# COVID-19, the Red Dragon, the Man-child, and the Executive Body of Israel in Exile Signifying Returning to Israel.

## A Time of Judgment

## **The Coronavirus-19 Emerged from a Laboratory**

In recent weeks, the Coronavirus-19 has taken center stage again in the public interest. After eighteen months since COVID-19 introduction, the world seeks answers to its origin. The question presents one of two basic choices: laboratory origin or natural origin. Yes, the answer is one of either this or that.

Currently, the predominant belief held worldwide a laboratory-produced coronavirus with a focus on Wuhan, China. The question to be answered whether the virus was released intentionally or if the virus escaped due to inadequate administrative procedures.

Hard evidence shows inadequate administrative procedures led to some of the researchers' death while in the lab. Later, deaths related to the research virus appeared throughout Wuhan, ground zero for the virus. Countless people travel to and from China every day, removing any mystery for the worldwide spread so quickly.

Still, the question remains to be answered: was the virus intentionally released. With what is known today, the investigators will never present the world with a satisfactory answer.

### **Private and Public Parties have an invested interest in COVID-19's death and cure treatments.**

There are many different parties with concealed plans to prolong the death tolls and social restrictions imposed by COVID-19. By far, the most comprehensive plan is to use coronaviruses to re-organize along the lines of a concealed agenda of the Beast-system.

Although COVID 19 is the primary driver, different strands of coronaviruses have mutated. They have become attached to COVID-19 naturally and in suspected conspiracies. India is now experiencing an attacking mutation that has never been seen before, dead bodies are found everywhere. Today, American COVID-19 victims have more extended hospitalization stay because of medical treatment and social regulations.

Both corporations and governmental agencies from around the world have come up with vaccines to effectively stop, in most cases, the spread of COVID-19. Naturally, to be expected, side effects from the vaccinations have claimed the lives of some. Still, among a few sectors of the population, there is a reluctance to receive vaccines.

About 45 to 50% of the American population is vaccinated, a mark of progress. Businesses are reopening, and the entertainment industry has removed all restrictions of social distances. In many places, a face mask is not required, a sign of going back to normalcy. In contrast, in different parts of the world, mother COVID-19 and her daughters (mutations) are still claiming lives worldwide, though hope is on the way through donations of vaccines from the most advanced countries.

In the meantime, lockdowns and travel restrictions are a fact of life in different countries worldwide. Currently, worldwide, 174 million people have contracted COVID19, with death totaling 3.74 million. Some say that the reported numbers are much higher.

## **COVID-19 has a Prophetic Perspective, Different from its Original Intent.**

In the first part of December 2019, The Judahite saw in the late evenings a strange phenomenon. Each evening for weeks, progressing toward 31 December, The Judahite saw a magnitude of the unnatural phenomenon. By 31 December, The Judahite saw the projected phenomenology as a social event far beyond human capacity to address. The Judahite trembled, then came assurance on January 1, 2020, The Judahite's position is secured.

From January to the end of February, COVID-19 appeared in different parts of the world. Still, the world did not fully know what was going on because no drastic measures were put in place, though they would come. Italy became the hotspot of the world, dead bodies everywhere, nothing in modern history compared to the infectious nature of COVID-19 stealing lives within days.

The Chinese government lockdown Wuhan, giving the false impression that COVID-19 was contained, suggesting that the world should look elsewhere to determine the non-stop spread of the virus.

The Judahite went to the LORD in prayer, petitioning to put COVID 19 in the hands of the 144k to control the increase or decrease deaths in cities and states. If granted, the 144k would know that the Israelites' season had come, no longer the victim, for it would give such power of exhilaration to the 144k to determine who lives and who dies. Complementing such power of decision, the 144k would learn more about their spiritual character and divine justice. The petition contained the intent to force the 144k to thoroughly examine their motive of justice relational to Scripture to grasp personal reasons are out of place, unbiblical.

The Judahite from day one knew the virus was manufactured in a laboratory. Nevertheless, getting ahead and taking control of COVID-19, The Judahite petitioned to sanction a spike in COVID-19 death on March 11, 2020, signifying the 144k had strategic policy directive over COVID-19. A week in advance, The Judahite sent the notice to different parts of the world, alerting parties to the coming spike in COVID-19 deaths.

On March 11, 2020, the appointed date, the World Health Organization (WHO) announced a global pandemic. COVID-19 operates as a divine punishment, irrespective of origin and agents spreading the virus from that date forward.

### **COVID-19's Spiritual Theme Life or Death**

Archangel Raphael delivered to The Judahite exact, explicit, explicit arithmetic numbers regarding the prophetic COVID-19's ending Time and Date. At which time, the coronaviruses revert to the controls under the Beast-system.

In 2020, while out in public, The Judahite's face mask fell off supernaturally, signifying he has strategic policy operations over COVID-19. Indeed, on the appointed date of April 2021, the reversal date restored the Gentiles their operational control over the coronaviruses.

The LORD's name will forever be enshrined within the Petition for strategic policy control over COVID-19 among the 144k and the Executive Body of Israel. We sanctify the LORD's NAME forever. Like in Egypt, the LORD's name will forever be magnified knowing that all major cities of the West experienced a lockdown, the days that the world stood still—unmatched since Noah's flood.

#### **Life or Death**

The only issue for many during the past eighteen months is life or death. Everyone has a right to choose life, or death but has no right to infringe on the principle of self-preservation, government policy or no government policy. Many people do not believe that COVID-19 is real despite the deaths. The national government has not maintained a consistent policy practice for several reasons. As a result,

1. Targeted people are still being killed and engaged in violent confrontation for not wearing a face mask when they violate imposed social restrictions. On the other hand, the same reaction holds for those who do not want to adhere to legal regulations. Many people then and now do not see the divine punishment in COVID 19 post 11 March 2020. Lots of unbelievers have come down with COVID-19 and since changed their tone.
2. Even wearing a face mask, people have contracted COVID-19.
3. About 44% of whites have taken the vaccines, and about 28% of blacks have taken the vaccines. There are several reasons for blacks lagging. Efforts are on the way to make it easy for all to get the vaccines. Blacks are twice likely to die from COVID 19 due to underlining health causes, not having good insurance coverage. As a prophetic guideline, those blacks and members of other racial groups were meant to die. Thus, pay no attention to the racial comparisons.
4. The big question that remains for many is the vaccines safe. From all evidence, the vaccines are working; however, booster' shots are required every six months.

**COVID-19 is an end-time episode among several resting on a Comprehensive Prophecy.**

Acting as a phenomenologist back in December through March, The Judahite saw the chemical and biological warfare plans. The LORD preempted the imperialists' plans by granting the Executive Body of Israel in Exile policy control over COVID-19, allowing the New Covenant's ratification.

## The Red Dragon & the Man-child

Yes, the Red Dragon in Wuhan came with COVID-19 as a flood; all medical centers worldwide were overwhelmed.

### **Revelation:**

<sup>12:13</sup> And when the dragon saw that he was cast unto the earth, he persecuted the woman (**the Congregation**) which brought forth the man child.

<sup>12:15</sup> And the serpent cast out of his mouth water as a flood after the woman, that he might cause her to be carried away (**no longer a threat to its plans**) of the flood.

<sup>12:16</sup> And the earth helped the woman, and the earth opened her mouth, and swallowed up the flood which the dragon cast out of his mouth.

<sup>12:17</sup> And the dragon (**the imperialistic system**) was wroth with the woman and went to make war with the remnant (**Judah**) of her seed, which keep the commandments of God, and have the testimony of Jesus Christ.

### **The Man-child**

The Man-child appeared as the Executive Body of Israel, a representation of jurisdictional maturity. From a position of strength, the Executive Body of Israel used the serpent's "own weapons" to fight him, as illustratively instructed by the angel to Nat, who transferred them to the Executive Body to use COVID-19 to fight COVID-19. Indeed, use the enemy's weapons to fight the enemy. The hand of the Executive Body of Israel will govern China by relocating many Chinese.

The Chinese Communist Party works collaboratively with the Beast-system and is an integral part of the Babylonian Empire. **The point:** do not misfocus in China. Again, we are looking at an imperialistic system of which China and other countries have a mutual interest in maintaining. However, China has the most to gain from a global pandemic.

Apostle John gives the encrypted key for understanding the latter day's events. John saw the red dragon two years after the birth of the Man-child who sought to kill the rebirth of Israel, specifically the house of Judah. God sees all. In February 2020, the new Chinese Ambassador arrived in Israel and died in May.

His death establishes the model as to what is going to happen to China. Just as John saw, China, the Red Dragon, has plans to kill the real governorship of Israel. The current Zionist government has contractual agreements in place with China that run counter to the developmental policies of the Executive Body of Israel in Exile.

## Biblical and Prophetic 19

The Judahite has referenced nineteen as an ordinal number and associated with biblical and prophetic events in several presentations. For a review of nineteen, 10 and 9 compose nineteen. When putting the two numbers together to form nineteen, the meaning has the exact rendering. While true, nineteen has its own contextual character that is always taken into consideration.

In short, consider 19 as a universal spiritual law; you reap what you sow. The law can be scaled up or down. If one sows good seeds, one reaps the good fruits. The Spirit of Truth has a way of pulling people toward the light who have an internal basis for seeking scriptural truths. Nineteen means completeness, a time for judgment. Daniel gives us Judah hope in reaching the 1335 days for a blessed revelation of judgment and opening the door to a new beginning.

2019 came as the year that assigned The Judahite with a schedule for tribal Judah and the ten tribes. The Angel broke the chain of bondage from Judah on July 7, 2019. With an audit trail or with a series of historical taglines throughout life, The Judahite can easily track 19 in God's plans of judgment and hope in the New Covenant's implementation.

We have now reached the three and half years' marker spoken of by Daniel and supported by Jeremiah and John of Revelation. Yes, judgment is coming.
