counseled Jonah to make him aware of his cognizance of the Assyrians' evilness. Yet, the population deserved a pardon if they took prescribed steps to repent after hearing his message.

The LORD knew a percentage of people were of a good heart, but they needed someone to teach them about their ungodly conduct of social behavior; they had to be taught the difference between good and bad and the gods of stones and wood that have no value and could not deliver them from the coming destruction.

The LORD displays his Longstanding show of mercy. Look at Sodom and Gomorrah—only if ten righteous people existed, he would spare the cities. As in the case of Nineveh, the nation repented because the people of the royal class of Egypt, now living in Ninevah, saw what the LORD did in Egypt and testified to the authenticity of the communique to repent.

Relational to Nineveh, from 2017 to 2024, the people who knew the Scriptures but said nothing about the ungodly behavior in society will be held accountable. Still, those who know morally right from wrong will be held responsible for not repenting.

Mexico and Texas will kick off the 2024 Solar Eclipse.

Why is the solar eclipse originating from Mexico? In short, to inaugurate Judahtocracy, American democracy is no longer valid to the Ten Tribes and Judah. Under the Abrahamic Covenant, the Congregation fulfilled the 400-year jurisdictional requirement to serve the Gentiles, thus

invalidating American democracy as the functional political tool for the Congregation's relative well-being.

Judahtocracy owing to Judah's home state of Alabama and Texas being Judah's governmental doorway to prophetic international policy administration.

Consider that before tribal Judah came to the shores of North America, he had already harmonized his individualized astro-ideology in the Middle East during the slave trade to build cities and the agricultural economy. What Judah did in the Middle East was duplicated in Texas. What he did in Texas, he duplicated in the Middle East, particularly in the Arabian Peninsula. Nat Truner, the Asherite, prophetically prototyped the global oil industry and the Petrodollar—black dollar bills.

The Asherite, like all tribal nations, has its individualized astro-ideology. Hence, Jacob's tithing-blessing through his sons' astro-ideology would be a blessing to the world, as it contains engineering principles employed in Daniel's Man Image statute for pushing the Gentiles' social systems toward their maturity and decline; yet on the up-rise, Judahtocracy, a new social system.

The Asherite's astro-ideological virtue is the actual seal that Texas belongs to Judah.

Enslaved Judah established the economic developmental reciprocation pattern between the Middle East and Texas, conveying Texas' land entitlement through the Covenant's Articles to Judah. As a review, the Arabian Peninsula belongs to the Israelites. This fact is well established without any legitimate questions. People can express their opinions against it, but the facts will never change. For example, Abraham spent time in Arabia and Egypt long before Jacob's birth, thus validating the boundaries stated in the Covenant. Indeed, Egypt belongs to the Congregation.

Below, the Israelites have various legitimate land claims of ownership beyond Israel proper.

I.

In Genesis 15:18, the LORD specified the deeded boundaries to Abraham and his descendants forever. Why? The planetary people, Israel, will always have a family location, a family home. Generally, a family house is designated as the parents' home because, psychologically, the family house is the place of security and comfort.

For the tribal nations of Israel, the deeded land is where Tabernacle resides, the spiritual soul of nationhood.

II.

The LORD clarified the Covenant's land ownership with Moses. The deeded land to Abraham remains in place; it is the cord of the nation. However, as a nation, the Israelites claim land on specific conditions far beyond the original boundaries. According to Moses, the Israelites could claim land ownership wherever they were enslaved.

III.

To avoid misunderstanding and confusion, after Joshua entered the land of Canaan, the LORD clarified the tribal nations' land ownership by using the Edenic Judicial Decree for dividing the land into phase one and two. In phase one, the Serpent crushed Adam's descendants' knowledge of LAW. As such, right became wrong, and wrong was regarded as suitable, causing their expulsion from the Homeland.

In phase Two, after Jesus's resurrection and ascension, the Israelites were on a timeline for returning to the Homeland and legitimatizing land claims never occupied in Phase One. Prophetically, Joshua knew the LORD would expel Israel and Judah from the land in the same manner that the Congregation prescribed for themselves. Indeed, they called upon the stone to fall on them if they stood in violation of their OATH.

However, as foretold by the prophets, the Congregation would return after thousands of years to take full possession of all unoccupied lands and previously claimed lands during the Northern and Southern Kingdoms.

IV.

Landownership according to statute. The prophets have assigned land ownership to Judah and Israel under stated conditions to claim during transitional relocation.

Summary

In brief, Israel's land ownership rights evolved from two doctrinal phases for learning not to allow Satan to deceive and steal one's birthright. Now, with experience, we know that Satan can and does create attractive conditions and circumstances that lead to people's downfall. They will never be able to eat from the Tree of Life.

Co-existing with pagan people within the same territory proved to be Israel's downfall. History is a good teacher of disobedience. Moses told the Israelites before going into the Promised Land to remove all people from the land because Satan would work to bring about their expulsion.

- *“Every place where on the soles of your feet shall tread shall be yours: from the wilderness and Lebanon, from the river, the river Euphrates, even unto the uttermost sea shall your coast be. “Deuteronomy 11:24*

Land Ownership Extension

Judah's economic relationship between the Middle East and Texas constituted the application of bondage or land ownership extension per Moses' Articles of Covenant. Therefore, Texas and Alabama belong to tribal Judah. The Ten Tribes have a claim to the other states.

Remember, Jacob declared the Western Hemisphere as Ephraim's Kingdom, and Joseph made it a reality. Subsequently, tribal migration in the Americas assigned many names to different locations. Still, there could be a worthy exercise to a land claim.

According to the Scriptures, America will not exist in its current form during Israel's transition. Consequential geological changes will continue to affect the States, Israel, and other parts of the world, and many landmasses will end up at the bottom of the oceans and rivers.

History has recorded many civilizations in the Americas that have come and gone. Yet, the pyramids still stand as cosmic clocks, telling us about the appointed hour of change in each location where pyramids are on Earth, including Mexico.

Factually, Enoch constructed most of the pyramids on the Earth, as they are cosmic time-oriented. Enoch flew to all parts of the Earth to build mathematical monolithic structures to tell us what to expect when we see the constellations and their operational systems co-relational with social activities on earth. For example, Arcturus, a star, appeared in the heavens on the night Abraham was born.

On Enoch's second mission to the Earth, Elohim instructed him to complete his work projects and say his goodbyes before his final departure to the heavens.

Juneteenth Relation to the solar eclipse

The Judahite makes another attempt to sort out confusion regarding Juneteenth, which originated as a Texas state holiday, celebrating Judah's transitional reintegration into a reconstructed America, post-Civil War, and the era of complete removal of all Native Americans' resistance to the western expansion to the Pacific Ocean.

Juneteenth is now a national holiday commemorating the ending of Judah's slavery in America. However, the passage of the Thirteenth Amendment occurred on December 18, 1865, **marking the official constitutional day ending Judah's slavery in America**. The two historical dates are acknowledged as companion milestone dates, one conditioning the other. Judahtocracy is rooted in the general labor strike across the South by the divine spirit of the LORD upon which Judahtocracy rests. The general labor strike ended the Civil War. The birth of participatory democracy came one hundred years after the Civil War.

In the prophetic context, Juneteenth is an evolved Judahcratic jurisdiction covering all of Texas, Alabama, and Washington, DC.

Post Solar Eclipse April 8.

As a preceding conclusion, America would not make repentance, and as such, for our times, Jesus said:

- *The men of **Nineveh** shall stand up in the judgment with this generation and shall condemn it: for they repented at the preaching of Jonah; and behold, a greater than Jonah is here. Matthew 12:41.*

It is apparent to righteous people that those with an organic desire act morally right by gravitating toward God's words that resonate in their spirit without the alluring gimmickry seen throughout the religious community.

Nothing is complicated about the Holy Spirit moving people to God's words of truth. In the opposite direction, many people are moving away from living God toward the salvation of popular opinions and celebrated trends in the here and now. For our times, Jesus said:

- The queen of the south shall rise up in the judgment with this generation and shall condemn it: for she came from the uttermost parts of the earth to hear the wisdom of Solomon; and behold, a greater than Solomon *is* here. Matthew 12:42
- Then **Jesus** answered and said, "O faithless and perverse generation, how long shall I be with you? How long shall I bear with you? Bring him here to Me." Matthew 17:17
- And Jesus rebuked the demon, and it came out of him; and the child was cured from that very hour. Matthew 17:18.

June 15, 763 BC, a solar eclipse passed near Nineveh.

Nineveh repented and was saved. However, decades later, Nineveh came against Jerusalem, resulting in 185,000 soldiers killed, followed by its destruction in 612 BC. Nineveh became ground dirt, which has motivated archaeologists to dig out of fascination and determine what life was like in her final hours.

The results of Jonah's ministry show that his righteous anger rested on an enduring divine principle. When given time, the righteous would separate from the heathens and all corrupted practices; another example is Sodom and Gomorrah. Today, the prophetic voice is calling again to separate from society's corrupted practices because when divine judgment comes, no one will escape.

Heads up for our times—what does that mean? The constellation Cetus warned Americans to repent on August 21, 2017, with known consequences coming in 2024 at the second solar eclipse that makes **X, (TAV)**. The Hebrew Alphabet pronounced TAV.

- Here are a few informational notes on TAV. It is the last Hebrew alphabet: with a numeric value of 400.
- X or ת is the alphabet for TAV. It means **sign or mark or seal or omen**.
- Yet, it is a symbol of truth or completion.
- In August 2017, we knew that the 2024 solar eclipse represented the other cross-stick, thus, a completed TAV.

TAV is telling us (a) that the **heavenly** 400 years of Judah bondage is complete; (b) TAV is telling

us about the omen of those who have failed to repent yet continue playing the joker—believing there is nothing to signs in the sky because many signs are in the sky as natural phenomena. (c) Finally, TAV represents the Covenant. The Abrahamic Covenant's articles related to money, homeland, family, and feast of Tabernacle all of which are certainly in need of resolution. Yet, we can still expect Judahtocracy to subordinate all Gentiles' governmental authorities to ineffectiveness.

Jonah and Jesus Spiritually Disappeared To anchor their teaching of Repentance.

The Scriptures provide scenarios accounting for those who went missing. Reviewing the dramatic supernatural occurrences add clarity. For the redeemed, the Kingdom of God is inside, internal to each person.

Reference one:

When asked when the Kingdom is Coming, Jesus said in Luke 17:20-24.

Now when He was asked by the Pharisees when the kingdom of God would come, He answered them and said, "The kingdom of God does not come with observation; nor will they say, 'See here!' or 'See there!' For indeed, the kingdom of God is within you."

Then He said to the disciples, "The days will come when you will desire to see one of the days of the Son of Man, and you will not see *it*. And they will say to you, 'Look here!' or 'Look there!' Do not go after *them* or follow *them*.

For as the lightning that flashes out of one *part* under heaven shines to the other *part* under heaven, so also the Son of Man will be in His day.

Jesus continues to tell his disciples to be on guard and let history guide them because many events must come as milestones before his kingdom arrives. Listen:

- a. The son of man must suffer many things, be rejected by his generation, and die.
- b. As in the days of Noah, people were marrying and engaged to be married not knowing they would be swept away within an hour.
- c. As in the days of Lot, the people ate, expecting another meal to eat; they bought and sold, not knowing fire and brimstone would rain down from heaven destroying them all.

- d. Lot's wife appears at a historical moment to review the fond days of gamesmanship in corruption. The angels took the family by the hands, led them to the city's gate and said run for your life and don't look back.
- e. Looking back, perhaps she was thinking about those who owed her. Appropriately, Lot's wife is symbolic of the church. When she looked back, she saw only death and destruction.
- f. Jesus advances the Principle of Faith, for those who seek to save their corrupted lives will die. And for those who will lose their lives for righteousness will be resurrected and live again.
- g. As an absolute declaration:
 - 1. Two men will be in bed; one taken and the other left.
 - 2. Two women will grind together; one will be taken, and the other one left.
 - 3. Two men are in the field, one taken and one left.

Jesus' disciples asked where and when the disappearance would occur as they knew about Noah and Lot's locations. Allegorically, Jesus answered:

- "And they answering say unto him, Where Lord? And he said unto them, Where the **body** is, thither will the eagles also be gathered together."

And as they were eating, Jesus took bread, blessed and broke *it*, and gave *it* to them and said, "Take, eat; this is My **body**." Matt 26:26

The gathering of the eagles represents the Eastern and Western Roman Empire or the Byzantine Empire, and the one-headed eagle represents the Holy Roman Empire. The Edomites and those of Judaism supported killing Christians through public sports entertainment—moreover, the Inquisition, the Thirty Years War between Lutherans and Catholics, etc. In sum, the Church Age or the New Testament teachings to humanity represent the Kingdom of God.

The Church Age is the Spiritual Age of the Gentiles.

The Church Age is about the Kingdom of God, yet a conflict among world outlooks. Efforts to reconcile the Scriptural differences have led to compromises and, in some cases, permanent doctrinal separation within the church community.

Whereas the Church Age arose after AD70, tribal Judah played a passive role, a subordinate role to the Gentiles. The eagles are the spiritual representation of capitalism and imperialism. Their feeding resulted in the valley of Dry Bones, stripping the Congregation of its biblical identity.

As the Congregation regains consciousness of its biblical identity by each tribal nation embracing their tribal names, they can stand upon feet and proclaim spiritual resurrection wherein the spiritually righteous Gentiles would integrate into one holy body and enjoy the Feast of Tabernacle.

Select your tribal nation.

1. Judah	5. Naphtali	9. Issachar
2. Reuben	6. Manasseh	10. Zebulun
3. Gad	7. Simeon	11. Joseph
4. Asher	8. Levi	12. Benjamin

The Judahite has consistently rejected the terms black or African American as a social division of political economy. Granted, the government will not remove the designated social divisions as a given fact; however, knowing one's biblical identity and attaching it to one's social division serves as a notice that the term black is waiting for the trash bin of history.

About six months ago, Elohim rescinded the Mosaic Curses, opening the door for those to search and find their tribal families.

The Judahite has consistently warned black Israelites to separate from the term black, though other melanated people can call themselves black or whatever they wish. Persisting using black as self-identification will continue to be a stumbling block to spiritual resurrection. Each tribe of Israel has a unique astro-ideology of goodness designed to share economic benefits with all on Earth.

Blackness

Blackness never existed as a political/economic construct within the tribal nation of Israel. Different shades of color were celebrated as God's expression of his glory. Indeed, many shades of skin color existed among the Children of Israel, yet they were all one family, having one spiritual father called Jacob.

Jacob received an illustration of prayer messaging in his night vision. When he made prayers, the angels would collect them and transmit them to the Throne Room of Heaven to be addressed and transmitted down to the Earth. Thus, he saw no need for idols. Prayers go up, blessings flow down.

Jacob's Prayer Pledges

1. A promise made, a promise kept.
2. Food, clothing, and shelter have sustained a joyous life.
3. Economic accumulation for the sole purpose of magnifying the feast of Tabernacle.
4. Always give to the LORD what you can afford.
5. Annually, renew the oath: never worship idols, never allow idols inside one's household, and never give the appearance of keeping company with spiritual injustice.
6. Tabernacle will always be the bedrock on which the tribal nation of Israel rests.
7. If a wicked seed appears within the congregational family, that family has the responsibility to remove the root-seed from the Congregation.

**Jacob made Joseph a coat of many colors
to instill
his pledges to the LORD in colors.**

Once the basis of political economy has been removed, there will be no motivation to amplify skin color. As ironic as it sounds, Jacob's Tithing-blessings drive the political economy, though the driving surpluses from the Tithing-blessing have expired; as the flowing water has dried up, there is still water in the supply pipes.

Due to the horses of the apocalypse, the Mosaic Curses, and the curse of Canaan, skin color became a big problem of misidentification for Judah and the Ten Tribes of Israel.

Putting mental blackness in the proper perspective

Being black or seeing oneself as black will fade once the Ten Tribes and Judah embrace their biblical families while at the same time making a spiritual and cultural separation from non-Israelites. Select your family now!

1. Judah	5. Naphtali	9. Issachar
2. Reuben	6. Manasseh	10. Zebulun
3. Gad	7. Simeon	11. Joseph
4. Asher	8. Levi	12. Benjamin

The Moors.

Moorish Americans are black or melanated. They look like any other black American. Factually, the similarity ends in skin color. Historically, Moors were called Berbers. Still, today, the names are interchangeable. In the seventh century, Islam became a conquering religion without boundaries. The areas conquered were converted to Islam if no opposing force could withstand Muhammadanism.

The Islamic Moors of Africa were very much a part of the Arab Slave industry; they hunted Africans for centuries until the 14th century, when the Transatlantic slave trade started. Many European countries could not distinguish between the different African tribes, not that it made any difference; still, accounting for captured Moors becoming enslaved by England, Spain, and France. Many captured Moors and Judah from West Africa were shipped to South and Central America. In contrast, Judah arrived directly from the Congo region in North America without going to South America.

Today, Moorish America is known as the Moorish Science Temple of America. Its legal structure resembles the Holy See (Vatican), a sovereign state or a religious nation-state.

The Moors are astute in international law and understand their rights as Moroccan citizens living in America. The U.S. courts view them as Berbers and black Arabs who are Muslim. For the record, the Moors got caught in the Atlantic Slave dragnet as Moroccan citizens. They are now asserting their right to claim their heritage and seeking compensation for servitude.

To their credit, whenever and wherever, the Moors contrast themselves in religious disassociation from other black-skinned people.

The Judahite make two assertions based on the Moors' movement for recognition under international law. One is that they can assert their rights under the Law of Treaties.

Although the Moorish Science Temple of America knows international law, it needs a **winnable** legal strategy to realize its **ideal** goals. The Judahite is straightforward, saying that the Moors mixed apples with oranges. Under constitutional law, the Moors have and exercise rights like everyone else.

However, some Moorish members claim they can drive without a state-issued driving license and are not obligated to pay property taxes on **personal real estate**.

Beyond the ordinary, whatever their ideal objectives, such a legal strategy might have taken twenty or thirty years or longer to mature due to complex legal issues regarding Judah's religious disposition. What? Given the historical reality of the United States of America, the Moors had the burden of proof to show Judah is of the nation of Israel and that Jews in Israel are not from the tribe of Judah. Even if Judah America wanted to support the merit of their **ideal** objective, Judah could not because he did not know his biblical identity.

Thus, legal knowledge is only one aspect of a legal formula for obtaining desired legal rights and protection of the law. Making law workable in a country such as America is a multifaceted undertaking that requires decades and lots of money.

Two. Black Israelites must respect the fact that Moorish Americans don't want social integration with black Americans. They have claimed their history and want respect. Similarly, some white people don't want to be called Caucasians because they are NOT from the Caucus region of Europe. Again, the Israelites must respect the cultural identities of others through a dedicated focus on their spiritual gifts as astrotheological people.

Knowing that the Moors were slave hunters and of a different religion, tribal Judah never wanted an association with the Moors beyond usual commercial interaction.

Black Israelites must not be jealous of the Moors.

The Moors are knowledgeable about their history.

Revelation. After Joshua, the Israelites lacked commitment to push forward with zeal to finish conquering Canaan. They started to compromise with the Canaanites out of self-serving interest per tribal nation. In a word, each tribal nation operated in the interest of the tribe. Hence, the historical period of Judges. Still, the LORD's strategic policy did not change.

The Gibeonites' deceit became the model for those Canaanites who could not fight the Israelites and hope for a victory. The Gibeonite model of deceit has been used throughout the ages.

- They answered: From a very far country thy servants are come in the name of the Lord thy God. For we have heard the fame of his power, all the things that he did in Egypt. Joshua 9:9
- and all that he did to the two kings of the Amorites, that were beyond Jordan, to Sihon king of Heshbon, and to Og king of Bashan, which was at Ashtaroath.
- And our ancients, and all the inhabitants of our country said to us: Take with you victuals for a long way, and go meet them, and say: We are your servants, make ye a league with us. Joshua 9:11

Many tribal nations did not compromise with the Canaanite tribal families. Caleb of Judah fought for his inheritance and won. In battle or non-engaged, the defeated Canaanites escaped, taking the North African route via Egypt; along the way to the West Coast of Africa, they built many small towns and a few cities like Carthage for thousands of years until they reached Spain.

Many Canaanite families already had settlements on the other side of the Mediterranean coastline, making it easy for the Berbers/Moors/Arabs to advance civilization in Europe.

The Canaanites took inspiration from the sciences developed in Egypt by the Israelites, and they used Alexandria, Egypt, as a model, a center of great learning. Being in the right place at the right time, the Berbers attempted to duplicate Alexandria, Egypt, in Spain. Indeed, Spain's civilization flourished just like the Greeks.

As a summary point, the Gibeonite Model of Deceit continuously fulfills the biblical prophecy of Canaan being the servant of Japheth and Shem. Yes, the Berbers/Moors/black Arabs of Islam contributed to Europe's civilization, but in the capacity to be of developmental use.

Black Arabs

Moreover, black Arab Muslims know their history and seek social and religious separation from black Americans. The black Israelites still have a problem of knowing where they fit in regarding historical roots. As a leftover from the Mosaic Curses, many still cannot see beyond skin color.

Black Africans

Even Gentile Africans know that they are not from the tribe of Judah, and by the same token, they know African Americans lack knowledge about their biblical identities. Such is a topic in private conversations, not knowing The Judahite is from Judah. Yet, as a marketing ploy, all blacks are brothers and sisters or Africans.

Judah America must be made aware of being viewed through a two-way-looking glass. The Executive Body of Israel in Exile will do so. Some African Americans relocated to Africa to live only to return after their idealism came against hard reality in real-time. Such an experience is not necessarily harmful. Instead, its value is in religious education and understanding the ten plagues of Egypt. There is no question that Judah has many tribal communities in different areas of Africa.

Overall, The Judahite encourages the tribal nations of Israel to turn their backs on blackness and spend time searching out their tribal identification. Once the lens of blackness is removed, the world will look different, and the ability to see the character content in each person between good and evil, regardless of the skin color spectrum. Indeed, evil comes in all colors.

The Mosaic Curses have been removed, and the Abrahamic 400-year bondage has expired. Only the political ideology of blackness is holding the true Israelites in chains. The old order of society once had a tight grip on the Israelites, but it does not anymore.

From an elevated view, one would see limitless opportunities and always be engaged in positiveness.

The reward of knowing one's tribal identity

The Scriptures teach us two different uses of the term tribulation. The Great Tribulation is commonly called the time when God's wrath will impact the whole world. Then, there is the reference to Jacob's trouble as a time of tribulation, and Daniel's seven-year tribulation.

Briefly,

1. The Judahite applies the Great Tribulation to Judah during the Arab and Transatlantic slave trades. For example, the LORD told Abraham his descendants would be afflicted for four hundred years in North America or Egypt by Horses of the apocalypse.

Daniel's Man Image Statue represents the Gentiles' four social systems and reflects the effects of the Apocalyptical horses.

2. Jacob's tribulation is depicted when he prepares to meet Esau within twenty-four hours. A Point of clarification. The Judahite doesn't see Jacob's twenty-four hours as one of anxiety; instead, a promise made, a promise kept. Given the accuracy of history, Jacob accumulated wives, children, and wealth; thus, Jacob had to take the final step to receive his divine reward and be a blessing to Earth. For this reason, Jacob persevered in his struggle with Angel Raphael to receive his divine blessing as the foundation of the Tabernacle. Jacob's name was changed at daybreak to Israel as his holy blessing. Next, Jacob went into Canaan with the confidence of faith to confront Esau and to permit Isaac to inaugurate Israel, not Esau, as Earth's promised blessing.

3. Finally, there are seven years of tribulations—seven years of God's wrath. According to one biblical view, the seven years of God's wrath mark the seventy years when the Israelites will usher in an era of righteousness.

Matthew 24:29, Joel chapter 2, and other prophets mark the Long transitional homeward bound to the Promised Land.

Matthew 24:29, Joel chapter 2, and other prophets mark the commencement of the long transitional homeward bound in phases that reflect the different feast days and the biblical seasons or stages of seven trumpets.

The Judahite applies (a) Matthew 24:29 to mark Judah's four hundred years expiration, & Joel chapter 2, (b) Jeremiah's prophecy regarding the fall of Babylon, (c) and massive destruction in the land of the Chaldeans. Such is the correct application of (a) through (c). Israel and Zion are taking the first steps toward the Messianic era in which the Serpent's descendants become immobilized, as an aspect for forming the Commonwealth of Labor.

- "Immediately after the tribulation of those days, the sun will be darkened, and the moon will not give its light; the stars will fall from heaven, and the powers of the heavens will be shaken. Mat 24:29

Opposition Forces Against the Executive Body of Israel in Exile.

Archangel Raphael emphasized to The Judahite on March 15, 2024, the coming disappearance of politicians, sections of the armed forces, and those who believe they have a foolproof survival plan.

- ✓ There are footprints of national armed forces disappearing, politicians, and others without a trace, never seen again. Indeed, there many cases of people vanishing in the blink of an eye and never being seen again.
- ✓ On the other hand, over the past three years, the trend has been people dying in water related incidences that cannot be fully explained despite official statements. **Case Closed.**
- ✓ On the third level, people living everyday lives are taken by seemingly freak accidents. In each case, there is something special about the dead people for anyone to rule out random occurrences.

We can undoubtedly expect more taking in one form or fashion in conformity with the presentations on this site that are based on the Scriptures and announced by the Second Court of Heaven.

The Month of April

The Judahite points out that April calendar dates are arranged differently in a few instances. A particular class of numbers from the COURTS OF HEAVEN will **predominantly** be providential concurrence.

In February 2024, The Judahite posted April calendar dates at different times; they are still available.
