

A Summary Account of Fast-moving Prophetic Events.

A Time Alert

It is very encouraging to see some of the 144k keeping up with your assigned homework to expand comprehension of the many presentations given by The Judahite. Yes, it takes concentrated effort to do research tasks. The daughters of Zion are now coming into their own identity, which is necessary for character enhancement to enter the Promised Land. The Spirit of assignment always guides tasks priorities. PK17

As we move into millennium prophecy, many topics that have been hard to understand will become clear. Currently, the 144k and Firstfruits must study and give the necessary time to each procedural step and phase for returning to the Promised Land under the new modeled economic system of the Commonwealth of Israel.

Although it seems slow without visual signs, please don't try to inject a new prophetic timeline. God controls the orderly arrangement and disorder of a social system. Therefore, the 144k must properly respect the periodic replacement of the old by the NEW elements. We are talking about a new planetary system that has never existed on the earth.

We are putting structural systems in place that conform to the New Covenant as we move forward. The Executive Body of Israel is collecting and receiving the necessary elements from the Angels to use in the Stone Kingdom's institutionalized systems.

Herein is a brief presentation, giving the highlights.

February 15, 2022, Proclaims All Court Orders Enforceable

Continuing the millennium educational paradigm shift, the Judahite received a visitation from Raphael. As always, the visitations are humbling experiences. In brief, the message to govern according to the codes given on January 24 combined with worshipping with the construct of the New Temple, the imbued character of the returning twelve tribes of Israel to the Promised Land.

To digest Raphael's message, heaven and the earth must be combined, as the world reflects the directives of heaven. The codes under the Court Order have yet to become institutionalized functional, needless to say; however, a schedule awaits formation to distribute work assignments for codes implementations.

- A. The twelve tribes of Israel will emerge into one nation under one rulership.
 - B. The twenty-four elders of heaven signal their sanctioning for accelerating transitioning.
- I. Raphael announces the judicial orders of prophecies closure. The Second Heaven Court's doors are not opened; they are **CLOSED**. Biblical twelve enables us to grasp the theoretical principles of quantitative changes occurring quickly. It is very

easy for accelerated events to cause mental disconnection from rapidly changing reality—what was is no more a reality. Therefore, The Judahite received the numbers twelve and twenty-four. Twenty-four represents a double of twelve. In a word, what twelve means is the doubling of itself: $12+12=24$. Biblical twelve is a divine number of administrative governance. Consider the twelve Zodiac constellations. Twelve months in a year. Jacob's tithing-blessing to the world through his twelve sons. Therefore, bear in mind society and nations have a divine attribute or the lack thereof through Jacob. Daniel gave the world the image statue of a man representing the Gentiles' four kingdoms of administrative authority. As such, they exist independent of man's will to change the laws of physics, to reverse that declared.

- 1) According to Revelation 4:1, The door was opened in heaven, not yet closed, allowing John in the Throne Room where he saw Yeshua in his state of divinity without human form. Also, John saw the twenty-four elders who came out of the Great Tribulation (Arab and Transatlantic slave trade).
- 2) The Judahite was shown a closed-door on 15 February, asserting the door could not be open. For those desiring to make a judicial case, the locked doors prevent entry. John of Revelation tells us there would come a time when no one would be allowed to enter the Temple because of the seven seals and vials.
- 3) John sees the twenty-four elders whose role is to serve the One who sits on the THRONE. Whenever the twenty-four elders approach the THRONE, they prostrate themselves in worshipping by casting off their crowns, an act of privilege of being in the service, before the eternal One. Honestly, the words of worshipping are the full recognizant of the glory, honor, and the power in the creation of everything per the Throne's pleasure.
- 4) John sees four beasts surrounding the THRONE. They each possessed the facial similarities of a calf, a lion, a man, and an eagle, each having six wings with eyes throughout each system. *"They rest not day and night, saying, Holy, holy, holy, Lord God Almighty."* Indeed, a depiction of constellation systems. Which ones? For now, what is essential is knowing when birthing earth and humanity, biblical Job learned that the angels in heaven offered congratulatory songs. What a day of ecstasy in the cosmos!!

II. The closed doors appeared in combination with other signs presented by the Archangel, having a unified message of summation. Remember, there is a correlational pattern between 4) & 5), 3) & 6), 2) & 7, and 1) & 8).

- 5) Yeshua's symbolic reincarnation is an ox, lion, man, and eagle. Generally, the Christian Community knows about Yeshua's personification as denoted but, in most cases, misapplied. In Yeshua's ministry, the four creatures apply to his life cycle while on the earth as a model for his disciples and his followers.

He carried the burden of sin as an oxen and washed his disciples' feet during the last supper. Yeshua gave himself as the character model for the Apostles Ages.

The Man-child also came from the heavens and used the personification of the lion authoritatively. The man-child has matured and closed his nursery door. Likewise, the door is now closed to Israel, with no reentry because of its stage of maturity; both Judah and Israel are ready to make the quantum leap per Order on the Wall.

- 6) Like the saints in heaven, the twelve tribes also came through the Great Tribulation. Consider the twelve tribes of the East and the twelve tribes of the West, a total of twenty-four. Twenty-four, three, and eight were given as biblical numbers as index references for consummating the Magistrate's Order on January 24, 2022.
- 7) February 15, 2022, came as the date for upholding Orders and judgments. Some decisions have been made and now awaits the hours of finality.
- 8) Through biblical number three, The Judahite sees the spirits of the four creatures of heaven propelling the twelve tribes' metamorphosis process, now reaching the edge, and awaiting the transformation, the separation from the Chaldeans. Three times four equals twelve. The whole Congregation of Israel desires to be in the Promised Land for giving honor to the One who sits on the THRONE.

As one historical marker among a few, we see Jubilee as a timeline fulfillment and ready for transitioning to abundance. All congregational members desire to exemplify the divine fulness that biblical three represents.

February 18, 2022 The Hour as Foretold

The Judahite felt his wristwatch loosen for unknown reasons. Given the past year, the slotted strap never slipped. Looking down to move the latch to the next slot, the slotted side of the strap disintegrated in real time before the eyes around the pin attachment.

The Judahite understands the approaching hour, the appointed hour. The sign came as an alert message.
