

# Part VI

## The Third Updated Calendar on 12/20/2022 Via the Third Time Zone of Expurgation

### December 2022 [D]

T	W	T	F	S	S
		1	2	3	4
6	7	8	9	10	11
13	14	15	16	17	18
20	21	22	23	24	25
27	28	29	30	31	

## The Seasons of Dedication and the Festival of Lighting

Looking over December, two dates, given on 12/20/2022, should be in line with the dates' numeric progress, the 3<sup>rd</sup> and 17<sup>th</sup>.

The logical question is, why? As always, the servant of the LORD seeks to make messages and instructions simple to understand in the actual time of writing yet written for many to know during the many historical stages of the Israelites' evolution. The Bible is mathematical complex, though necessary for people to understand consistency over thousands of years.

Special attention is drawn to each historical stage outlined by Daniel's Man Statue Image representing the four Gentiles' social systems. Therefore, it is assumed that society would have matured enough at each historical setting to use geometrical and arithmetical sciences to better comprehend the Scriptures.

Avoiding confusion, The Judahite maintains that doctrinal Scriptures have always been easy to understand without any use of science, and thus maintained. It is Satan who causes confusion for leading people to hell.

Therefore, those in Christ must evolve a higher level of understanding. For example, don't expect to understand complex topics in a child's story; instead, use the best knowledge in each historical period to better understand God's systems. For instance, Enoch built the pyramids, a mathematical monument, for humankind to evolve great civilizations thousands of years ago. Although Abraham taught the Egyptians mathematics embodied in the pyramid during his stay in Egypt, only in modern times did the Greeks come to understand that  $\pi$  (pi) is used in pyramid construction. Moreover, in the twentieth century, people visually realized geometric equations in pyramid construction. Yet, scientific knowledge was at the fingertips of all kingdoms thousands of years before the revelation, but humankind had to evolve an understanding of Enoch's gift to human civilization.

Little by little in production of goods and in construction, humanity saw the benefits in application mathematics and the appreciation of Enoch's gifts.

**The summary point:** humankind must evolve an understanding. Never attempting to de-evolve scientific ability by simplifying analytical knowledge, which can deform rational knowledge. Notice: a simplified explanation is different from a distorting rational understanding.

### 3rd

The significance of biblical three is the universality running through the entire twelfth month of the year. Three represents what is solid and what is real. Look at the concept of time: past, present, and future. The Father, the Son, and the Holy Spirit. Biblical three represents divine perfection.

### 17<sup>th</sup>

The Judahite's location came to a ten-year purposeful conclusion on the 17<sup>th</sup>.

The Judahite's current placement occurred over ten years ago on the pre-determined timeline in the latter-day prophecies. Look: on July 7, 2019, the 400-year chain broke and stood in an anti-gravity position. On December 6, 2017, The Judahite witnessed Judah's certified prophetic authority over Israel. Moreover, the birth of the Man-child was on September 23, 2017. Other events have been listed in different presentations.

Yes, the location has been historic, with starting and ending dates. The starting date indexes to Enoch's and Joseph's Angkor Wat and Thom back in 2012 with a phased into Jeremiah's Seventy-year prophecy in 2017 followed by other Feasts including Tabernacle, and FINALLY the transitional phase of Dedication II and Festival of Lighting as of 2022.

#### A Memorialized **Ending date.**

The Judahite took a bus to the terminal on shopping day on the morning of the 17<sup>th</sup>. Once arrived and debussed, The Judahite was putting on his backpack in traffic, people coming and going to catch their buses, when the traffic bumping seemed to have caused a monetary delay in putting the left arm into the shoulder strap. Judging from people's perception, they saw The Judahite stumbling. *God gave them that perception*. Three persons on the left and three on the right caught hold of The Judahite to prevent falling. They asked: ***“are you alright? are you alright?”*** The reply: **“Yes, thank you!”**

On the transfer stop back home, The Judahite saw long lines of people waiting for free plates. After debussing, some people ate, and others took their plates with them. The Judahite immediately understood the spiritual significance of five women serving the plates. Also, in the same area, tables of free clothing. Everyone who participated celebrated the spiritualized completion of The Judahite's purpose, a spiritual fellowship community.

There are many flowing phases to The Judahite's stay over the decade regarding the Congregation's preparation for departing and going to the Lands of Promise. Overall, a going away meal has prophetic significance. The Judahite received a plate and took it home.

## At home

The Judahite encountered the slow-moving Gecko. By its movement of locations, it certified its purpose to bring reassurance to monetary assets collection according to the Abrahamic Covenant and The Judahite's assets restitution with penalties.

The spiritualized meal was taken from the oven after about twenty-five minutes. Once taken out and placed on the counter to open the foil, the dispatched messenger from a different dimension came to acknowledge the meal of purpose before eating.

The messenger is another example of why **The Judahite emphasizes understanding materialistic historical processes**, regardless of duration, be it Seventy-years, four hundred years, or six hundred years, because there is coherency that serves as a guardrail that disallows disconnections, staying within the objective codes and rules of the process; otherwise, people imagination always lead them into many different directions, and ultimately self-defeat.

## 18th

This day embodies spiritualized numbers with the net result of substantial change in a predetermined journey. The number is assigned to The Judahite to accelerate societal divisional conflicts according to statutory law, particularly judgment execution. Or, on the other side of the coin, using judgmental statutory law to fight for a fruitful association with the rising forces with links to the community of the Commonwealth.

- *“And behold there was a woman, who had a spirit of infirmity **eighteen years**: and she was bent over double, neither could she look upwards at all.” Luke 13:11*
- *But Yeshua saw her and he called her and said to her, “Woman, you are released from your affliction.” Luke 13:12*
- *And he laid his hands upon her: and immediately she was made straight, and glorified God. Luke 13:13.*

## OR

We have moral principles to use to interact with others. The honest people try to do what is morally right, but the wicked prospers to a greater degree than the righteous. From the old to the current days, the servants of the Elohim have expressed dislike for commercial codes that favor the wicked.

### **Jeremiah 12:1 echoes the long-standing dichotomy.**

- *Righteous art thou, O LORD, when I plead with thee: yet let me talk with thee of thy judgments: Wherefore doth the way of the wicked prosper? wherefore are all they happy that deal very treacherously?*

- *From the ends of the earth, we have heard praises, the glory of the just one [God of Israel]. But I feel awful, terribly miserable. Can anyone be trusted? So many are treacherous. The treacherous act treacherously; the treacherous deal very treacherously. Isaiah 24:16*

### **Jesus focuses on those incline to repentance.**

- What about those **eighteen** people in Siloam who were killed when the tower fell on them? Do you suppose this proves that they were worse debtors than the other people living in Jerusalem? Luke 13:4
- And forgive us our debts, as we also forgive our debtors. Mat.6:12

### **Also**

18 represents the component of a **new beginning**, shedding those things in one's life that have no attribution in forming unique attributes.

- *Create a clean heart in me, O God: and renew a right spirit within my bowels. Psalm 51:10*

### **The Meaning of 18**

The first step is constructing the meaning of 18. Months ago, The Judahite took defensive measures to protect himself from out-of-control financial fraud and stealing online and offline. Jacob's tithing-blessing to the Gentiles has expired.

Not fully understanding the prophetic reality that the good old days will never return, commerce is forced to come up with innovations like Cryptocurrency, another form of gambling that automatically creates winners at the losers' expense to offset the shrinking profit margins.

Worse, the government runs the printing press and makes money out of thin air. An indication that people in the national government are without rational knowledge of Daniel's 2:20 ratio given to Gentile's currency. Thus, the printing press is a self-inflicting wound.

Often, people associate thievery with street crime, which is miniature in the whole scheme of capitalism. Still, thievery is thievery with the same results, and the victims take a hit. Depending on financial reserves, the loss might or might not be consequential.

Jesus gives a conceptual profile of capitalism and imperialism: **"to come to kill, steal, and destroy."** So, it is not surprising that inflation and currency devaluation are thieves in disguise.

The Angel told Zachariah about the outcome of those who steal and those who use God's name to swear in the commission of betrayal. The flying scroll of damnation.

- *<sup>5:4</sup> The LORD Almighty declares, 'I will send it out, and it will enter the house of the thief and the house of anyone who swears falsely by my name. It will remain in that house and destroy it completely, both its timbers and its stones.'"*

Being in the latter days and having Zachariah as a guide, The Judahite is not overly concerned about anyone escaping or institutions of society avoiding financial accountability like in the past hundreds of years without fault. Still, prudence is always advised; therefore, The Judahite took defensive steps in association with 032 some time ago.

*“No weapon that is formed against you will succeed; And every tongue that rises against you in judgment you will condemn. This [peace, righteousness, security, and triumph over opposition] is the heritage of the servants of the LORD, and this is their vindication from Me,” says the LORD.* Isaiah 54:17

### **032 required an equation of three parts**

Consider **a.** The Judahite carried the index number for weeks. **b.** the Spirit gave a particular person the number to reveal only known to The Judahite. The Judahite took the index indicator and encapsulated it into the 18<sup>th</sup>, where it would incubate to a high degree of frustration. **c.** Naphtali being quick to catch on, suggested, “look at a receipt.” Naphtalites have the ideological gift to catch meanings in real time and announce them to the Congregation.

Thus, the trilateral balancing focuses on the actual index number as accreditation of 18.

**b.**

Late morning of the 18th, The Judahite wanted to do something with the index number online. All attempts increased the level of frustration to the third degree! The Judahite decided to deactivate himself and shelve further attempts. He went to have a sweet and relaxed. A sweet: a drink or a snack, i.e., candy, cookies, etc. Or a nap. That is an excellent answer to frustration.

A situation at hand is reserved for the more advance. The third-degree frustration put The Judahite over the top—very rare. The insoluble contradictions put The Judahite on the path to search for the angel involved. When there appear to be no solutions to the paradox, there is a good angel at the bottom. Time must be given to find the angel.

Overall, the index number certifies the time for reconstructing a new financial system due to Babylonian demised. The 18<sup>th</sup> birth was an ideal system design for the Commonwealth of Israel’s financial system. The current banking and monetary system will not exist in the future.

In sum, a design concept for the new monetary system comes from disharmony.
