

Upgrading October 4 With Emphasis on Operational days.

4, 6-7, 10, 14, and 19 are structural days, and the days in between are ancillary.

Why did October 4 coincide with Yom Kippur? Because members of tribal Judah will shortly return from exile and have a prophetic obligation to remove all religious practices from the land that do not conform to Yeshua's New Testament teachings.

Currently, Judaism and Islam occupy the land. For the returning exiles to effectively fight to clean the territory, doctrinal theology herein is elevated for the 144K and Firstfruits to understand the contrasting attributes between the New Covenant vs. the customs of Judaism.

New Covenant	Yom Kippur
Individualized purification. Washing the body three times in one day. <ul style="list-style-type: none">• Purified individuals comprise the general composite of the living Tabernacle.	Nationalistic repentance by releasing the scapegoat into the wilderness. <ul style="list-style-type: none">• Individuals seek repentance for theoretical wrongs.

October 4 emphasized washing the body, symbolically removing all negativeness. The foot and feet are given doctrinal instructions as mobile devices. Wherever the feet go, so does the body. And overall, the mind directs the body.

For those who embrace Yeshua as the Redeemer, then, automatically, the focus is on personalized purification. Each person makes precept vows and maintains them as a sanctified precept component of the Tabernacle.

The Ten Commandments give us the Congregation of Israel, a rule-based index for moral living. Following the rules are expected from all tribal members. No, the Gentiles are not obligated to follow the Ten Commandments. Honestly, the rationale is simple: the righteous Gentiles will imitate the good moral behavior of the Congregation, giving them the right to associate with the Congregation, which is the religious vehicle for the Gentiles.

At Mt. Sinai, the Congregation of Israel entered a covenant to be God's priestly people of the world. Going into the Promised Land, the Congregation, over time, abdicated its leadership role and became ten times morally worse than the Gentiles. Disgusting, God put the Congregation out of his sight.

In AD 70, the Romans forced tribal Judah into exile, returning into captivity via ships going North, South, East, and West.

The Church Age emerged correlational to three religious bodies—the Church of Rome, Eastern Orthodox Christians, and Judaism. Later Islam appeared with direct literary assistance from the Church of Rome.

As foretold by Abraham, Moses, and God's prophets, Israel and Judah would go into captivity again; but at 400 years, the Congregation would return to their Father's land.

As spoken of by Daniel, Judaism is the dominant force in the land of Israel, now awaiting its expulsion as marked by Jeremiah's Seventy years prophecy.

Judah and Israel have done their required time of punishment and are now ready to return home after four hundred years. Judah's priority is not to spend any discussion time on the pros and cons of Judaism. Still, October 4 came as a date for the Israelis to make a server repentance gesture by returning the land to Israel to Judah, the rightful owner.

- Therefore, this is what the LORD says: "If you repent, I'll take you back and you will stand before me. If you speak what is worthwhile, instead of what is worthless, then you will be my spokesman. **People will turn to you, but you aren't to turn to them.** Jere 15:19

Danites

Tribal Dan is complicated and complex. Tribal Dan of the East renounced his congregational membership.

Dan and Judah have always engaged in direct doctrinal conflict with each other. Judaism emerged during the Babylonian Captivity. Most importantly, Judaism arose in opposition to the Chaldean's astrology and astronomy. Daniel's doctrinal theology of Yahawah assigned both religions to the low levels of child's play.

Islam was around during Daniel's time but in a deformed existence because no one could present a rational astrotheological system for people's presence on earth. Centuries late, the Edomites wrote the Koran for the Muslims. Additionally, the Ethiopian Christians took Mohammad by hand and gave him catechismal schooling about Yeshua's New Testament.

Still, God gave Samson, the Danite, the power to overcome Judah. The lion, representing the spirit of Judah, jumped Samson as he was on his way to prepare to marry the Philistine woman, a traditional violation. Yet, Samson had the authority to do what he thought was right in his eyesight; thus, the Danite killed the spirit of Judah. Despite being blind and losing his eyes, the Danite asked for the opportunity to judge his misdeed—God honored his request to die with the Philistines, killing three thousand in less than thirty minutes.

Why did Dan not engage in battle in defense of Israel?

- *The tribe of Gilead remained on the other side of the Jordan River. As for the tribe of Dan, **why did they stay on board their ships?** The tribe of Asher sat by the seashore and remained near its harbors. Judge 5:17*

The question discloses Dan's prophetic profile, acting according to self-interest. The world's oceans give him unrestricted mobility to global commerce through financing trade and investment banking. Today, banking class Dan is an international power center, and

Ecclesiastical Dan (the Jesuits) manages the hearts and souls of the Gentiles in co-regency with Edomites (Esau). The conflict between Dan and Judah has come full circle. Judah will expelled Judaism from his land.

A nation is reflective of its doctrinal theology. People practice what they believe and vote in national laws for self-protection.

- Happy are those who reject the advice of evil people, who do not follow the example of sinners or join those who have no use for God. Psalm 1:1
- For there is nothing trustworthy in their mouth; Their inward part is destruction itself. Their throat is an open grave; their tongues practice deceit. Psalm 5:9
- Declare them guilty, O God; let them fall by their own devices. Drive them out for their many transgressions, for they have rebelled against You. Psalm 5:10
- I do not sit with deceitful men, nor keep company with hypocrites. Psalm 26:4

Continuing with Dan's character behavior, Jeremiah 34: 12-14 tells us about Dan's ongoing historical financial pattern of exploitation. They

- *"were to set free any Hebrew slave who had served them for six years. But your ancestor would not pay any attention to me or listen to what I said".*

TIME

October 4, 6, and 7, 2022, come under the season of Atonement, mandating self-evaluation. These days are about the self, a reconstructed self. A heart-driven commitment to embrace oneself as having been redeemed in Christ. No, these three October days do not carry an emphasis on national atonement as does Yom Kippur.

However, the sanctified self is the pre-condition for implementing the Commonwealth of Israel's construction schedule, including taking control of all Lands stated in the Abrahamic Covenant.

As a plumb line of history, millions of people **saw** Revelation 12 sign and readjusted their thinking to the new reality.

Not to pass judgment on anyone, but as always, some people don't see beyond what is in front of them or bother to see what is coming. Revelation 12 sign has implications that will affect everyone on earth.

God is a just God and gives people notices and previews of upcoming events. In a word, people have time to make rational decisions about their future. With absolute certainty, all prophecies will come to fruition. To think otherwise, people are kidding themselves, living delusionally.

As a preview, October 5 gives us an image of what is coming. For example, on October 4, while in a synagogue attending a Yom Kippur service, the well-known ex-Prime Minister of Israel became unwell and fainted. He checked himself into the hospital for an overnight medical examination. He was released on Thursday. "...is now returning to work and already went on his morning walk."

Chapter 9 of Ezekiel contains a dual prophecy regarding Jerusalem given by the Magistrate of the Second Heaven to Elijah with instructions to give to Elisha. Two third of the Order was satisfied when the Maccabees rose in Civil War against those Jews who capitulated. Currently we are now in the last phase of the Order. **Look**, the Wailing Wall resulted from the Maccabees' fight against Hellenism, which aimed to entice the Judeans to commit cultural suicide.

Ezekiel saw Pelatiah and Jaazaniah, the two national leaders, including twenty-five men, standing at the Temple's east gate when God's spirit lifted him up. Additionally, he saw six men ready to receive the Order to go around the city and kill all without a mark on their forehead, including children, old, young, and women. While looking at the vision, Pelatiah fell dead (Ezekiel 11:13) before the six men executed the Order. The application for today is precise. Governmental officials will drop dead. Also, consider China's Ambassador to Israel dropping dead.

For our period, the Sovereign LORD gave an oath to the exiles. "He would gather them from all the places he had scattered them. When they return, they are to get rid of all the filthy, disgusting idols they find. He promised to give a new heart and a new mind."

- These witnesses have power to shut the sky so that no rain will fall during the days of their prophecy, and power to turn the waters into blood and to strike the earth with every kind of plague as often as they wish. Revelation 11:6
