

9/17/2024

The Church Age is Over.

Premising on A.D. 70 exiles and their return to the Promised Land to start the millennium era.

The Roswell Spacecraft crash in 1947 acknowledges the watershed year for technological advances in space exploration. Partially, this presentation brings coherency to the Church Age, revealing an equation involving Jesus' Great Commission to his Apostles & Disciples with advancement in space exploration to see and learn of his cosmic kingdom.

The Judahite

THE EXECUTIVE BODY OF ISREAL IN EXILE

The Church Age Has Ended, A completed mission.

Over five thousand years, civilizations have evolved, shaping social, religious, and financial institutions. However, amidst these changes, often minimized and overlooked is the fact that Elohim had a divine purpose for creating Earth and the Garden of Eden. They put Adam and Eve into their protected environment, a modus operandi demonstrating Elohim's care and protection for their specialized creation. Consider, Goshen/Egypt, 40 years in the wilderness, the lands of the conquest in Canaan, and racial segregation in the Americas.

When the Serpent first encountered Eve, the Serpent presented her with logic, and reasoning, to corrupt divine purpose for existing; hence, the perpetual conflict between logical reasoning vs. divine purpose for living. Logical reasoning, always in the moment is tempting, seeking to subdue divine elevations.

A summary point: the race of Adam is the vehicle that guides us in our earthly journey, according to Elohim's divine design. To attract attention, people of Adam's genes must avoid the Serpent's form of logic and contaminated speech—always speaking with a forked tongue—in which utterance is deceptively loud, with no moral restrictions. Nine times out of ten, people keep falling, just like Eve.

Eve fell deceptively for rational understanding, causing the Adamic race to lose its protective separation, leaving us vulnerable, to evolve spiritually in isolation. Consequently, Adam's genes are mixed with the Serpent and his descendants' genes through Eve.

The Elohim has set a seven-thousand-year life cycle for humanity's spiritual growth, a significant milestone of spiritual maturity. As we eagerly await the era of the millennium, a time of great spiritual significance for humanity, we are reminded of the Edenic Judicial Decree involving Adam, Eve, and the Serpent, covering the seven thousand years spiritual life cycle.

Since the Bible is our spiritual resource and guide, it's clear that humanity was pre-destined to reach outer space to learn about the vastness of our God's Cosmic Kingdom. Our God is a living God, and humanity would enter outer space to enlarge its understanding of biblical teaching. In this spiritual journey, Yeshua assigned the pinnacle, the science of physics and its enabling technology of rocket space science, in conjunction with the Israelites' Astro theology, as the prerequisite for the millennium age.

The Israelites Represent an Aspect of Planetary Science.

Seth, the son of Adam and the father of astronomy paved the way for Enoch, Shem, and Abraham to task the children of Israel with a crucial role. This role drives divine knowledge of the heavens and integrates God's statutes with Earth's inhabitants. The connection between Jacob's sons and the heavenly Throne of God, as illustrated by Jacob's ladder, is a testament to their significant and inspiring role.

As planetary spiritual science, the twelve tribes of Israel have their individualized theological cosmology, and each tribe sees itself as a functional whole.

Foundationally, in Genesis chapter 48, Jacob blesses Ephraim and Manasseh, and in chapter 49, Jacob blesses his twelve sons, including Joseph. Moses enriches Jacob's last testimony to his sons in Deuteronomy chapter 33. Each of the tribal nations of Israel has its individualized theological cosmology. When actualized, they have an ideological orientation for commercial use, substantiating what Yahawah told Abraham: his descendants would be the active agents to foment economic prosperity for the world.

Unlike others on Earth,

The Israelites have unique ideological qualities to share for spiritual and economic prosperity.

Judah and the Ten Tribes of Israel are not like any other. They have a unique, unparalleled relationship with their God. They know Him through personal interaction and have made a blood Covenant with Him at Mt. Sinia. This deep connection is a source of commitment and belonging, a bond that sets them apart.

With this organic relationship with God, the Israelites are not just believers but divinely prequalified; they are innately equipped to reject all theories and practices that could serve as an alternative to their God, a testament to their unwavering faith and commitment.

The theological alternative movement, a conflict that has persisted since the court trial in the Garden of Eden, continues today. This ongoing conflict, with the outcome of Adam's descendants always in conflict with the Serpent's descendants, is a narrative that continues to unfold. Stop and reflect on what type of personality you are spiritually conflicted with. To answer this question, you must look behind the apparent situation and look for the spiritual basis because nine times out of ten, the obvious does not hold the weight to justify the conflict.

An evolving scope of Yeshua's Cosmic Kingdom is seen in each Step of our space explorations.

To the Judeans and the Israelites, heavenly space is about an elevated level of knowledge regarding the cornerstone of our theological cosmology found in the Words of Yeshua.

Jesus said to her, "Do not cling to Me, for I have not yet ascended to My Father, but go to My brethren and say to them, 'I am ascending to My Father and your Father, and to My God and your God.' " Matthew 20:17

Following his resurrection, Yeshua made a transitional return to Heaven and back to Earth, seen as bridging his kingdom on earth with his kingdom in Heaven. He displayed his Interdimensional realities, physically seen and disappearing punctuate divine moments that are elements comprising our philosophy of theology. This pivotal event, the triumph over death, is the bedrock of our astro theology.

The process. Yeshua's as the sacrificial lamb followed the same format of animal sacrifice, as practiced for thousands of years as the sacrificial smoke wrapped in the spiritualized petitioning words of forgiveness in violation of Mt. Sinia's Law and seeking atonement. As such, Yeshua presented his body ceremonially before the Heavenly Father in petitioning to accept his sacrificial body as the new covenant in which people come to him directly to seek repentance and forgiveness instead of animal sacrifices administered by the Levite priests.

Procedurally, (a) people must hear the words of the New Testament, (b) confess their sins, (c) seek forgiveness, and (d) accept baptism in the name of the Father, Son, and Holy Spirit. Hence, the theological kernel of self-validation: *'I am ascending to My Father and your Father and My God and your God.'*

Yeshua validated to his Judean disciples the existence of life after death.

Where in this heaven did Yeshua go to? For sure, the dwelling place is far away. Yet, Yeshua returned interdimensional within hours of uniting the New Testament with the Throne of Heaven.

Yeshua manifested his multidimensional nature upon returning to the Earth to solidify his death's divine purpose and meaning.

On the road to Emmaus, Yeshua explained to his two disciples the essentiality of the prophets, the Law of Moses, the meaning of the Temple's ritualized sacrifices, and why it was necessary to die to demonstrate his power over death. The New Testament teaches that human death is a spiritual sleep; God will judge the people when awakened. We who are saved will have eternal life and the unsaved, eternal damnation.

Illustrating his doctrinal philosophy, in the first chapter of Genesis, written in the Hebrew language, pictographically, Yeshua states he gives his life willingly and takes it back.

In Emmaus' theological seminar, Yeshua's two disciples correctly understood the divine purpose of resurrection in Christianity's theological philosophy. The Emmaus theological seminar will be a milestone of Christ's theological philosophy.

For true Christians, Christ's theological philosophy overshadows and minimizes all theories and religious teachings about the meaning of **life** and the **afterlife** as figments of the imagination, programmed by Satan to misdirect the Congregation of Israel and the faithful Christians to his delusional community. Each day, forms of evil, having appeals of vanity, misdirect life outside the New Testament's doctrinal framework.

Christ received cosmic jurisdiction as the Son of God.

After the Heavenly Father accepted his Son's New Testament Covenant, Yeshua spent forty days (Acts 1:1-3) preparing the conceptual framework for Mt. Zion to evolve a panorama view of his cosmic kingdom.

*And Jesus came to them and spake unto them, saying,
All authority hath been given unto me in heaven and on earth.
Matthew 28:18*

Go, then, to all peoples everywhere and make them my disciples: baptize them in the name of the Father, the Son, and the Holy Spirit, and teach them to obey everything I have commanded you. And I will be with you always, to the end of the age." Matthew 28:19-20

Give special attention to Yeshua's **jurisdiction**: "*All authority hath been given unto me in heaven and on earth.*"

Go and claim your earned reward as an organizational function.

They are listed in the Book of Revelation.

In Revelation, Yeshua describes each earned reward as an organizational function in his cosmic kingdom.

Progressing toward obtaining our kingdom reward, we consider each stage in the conflict with the Serpent and notice what has been resolved prophetically, as explained in the end times prophecy. Also, the Calendar Dates Regimes manifest what is dying or dead and what is new.

Consider the biblical index that drives our end-times progression.

AA) Abrahamic Covenant, AB) Mosaic Covenant, AC) Jeremiah's book about the fall of Babylon located in the Euphrates River and the Holy Bible worldwide. AD) Jeremiah foretells the exiles returning to the fatherland, AE), Daniel Seventy Weeks, AF) Revelation's seven trumpets followed by seven seals and vials.

Today, the ten tribes and Judah can look around and see positive signs of their coming future because of accumulations of many resolved end-time prophecies. Yet, several more significant prophecies remain before stepping into the millennium era with plans to construct the Stone Kingdom.

Physics and rocket science expand our view of Yeshua's cosmic kingdom.

Yeshua's theological framework of his cosmic kingdom involves a pre-determined thesis and antithesis, a premised conflict to negate the foe.

Caiaphas stood against the divine truth by constructing the antichrist model. Caiaphas has long since passed away, though he meticulously archetypes a. fabricated lies, b. appointed false witnesses, c. twisted facts, and d. he instigated mass conspiracy having death as the specific outcome (to kill divine truth).

The archetype of Caiaphas continues to be replicated, as seen in Daniel's depiction of the four Gentiles' social systems, highlighting the enduring relevance of the theological conflict in contemporary contexts.

Caiaphas' Antichrist Model Expands Correlationally with the four Gentiles' Social Systems.

After the dispersion of Israel's Northern and Southern Kingdoms, two significant proactive camps emerged to expand Caiaphas's Antichrist Model. One is Esau=Holy Rome/Holy See/the Catholic Church; the other, Dan =the banking class/Dan the religious class/Dan of the global elite who stands above national governments/Islam.

When supplemental information is added to topical discussions, there is a chance of misfocusing by those who need to become acquainted with the subject. To preserve focus within this presentation, the two personalities that play a central role in the social and religious dynamics, as seen in the quantitative stages of civilization development, are Jacob or the Israelites and Esau or the Edomites.

Isaac's blessing to Jacob:

May peoples serve you and nations bow down to you. May you be the master of your brothers, and may the sons of your mother bow down to you. May those who curse you be cursed, and those who bless you be blessed." **Genesis 27:29**

Isaac's blessing to Esau:

Shall thy blessing be? Thou shalt live by the sword and shalt serve thy brother: and the time shall come when thou shalt shake off and loosen his yoke from thy neck. **Genesis 27: 40**

After AD 70, some of Esau and Jacob's descendants ended up in Rome. The Edomite/Esau promoted entertainment sports to include Christians and Judeans in the wild beasts' meals.

After the fall of Imperial Rome, by default, the Edomites/Esau stepped in to provide administrative governance to Western Rome even though Holy Rome remained weak and dependent on Eastern Rome or the Byzantine Empire for protection. The Eastern Christian Orthodox Empire lasted for over a thousand years.

The Christian religion united Western and Eastern Rome, wherein Western Rome emulated power, wealth, and global influence, though different doctrinal versions contrasted the two centers. The Christian Orthodox closely follows the traditions of the Apostle Age, whereas Holy Rome and the Pope accommodate different pagan religions.

Esau's blessing came to fruition during the Great Schism of 1054 when the Catholic Church became independent, no longer compelled to answer doctrinally to any church body.

The seed of rebellion. The Holy Roman Empire reorganized itself using the same governing methods as Imperial Rome, though Rome as an empire disappeared from the pages of history around the late 300s.

Following their destined path, the Edomites (Holy Rome) played a pivotal role in a conspiracy that led to the Islamic 'Turks' overthrow of Constantinople in 1453. By adopting the Byzantine style of government, the Edomites Romans were on their way to becoming the power center in Western Europe.

In restructuring the Holy Rome, the Pope and the Holy See (a corporation of which the Pope is chief executive officer, in shorthand, the Vatican) occupy the supreme position over national governments. The Pope appointed or approved kings to run national affairs.

Esau's descendants united on all levels to implement Caiaphas' Antichrist Model.

The Edomite Vatican formed a collaborative group within Caiaphas' Antichrist Model depicted in Isaac's Blessing to Esau. Esau's blessing represents the antithesis of Jacob's blessing. The Edomite Romans working group comprised Dan/Jesuits (the Gentile), the Islamic Arabs (created by the Edomites of Holy Rome), and the unholy Japhethites.

- For we do not wrestle against flesh and blood, but against principalities, against powers, against the rulers of the darkness of this age, against spiritual *hosts* of wickedness in the **high places**. Ephesians 6:12

**It took a long period to consolidate Roman Catholicism.
Lutherans vs Catholics**

The Inquisition, commonly known as the Spanish Inquisition, was a widespread practice that lasted over five hundred years and claimed an estimated fifty million lives. While it was often viewed as a repulsive doctrinal investigation method to catch heretics it also served to prevent what was perceived as barbarian culture from contaminating Catholicism.

The Holy Roman Empire, in collaboration with the Jesuits, used the Inquisitions to shape a new social order in Western Europe, solidifying the Catholic Church's power over the monarchical system and significantly impacting the region's power dynamics.

It would be an oversight not to emphasize that the Jesuits (a division of Gentile Dan), in self-interest, eliminated those targeted explicitly by the Jesuits' chartered mission. Moreover, the Jesuits served the Pope if the Pope's interest aligned with their chartered mission. The Jesuits is a clandestine paramilitary intelligence organization. Yes, the everyday attire wearing Jesuits is an estimated 10% of the Jesuits' Order, but no one knows about the 90% never seen.

The use of fascistic methods, predetermined by historical circumstances, because of Europe's underdevelopment, strengthens the Vatican's subjective use of the Bible. The masses had no access to the Scriptures to read the biblical text and let the heavenly FATHER and the Holy Spirit do the guiding. Thus, the people heard what was filtered coming from the Pope and Priests.

Personalized biblical interpretations only created a spiritual hunger that can never be satisfied. **Scriptures interpret Scriptures.** Beyond this constraint, many religious denominations have invented self-serving teachings to justify unscriptural practices.

Before Martin Luther, a few protestant leaders stood against the Pope's biblical interpretations and practices by translating parts of the Bible for people to read in their national language. Additionally, many leaders wrote biblical commentaries for people to grow spiritually.

In the arduous battle against the misinterpretation of the Gospel, the German Lutherans valiantly opposed the Edomite Holy Roman Empire. Their resistance came at a great cost, as they waged the Thirty-Year War to prevent Edomite Rome from gaining absolute rulership over Western Europe. This Conflict, which claimed the lives of millions of Lutherans and Catholics, stands as a testament to the unwavering commitment of the Lutherans to their faith.

As an essential overview of Protestantism, the Holy Roman Empire held the doctrinal position that salvation could be possessed by good works and **money (indulgence)**.

The Holy Spirit led the Protestant Reformer Martin Luther of Germany to stand against such teaching when the Latin Bible fell off a library shelf opened where Luther read insightfully: Romans 1:17 and Galatians 2:16, no one can earn salvation because grace is given freely. Habakkuk 2:4 also emphasizes the Righteous will live by faith.

Martin Luther gifted the Lutheran Germans with the New Testament. He translated the Latin Bible into German. For the first time, partisans were able to read the Gospels and grow in the spiritual WORD of God. Consider, in summary, the procedural steps to make a clean separation: Luther translated the Bible into German, **and** the Lutheran catechism systematized the New Testament teachings of Yeshua's purpose and meaning.

The Ashkenazi (a tribe of Japheth) broke the Edomites' fascistic grip from ruling over Germany. The Thirty-Year War demonstrated the Lutherans' resolve to separate their national government from Holy Rome/the Catholic Church, which was known to incorporate pagan tenets into the church to increase membership and revenue.

Ashkenaz's symbiotic relationship with tribal Judah.

The German's lineage

- (1) " So, God blessed Noah and his sons and said to them:
"Be fruitful and multiply and fill the earth. Genesis 9:1
- (2) This is the account of Noah's sons Shem, Ham, and Japheth,
who also had sons after the flood. Genesis 10:1
- (3) The sons of Japheth *were* Gomer, Magog, Madai, Javan, Tubal,
Meshech, and Tiras. **Genesis 10:2**
- (4) The sons of Gomer *were* **Ashkenaz**, Riphath, and Togarmah. Genesis 10:3
- (5) "God enlarge Japheth, And let him dwell in the tents of Shem;
And let Canaan be his servant." Genesis 9:27

Briefly, the Germans' ethnicity is traced to Ashkenaz through the lineage of Japheth. 1 Chronicle 1:6; also, Jeremiah 51:27. **(Note the differences: Ashkenazi Jews vs. Ashkenaz Germans!)**

Because the Germans demonstrated faith in God, Yeshua's office granted the Germans advanced knowledge of making printing machines used commercially and, at the same time, printing the Bible in different languages; the results attributed to increased literacy.

Martin Luther of Germany and Martin Luther King of America illustrate biblical symbiosis in the relationship between tribal Judah of America and German Lutherans with an extension to American Germans.

The German Lutherans have stood and continue to stand as a prophetic milestone against the Edomites, a standard for justification by faith.

Complementing the knowledge of making advanced printing machines for commerce and distributing the Holy Bible, the Germans received theoretical and applied rocketry physics.

Accounting for the German's possession of advanced rocket physics, one account states that an occult German society communicated with an entity from a different planet that led to breakthroughs; though intriguing, many continue to speculate on who and where.

Digressing

There is always curiosity of origin when knowledge takes a quantum leap. When so displayed, The Judahite turns to Exodus 33:19 as a review of the LORD's divine grace:

- *He said, "I will make all My goodness pass before you, and I will proclaim the name of the LORD before you. I will be gracious to whom I will be gracious, and I will have compassion on whom I will have compassion."*

In recent news, an eleven-year-old boy has to his credit solving rocket physics equations that others with many years of experience in their field of rocket designs could not. The Boy is called "Rocket Boy" because he has prototyped his space rockets with the hope of seeing them in production. Whether his hope ever materialized is not the focus; his math and physics skills are at the level and above the knowledge of any aerospace engineering and astrodynamics professional, a testament to the divine grace that guides us all.

God proved a point with this Boy for all to notice: he embarrassed the conceited and arrogant, especially those delusional, thinking they have security in systems and constructs created through rational knowledge and the new artificial intelligence software systems.

Back in focus

The German Lutherans and the Protestant Reformation received the space science of knowledge because he pre-destined humanity to venture into space to see his vast empire and enable an informed decision as to whom they wished to serve. Such is the premise for venturing into space to see and learn how the arranged celestial bodies in our neighborhood ensure the comforts of our lives by design, not by chance.

Martin Luther and Dr. Martin Luther King are proof of the concept that Japheth enters Shem's tents jurisdictionally to co-exist (in biblical harmony).

Remember, man does not see what Yeshua's office sees. Yeshua considers the end at the beginning.

Similarity exists among Apostle Paul, Martin Luther who embodied justification by faith, and Dr. Martin Luther King, Jr. of America. All three had to testify as personal representatives of the New Testament teaching before the beast system of Rome, as referenced in Revelation.

In the case of Apostle Paul, after he completed his treatise on the doctrinal philosophy of Christ's Teachings, he was beheaded.

In the case of Martin Luther, he was summoned before the Imperial Diet of the Holy Roman Empire at Worms to give an in-depth explanation of his academic propositions against the sale of indulgences known as the Ninety-five Theses. Diet was a deliberative tribunal, in the same way that a sitting judge arrives at his decisions.

In essence, the practice of selling indulgences is a spiritual certificate of relief from one's sins or the sins committed by a deceased family member serving time in hell, purgatory.

Just the opposite of Christ's teaching: hear the word of God, repent, and become baptized. On the practical side of indulgences, the money was used to construct St. Peter's Basilica in Rome.

As a heretic, Luther would have been burned at the stake, but God arranged for him not to be captured. The Thirty-year War between Lutherans and Catholics was necessary for the doctrinal disputation to become solidified under the state protection of Germany. The principle of separation between Church and State was part of the Reformation Movement. A partial victory for the people of Europe to prevent the State from dictating religious doctrine during the Church Age.

In the case of Dr. Martin Luther King, Martin adopted the Reformer's name as prophetic inclusion into the tent of Judah. As a prophetic procedure, Judah selected the Gentile worthy of association to be invited spiritually into his tent or territory for missionary work.

The Gentiles cannot freely enter Judah's tent, they must be invited by Judah through the Holy Spirit. Otherwise, the door is locked.

When Dr. Martin Luther King adopted the Reformer's name, he certified Ashkenaz Lutherans to enter Judah's tent. Dr. King grafted Ashkenaz onto the olive tree as a branch, a sign that tribal Judah, himself, was being rejuvenated in America. Indeed, how true!

Dr. King and his Southern Christian Leadership Conference (SCLC) continued fighting the antithesis of Caiaphas's Antichrist Model.

A review of the tribes of Judah. The Apostle Paul came from the family of Benjamin and Dr. King came from the Levite tribal family, both comprised the Southern Kingdom of Judah and commonly known as the tribes of Judah. On the other hand, the tribe of Judah itself marks the separation between the governmental administration where the throne of David resides on Mt. Zion, a separate district from Jerusalem, the Temple of Worship. Dr. Martin Luther King's death came after his treatise on living in prophecy and validating prophecies in the lives of Judah. For example, the two sanitation workers or garbage collectors were crushed to death inside the mouth of the garbage truck. Symbolically, "truth crushed to the earth", will be restored through Judah. Similarly, Dr. King lived and died within Judah's jurisdictional prophecy, wherein the dignity of labor will be restored.

Beheaded like Apostle Paul, Dr. King was suffocated, symbolically beheaded with his pillow while at St. Joseph Hospital, being treated for his gunshot injury.

Dr. King's ascension to the mountaintop occurred a week before his death when he met with The Judahite in Selma, Alabama.

On Mt. Zion, Dr. King validated his name change to Martin Luther as the German Lutherans of Selma created the biblical platform to sustain the constitutional fight for participatory democracy in the passage of the Civil and Voters Rights Acts.

On Mt. Zion, three years after passing the 1965 Voter Rights Act, he saw how people from around the country gathered yearly in Selma to commemorate Bloody Sunday. Still, without consciousness and yet to acknowledge Elohim's promise, the focus must be on Isaiah 19:20. Each time the Israelites and Judah go to the polls to vote out of self-interest, they play a crucial role in validating Isaiah 19:19-20 for legislative relief within the Gentiles' system of governance.

Long overdue, the Executive Body of Israel in Exile will reorient the dramatics of Bloody Sunday to the pledging allegiance to Isaiah 19:19-20 and the Israelites' outcomes of democratic voting since the 1965 Voter Rights Act. Four hundred years expired in 2019, marking a significant shift as Judahtocracy, guided by the principles of Isaiah 2:2-3, replaces the familiar American-style democracy.

- *Now it shall come to pass in the latter days That the mountain of the LORD's house Shall be prepared on top of the mountains, And shall be exalted above the hills; all nations shall flow to it.*
- *Many people shall come and say, "Come, and let us go up to the mountain of the LORD, To the house of the God of Jacob; He will teach us His ways, And we shall walk in His paths." For out of Zion shall go forth the law And the word of the LORD from Jerusalem. Isaiah 2:3*

In Judah Alabama, Dr. King came to realize how the Scepter of Righteousness materially incorporated Apostle Paul, Lutheranism (against Caiaphas' Antichrist Model depicted in the Edomite Rome), and the tribes of Judah's rejuvenation since A.D. 70.

The antagonistic conditions between Judah and (Edomite)Beast system of Revelation.

Starting the ball rolling, the Pope received enslaved persons as a gift; next, he approved of the Transatlantic slave trade. Continuing the narrative of Judah's enslavement, a Jesuit was among the signers of the Declaration of Independence. During the Civil War, the Jesuits supported the South and went on and planned President Lincoln's assassination, a significant role in shaping American history.

Notice how this discussion progressed from the general framework of prophecy regarding Canaan became Japheth's servant to the Ashkenazi/Germans dwelling in Judah's territory and under Judah's spiritual district. Hence, a biblical symbiosis exists between tribal Judah of Alabama and German American Lutherans.

The German Lutherans enlarged their denominational presence in the cities and states of Judah America through missionary work, including schools, colleges, and churches. Thus, the correct understanding:

- “God enlarge Japheth and let him dwell in the tents of Shem.
And let Canaan be his servant.” Genesis 9:27

Canaan’s servanthood remains with Japheth, Who operates in Shem’s interest.

Canaan is a multinational family with many skin shades and colors living in various parts of the world and holds a significant role in the biblical context. Canaan is the living antithesis of Moses’ LAW, a role that transcends location and skin color.

According to the Scriptures, Canaan is described as Japheth’s servant. This means that Japheth has authority over Canaan and can direct his efforts. Japheth often uses this authority to serve Shem or Judah’s interests, particularly in resource-supporting their social and economic programs.

Even today, due to spiritual immaturity, the Ten Tribes and Judah have difficulty distinguishing between themselves and the Canaanites and other melanated Gentiles. The enduring problem is not knowing the name of one’s tribal nation. **Judah, Reuben, Gad, Asher, Naphtali, Manasseh, Simeon, Levi, Issachar, Ephraim, Dan, Zebulun, Benjamin.**

For those who are black Gentiles, you should continue wearing that identity label.

For those who are Israelites, you should **confidently** call yourselves by your tribal names, going into the millennium without political labels.

Further clarification between Japheth and Shem.

“God enlarged Japheth and let him dwell in the tents of Shem.
And let Canaan be his servant.” Genesis 9:27

Judah selected Ashkenaz/ German Lutherans.

Yes, the Levite, Dr. King, qualified the German Lutherans to enter Judah's tent. Yet, it was Booker T. Washington and a lady, both from tribal Judah of Alabama who invited the German Lutherans to come to Alabama to set up an educational mission. Hence, tribal Judah's proceduralized relationship with the German Lutherans.

A German family, an immigrant, purchased the Carver family from a previous slave owner. Evil fell upon George and his mother by night raiders who follow an enduring American tradition of stealing and killing. George and his brother were adopted by the German American family who gave him a good education.

There is much to say about the relationship between Judah and German American Lutherans.

**The Ten Tribes of Israel seek equitable monetary rewards from Japheth
As a pre-qualifier as being worthy to enter their tribal nations.**

Unlike the Levite's personalized invitation given to the Ashkenaz, individual members of the Ten Tribes of Israel sought out Japhethites, like Gehazi sought monetary rewards from Naman, for seed capital to grow business ventures.

Those Japhethites giving capital seed are required to make a personal determination guided by the Holy Spirit to enter particular tents of Israel.

For instance, the Black Manifesto to white Christian Churches called for funds to assist the growth and development of Israelite businesses. In turn, the recipients acknowledge the Japhethites and bless them for their good deeds. The Church Age is the pretext for mutually beneficial blessings, a way to sort out the Serpent's descendants from Adam's gene descendants.

Of course, the government has a responsibility to provide for those who are unable to keep their heads above water due to the predatory character of our social order. Corruption is institutionalized. Prices are out of control, no one wants to be shorted. Thus, the cost of living continues to increase with no end in sight.

Many pretend to be Israelites or blacks for defrauding, to take advantage of offers and services that they are not entitled to.

A case study is Gehazi. He was a servant of Elisha who stepped out of his place to defraud God, whose grace cannot be purchased. It is freely given. Gehazi's scheme has the earmarks of a Canaanite. Under pretense, Gehazi obtained *"two talents of silver in two bags and two sets of clothing. And two servants of Naaman transported the gifts to Gehazi's house where he hid them."*

Elisha certified the time & place to approach the Japhethites for monetary assets as the time when the Israelites' hour of departure to the Holyland.

Elisha's prophecies cover our current times. Elisha was appointed to execute the Second Heaven Magistrate's Ruling. The Ruling was given to Elijah with the instructions to appoint Elisha to execute the Court's Ruling.

A perspective on leprosy. Naaman appointed an Israelite girl to be the maid to his wife. A no, no! Symbolically, the Congregation of Israel will not become a servant to Gentiles' gods. For his act of appointing an Israelite girl to be of service to a pagan god, Naaman was struck with the cursed disease of leprosy. The girl had compassion for Naaman and told him to go to the prophet Elisha for treatment. He did so.

A long story with a short message: Naaman was healed by faith by washing in River Jordan seven times. In appreciation, he offered to give Elisha, in today's currency, one million dollars. Elisha's refused to take the gifts. Gehazi, on the other hand, Elisha's servant subverted the prophet's spiritual position by having a private meeting with Naaman to arrange gift-taking. Because of his act, Elisha transferred Naaman's leprosy onto Gehazi and his descendants forever.

- *But Elisha said, "Wasn't I there in spirit when the man got out of his chariot to meet you? This is no time to accept money and clothes, olive groves and vineyards, sheep and cattle, or servants! 2 Kings 5:24-26"*
- *And now Naaman's disease will come upon you, and you and your descendants will have it forever!" When Gehazi left, he had the disease—his skin was as white as snow. 2 Kings 5:27*

The Black Manifesto is the prototype of the Japhethites' relationship with the tribes of Israel. At the end of our current period, the prototype will assist in clarifying the Ten Tribes' relational roles with the righteous Japhethites'. Whatever the amount in monetary gifts recovery, the Ten Tribes should spiritually view the gifts as the return results from Revelation's apocalyptic horses.

The Mysteries of the Bible.

Ashkenazi Zionist Jews in the country of Ashkenaz were linked to the origin of World War II.

Prophetically, Judah of Alabama fought in WWII to the benefit of Ashkenaz.

WWII comes as a direct outcome of WWI. The Germans saw how the Zionist Jews conspired to have England defeat them by bringing America into the War.

There are levels of collaboration in the story. In brief, the Zionist Jews acted in whole and in part on biblical prophecy to re-establish themselves in Israel. The Zionist Jews cut a deal with the British involving bringing America into the War. In exchange, Zionists wanted Palestine partitioned, as they would take possession of Jerusalem. Additionally, Britain would kick Turkey's influence out of Israel. The British agreed because she was close to raising the white flag of surrender to the Germans.

The Zionists went to New York, the marketing and publicity center of America, to hire a marketing firm to win the minds of Americans to enter the war against Germany for mistreating the Jews. It worked, though it was a lie.

Beware, the advertising campaign rested on lies. The American public saw the conflict between Germany and England and wanted no involvement. But when Japan attacked Pearl Harbor, America automatically became committed to the war.

Germany's victory over America in Antarctica started the Cold War of espionage between the West and East.

The Takeaway from WWII.

The LORD blessed the Germans with knowledge of applied physics in the science of rocketry.

- a. After Germany's defeat in Europe, German scientists met and decided who would go to Russia and who would go to the United States of America to further their research with the idea of reconstituting a militarized Germany.
- b. Once relocated, they played both sides, the East and West, to their advantage.
- c. The U.S.A. and Russia made great leaps in space science rocketry and military missile technology.
- d. Imagine living in a world without satellite technology. Space science rocketry puts satellites into orbit, for space exploration would not be possible if the rockets could not escape Earth's gravity.
- e. Espionage created and drove the Cold War. As the German scientists attempted to slip each other's information on their projects, the governments of the West and East became aware of the exchange of information. The East and West were determined not to allow the other side to gain the upper hand in innovative research and development. National honor was at play. Never start a war with each other! Only national honor was at play through the space race. Russia was out front, the leader in the space race.
- f. Over time, the U.S.A. outspent Russia, causing the Soviet Union's financial collapse.
- g. The U.S.A. learned of a German base in Antarctica. So, from December 1946 through March 1947, America's military flagship went down for a mop-up operation.
- h. The American military forces encountered an armed force with out-of-this-world technology. Defeated, America **abandoned** all military plans for a purposeless second engagement. It was not the Germans who defeated the Americans.
- i. The American defeat gives us the occasion to review the Watchers' Department of Heaven. We know that the first group of Watchers dishonored their obligation to humankind by attempting to jump-start an advanced race of people capable of sustaining a civilization on the earth, though they ended up in prison after corrupting human genes,

creatures of the sea, fowls of the air, and plants in the field. Enoch drafted the Watchers' petition for forgiveness before the High Court of Heaven was rejected. Next, he formalized charges against the Watchers and their punishment. The Bible records the operations of Watchers. Yes, the first class of Watchers are now in prison, and the second class of Watchers are among us daily.

**The German's applied research enabled space exploration
For a specific purpose: for all to see EARTH's manner of destruction as
Seem through space telescopes.**

Like the German Lutherans, the Russians had a religious basis (the Eastern Christian Orthodox) to be gifted by scientific breakthroughs. The Germans were the architects of both the American and Russian space programs. Yes, the Russians were the first to orbit the earth, a scientific breakthrough, and the first nation on the earth to see our planet from space. What a profound spiritual experience, humankind detached from his environmental navel!

The Russians saw what Yeshua saw in his ascension. On Earth, hundreds of millions of people worldwide, including The Judahite, saw the Russian spacecraft moving around Earth in a silver-shaped object above the sky. This was a transformative human achievement, a possibility that had never been considered before by modern civilization. People were inspired to look up into the heavens for the first time, a sight that filled them with hope for the future.

Why did the LORD give the Russians this lasting honor?

Delving into history, when Constantinople was on the brink of falling to the Islamic Turks, the Christian Orthodox community took a bold step. They loaded their ships with as many assets and artifacts as possible and sailed to Russia, thereby preserving the wealth and heritage of Eastern Orthodox Christians. This act of preservation, known beforehand, was crucial as the Turks looted the entire city within three days of its fall.

Besides the valuables, the Eastern Orthodox Christians hold the honor of preserving the Apostle Age traditions in whole or in part. At the same time, Holy Rome, despite words, minimizes the Apostle Age by including their pantheon of deities.

The Germans gifted humanity the science of rocket physics to escape Earth's gravity, to detach from its navel cord Earth, and to see the cosmic wonders of Yeshua's kingdom.

Yeshua's ascension perfectly illustrates going upward is the way to the heavenly kingdom by detaching from Earth's navel cord!

Each progressive achievement in theoretical mathematical science and applied applications is not just a separation of the unbelievers from the true believers in Christ. It is a spiritual journey that enriches the believers with the keys of knowledge to understand how the thirteen planets are arranged to sustain life on Earth. This understanding is a testament to the divine order of our universe.

A Task Certificate is required to enter the Heavens.

Before Elijah departed Earth, he embarked on a profound spiritual journey. He visited milestone locations where Joshua and the Judges enunciated the Rules of Law, which were later enshrined into the Israelites' religious customs. This journey, which included striking the River Jordan trigonometrically, was a significant act that symbolized the spiritual transition to the other side of Jordan, where Moses is buried and historically, where Moses ascended and descended Mt. Sinia with the two tablets and one LAW.

The Rules of Law, serving as the foundation for his return to the earth as John the Baptist, played a crucial role in elevating the spiritual level of holiness. They guided people to repent innately from the heart and not out of **fear** of the consequences.

For those who are born with the God genes of Adam, baptism enables the carrier to be spiritually aware of their actions and always to take the moral high ground to avoid Satan's entrapment of moral depravity.

Islam claims Muhammad's night journey started at Makkah and went to Al-Masjid Al-Aqsa in Jerusalem, where he ascended to heaven. Muhammad did not say where in heaven he was going. In contrast, Elijah knew where he was going after departing the earth's dimensional Second Heaven Magistrate Courthouse on Mt. Horeb.

Muhammad received no divine certificate that is necessary to enter the heavenly rim. On the other hand, Enoch had a divine certificate to enter the heavens. As a rule, an authorized agent issues a divine certificate to enter the heavens; otherwise, no one can enter the rim of heaven.

Of course, the principalities and the ruler of darkness take people to the Second Heaven as often as people go to the high places to worship spiritual demons. Throughout the Scriptures, a band of Israelites gather at "High Places" to worship deities, **ONLY** to anger the LORD God.

- *For our wrestling is not against flesh and blood; but against principalities and power, against the rulers of the world of this darkness, against the spirits of wickedness in the **high places**.*
Ephesians 6:12

Thus, Muhammad's night journey ascension to the Throne Room of Heaven is false.

The Eastern Christian Orthodox Church held a Task Doctrinal Certificate to enter the heavens, as the Church acted according to the Apostle Age under Eusebius' biblical administration system.

In A.D. 1054, the Edomite Holy Roman Church and the Eastern Christian Orthodox Church **mutually** agreed on the Great Schism. They went their separate ways, with Islam supporting the Edomite Holy Roman Church. Islam has always made life difficult for Christians, but not for Catholicism.

Antarctica occurred as a watershed moment for Elohim to put into place their multilevel strategies to unfold in 1947 for Humanity to evolve a material understanding of Yeshua's cosmic empire according to Revelation.

In 1946, the U.S. Navy went to Antarctica with an expeditionary military force to conduct a mop-up operation, tracking down remnants of the Fourth Reich. The mop-up operation was expected to end in the first quarter of 1947. Indeed, it was the flagship expedition with all innovative weapons.

Something happened unexpectedly: the Germans and a Watcher's regiment from Heaven's host engaged the U.S. Navy. Admiral Bryd, commander of Operation High Jump, a man of **great intelligence**, different from all other high-ranking U.S. officers at that time, realized what he was up against and retreated with losses.

Admiral Bryd was fully aware of the bombs dropped on Hiroshima and Nagasaki in 1945. Still, he did not put trust in his weapons as a surety for a second-round engagement in an idealistic suicide. **That was the precise message the Watchers military regiment wanted to convey to Admiral Bryd.**

He acted wisely and retreated with no military plans to return to Antarctica, now a place for scientific research.

The Watchers held Admiral Bryd in high regard.

Contrary to the West's propaganda, the Russians respected the agreed-upon spheres of influence among Britain, the USA, and the USSR. Factually, the USSR influenced the creation of the United Nations to prevent wars. Wars are hell. Only in recent decades, the Western media has changed the public definition of war to a picnic outing, a fun adventure. Nevertheless, the U.N. is supposed to serve to prevent the horrors of wars.

Russians had never been desirous of becoming either a colonial or an imperialistic power, accounting for the fact that the Russians placed national priority on space achievements and not weapons for domination.

The Russian fight with the West continues to be a philosophical conflict between two different economic systems, socialism vs. capitalism.

President D. Eisenhower listened to Admiral Bryd's account regarding his engagement with the Watchers. Admiral Bryd told Eisenhower of the advantages of a non-militaristic civilization.

President Eisenhower's Farewell Address on January 17, 1961, warned against the establishment of a "military-industrial complex." President Eisenhower did not give a warning,

though couched as such, instead, he gave a prescription for a war economy. America engaging in perpetual wars.

Being a visionary, Eisenhower could see the possibility of America becoming a military state. Without a question, he saw this possibility very clearly. Additionally, he saw the rapid advancement in military technology from 1947 and the need for new laws to keep the military in check.

For the record, the military-industrial complex was well established before Eisenhower's Farewell Address.

Since 1947, the U.S. Military and the Space Program have been influenced by occultists.

Currently, the U.S. Congress has no control over the private elite, the center of power that manages the military-industrial complex. In 1947, selected Americans adopted the Germans' occult model by establishing open and closed perimeters between their operations and the government. The Germans' research and development base has continued in Antarctica with the Watchers.

Need-to-know basis

Highly advanced research and development in collaboration with the Watchers, regardless of location, will never be shared with governmental officials. Yes, the U.S. Presidents have been kept out of the loop since the days of President Eisenhower. However, information is given out on a need-to-know basis.

As a closing note, specific wars will take place as prescribed biblically; such is a given fact. However, as far as nuclear destruction of all life forms on the earth, which the current superpowers are capable of effecting, the Watchers have already demonstrated before the superpowers their capability to neutralize any weapons with such intention of total nuclear annihilation of civilization like on Mars. For sure, nuclear weapons will be used.

A new era for exploring the heavens. Why the German Scientists Played the West (U.S.A.) Against the East (Russia)

Being the victims of an unjust War (lies about how Germans mistreated the Zionist Jews) and forced to surrender in a humiliating defeat to the Russians, the German scientists agreed among themselves who would go to the East (Russia) and who would go West (U.S.A.) in a secret plan that would allow them to further their research and development in the science of rocketry.

German scientists exercised decisive decisions in both the East and West space programs. They communicated secretly in highly sophisticated encoded systems. The U.S. Security Agents learned of the communications and cut it off. Likewise, the Russian security agency stopped the exchange of information between the East and West. By then, the German scientists had architecturally designed the space program for the West and East.

A list of multi-dimensional components essential for advancing the new era of Space Exploration.

The list of components might sound odd or illogical only to the two-dimensional way of thinking. But when looking multi-dimensionally, a profound spiritual logic underpins these elements, inviting us to broaden our understanding of space exploration.

There was nothing illogical in Jesus' ascension, which is an invitation for us to follow him into his heavenly realm once the infrastructure is in place to escape Earth's gravity.

(1) America's defeat in Antarctica, (2) the German's spiritual victory in WWII over and against Zionism by incorporating Tuskegee Judah Airmen to fight for the land of Israel, paving the way for Jeremiah's Seventy-week prophecy, (3) the Alabama Civil and Voter Rights Movement correlational with the Kennedy Administration's two milestones a) his legislative initiative to put man on the moon, b) his push for Civil Rights legislation (4) the Lutherans' Mission in Alabama, and (5) the spacecraft crash in Roswell as technological gifts to advance civilization.

1947

1947 was the year that certified the essential components necessary for evolving the spiritual infrastructure through which we humbly respect the Son of Man's divine powers, for through him we live.

The arc of the moral universe is long, but it bends toward justice." Dr. King.

A watershed year. After all the essential components were **pre-certified**, the Watchers permitted the Roswell crash in 1947. From 1947 to 1950, strategic spacecraft crashes occurred as gifts to advance space exploration for a deeper appreciation of the kingdom of God.

With gifted technology, Earth's civilization took a quantum leap in a brief time. Fiber optics and many technologies were derived from spacecraft crashes by deconstructing the spacecraft technology and re-engineering. Backdoor engineering revolutionized the space and aviation industries. Further, out of analysis and development came many commercialized products.

Armed with the latest derived technologies, President Kennedy, in 1961, addressed a Joint Session of Congress about his goal to put a man on the moon by the end of the decade (1970).

In 1962, President Kennedy reflected on the stage of rocket science in his Rice University Speech: *"We choose to go to the moon in this decade and do the other things, not because they are easy, but because they are hard."*

The Roswell Spacecraft Crash and related significant events following 1947 carry the theme of advanced learning of the Cosmo, of which we can match our functional organizational reward, stated in Revelation, with the vastness of the Son of God's universe.

Those who are **not** going to the next level of spiritual evolution always entertain alternative ways of life by promoting logic and mysticism.

Looking back over his high school days, The Judahite remembers what his German teacher taught about God's salvation and the inclusiveness of people and creatures inside or under the earth. Just as some people will be saved and some will not, there was never a voice of alarm. He conveyed a feeling of familiarity vis-a-vis the second person. Still, The Judahite's curiosity was never satisfied as to their looks. It was not until the Roswell spacecraft crashed that eyewitnesses revealed the creatures' bodies. Is this what the creatures look like? The answer is still unknown.

Amidst the myriad accounts of alien encounters, The Judahite focuses on Antarctica, the German's experiences, and Area 51. His unique perspective is rooted in the verifiable basis for the spiritual component in the evolution of God's cosmic kingdom. While many in the UFO community are fixated on appearances, The Judahite's interest lies in the functional task assignments of these beings.

The Judahite embraces the scriptural view that includes both humans and humanoids on the earth, inside the planet, and those with bases at the bottom of the sea and oceans.

The Executive Body of Israel in Exile is now issuing a warning to the Ten Tribes and Judah **not to be** misled like **most** Gentiles with the fascination of aliens. The Gentiles usually have a distorted view of Yeshua's comic kingdom; they typically omit the divine component when looking at Elohim's creations, especially the Ten Tribes and Judah's applied meaning for Earth's civilizations.

Consider the text box below regarding creatures in Revelation 5:13. In contrast, Genesis 9:2-3 lists animals that are excluded from Revelation 5:13.

Herein, the focus on the creatures on Earth includes aliens and space aliens, extraterrestrials, and the Watchers.

"And every creature, which is in heaven, and on the earth, and under the earth, and such as are in the sea, and all that are in them: I heard all saying: To him that sitteth on the throne, and to the Lamb, benediction, and honor, and glory, and power, forever and ever." Revelation 5:13

What is considered "good in the Elohim Eyes" is functional relationships that advance his plans for the good of Jacob's children.

I made the earth, and the men, and the beasts that are upon the face of the earth, by my great power, and by my stretched-out arm: and I have given it to whom it seemed good in my eyes. Jeremiah 27:5

The Protestant Reformation serves as a reference point for The Judahite's views. While he acknowledges the vast range of conversations on the subject, his focus remains narrowly contextual. He stands apart from speculative discussions, maintaining a clear and isolated perspective.

Area 51 is a workshop where the Watchers conduct ongoing scientific research and development. Could there be other locations? Keep in mind the Watchers are responsible for Earth.

For sure, the true Watchers will make themselves known to the public as we move into the millennium, a pre-set time and place by Yeshua's office. No man on Earth can control the Watchers, saying this is what you ought or should not do.

A photo of Earth taken from the moon.

Going to the moon and looking back, we see for the first time what our home planet looks like. This profound experience evokes a spiritual perspective, filling us with awe and a deep sense of connection as inhabitants of this beautiful planet.

We continue to see God's handiworks,

*The heavens declare the glory of God, And the firmament shows
His handiwork. Day unto day utters speech, And night unto night reveals
knowledge. Psa 91:1-2*

The James Webb Space Telescope has captured dazzling, sensational images in deep space never seen before. Still, we are in 100% awe: **“The firmament shows His handiwork.”**

NASA

Over the decades, the space probes Voyagers 1 & 2 have served as our educational guides, taking us on an enlightening tour of our galaxy.

Through NASA's space program, we have seen cosmic physics as best as humans can grasp, though 99% of man's theories about cosmic physics have changed.

By examining the celestial bodies in our galaxy, Voyager's collected data enable us to enrich our religious belief in one God and to read the Scriptures with the added insight of appreciation and praise for our creation. The ultimate highlight of Voyager is when it looked back and took an image of Earth being 3.7 billion miles away, a profound spiritual reflection of our place in the universe, inspiring awe and humility.

A more comprehensive view of Earth's location in the universe is spiritually humble. Who is such a God who can speak galaxies into existence? The God whom the true Israelites serve as our creator.

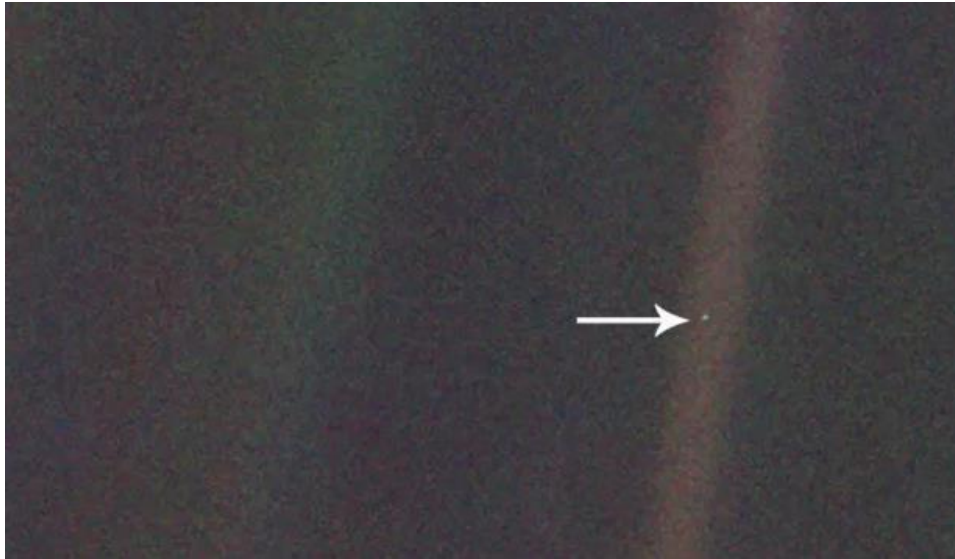

As disciples of Yeshua, we are blessed with the Son of God, who has gifted us with a divine understanding of how to live and enjoy the wonders and rewards of living a life he designed for us, a source of immense blessing and enlightenment. This understanding is a source of gratitude and enlightenment, guiding us away from rebellion against God's designs and fostering a deep sense of appreciation and guidance. On the other hand, those with corrupted genes always give the rationalization that they can perfect God's designs, as they are defective.

Before the flood, the Serpent's spirit of rebellion led to corrupting everything on the earth. Now, post-flood, the Serpent's spirit has the same objective: to change the original life forms to accelerate eco-environmental systems' collapse and thus wipe out sustainable life.

Beware, when looking at Voguer's image of Earth, the Elohim made a planetary oath to all, including trees, sea creatures, all animals, and humankind, that he would not destroy the Earth with water again but with fire. He put the rainbow in the sky as a sign of his oath.

The spirit of rebellion continues. National laws have been passed in various parts of the world to nullify the Elohim's planetary oath not to send destructive waters upon the Earth, but, next time, Fire. Beware of the fact that the Devil has always been a liar and very deceptive to lead true Christians away from God. For example, Jesus being tempted by the Devil bears witness to the Devil's name, meaning—a liar and a deceiver. Granted, the Devil has an allotted time on Earth to spread his sins by encouraging and promoting depravity. The Devil's Moto: Have fun now, but pay later.

THE EARTH 3.7 BILLION MILES AWAY

NASA

The Germans' pioneering work in rocketry science, which served as the foundation for the Russian and American space programs, has provided us with a breathtaking view of our galaxy and our place within it, a perspective that holds profound significance in the context of religious prophecy.

Understanding the vastness of the universe and its cosmic laws is not only a scientific pursuit but also a crucial aspect of religious prophecy, particularly for those of us preparing for the millennium and post-millennium when we receive our organizational positions in Yeshua's kingdom, as stated in Revelation.

Known from the outset, the Church Age would be transitory. Judah's National Conclave in 2021 signals the coming end. Isaiah 11:12

The Church Age's Synopsis & Summary.

From the very beginning, a profound act of inclusion was set in motion by Pentecost. The Gentile Christians, like branches grafted onto the olive tree, were welcomed into the fold. This powerful imagery, found in Romans 11:7, speaks to the unique role and value of each tribal nation in God's divine plan.

Execution Operations

Yeshua, in his wisdom, laid out the execution operations for his New Testament. The Church Age, a period of profound transformation, reflects these teachings. It stands as a testament to the independent power of the New Testament, a power that transcends and yet inspires the Church Age, leading us to the discipleship of the Son of Man.

According to Daniel, at the end of the Gentiles' four social systems, the divinely Stone Kingdom of Israel I will absorb all previous social systems; therefore, the Church Age is a branch on the olive tree, and the righteous Gentiles will assume a different branch apart from the unrighteous Gentiles.

On the day of his ascension, Yeshua left his disciples with a powerful instruction—to wait in Jerusalem until the comforter arrived. This anticipation not only added a sense of urgency but also underscored the immense of their mission.

They acted with one accord, the dominant theme in the Book of Acts.

During the Apostle Age, the Apostles and Jesus' disciples were guided by the profound theological philosophy of Yeshua, which was doctrinalized on the road to Emmaus. This philosophy, encapsulated in Yeshua's theological summation of why he had to die, served as the enlightened basis for the Apostle Age, inspiring the believers in their faith journey.

- a. *But you will receive power when the Holy Spirit comes upon you, and you will be My witnesses in Jerusalem, and in all Judea and Samaria, and to the ends of the earth." Acts 1:8*
- b. *When the Day of Pentecost had fully come, they were all with one accord in one place. Acts 2:1*
- c. *And when they heard that, they lifted up their voice to God with one accord, and said, Lord, thou art God, which hast made heaven and earth, and the sea, and all that in them: Acts 4:24*
- d. Now the multitude of those who believed were of one heart and one soul; neither did anyone say that any of the things he possessed was his own, but they had all things in common. Acts 4:32

Yeshua Assigned Apostle Paul to work among the Gentiles.

What appeared to be disunity between Peter and Paul was a discussion to clarify their different roles. Resolved. The Gentiles did not have to change cultural patterns to model after Judah or the Judeans as a requirement to receive God's salvation. Yet, over time, the righteous Gentiles were free to adopt the Judeans' customary diet and circumcision. After clarifying their roles, **Peter** continued his missionary work among the dispersed Israelites from the Northern and Southern Kingdoms in different regions of the Middle East, Asia Minor, and Egypt, where he died.

Why does Spiritual Disunity Exist Among the Gentiles?

Why is the New Testament so fractionalized, as reflected in denominational Christian bodies? No spiritual disunity existed during the Apostle Age, a foundational step for the Church Age.

Answer part-one. The Gentiles did not have a unified religious tradition of believing in a monotheistic God. Paul's missionary works unified the righteous Gentiles around the New Testament, wherein people came to repent after hearing the word of God and received Holy Baptism.

The righteous Gentiles were grafted into the Christian Movement and received all the rights within grace when **professing** the Son of God.

Who are the righteous Gentiles? The descendants of Japheth, Shem, and Ham preserved their Adam genes. They were spiritually hungry and immediately embraced Paul's missionary work. Outside the pure genetics of the righteous, people are known to lead an ultra-wicked life. The Gentiles were nationalistic and simultaneously members of the Christian Movement. Denominational Christians took pride in their countries, distinguished by their national languages and customs.

Answer part-two. In response to the Protestant Reformation, the Holy Roman Empire used religion to politically suppress oppositional trends against Catholicism. The character of the Protestant Reformation was religiously doctrinal, challenging the Pope's claim as God's representative on Earth. However, the Reformation's underlying basis was broader, encompassing land distribution for economic growth and removing the rules of absolute oppression of the masses in all aspects of life. Thus, the Reformation aimed at thwarting fascism in its early stages.

The Reformer's best way to refute such claims was through translating the Bible into national languages for people to read for themselves. As such, church bodies associated themselves with their nationalities. Over time, due to spiritual maturity, people gravitated toward the church that best addressed their spiritual thirst and lifestyles regardless of a denominational church. While true, the underlying basis for the Protestant Reformation Movement encompassed distribution in the interest of economic growth and private innovations.

Two sides of the same coin. The Holy Roman Empire itself existed in a spiritual vacuum. Hence, the Holy Crusades spiritualized Western Europe by visiting biblical sites in Jerusalem and other places in the Holy Land. According to some estimates, 9 million people walked from Europe to Jerusalem during the Crusades.

Negating the Church Age. On two fronts:

(A) Judah and the Ten Tribes of Israel's imminent return to the Promised Land, marking the commencement of the millennium era. (B) 144k have been registered and await their special powers.

(aa. "For everyone that is a partaker of milk, is unskillful in the word of justice: for he is a little child." Hebrews 8:13

(ab. "But solid food belongs to those who are of full age, *that is*, those who by reason of use have their senses exercised to discern both good and evil." Hebrews 8:14

Going into the millennium, Judah and the Ten Tribes of Israel are the salvational lifelines for the Gentiles. All righteous Gentiles must become part of the Firstfruits' Spiritual Movement, which is one of purification and sanctification. Unlike before:

(ac. "For finding fault with them, he saith: Behold, the days shall come, saith the Lord: and I will perfect unto the house of Israel, and the house of Juda, a New Testament." Hebrews 8:8

(ad. Not according to the covenant that I made with their fathers In the day that I took them by the hand to lead them forth out of the land of Egypt; For they continued not in my covenant, And I regarded them not, saith the Lord. Hebrews 8:9

The Apostle Age gives guidelines on the proper conduct of worshipping before the living God, which differs from paganized worshipping, including "high places." Today, some churches engage in "high places" worship, an insult to the Holy Spirit.

After the Church Age, then what?

Certified by the Second Heaven, the Church Age has ended. On **August 18, 2024**, The Judahite prepared a special lamb shank meal with the best of flour, a requirement given by the LORD for special ceremonial services. The Judahite received the historical landmark scheduled date one week in advance.

Indeed, the Church Age, a pivotal era in our religious history, concluded on August 18, 2024, just two months after Judah's national conclave.

Red wine, symbolizing the blood of Christ, was the broth for cooking the lamb shank for the epic celebration, a testament to the sacrifice and redemption that the Church Age brought.

It's not a coincidence that the Scriptures foretold the end of the Church Age and the global spread of the Bible. This prophecy is intricately linked to our awe-inspiring journey of cosmic exploration, a journey that allows us to witness the vastness of Yeshua's cosmic kingdom.

As a mandate, the nations that fought against Jerusalem
(The Ten Tribes of Israel= who gave the world Jacob's tithing blessing of commerce)
Will come to worship the LORD of hosts and to keep
the Feast of Tabernacle in Jerusalem.

And it shall come to pass, that everyone that is left of all the nations which came against Jerusalem shall go up from year to year to worship the King, the LORD of hosts, and to keep the feast of tabernacles. Zachariah 14:16
And it shall be, that whoso of all the families of the earth goeth not up unto Jerusalem to worship the King, the LORD of hosts, upon them there shall be no rain. Zachariah 14:17

Once back into the Promised Land, the 144k will have an advisory role for the next one thousand years in the direct service of the Son of Man.

An illustration of how the 144K will use their supernatural powers during the Stone Kingdom:

The antagonists' intentions and motives will be condemned and punished in real-time.

- *“And when the king had heard the word of the man of God, which he had cried out against the altar in Bethel, he stretched forth his hand from the altar, saying: Lay hold on him. And his hand which he stretched forth against him withered: and he was not able to draw it back again to him.”*
 1 Kings 13:13:4

- *“The King begged the man of Judah to pray to restore his withered hand. He did so, and in appreciation, the King invited the man home for a special meal which he declined.”*

The prophet from Judah's special powers is an example of instantaneous inflicting molecular deformity on those with evil intentions.

Next, consider an instance that is unbelievable and sounds preposterous; decades ago, similar powers were used by Watchers or extraterrestrials to defend themselves against a human attack. The classified files cite another encounter with the exact details of a pulsed wave neutralizing human aggression by death and incapacitation.

The Judahite, with a small group of people who have proven credibility, uses their assertions or accounts about human interactions with Watchers within a very narrow context, as stated before.

The focus point is this: the creatures can read the brain wavelengths of humans to determine their intentions to do them harm. They take countermeasures and inflict molecular or cellular degeneration depending on the degree of harmful intentions.

Molecular attacks are much superior to man's forms of weaponry. We, the 144k, will have the power to know bad intentions and destroy the targets instantly.

Using **biblical statutes**, the Executive Body of Israel will issue a policy order number for deconstructing the military-industrial- complex worldwide to be transformed to meet economically prioritized plans for the Commonwealth of Labor once its government systems become operational within Israel.

The 144k awaits their supernatural powers.

Yeshua arranged for us to see the future destruction of Earth, The Ultimate Purpose of the Space Program since 1947.

Black holes, as we generally know, swallow suns and surrounding stars. However, Yeshua orchestrated a spectacle that surpassed all expectations: the sight of a black hole engulfing an entire galaxy. Until that moment, such a phenomenon was deemed impossible. Yet, there it was, unfolding before their eyes. This unprecedented view, the ultimate wonder of space, was Yeshua's gift to us, a sight arranged for Astronomers to see a black hole swallowing a galaxy. Hereto that time, the thought never crossed their minds that such was possible. Regardless, they saw the impossible. Such a view is the ultimate wonder of space that Yeshua wanted to show us, in substantiation of 2 Peter 3:10.

Armed with this newfound knowledge, we are now equipped to navigate the post-millennium era with purpose. We can now make informed decisions, free from the distractions that lead to a dead end, and steer our future towards a more promising path.

Those of us destined to be saved would have transitioned to our new home galaxy and become an interstellar civilization and a race of holy people (gods).

NASA simulation of a black hole

“But the day of the Lord shall come as a thief, in which the heavens shall pass away with great violence, and the elements shall be melted with heat, and the earth and the works which are in it shall be burnt up.”

2 Peter 3:10

Does that sound like a black hole, or is it a description of a black hole?

In summary, this presentation is a call to action for you, the conscious members of the Ten Tribes of Israel and the tribes of Judah. Your unique position and responsibility in this context

cannot be overstated. It's our time to step up and orient our programmatic tasks for the coming millennium era.

Our comfort is in knowing that we are here today because we are negating the past, and when done correctly, we prepare a solid, sustainable future for ourselves. We, as individuals, have the power to shape our future. It's in our hands to orient our programmatic tasks for the coming millennium, and each of us plays a crucial role in this process.

With full awareness, many strive to preserve the old or make accommodations for perpetuating the last Gentiles' social system on the earth. However, it's crucial to understand that change is not just a possibility but an inevitable reality. The cosmic law of time is advancing, and Earth's destiny is approaching her date of death, the black hole. We must embrace this change, knowing it is part of a larger, cosmic plan.

We are being activated and equipped with the necessary resources to move on to the Promised Land and to form the Israel Commonwealth of Labor. Each of us has a crucial role in this formation, making us all significant contributors according to our ideological traits assigned by Jacob and Moses.

Judahtocracy, as practiced in the homeland, will be distinct from the transitory form of democracy that we, in exile, helped to fashion in Egypt/America for social oppression relief. Therefore, it's important not to confuse the current, transitional reality with the future, absolute truth. As we work towards the absolute, per Daniel, we have much work to do in fashioning the Stone Kingdom. A kingdom without an end.

The Millennium

We had to wait for the powerful Hubble and James Webb Space Telescopes to look deep into space to reveal the scope of Yeshua's cosmic kingdom to realize man will never be able to see the end of the universe regardless of the next generation of space telescopes.

New Synthesis

First, people will continue doing what they have done in the Church, but the Holy Spirit no longer grants salvation through the Churches. As expected, people will continue to go to Church, but with the understanding that denominational and other forms of Christianity have spiritually terminated, as the wellspring of salvation no longer exists in the post-Church Age.

On the other hand, salvation is in the practices of Judah, the Ten Tribes of Israel, and the 144k. The Scepter of Righteousness returns to the Throne of David. The Order of Melchizedek will permeate the Stone Kingdom.

(ae. "For this *is* the covenant that I will make with the house of Israel after those days, says the LORD: I will put My laws in their mind and write them on their hearts, and I will be their God, and they shall be My people." Hebrews 8:10

(af. “And they shall not teach every man his fellow-citizen, And every man his brother, saying, Know the Lord: For all shall know me, From the least to the greatest of them.
Hebrews 8:11. Also, Jeremiah 31:34

Under Judahtocracy, the commonplace sins, as seen every day in the anti-Ten Commandments, will no longer be seen, or if seen for a moment, immediately go into the trash bin of history. Satan has had his heyday on the earth, encouraging freedom to express wicked and evil thoughts of the heart continuously. The net result is creating a perpetual environment of depravity with protection under state legal systems.

Under Judahtocracy, Satan (a metaphor for evil and immorality) and his disciples (those who propagate and practice stealing, killing, and moral destruction—depravity will become immobilized.

When time and space, in an instance, no longer exist.

New Jerusalem, a manifestation of divine magnificence, descends from Heaven in a truly awe-inspiring event. A few points to make:

- A. Time will no longer exist when New Jerusalem descends from Heaven and at a time when the black hole destroys Earth and our galaxy. The two realities are in parallel. No! We have no scientific comprehension of the two parallel realities. Thus, spending time on the subject is unnecessary when it has zero value. Instead, we must focus on what has meaning.
- B. That said, *“For behold I create new heavens, and a new earth: and the former things shall not be in remembrance, and they shall not come upon the heart.” Isaiah 65:17*
For as the new heavens and the new earth, which I will make, shall remain before me, saith the LORD, so shall your seed and your name remain. Isaiah 66:22
- C. Zion will become the foundation of the LORD’s people. To understand this divine declaration is to understand life forms in the Cosmo, and then Judah’s purpose is comprehended concerning those life forms.
“ I have put my words in thy mouth, and I have covered thee in the shadow of mine hand, that I may plant the heavens, and lay the foundations of the earth, and say unto Zion, Thou *art* my people.” Isaiah 51:16
