

## U.S. President Biden concludes his Middle East trip July 16, 2022

Remember, Biden operates at the behest of The Judahite because of his prophetic jurisdiction over Israel and all the Lands of Promise.

It is common for all of us who study biblical prophecies to fall short now and then to wholly put events in their proper timing sequence for many different reasons. Still, the host of heaven always in time brings operational clarity to those who are active servants to perform their tasks.

The Judahite has always presented anchoring biblical stations in his presentations for others who are active in their work assignments for transitioning to the Commonwealth of Israel. Indeed, the 144k grows in confidence, knowing they can search Scriptures and locate their situation and responsibilities.

When the host of heaven reveals the specific pathways of Israel and Judah's future available, The Judahite will continue to post the recorded information.

### From Isaiah,

1. We know that Damascus has yet to become totally desolate. But, we have an updated reference point for Damascus' desolation from the shooter in Colorado. The situation gives an enriching insight into what happened and what to expect regarding Damascus.
2. Biden is committed to preventing Iran from developing nuclear weapons. No question, the government and religious orders of Iran will fall. Judah will rule and claim a third of the territory. Iranians returning from America will be allowed good citizenship standing.
3. The Gulf States Summit has just concluded in Jeddah, Saudi Arabia. There are two take aways from the Summit: a) to restore the goodwill gesture between Washington, DC, and Riyadh. In other words, when Washington tells Riyadh to either lower or raises oil production, Washington expects the request to be performed without any problems. b) to strengthen ties between Tel Aviv and Riyadh. The President's flight from Tel Aviv to Jeddah is a good indication of strengthening the commercial interest between the two countries. Prophetically, Judah will rule all Gulf States and take control of all resources. If any state rebels against Judah's authority, the state will be wasted in short order.
4. **Israel's fate is on the same prophetic timeline as Damascus.** The Israeli government will fall soon. For those Zionists living in Israel, they must leave at once or be killed. Rest for sure; only Yeshua will be worshipped in the Lands of Promise. NEVER, NEVER, NEVER again will Judah disobey the Elohim to wipe out all children, women, and men who are not of the religion of Israel and have no desire to embrace the Father, Son, and Holy Spirit and worship Yeshua as the Son of God.

**Biden's trip  
gives us an updated biblical view of Middle East prophecy.**

Biblical prophecies have sets of rules for execution. Consider the following as an introduction to a specific biblical prophecy.

- On March 12, 2022, The Judahite prepared a chicken sandwich for a lunch snack and, without hesitation, due to hunger bit, into the sandwich, hitting an object with force, smashing the teeth, and causing pain to the jawbone. One can assume it was a bone; likewise, The Judahite accepted the logic. Here is the problem: The Judahite never found the bone. The Judahite knew *with or without* a bone the sign was supernatural. Why and what is the meaning? a.) the bread was purchased from an Arab store. B.) the sandwich symbolic of Israel and Judah subduing the Arab nations and compelling them to serve Judah. C.) Biting into the sandwich caused a sore tooth and jawbone for months, forcing food to be eaten on the opposite side of the mouth. This circumstance has a doctrinal philosophy, which will be omitted for now. However, consider a comparative view for significant understanding. Today is July 16, 2022. The Judahite prepared a Cornish hen sandwich on Brioche Buns and bit into the sandwich, hitting a small bone, common, with nothing of significance. A few hours after Summit concluded in Jeddah, The Judahite made a sandwich. The contrasting meaning is obvious: the Executive Body of Israel will consume the Gulf States per the Abrahamic Covenant provision of land inheritance.

Shortly after President Biden arrived in Israel, Archangel Raphael presented The Judahite with an illustration of the coherency in the Middle East's prophecy. The example coincides with Biden's trip as an index for a much broader view of the context in which nations of that region will fall under Judah's rulership. The radius gyration was triggered on July 13 with carryover to July 14.

The Judahite now departs from his standard practice of conveying posted information because of technical considerations. While true, beware that the host of heaven is not limited to any form of communications with the servants of the Elohim.

The illustration below comes from a website that gives a semi-depiction of radius gyration. **Please beware, the radius gyration that The Judahite saw is much more border in scope,** which covers the very high circular speed of radius gyration.

### Radius of Gyration of Circle

Radius of gyration of circle is the square root of the moment of inertia of that circular section divided by its area.

Mathematically circular radius of gyration can be easily found by using equation;

$$K = \sqrt{I_A / A}$$

$$K = \sqrt{\pi D^4 / 64 \pi D^2 / 4}$$

# Biden Returns Home

After the Summit in Jeddah concluded on July 16, 2022, The Judahite prepared a Cornish hen sandwich on Brioche Buns and bit into it, hitting a small bone, common, with nothing of significance.

The meaning is apparent: the Executive Body of Israel will consume the Gulf States per the Abrahamic Covenant provision regarding land inheritance. Also, according to Isaiah, the Gulf States will become servants of Zion, Judah.

## July 13, 2022 is a memorable date.

Considering Biden's visit to the Middle East representing the jurisdictional authority of the Executive Body of Israel, now is a perfect time to look at the universality of law that moves everything.

Look, though not all will be able to grasp what is shown.

**Photos:** Observing the universe with the James Webb Space Telescope

Webb's landscape-like view, called "Cosmic Cliffs," is actually the edge of a nearby, young, star-forming region called NGC 3324 in the Carina Nebula. The telescope's infrared view reveals previously invisible

Using the James Webb Space Telescope, the world has a better view of the cosmos, though the above photo represents a tiny area. Man now sees that he will NEVER know the end of the cosmos. For some people, the more they look and realize this fact, the cold reality sinks in: man's life is only a tiny fraction of a **second** relative to cosmic time, and without God, one lives a life of vanity.

The meek shall inherit the world and the Stone Kingdom as predetermined before the earth's formation. Yet, despite God's creation, those of the Serpent seed think God is just another person and should be Disrespect over and against personal desires of ungodly practices.
