

## **November 3, 2022**

### **An Appointed Day**

To fully appreciate November 3, November 1 and 2 activities are summarized on the third. We have entered the Feast of Tabernacle that goes to November 25.

#### **A review of flowing activities**

First, there are no November dates related to the Congregation's progressive walk in the preparation of replanting. As seen in October, November records no dates, only the advanced walk toward transitioning, as seen in a different dimensional time zone.

October gave us milestone events, as in the case of Rishi Sunak's ascension to Prime Minister of Britain. Though he is a Hindu from the tribe of Gad, his historic mission is tied to the fall of Babylon. Two points: **a.** tribal Manasseh retained Daniel's kernel of Babylonian Banking. England entered the trade with the nation of Manasseh, India, from which emerged the capitalist mathematics of capital accumulation, surplus value, capital reproduction, and the physics of capital circulation pushed by Daniel's 2:20 ratio. The central concept of banking finance is measuring weight in capital circulation in each of its metaphoric exchanges. **b.** From the wilderness days of Moses, a prophecy foretold of triable Gad would always fight with Manasseh. When Manasseh (East of the Jordan) was dispersed with Gad, Dan, and Reuben by the Assyrians, he became a fugitive from the Law of Moses. Long before the destruction of the Northern Kingdom of Ephraim, the lost tribes Manasseh bastardized the Torah in their long journey to the current location. So, today, we should see Sunak and his religion as fugitives. Regardless, the fall of Britain and Judah's return will resolve all the significant issues involving membership within the Congregation.

#### **The mixture of social disintegration**

In recent weeks, the issue of antisemitism has turned into a national debate within America, with no conclusion before 2023. Who are the real Israelites? Or who is the authentic Jew?

The Jews and black Americans have always had a complicated relationship over the Palestinian question and Zionism. Yet, American Jews have consistently supported black causes on all levels. We are deeply appreciative of their efforts, hence the reasoning for walking the extra mile to bring over those who want to accept the truth about the Abrahamic Covenant.

Even before the Jews arrived at the question of land possession, the first required step was acknowledging Yeshua as the living Son of God. In a word, they first must reconcile their belief in God.

For some Jews, the heated debate now occurring in America will bring over Jews who are not Zionists to the side of salvation.

Still, Jews' standard-packaged reaction is to attach the antisemitic political label on anyone who raises questions about the authentic Jew. Jews hold lots of political leverage to force all, regardless of race, into silence. For those in the know, Jews have heavy financial power and will use it at the drop of a hat against those deemed to be antisemitic.

Finally, The Judahite, through the Holy Spirit, has **recast the Feast Days**. The unfilled Feast Days are assigned exclusively to Judah and the Ten Tribes, who are the lynchpin in Yeshua's ministry. Today, the 144k and Firstfruits are directly linked to The Judahite and the Executive Body of Israel, giving them doctrinal grounds of consciousness to overpower all opposition to the Abrahamic Covenant. Overall, Jews do what Jews instinctively do.

No! They cannot intimidate the descendants of the Judeans who departed Jerusalem in AD 70. However, in 1947, the book of the Old Testament reentered the land of Israel through the Zionist Jews; better said, the Zionists masqueraded as authentic Judah for banking and commercial gains.

Thus, there is a difference between Zionist Jews and Jews who are not doctrinally clear. Today, there is hope for them to understand Judeans properly because the national debate will continue to get hotter and hotter, a prerequisite of consciousness-raising before relocation.

A final note on the Jews. Since 1947, the Bible has given us a clear picture of the relationship between Dan and Judah. When Samson overpowered the lion of Judah, he hid the dead lion under some bushes. Later, on his way down for his marriage, he stopped to go back to the spot where he killed Judah without telling his family members. To his surprise, bees had entered the lion's mouth and produced honey, meaning the promising news of salvation in the Law of Moses. Such is an analogy of honey representing the Word of Yeshua in Judah's mouth. Like Samson, the Zionists will soon die by a crushing death of their own making.

#### **Judah's Role cannot be diminished.**

Zionist Jews need a perspective of history. While their social form of society was very primitive relative to tribal Gad, the Asherite co-regency over the Byzantine Empire sent missionaries to convert spoken language into systematized written language for primitive Dan. Later, the written language served as the basis for Russian. By the time Dan reached the civilized stage of adulthood, Judah had already sanctified the Middle East, Africa, and South & North American. By WWI and II, Texas became a global leader in oil production, credited to Judah.

## **Labor Created Judah**

Labor Created Adam,  
Shem and Jacob. He had to work over fourteen years to confirm his oath to the LORD by giving his sons as blessings to the world. Joseph was over thirty years of age before he qualified to be the torch manifesting Jacob-tithing-blessing as seen in today's Eastern and Western civilizations.

## **Judah built his Congress of Labor Washington, DC**

Thousands of years in the making, Judah finally built his Congress of Labor for the Ten Tribes of Israel to realize Jacob-tithing-blessing to become beneficial to the world. Without Judah's Congress of Labor, labor would never have reached its level of dignity and sophistication as seen in forms of our civilization—form follows function.

Yahawah performed his labor of love after seven thousand years of earth's creation. On the Sabbath day, the Elohim rested. No more work to be done. The Bible doesn't say the Elohim had to come back and do odds and ins. No. He finished and rested on the Sabbath.

In combination, Jeremiah and Daniel state indeed the time has come for the Gentiles to stop helping themselves off Judah, who has matured. Judah is now developing plans for the Commonwealth of Israel driven by labor laws, leading to the Stone Kingdom's formation.

In the twelve regions of the world under the Commonwealth's jurisdiction, Judah's Congress of Labor will be constructed as regional centers for administrative management. Legislative bodies now seen as part of Gentile's governments will never be seen again because capital will no longer be dominant. Judah's Congress of Labor will create labor laws and enforce them. The objective is to create a workers' paradise, ending the need to kill, steal or defraud.

The model seen below will be modified as twice as large.

## **November 25**

### **An appointed Date**

### **Different from Nov. 3 interdimensional time zone**

The date of November 25 came to The Judahite on November 4.

On November 5, The Judahite took a nap-delay in the afternoon. However, at 12:15 am on November 6, The Judahite received notice that the words spoken about Stella are trustworthy.

A few words about November 25, with more to come in a different presentation. The doctrinal theology is presented as a prophecy:

- *Five of you will chase a hundred, a hundred of you will chase ten thousand, and your enemies will fall by the sword before you. Leviticus 16:8*
- *One man of you shall chase a thousand: for the LORD your God, he it is that fighteth for you, as he hath promised you. Joshua 23:10*
- *Do not fear, for I am with you; do not be afraid, for I am your God. I will strengthen you; I will surely help you; I will uphold you with My right hand of righteousness. Isaiah 41:10*
