

Transferring Constitutional Allegiance to Judahtocracy.

Judah and the Ten Tribes have a date with destiny. In the fourth generation, they will return to the Promised Land with great wealth.

Harris's prophetic presidency is defined within the Judahcratic framework	26

Introduction

The Judahite presents the dynamics within the reciprocal relationship between Joseph and Judah. As a tribute to Judah, Joseph constructed Angkor Thom as a symbolic temple for Judah, knowing that, like him, he would be enslaved for a long time. At the end of Judah's enslaved-like cycle, he would arise and rule over the tribal nations of Israel.

Consistent with biblical prophecy's methodology, there is a cross-reference. Angkor Thom is a spiritual cross-reference, one of many.

Elections.

The LORD has spoken through the past three national election cycles, every four years, through heavenly signs of wonder.

Often overlooked or forgotten, simultaneous processes occur on multiple levels. Each process must follow its conclusion, though there might or might not be a node where the opposite forces entangle, affecting the predetermined outcomes.

The 2024 November elections are a good example. Trump's scriptural origin in electoral politics had to run its predetermined course. As such, scriptural exclusivity consistently affirms its purpose of origin.

On the other hand, The Judahite foretold a year and a half ago that Harris's presidency would be, by default, within the realm of the President's medical emergency. Nothing has changed about this eventuality, **OCCURRING IN THE MONTH OF NOVEMBER 2024.**

History quickly turned on November 5, causing those pushing Harris's election win to fall to the side of the road of irrelevancy. Yet, they are trying a contingency Harris's presidency, equivalent to window dressing without biblical purpose. For this reason, history quickly separated Harris from the unbiblical to give her the correct, realistic balance found in Judahtocracy.

The spiritual signs given to The Judahite have been consistently clear regarding Harris coming and departing the presidency under Judahtocracy with a dedicated focus. At hand, the Ammonites now in Gaza must be relocated immediately. There are many temporary holding locations once a permanent location is found.

Lebanon: Harris would enable task force formations without involving governmental agencies. Their assignment is to write and submit to the Executive Body of Israel in Exile Lebanon's national sovereign dissolution proposal. Harris will have private and public funding at her disposal.

Likewise, using the same Lebanon task force procedures, non-governmental teams will write a proposal for removing the Iranian religious regime. There are many Christians in Iran and outside, ready to be assigned governmental positions. The Executive Body of Israel will make all resolute decisions.

Likewise, teams of people with and without national and international credentials will write a proposal to dissolve Egypt's national government using the same Iranian task force procedures.

All lands from the Euphrates River to the Nile River were deeded to the Israelites per the Abrahamic Covenant, which Moses extended.

Resolutely, the Egyptian government will move elsewhere, but not before seeing and feeling the mighty power of God. The Egyptians believe there is a human authority that can change their destiny. It is this belief that will cause the coming death in the millions.

As determined by Judahtocracy, Harris' presidency will be effective and focused. We are to expect a severe plague that will impact America and Egypt. All attempts to contain it will fail.

Finally, not forgotten, many of the Islamic religions are from the tribes of Israel. What? Although Muhammad and his inner circle were taught Christian religious principles by the Ethiopian Christians, the Islamic conquest forced millions of Israelites to convert to Islam during the active centuries of the Islamic sword. So, today, many of the Islamic faith are converting back to their natural religious genes on their father's side.

Only the Holy Spirit can determine who is genuine and who is not true Israelites. Still, genuine people will be granted their share of the inheritance.

Making the constitutional Allegiance to Judahtocracy On January 20, 2025

In the biblical context, the United States of America is known and referenced by several names, such as Egypt, Babylon interlocking with Babylon-Britain, and the land of the Chaldeans. These names carry significant historical and cultural implications, often symbolizing certain aspects of the nation's journey and destiny.

For a deeper understanding to maintain clarity in the use of names, the Bible gives dual prophecies for a deeper understanding to maintain clarity in following the tagline names through each evolutionary epic as depicted in Daniel's Man Statue Model of the four Gentile social systems.

For a deeper understanding of the biblical references, the Bible provides dual prophecies. These prophecies serve as a guiding light, enabling us to decipher the taglines given in each epic and understand the Israelites' evolution related to Daniel's Man Statue Model of the four Gentile social systems. This revelation brings a sense of enlightenment and knowledge to the Ten Tribes and Judah.

Looking back on history, the Mosaic curses, a set of divine pronouncements in the Hebrew Bible, took hold of Judah after AD 70. These curses, often seen as a form of divine retribution, were believed to have influenced the Islamic and Transatlantic Atlantic slave trades, contributing to Judah and the Ten Tribes of Israel losing consciousness of their historical identity. As a result, they became culturally inclined to accept the social philosophy of being an inferior race and wearing the curse of Ham to be a servant to his brothers. Note the biblical inaccuracy: Ham, not Canaan.

Where in history did the Ten Tribes and Judah reference their location? America.

Tribal Asher needed to know his place in history to perform his biblical illustration of Ephraim-America's life cycle. Tribal Asher neither adds nor subtracts from the Bible. Asher's assigned task is to highlight prophetic biblical features at the commencement of each Gentiles' social system according to Daniel's Man statute Model.

Asher's role emphasizes the clarity and precision in God's biblical plans for the Ten Tribes and Judah, providing a clear roadmap during the formative days of each Gentile's social system. The foresight of history in biblical prophecy lends substantial weight to events and processes when they come to pass, enhancing understanding and guiding the audience.

Biblical prophecy serves as a confident builder, allowing the participant to witness results, and milestones, and trust the unfolding stages as outlined. Each substantiated step, guided by biblical prophecy, increases trust in the end times, providing a sense of confidence and security in the life cycle of each of the Gentiles' social systems.

Tribal Asher serves as the biblical administrator for each emerging global empire.

The American Asherite, Nat Turner, acted in the same role as his fellow Asherites, i.e., King James I of Britain and Eusebius of the Byzantine Empire, who co-regent with Emperor Constantine.

Archangel Raphael bestowed upon Nat Turner a unique understanding of his role and prophetic biblical location in America-Egypt, a task he was to perform with utmost dedication and insight.

“And I wondered greatly at these miracles, and prayed to be informed of a certainty of the meaning thereof- and shortly afterwards, while laboring in the field, I discovered drops of blood on the corn as though it were dew from heaven-- and I communicated it to many, both white and black, in the neighborhood-- and I then found on the leaves in the woods hieroglyphic characters, and numbers, with the forms of men in different attitudes portrayed in blood, and representing the figures I had seen before in the heavens.” Nat Turner

Nat Turner, with his enhanced knowledge of living in Egypt-America, undertook a monumental task. His ministry for the Ten Tribes and Judah, each with distinct roles in developing the American Empire, carried a profound weight of responsibility.

The America-Babylonia definition is illustrated through the methodology used in the death of Nat Turner. Daniel outlines the fourth and final Gentiles' social system.

The Watchers narrate how the last Gentile's social system would be planetary. Listen:

- *Nevertheless, leave the stump of his roots in the earth, even with a band of iron and brass, in the tender grass of the field; and let it be wet with the dew of heaven, and let his portion be with the beasts in the grass of the earth: Daniel 4:15*
- *Let his heart be changed from man's, and let a beast's heart be given to him, and let seven times pass over him. Daniel 4:16*
'This decision is by the decree of the watchers, And the sentence by the word of the holy ones, so that the living may know That the Most High rules in the kingdom of men, Gives it to whomever He will, And sets over it the lowest of men.' Daniel 4:17

Years ago, the Watchers gave The Judahite an illustrative view of King Nsschadnazzar's transmogrified oxen description in a synthetic organic presentation. The oxen walked across The Judahite's floor with a body, feet, and head and transformed back into synthetic plastic.

After twelve months, Nebuchadnezzar was walking and admiring his accomplishments when he heard a loud voice, defeating to the ears, from the Second Heaven: it is time to execute the decree. He fell and was put into isolation, out of sight from all people, until seven years.

"They shall cast thee out from among men, and thy dwelling shall be with cattle and with wild beasts, and thou shalt eat grass as an ox, and shalt be wet with the dew of heaven: and seven times shall pass over thee, till thou know that the Most High rules over the kingdom of men, and giveth it to whomsoever he will. "
Daniel 4:25

Overall, the angels imparted knowledge for the Ten Tribes and Judah to know their territorial location and to read the Scriptures with the enlightenment of the dual prophecy and not be confused as regards the historical periods that reference end-times Babylon and Egypt.

**On February 25, 2020, Yeshua announced the last phase of his
Mission Statement, as stated in Isaiah 61:1.**

On the night of February 25, 2020, The Judahite heard a loud sound while in bed. Upon investigation, the skillet's glass cover fractured into hundreds of pieces, yet maintained its form until touched. An air compression explosion caused the loud sound.

Still, the skillet and glass cover fracture were timely signs of ending the Ten Tribes' social oppression. In contrast to July 2019, the Watchers broke the iron chain before The Judahite's eyes, a timely ending sign of tribal Judah's jurisdictional restriction.

Biblically, the signs of July 7, 2019, and February 25, 2020, are distinct, yet they overlap in the construction and deconstruction of constructing and deconstructing the social system of capitalism and imperialism.

On May 25, 2020, the air compression explosion explained itself through two events. First, the incident in Central Park, New York City, involved a Caucasian lady who reacted to a black guy, a lover of watching birds, holding her accountable for not observing the city's ordinance to keep her dog on a leash while in the birds' sanctuary. However, The Judahite explained the allegory before some people have yet to appreciate how the Holy Spirit teaches. Essentially, the woman represents the goddess deity choking the breath of life from the Ten Tribes.

Biblically, a woman represents a woman or the female gender and is understood as such. On the other hand, a woman represents a religion or a spiritual system of beliefs. To fully grasp the woman and her dog, one must see her reactions when confronted about her violation of the city ordinance about unleashing dogs. Adamant in her assertion in words and behavior, she held the dog by its collar, choking the dog. The dog constantly reacted by moving to the right and the left, up and down, and twisting to keep air flowing into its lungs.

Such was a psychological slip. She aggressively focused on the black guy's legitimacy to question her, not conscientious of her action to kill her dog. What a divine paradox; **she** was killing her dog to prevent it from chasing the birds in their sanctuary.

Birds are symbolic of freedom. Central Park was another illustration of the Holy Spirit allegorically demonstrating Yeshua's Mission Statement to the Ten Tribes.

In the meantime, an associative event was taking place in Minnesota with George Floyd. The two events dovetail with the divine purpose of Yeshua's Mission Statement, which gives the socially oppressed the breath of life, as illustrated in the air compression explosion. Only when understanding the glass cover explosion from the internal dimension can we see the external dimension--nationwide violent protests and global demonstrations of Soundwave Frequency-25.

The skillet's glass cover explosion, the dog of Central Park, and George Floyd's suffocation are three instances that harmonize with Yeshua's Mission Statement.

THE spirit of the Lord is upon me because the Lord hath anointed me: he hath sent me to preach to the meek, to heal the contrite of heart, and to preach a release to the captives, and deliverance to them that are shut up. Isaiah 61:1

It is worth noting that New York City is an Amorite city with its deities under New York's principality, ruler of darkness. For clarity, the Second Heaven is a dimensional reality in which the principalities have divisional offices. Likewise, the same place is assigned to operational angels over Earth. The Magistrate Court also holds a space in the Second Heaven to hold hearings between darkness and light or evil and good.

Zebulun's territory covers the area known as the Ten Thousand Lakes, which is in Minnesota. Issachar's portion of the land includes the Twin Cities, Minneapolis, and St. Paul.

Central Park's disputation is prophetic, forecasting who will enter the millennium's Promised Land. Isaiah 61:1-4 tells us about those who are prequalified for the Messianic Age. Psalms 90:10 gives us two age dates when we fly away from the Amorites, going home.

Central Park's spiritual confrontation is seen in the Amorite spirit holding on to kill any attempt of Judah flying away either at seventy or eighty. The Amorite's spirit cannot let go of Zion regardless of costs.

Going forward, the Amorite must be strangled, a technique to make the Amorites cough up what it has swallowed. Globally, New York and the City of London are the two major international banking centers.

Yeshua's Mission Statement is multi-dimensional

Discussed many times, The Judahite points out that the George Floyd incident is nested multi-dimensionally in Judah's life cycle of enslavement and his triumph.

As generally known among tribal Judah and the Ten Tribes of Israel, police officers do murder and make accusations according to the Mosaic Curses, a long-standing practice. So, what is the big deal regarding George Floyd? They got caught by Lady Naphtali, who exposed the incident, thus inflaming the nation and the world.

As discussed in 2020 by The Judahite during the heat of the moment, history will forget George Floyd as a person over time, and nothing remains besides a settlement and the criminal complaint that triggered his death.

The Judahite knows that it is impossible to create a personalized historical legacy for social acceptability when one doesn't exist. The Judahite will leave it up to each person to assess Floyd's degree of criminality that led to his death.

On the other hand, for those seeking a higher level of understanding in the phenomenal reaction to the suffocation, Lady Naphtali will be co-equal with Floyd in triggering Soundwave Frequency—25. Coherently, a Naphtalite lady was the first to suffocate in 2019 in the process of the Ten Tribes' scheduled awakening according to Yeshua's Mission Statement.

Joseph's theological paradigm regarding Judah describes an enslaved life cycle, culminating in Judah's emergence as a new age.

At a higher level, the land of Zebulun and Issachar has germinated several prophetic milestones. One is the triggering event of the Dred Scott case involving subject matter jurisdiction that allows a case to come before the court. The Dred Scott case enables America's judicial system to distinguish between contract law and subject matter jurisdiction. What an eye-opener! The

US Supreme Court holds that Judah has no constitutional standing because he came from a continent and does not know his country of origin, or at best, cannot produce legal documents proving his citizenship in any African country.

Harriet Robinson, Dred Scott's wife, was an enslaved teenager who belonged to Major Lawrence Taliaferro, an Indian agent for the territory of Wisconsin/Minnesota. As an enslaved person from the Eastern part of America, Harriet was assigned to deal with administrative matters in the household, which extended to ensuring that nations---tribal leaders from the Dakotas and surrounding states received the best of hospitality for summit meetings at Fort Snelling, Minnesota.

After Dred Scott met and married Harriet at Fort Snelling in the land of Issachar, a constitutional question of jurisdiction arose. Why? Dred Scott wanted his freedom and the freedom of his family. Dred and Harriet's wedding was an exception as an enslaved couple. As a rule, enslaved couples were not married in a formal ceremony.

**The Mississippi River is a metaphor for bringing end-time
consciousness to the Ten Tribes.**

In Zebulun, one can step across the Mississippi River. Yes, the stream of origin starts in Minnesota, expands and becomes a river, and runs into the Gulf of Mexico, a fluidity of intermixing consciousness of the Ten Tribes.

**The actions of Joseph's sons, Ephraim and Manasseh, significantly shaped the history
of the East and West.**

His glory is like a firstborn bull, And his horns like the horns of the wild ox; Together with them He shall push the peoples To the ends of the earth; They are the ten thousands of Ephraim, And they are the thousands of Manasseh. Deut 33:17

A historical premise is needed to understand Moses's dynamic outline of history involving Ephraim and Manasseh.

The pushing dynamics as seen in the East and West are embodied in Joseph and Judah's reciprocal relationship. Judah persuaded his brothers not to kill Joseph because they rejected him as being the most favored son. Had Joseph died, Jacob, the father, and his family would have perished during the seven-year famine.

Judah allowed Joseph to be sold into bondage and taken to Egypt as the only way to remove Joseph from a hostile family environment.

As a precursor, later in time, Judah would be sold into bondage to advance economic greatness under the prophetic governing authority of Ephraim-America. Judah generated the accumulation of capital, reaching critical mass. From the accumulation, the capitalists continued to fashion the social system of capitalism using the fixed relations between capital and labor throughout all industries. Capitalism reached a qualitative state of maturity, as seen in imperialism.

Consider Joshua, an Ephraimite, as the small wheel spearheaded the drive to expel the Canaanites from the Promised Land. Later in history, Ephraim-America would attract countless people to his land. In combination, Judah's contribution to capital accumulation, as seen as the big wheel, caused the circulation of financed capital to push the expansion of global imperialism. Thanks to Manasseh-India and Ephraim-America, the world welcomes consumerism.

East India Company made it happen.

England's East India Company engendered the necessary theoretical elements for sustaining a currency valuation system in global trading. Karl Marx was the first to present a formalized critique of capital circulation.

Dan's banking and finance class used Marx's materials to continue their mission to govern Judah and the Ten Tribes as a particular focus. In contrast, the Gentiles would always be a general concern. Remember, Dan's biblical task is to rule over Israel and Judah.

Moreover, Dan's banking and financial class became familiar with Daniel's ratio of 2:20 while working with the East India Company. When Dan combined his understanding with Marx's science of political economy, he gained a strategic advantage in managing national, regional, and global economies.

Formalistically, "to kill, to steal, and to destroy" are ideological tenets of capitalism. It was Yeshua who concisely expressed the Devil's ideological tenets.

"He shall push the peoples to the ends of the earth. "

Understanding Jacob's testimonial will regarding Joseph's two sons, the tribal nations of Israel would be divided into the planet's East and West. All his children would be associated with either of those regions until Judah's four hundred years' jurisdictional restriction expires.

After Jacob's death, Joseph took colonies of over ten thousand Egyptians along with the tribal nations of Israel to the West and the East in waves. Remember, Joseph was co-regent of the Egyptian Empire; thus, he had the wealth and resources to plant Israelites' civilization seeds in the East and West.

Joseph constructed the temple complex at Angkor Thom to separate the nation of Israel from the Egyptians' theology. Being the high priest over Egypt, Joseph ensured there would be no theological confusion regarding the end-time role of Judah's leadership role. Yes, he made sure there would be a clean break.

In stone, Joseph recorded the life cycle of Judah's enslavement. Judah would lead the way in constructing a statehood as the Scriptures prescribe at the end of the fourth generation.

Precisely, the stone now being cut from the mountain without human hands is almost ready to collapse the Gentiles' current and previous social systems and kingdoms.

Three thousand years into the future, Joseph's knowledge shaped the destiny of Ephraim-America. With this foresight, he inscribed symbolism and mathematics into the Angkor temple complex, a source of inspiration for Judah during his enslavement. It was a prophecy, a promise of a bright future, like the one he was granted after enduring decades of false imprisonment.

The stone narrative to Judah ends optimistically that the new age will introduce him with fire, a consuming fire, a purification fire. Judah and the Ten Tribes enter the Messianic Age.

Prophetic Validation, The final touch.

Joseph constructed Angkor Thom to mirror Saqqara in Egypt as his priestly signature. Also, Joseph placed Angkor Thom II in the land of Ephraim where Judah would be the economic connection between the East and West.

In brief, the location would mirror the topographical layout of Angkor Thom and Saqqara where Judah's spiritual theology would reside. After decoding all interrelation nodes, The Judahite discovered the area was in Minneapolis-St. Paul, Minnesota—the city of Issachar in the land of Zebulun.

Indeed, Joseph used Simeon's religious philosophy of the East to narrate Judah's enslaved life cycle and rebirth. Shrouded in secrecy and mystery, Angkor Thom camouflaged with aerial tree roots from the sky to conceal its location until the appointed time. Likewise, Angkor Thom (II) camouflaged with all the symbolism. Joseph ensured the message of enlightenment would be given to whom he intended—The Judahite. Only through prescribed actions of living life would each episode reveal the following for unfolding the entire paradigm. It took many years for The Judahite to receive Joseph's enlightenment about Judah's life cycle.

George Floyd and Lady Naphtali, as agents of Soundwave Frequency-25, played a pivotal role within the paradigm set by Joseph. Their actions, combined with The Judahite's preparation in Angkor Thom (II) composed the essential components within Soundwave-25 to cause a seismic shift, shaking the tribes of Israel into a new paradigm.

The Judahite's practices over the decades are the quantitative accumulation representing the new paradigm, the new paradigm emerging from Judah's stone narrative in Angkor Thom.

Jacob introduces the new paradigm:

The blessings of thy father are strengthened with the blessings of his fathers: until the desire of the everlasting hills should come; may they be upon the head of Joseph, and upon the crown of the Nazarite among his brethren. Genesis 49:26

Genesis 49:26 requires additional information for current relevancy. Abraham and Isaac passed along divine blessings to Jacob and his descendants. Joseph stood before Jacob as his most favored son and received his tithing blessing for the world. Indeed, Ephraim-America, in which Nebuchadnezzar's prosperity tree, regrew to bring economic benefits to the world.

It Angkor Thom Joseph revealed Judah's enslaved life cycle and his resurrection to wear his crown to govern through the millennium era.

Jesus's hometown was Nazareth, and he belonged to the tribe of Judah. Due to the Islamic and Transatlantic slave trades, tribal Judah was separated from his brethren. Jacob's prophetic statement about Judah's life cycle.

Prophecy in the Scriptures can be cross-referenced. Judah's stone narrative at Angkor Thom coincides with Genesis lifting Judah's jurisdictional restriction after 400 years and Yeshua's Mission Statement on February 25, 2020. Joseph understood the prophetic wisdom of his father and went to the East and West and constructed structures in memorial to Judah.

The Final Touch, Walking from Alabama To Minnesota.

Encoded within Angkor Thom is the **profound historical connection** between Alabama and Minnesota. **The Judahite, a figure of immense historical significance,** is the first link. Secondly, Soundwave Frequency-25 pushed a man to walk from Alabama to Minnesota "to be with his people," affirming the authentication.

Alabama is The Judahite's home state, a state that births America's national identity of voting and personal liberties.

Constitutionally, Judah evolved American democracy since he was counted as 3/5 in congressional voting under the organic American constitution. He would evolve and become the new constitution as regards Judahtocracy.

Thus, the Angkor Thom (II) coordinates match those in Angkor Thom, Cambodia written three thousand years ago in stone. Proofing, the long six-week walk from Alabama to Minnesota by a tribal member of Judah validates Judah's life cycle as written by Joseph.

Judah has a dual prophetic character. Alabama represents tribal Judah's domestic character, while Texas symbolizes his international or global character.

Nat Turner's method of death illustrated the oil and energy industries would propel the growth of the U.S. economy into global dominance. Indeed, the Petro-dollar is the worldwide medium of exchange rates as regulated by the black currency of central banking.

Texas occupies a crucial role in Judah's end-time prophecy.

Besides the banking and financial industries, America would emerge as a governing model, allowing all political interests to make input into legislative policies that concern people the most in their daily lives. Although participatory democracy is a useful political device within the financial elite plutocracy, it imposes structural constraints on judicial operations. In a word, **"the more things change, the more they stay the same."** **"You steal from Peter to pay Paul."**

The American ruling class has never entertained the possibility of giving its power away in popular voting, as America is the sister of Britain. However, the Englishman adopted the principles of democracy from India to allow venting frustrated personal opinions to prevent widespread social instability. Still, under the monarchical system, expressing individual views has limitations and cannot generate wealth.

In the early years of England's Colonial Empire and the Industrial Revolution, the masses were given an illusionary state of democracy because the financial industry had yet to be developed, as it would have enabled the creation of many business ventures to grow its economy.

Across the Atlantic in colonial America, the European settlers encountered the Israelites' five civilized nations. They adopted an enriched element of democracy from the Israelites in civic governance. The majority rules through voting outcomes. The majority rule was a revolutionary practice for the European settlers, as they saw how the Israelites used the practice to govern themselves.

The American Empire was growing by leaps and bounds, making it necessary to preserve political stability and social tranquility. As a reality, people worldwide brought different views incompatible with America's prophetic future. Thus, imperatively, rule by secrecy became a device in all legislative bodies. Radio and TV programming were practical tools for creating and perpetuating illusions.

Now, **let's illuminate** the stark contrast between Europe's sociological inheritance of monarchy and America's constitutional national character of democracy, **a system** shaped by Judah. This unique system, unlike Europe's monarchy, **champions** individual rights and liberties, as **evidenced** by the Voters and Civil Rights Acts.

Nat Turner's vision was not a mere fight between black and white, but a symbolic battle of good vs evil. A century later, in 1964 and 1965, Americans received the Civil and Voter Rights Acts.

Voting is a necessary biblical act to assist in alleviating social oppression. If you disagree with a policy, vote to change it.

“In that day there shall be an altar of the Lord in the midst of the land of Egypt, and a monument of the Lord at the borders thereof: Isaiah 19:19

And it will be for a sign and for a witness to the LORD of hosts in the land of Egypt; for they will cry to the LORD because of the oppressors, and He will send them a Savior and a Mighty One, and He will deliver them. Isaiah 19:20

And the Lord shall be known by Egypt, and the Egyptians shall know the Lord in that day and shall worship him with sacrifices and offerings: and they shall make vows to the Lord and perform them. Isaiah 19:21

And the Lord shall strike Egypt with a scourge, and shall heal it, and they shall return to the Lord, and he shall be pacified towards them, and heal them. Isaiah 19:22

Obama Vs. Trump

The Congregation of Israel assumed Obama would be the deliver to open the barnyard doors of abundance, to ease the burden of everyday life. Failure to deliver after eight years, many in the Congregation fell into disillusionment with Obama and the Democratic Party. Even today, there are ongoing conversations about how Obama disappointed them.

The essential argument as to the failure: the Bush administration left him with a trillion-dollar-plus deficit. While factual, there are two counterpoints: He should have known about the federal deficit before running, as the deficit was publicly known. So, why did Obama run in the first place? Two. He is the president of all people, not just for blacks. While true, there is a defect in the assertion. Generally, the Congregation cannot formalistically list the many ways to achieve their desires within legislative policies. Such is the reason to elect people to office who best could lead the way forward. As a rule of thumb, when elected to office, people receive either a partial or complete payment for voting their interest. Voting is a powerful tool that aims to achieve an individual's or a particular interest focus. Changing the longstanding purpose of voting outcomes is idiotic and undermines this power.

As a summary point, fair or unfair, or accurate or inaccurate, Trump often compares his record of black achievement with Obama's administrative record. It's important to note that these comparisons are often subjective and can be influenced by political bias. The failure to miss expectations is not necessarily a complete failure. In retrospect, it is up to Obama to tell us what we overlooked in assessing his presidency, though he shared his envision of a future America while in Selma, Alabama. Maybe his envision encapsulates his presidency.

The Moon stood still on election night.

Biden Vs. Trump

The Moon, a celestial entity that has captivated humanity for centuries, stood still on that momentous election night, a rare occurrence that held profound and weighty significance.

As individuals interested in astronomy, politics, and prophecy, **we are uniquely positioned** to interpret these celestial signs, which are given for communicating prophecies and declarations from the heavenly courts.

On November 3, 2020, **a rare celestial event occurred. The** moon stood still for three hours on election night, **a momentous occurrence** as Biden was ahead in the electoral vote tally. The

Judahite received the moon sign as confirmation of the Ten Tribes, and Judah had performed their voting vow to advance the interest of Judahtocracy. Indeed, the moon is biblically associated with Judah.

Theoretically, Judah's end-time prophecy would be front and center of the presidential administration regardless of who won the election. The host of heaven selected Biden.

Looking back on today, November 7, 2024, two days after the presidential election, the question is: what events occurred under the Biden administration that advanced biblical prophecies? Juneteenth is now a national holiday. It has meaning as a historical note acknowledging Texas as Judah's international gateway, as biblically illustrated by Nat Turner, the Asherite.

Biden's visit to the Middle East was a prophetic message to the nations in the region of Judah, returning to claim all deeded lands under the Abrahamic and Mosaic Covenants.

HAMAS has been defeated. The Ammonites or the Palestinians now await to be deported to America under the Protectorate of the Executive Body of Israel in Exile.

Jordan or Moabites have consented to not engage in a fatalistic attempt to resist the Divine Order regarding its future from the High Court of Heaven. Details about their future have yet to be mapped out.

Lebanon has yet to capitulate. It will do so to the Executive Body of Israel in Exile and not to the Zionist state. The national parliament will dissolve itself, and national authority will be transferred to the Executive Body of Israel in Exile.

The Book of Esther gives the numerological judgment on Iran, the Islamic Regime. Before his retirement, Daniel and his three executive managers structured the Persian economy to evolve into a superstate to finance the second Temple in Jerusalem.

Daniel's currency ratio of 2:20 worked. Esther and her uncle followed Daniel's financial guidelines.

By the time Alexander the Great war with Persia, the Persians had accumulated enough wealth and resources to construct Alexander Egypt from its foundation.

Judah will once again rule Iran, prospering and occupying a fourth of the land. Under this new regime, the people of Iran will be safe and secure, a comforting thought amidst the changes. The religious class of the Ayatollah, disciples of the false prophet, will be eliminated. Plans are now being made to form a new government.

All details regarding the transfer of power will be worked out with the Executive Body of Israel in Exile, not with the Zionist government.

Vice President Harris, a **significant figure in this movement**, was selected to run for President. Her value **lies** in the mobilization of consciousness, a **powerful tool** for those true Israelites and Judah to continue pushing the separation movement from the Gentiles in their forward-looking plans. Separation doesn't MEAN isolation. Essentially, it is a different agenda for freely released people to work developing their inheritance according to biblical covenants.

The American Israelites have an enriched future. The era has faded for putting hope in an illusion that capitalism will exist forever. Such an idealistic hope contradicts Daniel's Stone Kingdom, which will last forever. Be mindful that those who are not true Israelites are free to believe what they wish and push whatever policy agenda they want.

Looking back over the past four years, we can see the parameters of Middle Eastern biblical prophecy with a newfound clarity. The roadway is being cleared for Judah's return, a journey that is now more clearly illuminated.

In synch, The Judahite sees the end-time spirit awakening the Ten Tribes and Judah to their prioritized task preparing, spiritually, mentally, and physically for departing to the Promised Land.

Election Night, Four Years Later (2024)

Harris vs. Trump

As The Judahite monitored the electoral vote tally, a summons arrived from **the Second Heaven Magistrate**. Given the unusual results, the timing felt significant. Despite the night being young, an unsettling feeling lingered. The Judahite believed Harris had time to catch up based on received indicators weeks before a victory.

The Judahite listened attentively to the Avouchment and recognized its divine evidence concerning the promise of restoration. A sense of excitement surged as the proof revealed the anticipated restoration of Judah and the Ten Tribes of Israel. This restoration plan encompasses the Promised Land and the 400-year Covenant, which states that Israel and Judah will reconcile their accounts with the Gentiles, involving equitable adjustments and return on investment.

With renewed hope, The Judahite went to bed, anticipating what lay ahead.

November 6, 2024, the headline news: Trump won!

How could that be? The spiritual signs led The Judahite to expect a Harris's win. Requesting a sign for election night, The Judahite received garlic as the sign. Garlic would become the coat of arms, the protection shield, for those in the exilic transitional movement.

Without the garlic sign, The Judahite would have remained indifferent regarding the election's outcomes. Did The Judahite misunderstand the given signs?

A Teachable Moment

Remember, The Judahite's audience is the Ten Tribes of Israel and members of Judah. The Judahite is anchored to the birth of the Man-child in 2017 per Revelation 12 sign in the heavens. The conception occurred in September 2017, nine months after the Birth in association with the water bag bursting in the apartment unit.

Another significant event is the new cycle of Jubilees that began in 2019/2020 and will continue for the next forty-nine years.

Additionally, a key event related to the Abrahamic Covenant occurred in 2019 with the breaking of the iron chain, marking the end of the second article in the Covenant, which introduced the third and fourth articles, signaling preparations to depart with monetary assets in the "fourth generation."

The Judahite is clear about tribal Judah's interplay with extraneous forces and parties having different agendas that might be a beneficial influence in some form or fashion to Judah's prescribed prophecy, yet always clear about their conditional temporary influence. God's plans for the Messianic Era are pre-structured, and those going into the millennium kingdom must have focused minds and separation from meaningless distractions in everyday life.

As of this very hour, there are so many futuristic processes for the true Israelites to interface with regarding fashioning the Commonwealth of Labor for the exiles. Only the true Israelites are doing their homework as proof of not being distracted by useless opinions and theatrics in endless commentaries on daily topics.

Were the expected election results misinterpreting the signs?

The concerns we face run more profoundly than what is seen on the surface. The relative outcomes of the moment should be distinct from complex scriptural processes. It is important to remember that there have always been milestone elections that align with the scriptural processes involving Judah.

As is often the case, election outcomes bring immediate benefits to others rather than Judah. For example, the end of Black Reconstruction came with the Compromise of 1877, which led to Union troops withdrawing from the South, allowing the enactment of the Black Codes to create the white business class. Similarly, Judah did not immediately benefit from the Civil Rights Act, the Voting Rights Act, and various Affirmative Action programs are just a few examples of long-documented setbacks that failed to meet expectations.

The Judahite is aware that the election results are psychologically devastating for many. Whereas the issues were equally valued by both sides, with pros and cons, many people did not assess the problems as strongly as others, regardless of the reasons. On the other hand, there has been and remains a healthy representation of skepticism in voting elections. Usually, somewhere along the lines, the voting system is flawed. Overall, the November 5 general elections are no different.

Despite the ups and downs in elections, city, state, and federal, Judah's focus has been on the fourth-generation date, according to articles within the Abrahamic Covenant.

The tribal members of Judah and the ten tribal nations of Israel have no strategic invested outcomes in the winners for state and federal offices because no governmental system can stop the end-time prophecy.

In short, Judah pushes for separation from the Gentiles' system because its priority programmatic agenda is preparing for tasks assignments under the Stone Kingdom. However, separation does not mean **isolation**. Yes, vote! But always remember there is no deviation from Judah's futuristic pre-determined course of history.

Furthermore, Jacob's tithing-blessings to the Gentiles have expired, and Daniel's 2:20 ratio is fixed and cast in stone. There is no future; there is no escape. The mark of the Beast is required of those living in **mainstream** society; otherwise, be prepared to live a life in abject poverty. In a word, 2:20 will collapse by the hand of the Beast system (noted in Revelation) because it has no options. What does collapse mean? The Beast system controls governments with automated currency management throughout the global economy. No one will have personalized control over their

monetary assets and bank accounts because the 2:20, once maintained financial equilibrium, would have been discarded. Total control of currency circulation makes it simpler and easier for the Beast system to manage society.

**Harris's Presidency under the current system of politics
Would not have been workable in the interest of
Judahtocracy.**

Where in biblical prophecy does it mention Kamala Harris? Weeks ago, The Judahite observed signs regarding Harris's Presidency.

The end times events are outlined in prophecy, and there are no grounds for baseless conjectures to satisfy subjective interpretations.

For the spiritually authenticated Ten Tribes of Israel and members of Judah, why become unnecessarily distracted by the possibility of reforming America when the millennium era is in our favor? Remember what The Judahite has warned you about skin color? Because those who wear the same skin color as you do not share the same genetics. Always seek the true meaning of biblical end-times prophecy and separate yourselves accordingly. Do not follow the wrong crowd seeking accommodation within the system and its moral values.

The four hundred years have passed, but the fourth generation has yet to reach maturity. Nevertheless, Judah remains focused on the millennial era and its required tasks. Therefore, it would be inappropriate for Judah to seek ways to fit into an outdated social system. Jacob-tithing blessing to the Gentiles has ended, much like the flourishing of King Nebuchadnezzar's tree of global financial prosperity.

By using the Magistrate's Avouchment, we see divisional lines of prophecy.

Vice President Harris, a prominent figure in this movement, has been chosen to run for President. Her strength lies in her ability to mobilize awareness, an essential tool for true Israelites and members of Judah as they continue to advance the separation movement from the Gentiles in their visionary plans. Separation does not mean isolation; rather, it represents a distinct agenda for liberated individuals to work on developing their inheritance under biblical covenants.

As can be seen, the biblical Covenants predetermine the separation, neither man nor woman.

Kamala Harris, a Naphtalite, mobilized consciousness of Juneteenth and continues to push Judah's judicious spirit.

Lady Freedom, a Naphalite, stands on top of the U.S. Capitol Dome as divine inspiration only for those who uphold spiritual justice in the deliberation of legislative laws. As known, there are many disciples of Satan in all legislative bodies that are partial to congregational justice.

In that day there shall be an altar of the Lord in the midst of the land of Egypt, and a monument of the Lord at the borders thereof: Isaiah 19:19

The U.S. Capital Building is the monument referred to by Isaiah. By voting, the Israelites make input into the formulation of legislative policies to enable social and economic development for their benefit. A reciprocal promise has always existed in Jacob-tithing blessing to the Gentiles: **you help us, we will bless you as a direct consequence.**

The Minnesota Mystery

Minnesota is linked to the prophecy of Angkor Thom. A tribal member from Manasseh-East (India) was one of the keys for the Judahite uncovering the mystery of Angkor Thom. His key was finding the symbolic aerial roots that once covered Angkor's temple complex. As a further connection, Harris, who has cultural roots in India, chose the Governor of Minnesota as her vice-presidential running mate, representing the lands of Zebulun and Issachar. The Lieutenant Governor is a member of the White Earth Band of Ojibwe and identifies as a Zebulunite.

As another layer in America's prophecy, we turn to Lady Freedom, who represents Pocahontas and comes from the biblical tribe of Naphtali. She stands atop the U.S. Capitol Dome to declare Judah's spirit of justice through spiritual deliberation.

Lady Freedom stands atop the legislative temple built by the tribe of Judah in the land of Egypt, following the instructions of Gentile Dan, who was tasked with governing the nations of Israel. The U.S. Capitol Building serves as the prophetic monument (a testimony to the LORD) on the East Coast.

- *It shall be for a sign, and a testimony to the Lord of hosts in the land of Egypt. For they shall cry to the Lord because of the oppressor."*

Naphtali serves as the prophetic messenger for Judah, whose paradigm emphasizes governance through divine justice. As both an active participant and a herald to all the tribal nations of Israel, Naphtali adheres to Judah's scriptural outlined practices for the end of days.

November 5, 2024, A Planned Day

As the night concluded, it was anticipated that President-elect Harris would be acknowledged as the 47th President of the United States. Did the Judahite misinterpret the prophetic signs? The answer is both yes and no. As previously mentioned, the most significant event of the evening was the Second Heaven Restoration Avouchment.

However, in anticipation of the momentous event of President-elect Harris on election night, the Judahite sought, two weeks prior, an appropriate sanctified memorial through mediative prayer.

In response to the prayer request, Archangel Raphael directed The Judahite's attention to the use of garlic. Garlic would be used to seek reassurance during moments of anxiety and serve as a coat of arms—an emblem to protect leaders and all those in the exodus movement.

Furthermore, garlic is regarded as a symbol of great abundance, as depicted. We will cultivate gardens with a variety of vegetables and harvest the yield once settled in our deeded lands. We will celebrate ourselves and the God who fulfills promises. Indeed, we are the Feast of Leavened Bread.

Incense burning will be an annual requirement on November 5

The Judahite burned Cranberry Mandarin Oil incense throughout the day in an electric simmering pot approved by the Holy Spirit. Scenting one's home reminds us that garlic is designated as our coat of arms.

Annual MENU November 5

1. Spaghetti and meatballs with garlic bread.
2. Fresh bite-sized very small potatoes with warm garlic and creamy parmesan.
3. Fruit.
4. Lemon water.

One Event, Three Celebration Dates.

Before November 5, 2024, The Judahite had three operational dates, and we will observe them as planned.

- A. November 5, 2024**
- B. November 11, 2024**
- C. January 20, 2025**

November 5, 2024, should be regarded as the anchor date because “The Judahite listened attentively to the Avouchment and recognized its divine evidence concerning the promised restoration of the Ten Tribes and Judah.”

On October 4, 2024, the Second Heaven Court transmitted The Judahite Calendar Updates for October and November 2024. Notice the 11th is the first date in November—a period of disorientation and disorganization. One’s numeric property will interpenetrate all the dates listed in October and November.

Not having time herein to list eventful dates in September and October, they were impactful worldwide, with the results continually seen in future months.

January 20, 2025, is a significant date denoting the completion of a process. Judah’s participatory democracy through the Civil and Voter Rights Laws evolved America’s national identity as one of freedom of personal expression and the right to vote. Who and what to vote for is not the issue; it is just the right to cast a ballot.

Judah has grown through how to maneuver to offset adverse legislation intended for perpetual harm. The year 2025 will come as a prophetic year for Judah to step up the negation process of the old by asserting self-identification in the scriptural context on January 20, 2025, as the Congregation's allegiance to Judahtocracy, the cohesion within the Commonwealth of Labor.

Judahtocracy operates under the Stone Kingdom, which Daniel describes as a Kingdom without an end. **Yeshua's theocracy** will never be shared with anyone.

The Church Age ended. To the degree of knowing social evil unknowingly, the new Covenant will be installed within the biological organs in all ten tribal nations of Israel so they will know instinctively the immorality of their social behavior. There will be no need to ask anyone what is right and wrong—nor go to church to learn to distinguish between the two.

Judah, too, will receive a new covenant, though different from the ten tribes. There are several demonic entities on Earth. Judah will be equipped to recognize the shapeshifters and those who pretend to be messengers of Light and immediately react, institutively, per Covenant.

So, January 20, 2025, will be a milestone date for the tribe of Judah.

Annual Menu for November 11 & Incense Burning.

1. Black beans (Camellia brand); use the receipt on the package with smoked turkey wings.
2. Fresh bite-size potatoes with parsley and spices.
3. Baked Snapper fillet.
4. Oven-baked rising rolls (they **MUST** rise before baking.)
5. Iced Tea.
6. Orange Sherbet.

Harris's prophetic presidency is defined within the Judahcratic framework.

Knowing the date, Harris will become the next U.S. President before the end of November 2024.
