

The Executive Body of Israel in Exile
Temporary Office Headquartered in U.S.A.

October 18, 2021

Greetings, To the 144k and Firstfruits:

As we prepare to return to the Promised Land, The Judahite is guided by the Abrahamic Covenant regarding land acquisition for the returning exiles. Knowing the massive questions that this letter illicit, first, the Congregation stands on solid grounds knowing that present-day Israel, historical Israel, is, indeed, part of the Promised Land. As foretold by Moses, Judah would return to Egypt in ships as one aspect under the list of Mosaic Cures. The list of curses is parceled out by degrees according to Israel and Judah. The house of Israel was not part of the commercial slave trades.

The 2021 returning exiles to Israel represent PART TWO of Israel's history. Under the leadership of the Man-child, Israel and Judah will claim all deeded lands that were not occupied due to Covenant violations that resulted in the whole house of Israel expulsion from the territory. Archangel Michael informed the Israelites of their displacement in the early years after Joshua's reign. They all cried like babies.

The Elohim marked the Israelites' maturity, noting the era of the Man-child, by saying: "including the land of the Kenites, the Kenizzites, the Kadmonites. Genesis 15: 18-19.

Now, under the New Covenant, RATIFIED in May 2021, the Executive Body of Israel will claim all **lands**, including massive departing wealth, as promised to Abraham.

The land of the Kenites is current day China. Proceeding from this premise, steps are being taken to claim the land of the Kenites.

Taiwan will receive an associative relationship with the Commonwealth of Israel.

A prophetic argument can be made for Taiwan's geographical location as a pivotal point during the end of days in Asia.

History records the indigenous people of Taiwan served the economic interest of many foreign nations throughout its sociological evolution. Today, China seeks to establish direct governmental control over Taiwan even though Taiwan has a matured national identity, fundamentally different from the Chinese.

Taiwan entered the orbital plain of The Judahite's ministry on February 6, 2018, when the Eastern Christian Orthodox Church received from The Judahite February 5, 2018, to register its commitment for returning to its first love. Knowing the Eastern Christian Orthodox Church connection to Selma in the dark days of the Voter Rights movement, The Judahite reached out to the Church Body in the spirit of Revelation 2: 1-7 with emphasis on Revelation 2: 5.

- "Remember therefore from whence thou art fallen, and repent, and do the first works; or else I will come unto thee quickly, and will remove thy candlestick out of his place, except thou repent."

A response came about three days before the given deadline. Still, within three minutes after midnight, the LORD sent a 6.4 earthquake (see a photo below). 6.4 and or 64 in various numerical combinations have appeared during the Man-child's years of maturity.

Repeating, The Judahite interacted directly with the Angel for sanctioning the deadline date of February 5. Automatically, the earthquake carries prophecy.

The Eastern Christian Orthodox Church, since that time, has demonstrated a commitment to rectify its priorities.

To all readers, never try to second-guess God. As a rule of thumb, carefully examine one's thoughts of reasoning with great emphasis on how human process data.

After one sees a clear pattern of one's reasoning, one can see the contrast of God's reasoning with one's own. God is not a man and doesn't think like a man. In time, God always displays his interconnections and logic for directing human activities. Remember, God is not a man and doesn't play games. So, disregard the eyes of how people might see as illogical assignments and tasks. Just follow the biblical script and the LORD's Angels.

At hand, the 6.4 earthquake holds a two-fold purpose. The first one already stated. The second one relates to China. The encoded 6.4 earthquake represents a judgmental order that is scalable to

cover all of Asia associated with the church of Revelation 2: 1-7.

When approaching China from the road of political science, China has amassed a large volume of political literature on its fight against imperialism, evidentiary of its current existence. Procedurally, opposites oppose each other and transform themselves into one another, changing positions from subordinate to dominant. Such is the correct view of China's imperialism.

No attempt will be made to hold a lengthy discussion about China's biblical identity in this letter. Such discourse presentation is accessible in other productions. However, consider that the name Kenite indexes to China's future.

Adam's son Cain is associated with the Kenites, whose psychopomp's world outlook character is the same as Cain. Further, the Kenites and the Chinese possess the same bloodline.

Hasten to say; the name Chinses is a nationalistic generalized form of identification. For example, not everyone living in America is from Europe. Likewise, many native people living in China have their history and culture. At the same time, national identity is different from religious and racial cultures that have long durations from federal governments.

Generally, the world has accepted the association between Cain and the Kenites. But, when it comes to linking the Chinese with the Kenites, the confusion centers around the Kenites' geography. Steps in sorting out the confusion, first determine who the Kenites are:

- The following clans of experts in writing and copying documents lived in the town of Jabez: The Tirathites, Shimeathites, and Sucathites. They were Kenites who had intermarried with the Rechabites. 1 Chronicles 2:55

They intermarried with the Rechabites. Now consider how they became citizens of Judea.

- But when King Nebuchadnezzar invaded the country, we [the Kenites] decided to come to Jerusalem to get away from the Babylonian and Syrian armies. That is why we are living in Jerusalem." Jeremiah 35:11

Jeremiah granted the Kenites citizenship, and they became part of the religious community. They even went into Babylonian captivity and became part of the Congregation.

Jeremiah offered the Kenites some wine. They refused. Offering wine was a test of family obedience. The precept: live below the LAW you will live; live above the LAW you will die. Because they obeyed the precepts of their patriarch, Jeremiah rewarded them full Judean citizenship. In time, the Kenites transformed themselves into Sadducees.

Overall, the Kenites would continue to evolve with the Dan and the Ten Tribes of Israel. In contrast to the West, some Kenites went East after the Tower of Babel fell to the land now called China. Cain also went East and constructed a massive city in the land of NOD, East of the Garden of Eden. Likewise, the Kenites went East of the Garden of Eden to the same region where Cain constructed his city in the land of Nod. They followed the same construction pattern by building a wall around themselves and living in a remote part of the world in safety. The cliffs of security; that is, be detached from other nations yet trade with other countries. Innately, Cain and the Kenites are like turtles. Psychologically, they need a sense of self-protection by their own means. Therefore, they will never be obedient to the LORD God of Heaven. Rechabites, however, lived with the Congregation because they knew the power of God.

Turning to the Scriptural basis for insightfulness

Numbers chapters 23 & 24 are the historical backgrounds for understanding the Kenites' end- time prescriptions.

In Numbers, the Elohim engaged in an extraordinary judicial proceeding that would establish his jurisdictional authority over the house of Jacob, his chosen people. King Moab filed the Complaint with other countries regarding the rights of divine power to curse God's chosen people. The Elohim takes us through a systematic legal proceeding from the district court Complaint, the appellate, and the Supreme Court of the Second Heaven (Satan's jurisdictional principality over the earth).

Balaam and King Moab represent one of three judicial proceedings where Elohim makes a solemn oath to himself.

Please pay attention to the details. As a certification procedure, Archangel Michael swore Balaam into court as the counsel for the Elohim to deliver word for word, put into his mouth, by the Elohim.

Balaam adjudicated the conflicted relational resolutions between the House of Jacob and his enemies. The Moabites have an affinity with the Kenites. Plain to see, the Balak the Moabite King, went all the way and invoked the principality of the Second Heaven to override the Elohim's powers. The King Balak made it clear to Balaam that his worldview will never support the God of Israel. However, the Moabites at different times in Israel's history shared a cooperative working arrangement.

Notice to China: Balaam adjudicated the conflicted relational resolutions involving the lion of Judah and the Kenites. There is NO recourse on the ORDER. Expect to see soon a resolution directed by Michael. Moses certified the landmass now occupied by China to be the land of the Kenites. There is no doubt, 100% sure.

- That day God made a covenant with Abram, saying: To thy seed will I give this land, from the river of Egypt even to the great river Euphrates, including the land of the Kenites, the Kenizzites, the Kadmonites. Genesis 15: 18-19.

The land that China occupies is deeded to Abraham. China did not exist at that time, for no one on earth knew nothing about the non-existence of a Chinese; but the world knew about the Kenites and Cain and his city. China is the land of the Kenites.

Re-examination of the text

Hasten to say, The Judahite is like countless number of biblical students who mature and, at the right time, receive the Holy Spirit's guidance to unlock Scripture passages. At hand, "including the land of the Kenites," means land entitlement. But where? When cross referencing Scriptures, the answer is clear.

As a quick statement of re-examination, it doesn't make any sense at all regarding the interpretation "from the Nile River in Egypt to the Euphrates" to be repeated as the inclusion of repetition in the same sentence.

From the given boundaries, there are two approaches for land entitlement clarification. First, the latitudes are clear. The Nile River: Latitude: 23° 58' 21" North. The Euphrates River: 38°41'32.48"N-38°14'24.10"N. Going a step further, Abraham was told wherever he walked would be the FIRST half of his inheritance. Yes. In the Covenant, Abraham knew his descendants would be totally removed from the land of Israel. Still, Abraham feet touched the lands of Syria, Iraq, Iran, Arabia, and Egypt.

Moses brought clarification to the meaning of ***"the land of the Kenites, the Kenizzites, the Kadmonites"*** for the returning exiles to claim.

Consider, the Kenites were nomads living in Arabia and became citizens of Judah, fully integrated with the Judeans. Abraham had already secured the lands of Arabia when he visited his son, Ishmael in Arabia. Currently, Saudi Arabia is already considered part of the Promised Land and will be taken soon by the returning exiles. The point: it doesn't make any sense to interpret the land of the Kenites as the land of Arabia.

Lifting the Mosaic Curses represent stage two of land entitlement

Moses' oracles: (1) Judah would return to Egypt via the Arab and transatlantic slave trade of Judah; (2) when the exiles return, Israel's boundaries would include China, the land of the Kenites.

Naturally, anyone links Moses's proclamation of expansion to include Iran. But, when cross-referencing Scripture and deciphering Moses, he knew precisely where the ten tribes of Israel were in North America and the location of the other ten tribes in Asia. Likewise, Moses knew **China** would, in time, grow into the Kenite's identity per the Abrahamic Covenant.

God's oracles don't deal in happenstance. During the end of the global famine, Joseph relocated many Egyptians and other racial groups along with the colony of the Ten Tribes to the East for construction projects. Over thousands of years, the population multiplied in all of Asia.

With 100% absolute certainty, the Executive Body of Israel will claim the land.

POLICY PROCEDURES

One. The Executive Body of Israel (EBI) authorizes the government of Taiwan to form a transitional committee. The scope of the Committee will operate as a Think Tank for the Executive Body of Israel in managing critical industries in China. The EBI will dismantle many of China's ambitions. The final report to the Executive Body of Israel must state the optimum benefits of Taiwan's industries merger with the Kenites.

Remember, China, as known today, will no longer exist.

Two. The name of the committee: **Judah's Operational Transition Committee.**

Three. No limitation on the number of people selected to the Committee. There should be many working committees with interlocking staff to the general committee. At the appropriate time, The Judahite will choose the local person to head the Transitional Committee. In the meantime,

the highest priority is organizing working committees; a major collapse is coming soon. Once the committee becomes functional, whoever becomes the appointed person must contact the Executive Body of Israel. Contact information will come quickly under separate cover.

A Review of Proclaimed Real-time steps toward Israel's land entitlement.

The earthquakes in the entire region will be fifty times greater than the 6.4 earthquake.

A. China's Navy submarines will follow the illustrative fate of 402

B. Expect cargo ships to go to the bottom of the sea and ocean.

- C. China's Ambassador to Israel found dead with no sign of foul play. Died at his residence in Israel on Sunday morning. A preview of how China's military will disappeared at the midnight hour.

- D. In the overall context of the seven seals and seven vials of wrath, less than a half of earth's population will remain. The point: China's military will be no more.

In summary, the samples illustration above were given to The Judahite as scalable models on a global level. Archangel Michael now has a working plan in motion. About 95% of the population think Michael will engage on the **silly** level of warfare as humans. As experienced by The Judahite, one's brain can disintegrate within seconds. There are so many tools at Michael's hand to achieve his objective. Michael can change time itself, can re-arrange time.

For China, the takeaway: if you cannot bend cosmic time itself, then accept God's Covenants.
