

## July 7, 2024

The Ten Tribes of Israel and Judah hold July 7 in high reverence. It marks the date when Archangel Michael broke the chain of Judah's 400-year jurisdictional restriction on July 7, 2019, by the Abrahamic Covenant. This significant event paved the way for the Ten Tribes to breathe the air of freedom under the Covenant Article of Oppression, fulfilling *Yeshua's Mission Statement* in 2020.

Today, many Israelites, each playing a crucial role in our community, want to know about their future, especially their inherited wealth, per the Abrahamic Covenant. Without question, everyone will receive an inheritance; even so, The Judahite encourages all to restudy the Egyptian Exodus Model for a more profound insight into our current-day transition.

Although The Judahite puts priority light on the Abrahamic Covenant's wealth transfer, tribal individual members can claim assets recovery under statutes independently and as part of the Abrahamic Covenant.

For a review, despite all the wonders done in the land of Egypt before the mighty pharaoh and his army, most tribal nations lack the courage to go into Canaan and expel the Canaanite tribal nations and re-take their land, which initially belonged to Shem.

In the book of Jubilee, the land of Canaan was allotted to Shem. After the three brothers, Shem, Ham, and Japheth, divided the world under their sphere of influence, they took the geographic plan to Noah, their father, who blessed it.

Only Joshua and Celeb had faith in knowing they could overtake and dispel the Canaanite nations from the land. Because of the tribal nations' lack of trust in their God, the LORD declared two conditions. One, those twenty years old and under will go into the Promised Land, those above twenty will die in the wilderness, and only Joshua and Celeb will go into the Promised Land.

40 years

### **to learn & and practice their Theocratic Constitution.**

It was a transformative journey for the Israelites, taking them 40 years to liberate themselves from their slave mentality. This evolution led to a different **psychology that revolved** around moral law and internalized purpose and advantages of having a national law to guide ethical and religious behaviors.

**At Mt. Sinai, the Israelites were imbued with a theocratic constitution of nationhood, uniting them as priestly people to the Gentiles. The voice of the LORD God read the Ten Commandments to the assembly, after which they agreed to follow the Mt. Sinai Covenant, cementing their unity as the LORD's people and the LORD decided to be their God.**

Forty years after leaving Egypt, Israel became a nation without being within their territorial boundaries. Granted, during the transitional period, Moses demonstrated to the people and Joshua that if they put trust in their LORD and fully practiced the LAW, they would realize all the promises made by the LORD and, in short, uphold their side of the Mt. Sinai accords.

Comparatively, after giving the pharaoh 430 years of mandatory service, the Israelites matured and departed Egypt under the mighty hand of Yahawah. Additionally, it took 40 years for the Israelites to evolve the theocratic psychology of national law, giving them the necessary operational faith in their God. What a fundamentally different world outlook from the religious practices of Egypt.

Those Egyptians who departed with the Israelites had no cultural history of interacting with unseen deities' images. Like many countries, the Egyptians objectified their worship around the cow or bull, and they influenced many Israelites to return to Egypt to live their religion.

The objective lesson to restudy from all returning Israelites' exiles is to exclude all persons from building the Tabernacle who were not in the returning waves of Exile.

As a current update, only one practicing religion will be allowed within the Commonwealth of Labor. **ONLY ONE RELIGION.** As is known in Western countries, freedom of religion will no longer be legitimate.

**Irrespective of the era, the exilic Israelites have consistently pursued the evolution of theocratic psychology. This mandate is rooted in the concept of 'prophetic Egypt', which symbolizes a state of bondage, regardless of the geographical location.**

As an advanced society—the Stone Kingdom, never known to humanity, the Congregation of Israel will dismiss Gentiles' toddler's level of religion—Yeshua's second coming updates his New Testament. Accordingly, the city of New Jerusalem will be the environment that furnishes our spiritual nutrients.

As part of the current update, the new Tabernacle will not be constructed on or around the Temple Mount. The Judahite knows the location and holds a rough draft image of the New Tabernacle.

Further, as The Judahite discussed years ago, the Court of Heaven invalidated Ezekiel's Temple because it was conditional, depending on the Ten Tribes' complete repentance.

Following the same precedents of returning exiles, the first order of priorities is to start construction on the new Temple, for it might take decades to complete.

The new psychology preconditions exilic Israelites with the readiness to eject all people and persons from their lands upon returning if any indication of disharmony within the Commonwealth of Labor's Mission Statement.

On the other hand, it took Judah four years to evolve the psychology of Judahtocracy, over and against, the Amorite system of killing, stealing, and destroying people morally.

In brief, the agendized list below partially represents elements of Judahtocracy, ensuring psychological stability as Judah and the Ten Tribes continue to transition to the Promised Land to form the Commonwealth of Labor.

**A Black political identity Vs. one's tribal traits Programmed to advance economic and social development.**

Over the years, The Judahite stood against political black ideology for two reasons. One, the world outlook of blackness preserves the existing system of political economy, wherein **everyone** can and does capitalize on race, gender, and social class to their advantage for financial gain as situations allow. Two, those who are melanated, but not genetically Israelites, cause massive confusion around the relativity value of political economy. They endeavor to always milk the government out of social concessions due to skin color. Like white skin privileges, they seek black skin privileges, using the Mosaic Curses as bargaining chips.

The corporate media has shaped the social images of black Americans since the invention of radio, digital, and electronic media. Using technological advances in communication, blacks have followed the principles of communicating negative images of black status. Not to deny the reality of black Gentile life, at the same time, there are uplifting realities in the communities of Judah and the Ten tribes. Being armed with knowledge as to who is wearing deceptive social masks, Judah and Israel avoid imitating objectionable offenses before Elohim.

Not to forget, political economy drives capitalistic ideologies, racism, sexism, classism, and freedom of religion, into a multiplicity of social forms or sub-cultures to financially exploit them.

If Judah and the Ten Tribes confine their thought process around social oppression and economic exploitation solely on skin color, they will always have a very hard challenge in grasping the real cause of their enslavement, which has nothing to do with skin color, everything to do with breaking the Mt. Sinai Covenant. Our fore-parents adopted Gentile practices by worshiping satanic deities that demand immoral behavior both traditionally and innovative continuously.

- *And the LORD saw that the wickedness of man was great in the earth and that every imagination of the thoughts of his heart was only evil continually. Genesis 6:5*

A COMPLETED CYCLE, THE EMERGENCE OF THE NEW

The Judahite hastened to say that not all congregational members fell into apostasy, though a percentage sufficiently enough to weight the scale of justice against the entire tribal nation. Such has always been the case in Israel's history. Thus, never assume 100% apostasy existed in Israel and tribal Judah.

In focus, when race dominates one's world outlook, the social trap is set, and congregational members come to reject their biblical identity. Indeed, the Mosaic Curses were attached to Judah and the Ten Tribes in A.D. 70. Judah endured the Arab Slave Trade long before the Transatlantic slave trade and even continued during the entire Transatlantic slave trade.

Without question, pockets of black people, non-Israelites, were victims of the colonial era, but their relative positions as variable capital in creating international trading blocs reflective of European countries' national interest is not a qualifying variable to be included in the Israelites' gene pool and prophetic mandates. Still, there is a place for the righteous Gentiles in the Commonwealth of Labor.

## Divisiveness

The twelve tribal nations of Israel will come again into their collective value under their social system called the Stone Kingdom.

Currently, the transitional process is weeding out those who are not genetically compatible with the fundamental concept of Yeshua's second coming to immobilize Satan who is the advocate of all forms of SIN.

What a misconception! We all have been living under the misconception that the family unit is ideologically unified and that personal relationships hold ideological and spiritual compatibility. Skin color is deceptive, the skin color is a visual blocker, disabling critical thoughts to apply analytical skills of personality traits, for a snake is a snake regardless of color.

Joseph's coat of many colors symbolizes his family's protection and salvation through his sacrifice. His coat of salvation extended beyond his immediate family during the seven-year famine, but his rulership covered different nations worldwide.

The Judahite continues to advise on the imperative to seek out one's family tribe. What a different world looks like! One will see unlimited opportunities to engage and be creative, without looking for the government to assist.

Indeed, we are in the new reality, though in the early morning hours, to see opportunities before us as Israelites but we have yet to diligently search and find our tribal families. While some have located their tribal families, others have not. Still, the transitional movement will continue in motion with faith that people will find their correct biblical identities.

Going back to the Garden of Eden, the Serpent's seed mixed with Eve's gene causing sin to multiply exponentially. Hence, the meaning, of what God has united, binding Adam's DNA with Eve, let no man separate. The Serpent's DNA got the upper hand and corrupted the world through gene splicing. Hence, the flood and in the latter days, the world will look like the days of Noah.

Indeed, the righteous people with genes of Ham, Japheth, and Shem should be able to see in current-day reality corruption snowballing worldwide. While others see nothing wrong and promote a dead-end lifestyle with the protection of governments. A percentage of people naturally are Satan's descendants and disciples. Still, those who are misguided should be encouraged to abandon that dead-end lifestyle.

**Divisiveness manifests in Adam's genes, always disassociating from  
The Serpent's gene (is programmed to disfigure God's forms of Creation).**

A COMPLETED CYCLE, THE EMERGENCE OF THE NEW

- *For I came to set a man at variance against his father, and the daughter against her mother, and the daughter-in-law against her mother-in-law. Matt 10:35  
A person's enemies will include members of his own family. 10:36  
He who loves father or mother more than Me is not worthy of Me. And he who loves son or daughter more than Me is not worthy of Me. Matt 10:37*

## A Judicial Writ

And everyone who has left houses or brothers or sisters or father or mother or wife or children or fields for the sake of My name will receive a hundredfold and will inherit eternal life. Matthew 19:29

Know ye not that the unrighteous shall not inherit the kingdom of God? Be not deceived: neither fornicators, nor idolaters, nor adulterers, nor effeminate, nor abusers of themselves with mankind. 1 Corinthians 6:9

## Warfare and the odds against Moses

In the last war with Amorites, on the east side of Jordan, Moses led the Congregation to victory. Unlike forty years ago, the old Congregation feared going against the giants, assuming they would all be killed. Logically, they were correct, given comparative military might. Still, the faithless generation died in the wilderness, and the new generation of faith crossed the River Jordan into the Promised Land to face military armies twenty times as large as their army.

Archangel Michael came by night to introduce himself to Joshua, as he did with Moses.

**THE OBJECTIVE LESSON FOR living in the incubator for 40 YEARS: remove all who held onto old psychological aspects while transitioning to the promised theocratic territory.**

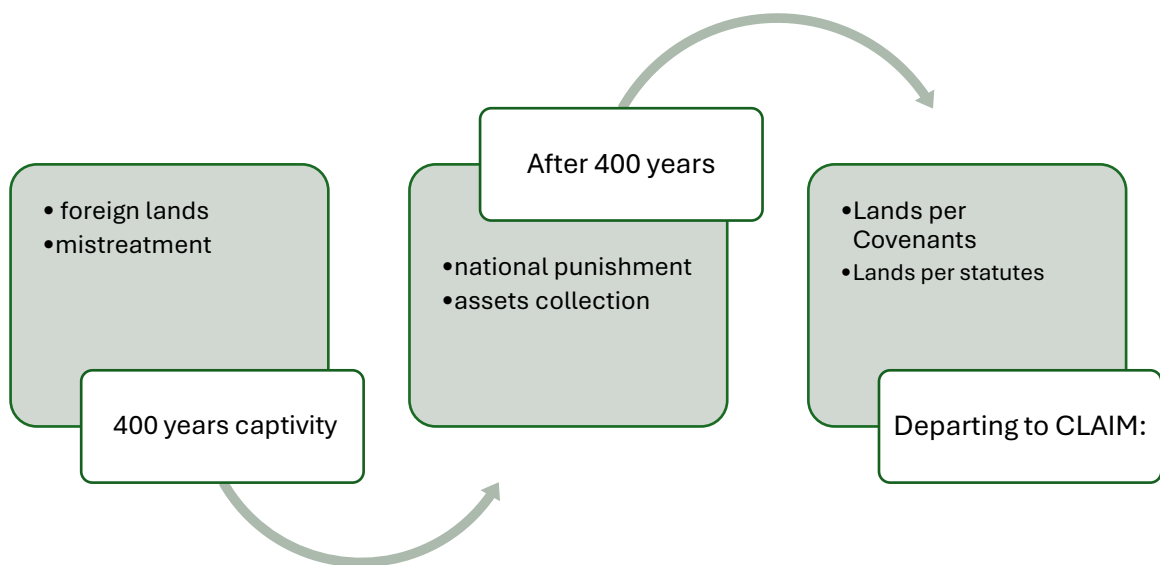

A COMPLETED CYCLE, THE EMERGENCE OF THE NEW

The Gilgal principle of sanctification and purification still holds validation, as seen prophetically when Judah returned to Israel per Jeremiah’s Seventy-year prophecy. After crossing the Jordan River, male circumcision resumed, and the Angel food from heaven stopped falling from heaven after forty years.

The walls of Jericho fell supernaturally, a powerful symbol of faith in the Tabernacle, as the cornerstone of national faith. This event inaugurated the territorial nation of Israel. As with Jericho, as today, the spiritual declaratory guideline is the same: Israel will not share its territory with other religions—one God, one nation.

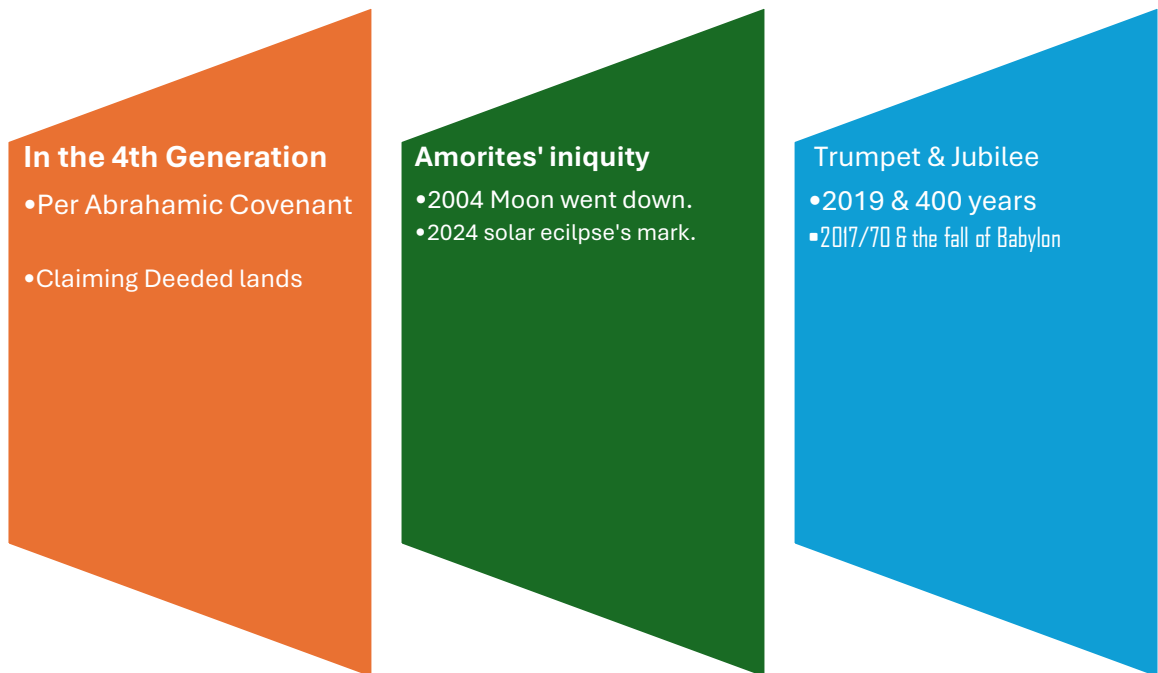

**July 7, 2019, marked the divine lifting of 400 prophetic years placed on Judah and the Ten Tribes.**

July 7, 2024, marks the fourth anniversary of Judah’s lateral and horizontal jurisdictional movement to develop the necessary practices to enable and sustain theocratic psychology fundamentally different from the American Empire. For example, some of the feast days were fulfilled upon Yeshua’s arrival, and the unfulfilled Feast Days were fulfilled within America’s Empire. The list above, a testament to our commitment, shows the steps taken to sustain the new theocratic psychology, reassuring us of a spiritually fulfilling future.

## Knowing the progression of time.

## A review

The solar eclipse on April 8, 2024, marked the line from which to start observing the signs for the immobilization of all opposition forces to prevent Judah and the Ten Tribes from transiting. How long will it take? A good question! However, the real question should be about how to become ready when the mass departure starts, as no one can obstruct the mass movement.

- *After many days thou shalt be visited: in the latter years thou shalt come into the land that is brought back from the sword, and is gathered out of many people, against the mountains of Israel, which have been always waste: but it is brought forth out of the nations, and they shall dwell safely all of them. Ezekiel 38:8-16*

*But watch ye at every season, making supplication, that ye may prevail to escape all these things that shall come to pass, and to stand before the Son of man. Luke 21:36*

## We continually learn as the transitional movement progresses

When calendar dates come from the heavenly hosts, we expect things to materialize, and, in some cases, we have a substantial basis to infer outcomes. Still, when things do not materialize as expected, be assured that materialization visibly or invisibly occurs according to the regime calendar dates.

The regime's index number and operational format are tools and keys to understanding. One must use the regime's index number with each given date to see the full scope of the event per specific date.

When expectations are not seen, the first step is to make sure one has used the operational format as presented. This format enables one to see more and comprehend the enormous scope, emphasizing the significance and impact of these tools, thereby enlightening us about their importance.

For example, we see July 7 within two calendar regimes.

One should always be aware of the limitations of thinking and seeing the world two-dimensionally. We live daily under multi-level systems of society, and when thinking about what makes it possible for life to sustain itself, we see many dimensionalities. Some people

A COMPLETED CYCLE, THE EMERGENCE OF THE NEW

are mindful that our daily lives are not simple because they are part of disciplines that force them to engage in multi-layered interconnections of all aspects of planetary life, creating a sense of unity and belonging.

Our God, the creator of life on the Earth, is supernaturally complex, as is the environment that sustains life. This complexity is evident in developing subsystems or eco-environments, social or otherwise, that can function optimally or poorly for all life forms. The calendar date regime provides a window into the dynamics of society's interconnectedness.

## July 7, 2024

The date comes with an appraisal of richness from the heavenly hosts. The calendar date regime and the updated calendar regimes for July have enabled a conceptual flow from July 7, 2019, through July 2024. With operand 22, the heavenly hosts give us a review of the relational conflicts of society's status quo regarding Judah and the Ten Tribes of Israel. Each day, societal conflicts with non-sustainable solutions are before our eyes. In short, no one must look far to see the situation in the Western world.

With Calendar-date Regime 4, the host of Heaven enables us to see Engineering 4's numerical properties directing the active creations post-biblical seven's system of creation. So, when seeing operational four on 7, we see a completed oppositional system and the **conceptual seed** of the new being carried over to 8.

Following the prophecy of 4, 7, 14, 21, etc., we have a clear view of anticipated folding events for the rest of the month and beyond.

### **Each calendar-date Avouch for the entire Regime's operations**

Seen or unseen, The Judahite receives avouchment from the courts of Heaven when the regime calendar dates are in their procedural operations.

## July 7 Essential Appraisal and Carry-over to July 8

In conclusion, the host of Heaven presented The Judahite with rivers images, denoting the hour for active creation. The images manifested in the eleven o'clock hour and continued to July 8. Active creation of skill sets for us and in the interest of the Commonwealth of Labor.

A COMPLETED CYCLE, THE EMERGENCE OF THE NEW

Additionally, the LORD reconfirms oppositional forces' immobilization; those who have not been eliminated will serve the interest of the Commonwealth of Labor.

The LORD said unto my Lord, sit thou at  
my right hand until I make thine  
enemies thy footstool.

Psalm 110:1
