

Second Reporting April 9, 2023

Because the name Babylon has been used for thousands of years and still today, it is time to reconsider the purpose. First, Babel means confusion, where human languages were assigned to different tribes due to disobedience, refusing to travel and cover the entire planet as told. Instead, they built the city-state of Babylon, in the land of Shinar, where they constructed the Tower of Babel, intending to become the station for space travelers, imitating the gods who fell “from the sky.”

Nimrod, the central figure in the rise of Babylon, followed his father’s footsteps in the empire building of Mesopotamian. Babylon is a Hamitic kingdom in which Nimrod always searched for buried treasures and knowledge from the pre-flood days to enrich his Kingdom. After the mass dispersion, people migrated near and far depending on their tongue, thus ending the ancient Babylonian Kingdom. Later, the ancient Assyrian Kingdom emerged, belonging to the Shemites along river Euphrates River.

Mesopotamia, known as the Fertile Crescent, hosted kingdoms from all the lineage of the three patriarchs, Shem, Ham, and Japhet. Deity sharing or embracing many gods was common to all who lived in Mesopotamia. In a word, all tribes worshipped the same deities.

Often overlooked, Seth, Adam’s third son, developed the science of Astronomy assisted by the Watchers. According to Enoch, the Fallen Angels taught humanity many harmful practices that led to the flood. Genesis gives us an account of how giants appeared on Earth as offspring from the union between the Watchers and Earthwomen. As an overlay, Enoch gives an understanding of how the Watcher taught Adam’s descendants to take wives from the nation of Cain, as a result, see what happened.

- ^{6:1} *And it came to pass, when men began to multiply on the face of the earth, and daughters were born unto them,* ^{6:2} *That the sons of God saw the daughters of men that they were fair; and they took them wives of all which they chose.* ^{6:3} *And the LORD said, My spirit shall not always strive with man, for that he also is flesh: yet his days shall be an hundred and twenty years.* ^{6:4} *There were giants in the earth in those days; and also after that, when the sons of God came in unto the daughters of men, and they bare children to them, the same became mighty men which were of old, men of renown. Genesis 6:2-4.*

Genesis accounts show how Adam’s descendants adopted the practice of taking outside wives, which put Adam’s seed on its path of destiny—the flood.

Gen 6:5 **And GOD saw that the wickedness of man was great in the earth, and that every imagination of the thoughts of his heart was only evil continually.**

Electronic Platforms

“Every imagination of the thoughts of his heart was only evil continually.” Indeed, social media platforms are cesspools. People engage in depravity to draw attention and to encourage others to become part of the electronic community of deprivation.

Astro-theology presents the moving frame of the heavenly seasons.

Thousands of years ago, Enoch painted the twelve Zodiac Constellations on the ceiling of a building structure in Egypt. How could this be? No one on Earth had such advanced knowledge of the heavens.

Judahite attributes the drawing to Enoch because he received the clock mechanisms of heaven and translated the knowledge from earth's perspective, looking upward. The twelve Zodiac Constellations move according to the governance of the LORD. And in synch, the Earth makes its twelve months tour.

Enoch departed earth twice to the heavens. He saw and understood the cosmic long and short hands for keeping prophetic time. He traveled around the earth in an Ariel craft to align megalithic structures as milestones for events on the earth to align with the heavens at the appointed times. Thus, Seth, son of Adam, inspired Enoch to be the prophetic timekeeper for Adam's descendants.

Now, the answer to the question: Enoch is the timekeeper for Adam's descendants. He gives the solid foundation for Astro-theology for the Israelites to conceptualize, to learn their history is recorded in the heavens before humanity was created. Thus, according to the cosmic clock civilizations will continue to rise and fall at the appointed time.

Ensuring all the tools are available to conceptualize, Enoch presents a complete analysis of time and its components. When reading his Sheep doctrine (Congregation of Israel) from beginning to end, Enoch shows how the sheep's evolutionary development corresponds to the twelve Zodiac Constellations designed for the sheep to route their movement tour toward the day of consummation.

Coherency on all levels. The Earth's formation is not due to random events that came together at the right time but instead by the divine thought purpose of God.

Babylon fell into moral depravity.

Babylonians are well known for Astrology and worshipping celestial bodies as taught by the Watchers, the fallen angels. Motivated by the fallen angels, Nimrod wanted to ascend into the heavens, so he built the Tower of Babel. Although his Kingdom ended, the region of Shinar birth another Babylonian kingdom that preserved the religious beliefs that ran counter to the God of Shem.

Systematically, Daniel demonstrated to the Kings of Babylon that his God, Yahawah, knows all. Yahawah revealed furnace heat in his expression as the living God when the three Judahites were put into the fiery furnace and lived, yet the heat killed the Chaldeans, who fueled the furnace seven times hotter.

Nebuchadnezzar benefited from Daniel's God grace and mistakenly viewed the wealth creation attributed to his right of kingship and overlooked those in need of daily bread. He was brought down from human society to live and eat like an animal for seven years.

Again, the King realized his governmental powers were empty relationally to Yahawah's decrees. He was a King who came to respect the power of God.

Daniel and his three Associates administration managed the Babylonian Empire, which generated an enormous amount of wealth. Another King came to power in Babylon. The King of the Chaldeans

Guided by astrological paganism, the King and his banquet guests ordered Temple cups from the storage room to drink wine. Thus, triggering the handwriting on the wall of divine judgment on the Babylonia ideology, another indication of a living God in real-time.

Overjoyed, by contrast, the Chaldeans praised the gods of silver, gold, brass, iron, wood, and stone of whom can neither see nor hear. The referenced industries are personifications of the four Gentiles futuristic social systems having the same economic religious philosophy.

The Magistrate of the Second Heaven delivered the ruling at the Banquet, yet it is a statutory decision applied to the life cycle of the economic philosophy of Babylon.

The Babylonians did not understand the complete mechanism of Astro-theology; therefore, astrology became a personalized tool to chart one's daily pathway.

The Medes-Persian Empire

Putting the puzzle together, Daniel actualized the conceptual design of capitalism/imperialism. The infrastructure had to be implemented by using one subsystem at a time. In focus, (1) the legislative process that convicted Daniel, (2) the legal system that adjudicated Daniel's case, (3) the sheriff or the law enforcement division was part of the conspiracy, and (4) the financial industry was in on the scheme because the professional wanted more and more of the monetary assets, but Daniel refused to go along with stealing; finally, (5) the banking industry of Dan.

Putting the puzzle together, Daniel actualized the conceptual design of capitalism/imperialism.

Not so much as the personality of tribal-sectional Dan, as the financial industry of Dan is the focus. Look at the simulation. The lion's den represents tribal Judah per statutory codes from the Magistrate of the Second Heaven to the earthly Magistrate Daniel. The seal on the lion's door foretells how those in the banking industry will be prosecuted by the statutory codes and sentenced to the lion's den of Judah, where they will be shredded before hitting the ground.

Summary points:

Babylon endures as a community that sees Judah and the Judahites advance industries to serve their gods of sectors to work in opposition to Judah's God. The Man-statue given to the King depicts the four Gentiles' social system model.

The Chaldeans functioned to preserve astrological paganism to hold the Babylonian infrastructure together.

Abraham migrated by faith.

Abraham had no clue where he was going. By faith, he departed Mesopotamia, guided by the Holy Spirit.

Consistent with the migrating flow from the Tower of Babel fallout, Abraham followed the Holy Spirit to the land of Canaan, where his descendants would be tasked with driving out the inhabitants. Though in the meantime, he would live in an environment under the guidance of Shem and fashion his family under the Covenant with the Elohim.

Euphrates River

There is an organic relationship between Babylon and the Euphrates. What we know about the Euphrates:

1. Saying to the sixth angel, who had the trumpet: Loose the four angels, who are bound in the great river Euphrates. Revelation 9:14
2. And the sixth angel poured out his vial upon the great river Euphrates; and the water thereof was dried up, that the way of the kings of the east might be prepared. Revelation 16:12
3. And the four angels were loosed, which were prepared for an hour, and a day, and a month, and a year, for to slay the third part of men. Revelation 9:15
4. And it shall be, when thou hast made an end of reading this book, *that thou shalt bind a stone to it, and cast it into the midst of Euphrates.* Jeremiah 51:63
5. And I saw another angel ascending from the east, with the seal of the living God. And he called out in a loud voice to the four angels who had been given power to harm the land and the sea. Revelation 7:2
6. On that day the LORD made a covenant with Abram, saying, "To your descendants I have given this land--from the river of Egypt to the great River Euphrates. Genesis 15:18

River Euphrates is not just a river; it is a divine repository where the High Court of Heaven has adjudicated cases. The file folders have stamped the date of release.

Consider: The Elohim adjudicated the case among Adam, Eve, and the Serpent with the decision that Adam's descendants would immobilize the Serpent's descendants by cutting the heels; the Serpent's Descendants would crush the head of Adam's descendants, with all moral

impurities and religious belief systems as seen in today's world.

After the trial, the LORD taught Adam and his wife how to kill sheep for clothing.

And the LORD God made clothes out of animal skins for Adam and his wife, and he clothed them.
Genesis 3:21

The LORD's insignia, Clothing of Divine Grace, made for Adam and his wife, caused Adam to rejoice in exhilaration, knowing the promised redeemer would restore him and his descendants in daily fellowship with Elohim. Indeed, Yeshua came to teach and fellowship, unfolding his New Testament teachings about the past and the future of his second coming.

Yeshua's death marked the diving line of world history. He arrived and fulfilled prophecies about himself told in the Old Testament; he demonstrated and explained the meaning of his teachings; his second return to the earth will finish his mission—to judge. The righteous will receive eternal salvation and the unrighteous damnation.

During this period of his second coming, the **divine clothing of grace has the seal of Adam's** bloodline guaranteed salvation and the obligation to immobilize the Serpent's descendants at the end of days by cutting their heels.

The great hunter Nimrod.

Without question, the clothing made for Adam and Eve is divine. There is a reasonable basis for assuming anyone wearing the insignia, Clothing of Divine Grace, automatically had protection and abundance.

Hence, Nimrod searched for the Grace-Clothing to steal from Ham, who took them from his father, Noah, without permission. Knowing the intentions of the Hamites, Shem managed to recover the Insignia Grace- Clothing and tied a stone around them, bounded, and threw them into the Euphrates River.

Adam and Eve's clothes had supernatural powers to create abundance.

According to the doctrine of salvation by faith, each person personalizes their growth and expansion.

Grace-Clothing was made in the Garden of Eden. When Adam and Eve were expelled, their clothing engendered the Fertile Crescent after being bounded and thrown into the Euphrates, where enduring precepts evolved.

Additionally, consider Abraham, who sent his servant to the city of Nahor, located between the Tigris and the Euphrates, to find Isaac a wife—Rebecca.

The two rivers begin in Armenia's mountains and flow in the southeastern direction. The two rivers are known as birthing the Fertile Crescent, where the Garden of Eden was located. Post-flood, Mesopotamia is known as the region where reconstituted civilization emerged.

Rebecca and Isaac would become the evolved Adam and Eve who would birth the son of promise. Isaac blessed Jacob, who planted seeds and regrew another garden with many fruit trees.

As a reminder, once Shem bounded the Clothing of Grace and threw them into the Euphrates River, the Fertile Crescent, Mesopotamia, gave birth to great Hamites and Shemites civilizations.

Thus, the four Angels bound in the Euphrates express the two-witness principle for authenticating truth. Firstly, related to the insignia Clothing of Divine Grace, two Angels stand as the Commonwealth of Israel for replanting another Garden of Eden. Secondly, in Jeremiah's letter of indictment and issuing orders, the two Angels confirm Babylon's fall and Judah's jurisdictional authority over Israel. Thus, $2+2=4$.

While it is symbolically accurate to say causational angel spirits bounded in the Euphrates due to the fall of Adam and caused the infliction of Judah and Israel; however, the **unbound** specifically relates to both insignia and Jeremiah's Seventy-year letter.

Symbolically Accurate

- a. The violence done to me and to my flesh be upon Babylon, shall the inhabitant of Zion say; and my blood upon the inhabitants of Chaldea shall Jerusalem say. Jeremiah 51:35

**The Euphrates River is a divine repository,
where the High Court of Heaven has adjudicated cases.
The file folders have stamped the date of release.**

In substantiation,

- b. *And I saw another angel ascending from the east, with the seal of the living God. And he called out in a loud voice to the four angels who had been given power to harm the land and the sea.*
Revelation 7:2

II.

Jeremiah's Seventy-year Prophecy has an embedded two-step historical integrity validation. Look, first, 2017 verified the Seventy-year prophecy date. The Judahite's bed rug moved each night preceding announcing the U.S. Embassy relocation to Jerusalem. Hence, the correlation of timely events.

Secondly, The Judahite was in London during Queen Elizabeth's 50th Jubilee, and in 2022 Queen Elizabeth marked the 70th anniversary of her accession to the throne, the platinum Jubilee.

Thus, two 70s milestone markers are the predecessor to the third stage.

The third stage of Jeremiah's Seventy-year Prophecy

“Set ye up a standard in the land. Sound the trumpet calling the nations to do battle. Consecrate the nations to do battle against Babylonia. Summons these kingdoms to attack her: Ararat, Minni, and Ashkenaz. Appoint a commander to lead the attack. Send engines of war against her; bring the horse as the stinging locust.” Jeremiah 51:27

Who are Ararat, Minni, and Ashkenaz?

A complicated question and the answers are controversial, yet with self-validation. Genesis 10:3, “And the sons of Gomer; **Ashkenaz**, and Riphath, and Togarmah.” Gomer is Ashkenaz father. Gomer is associated with Germany.

Ararat. Genesis 8:4. “*On the seventeenth day of the seventh month, the ark came to rest on the mountains of Ararat.*”

According to Wikipedia

“Mount Ararat is located in the [Eastern Anatolia Region](#) of Turkey between the provinces of [Ağrı](#) and [İğdir](#), near the border with [Iran](#), [Armenia](#) and [Nakhchivan exclave](#) of [Azerbaijan](#), between the [Aras](#) and [Murat](#) rivers.”

Mt. Ararat covers Turkey, Iran, Armenia, and Azerbaijan. Ararat is where the three sons of Noah debarked to re-populate the earth. It is natural to assume that Ararat means Turkey; it could. But, if the association is made with modern Turkey, it would be a wrong assumption. The correct inference would be the Khazars. They evolved as tribal Dan. Like a snake shedding its skin, they moved here and there to acquire new identities and then disappeared, only to reappear again in new forms.

When The Judahite recasts the interpretation to include the righteous seed of Noah's sons stated in the Table of Nations, Minni is interpreted as Armenia. Armenia had a close economic and social relationship with Russia and was part of the Soviet Union at the time of the Collapse. Likewise, Ukraine was part of the Soviet Union at the time of the Soviet Collapse. Thus, Minni implies Russia.

The functional overview: The Jesuit/Danites, Russia, and Germany.

In distilling the functional relationships, a concise description. **a)** the Khazars converted to Judaism and reconnected to the Old Testament, where they attached themselves to tribal Judah. However, Judah no longer appeared on the pages of history to oppose such a claim. Later, the Danites appeared as Ashkenaz Jews because they lived in Germany. Dan gave up his congregational membership as an Israelite. From the Khazar Kingdom, a group traveled to Spain and Portugal and later became known as Sephardic Jews. Eventually, Rome forced them to leave the country if they did not convert to the Church of Rome. **b)** Russian Revolution of 1917 appeared under the supporting shadow of the Jesuits/Freemasons. **c)** Russian Eastern Christian Orthodox Church is part of the Greek synod of the Eastern Christian Orthodox Church. The Russia Eastern Christian Orthodox stood against the Vatican until the two church bodies reconciled in Cuba in 2021. Going back into history, the Vatican supported African slavery. **d)** **The Freemasons and the Jesuits supported the Protestant Reformation.** **e)** a symbolic tie-in, Nord Stream 1 and 2 pipelines were blown apart to show the prophetic connection in reverse or irony as to what they will do to the Babylonians. **f)** who is the King of Babylon? King Charles III of the U.K. is a secondary King. XI Jinping of China should be considered the King of Babylon because of China's significant monetary assets in the city-state banks of London. Do not confuse Metropolitan London with the City of London. Vatican Rome, Washington, D.C., and the City of London are city-states.

The Executive Body of Israel in Exile brings Confidence to Germany's financial and military industries.

Consecrate the nations to do battle against Babylonia. Summons these kingdoms to attack her: Ararat, Minni, and Ashkenaz. Appoint a commander to lead the attack. Send engines of war against her; bring the horse as the stinging locust.” Jeremiah 51:27

“Appoint a commander to lead the attack.”

**Germany is the Commander
As in the Protestant Reformation.**

Years ago, The Judahite engaged a private German firm for financial advice in Germany. The suggestion was appreciated. A destiny connection?

**When using the Protestant Reformation Model in modified form,
The attacking parties have the assurance of repeated success.**

Jeremiah 51:33 gives a review of the Protestant Reformation in the context of Babylon. Look.

- c. “For thus saith the LORD of hosts, the God of Israel; The daughter of Babylon is like a threshing floor, it is time to thresh her [Protestant Reformation]; yet a little while, and the time of her harvest shall come” [post Jeremiah’s Seventy-year prophecy].

During the Protestant Reformation, the Pope received messenger after messenger from different countries with the same news, the Church of Rome had lost control of Central and Southern Europe. In Jeremiah 51: 30, 31, and 32, there is duality in the messages to the Pope, currently seen in this presentation to global **heads of imperialism that have wronged Israel and Judah**. They all must take the cup of wine with orders from the Magistrate per the chapters in Jeremiah related to Babylon, and just like the King of Chaldeans had to drink his judgment as ordered by the handwriting on the wall.

- d. “The warriors of Babylon have stopped fighting. They stay in their strongholds; their strength is dried up; they have become like women. Her buildings are set on fire; the bars of her gates are broken.”^{51:30}
- e. Messenger after messenger runs to tell the king of Babylonia that his city has been broken into from every side.^{51:31}
- f. The enemy captured the river crossing and set the fortresses on fire. The Babylonian soldiers panicked.^{51:32}

The High Court of Heaven is resolute regarding Babylon:

- a. *And the land shall be in a commotion and shall be troubled: for the design of the Lord against Babylon shall awake, to make the land of Babylon desert and uninhabitable.*^{51:29}
- b. *"Announce and declare to the nations; lift up a banner and proclaim it; hold nothing back when you say, 'Babylon is captured; Bel is put to shame; Marduk is shattered, her images are disgraced, her idols are broken in pieces.' Jeremiah 50:2*

Central Command Coordinating Station

“Lift up the battle standard against Babylon's walls. Strengthen the guard, post watchmen. Set men in position for an ambush. For the LORD will both plan and carry out what he has declared against the inhabitants of Babylon. **Jeremiah 51:12**

**The Executive Body of Israel in Exile Is the Ensign
