

A Crucial Review of Prophetic Pentecost

May 21, 2023

Over the years, Prophetic Pentecost appeared as operational mechanics preceded traditional Pentecost. Instead of Old Testament Pentecost observance, yet at the same time observing the principles of Pentecost, the promises of Covenant.

Prophetic Pentecost provides elements to be observed on the day of traditional Pentecost, which acknowledges subjects' interests have been satisfied and or in reach of total satisfaction. Finally, on traditional Pentecost, we evaluate the provisions of the schema to asset the progression toward satisfying the requirements. In short, we receive the agenized issues in February; next, May's Prophetic Pentecost crystalizes the topics of interest.

Covenant Provisions and clauses constitute the milestones of Prophetic Pentecost. As often observed each year, some congregational members meet their **active obligation** to the provisions and clauses in preparing for their realization. In contrast, hopefulness and being passive at the same time undermine one's substantive appreciation of each milestone. "Faith without works is dead" is the first principle of Pentecost.

As a case study, Moses sent land surveyors scouts from each tribal nation of Israel into the land of Canaan. The land was good. They returned to Moses with some of the luscious fruits in Canaan. Yet, they refused to take the necessary steps to take possession of their inheritance and made many excuses.

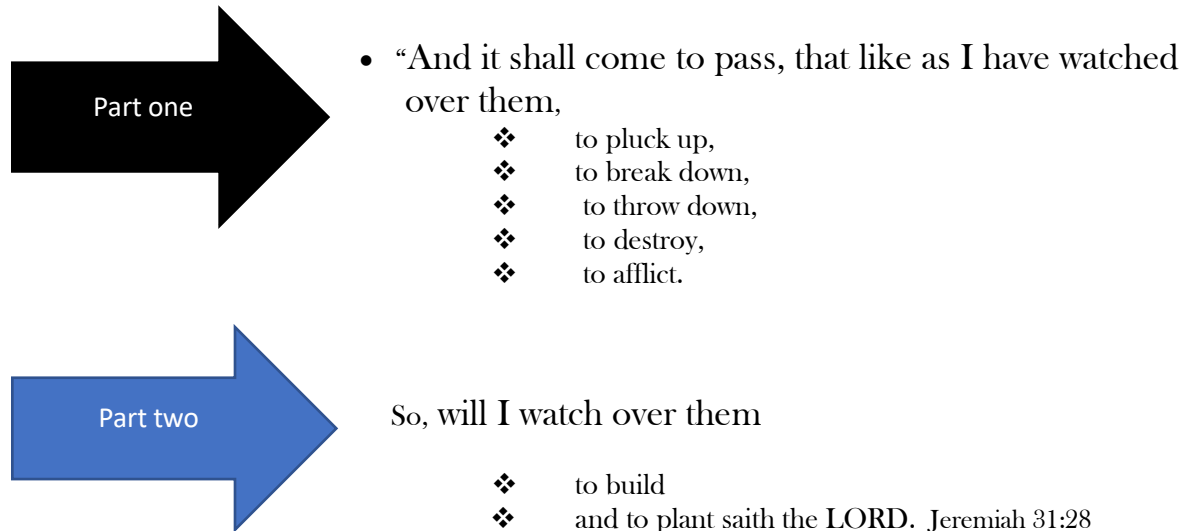

Through attrition, the LORD determined those above twenty would not enter the Promised Land because they would plant the seed of non-action and permanently undermine the Torah, causing problems for the new generation **born outside of Egypt**.

On May 20, the Second Heaven assigned the Green Light as May 21's theme. In understanding each year's orientational theme, consideration is given to the Covenant's structure related to the articles, recital, sections, and subsections.

- Fertility of the Green Lands
- Tribal marriages
- Prosperity in family life
- Cultivate the nation's inheritance per the 400 years of Abrahamic Covenant
- Spiritual wholeness: one Congregation and one Nation.

Consider Pentecost's schema

Page | 2

The Overall Thrust of this Year's Prophetic Pentecost:

- Safety. Tribal Relations are protected in the construction of the Commonwealth. The twelve tribes strengthen their identities through marriages between the Opposite Gender at birth.
- New Beginnings in all fields of endeavors and high energy to fulfill life's purpose with joy within the context of the Stone Kingdom.
 - The time to repay “swiftly and speedily” Judah's enemies.

Rounding off May 21's Five Certified Clauses

Page | 3

Starting the day, The Judahite interacted with the Second Heaven in the given illustration of an upgraded communication system at 1:06 am.

The Executive Body of Israel in Exile walking in the wisdom of biblical prophets and Yeshua's end-time teaching were illustrated. The Congregation has a responsibility to immobilize the Serpent's descendants.

At 5:15 am, The Judahite was drawn from his deep sleep by the chirping sound. At 5:30 am, the Judahite got out of bed to investigate the sound. The sound came from the smoke detector, from which The Judahite matched the chirping sound with the smoke detector--looking around, did not see nor smell anything, though the A/C (air conditioner was on), thus eliminating any source of heat that might have triggered the sound. The smoke detector is hardwired, ruling out a low battery. The sound went on until 7:35 am. Every 35 seconds, The Judahite heard one chirping sound every 35 seconds. The green light on the smoke detector maintained its light source without any flashing lights.

An analytical statement on the chirping sound.

The LORD gave notice to prepare for what is coming, though no signs of smoke appeared in the flesh, like the smell of smoke. However, those without discernment will continue as usual.

On the other hand, the Congregation gives a **command** to the unrighteous:

- ❖ "They said, "Stay away! Don't touch me! I'm holier than you are." They have become like smoke in my nose, like a smoldering fire all day long." Isa 65:5

The power of the Holy Spirit Preserves the

Emblematic purpose of Smoke as the introduction for punishment.

- ❖ "Smoke rose from His nostrils, and consuming fire came from His mouth; glowing coals blazed forth." Psalm 18:8
- ❖ "For our God is a consuming fire." Hebrew 12:29

On May 22, 2023,

The LORD made his presence known again with the 35 second chirping one drop sound from 6 am until 7:35 am.

Page | 4

- ❖ “Mount Sinai was completely enveloped in smoke because the LORD had descended on it in fire. And the smoke rose like the smoke of a furnace, and the whole mountain quaked violently.” Exodus 19:18

What to expect?

- ❖ “A fire goeth before him, and burneth up his adversaries round about.”

The Chirping sound is representative of the clock ticking.

**The Covenant Clauses
Combines
The Bad with the Good.**

Joel 2:3's description best fits this season.

“Before them a fire devours, and behind them a flame scorches. The land before them is like the Garden of Eden, but behind them, it is like a desert wasteland--surely nothing will escape them.”

As part of Pentecost, Joel 3:7 supports Jeremiah's Seventy-year prophecy and Abrahamic 400 years Covenant.

- ❖ “Behold, I will raise them out of the place whither ye have sold them and will return your recompence upon your own head.”

May 21's thematic green re-affirms illustrative times:

- a.) In which Headphone25 is now in reach of fruition as illustrated on May 21.
- b.) Forward direction, no need for the congregational members to look backward with politically associated names, but instead with patriarchal names identification of the twelve tribes of Jacob.
- c.) **ORDER 24J** continues to unfold per articles, sections, terms, and conditions under Covenant.
