

Pope Francis and End-times events

The Significance of March 12, 2025:

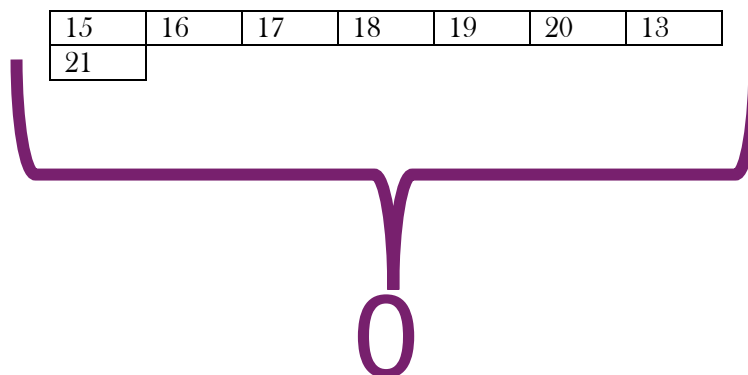

The Day Pope Francis' Death was Foretold.

The calendar date, a mysterious indicator of events, holds within it the potential for both visible and hidden, comprehensible and enigmatic occurrences, adding a layer of intrigue to our understanding of history.

A week or so before his death, The Judahite received notice of an event to occur on April 21 of national and international significance. The passing of Pope Francis on April 21, 2025, was not just a local event concerning Catholics but a global phenomenon that reverberated across continents.

In this revelation, Pope Francis is not just a focal personality; he is a significant figure of a period, a symbol of influence and change that transcends his individuality. He has never altered his views but has amplified them as a Jesuit. He was the black Pope wearing the white robe.

Pros and cons regarding Pope Francis' legacy.

The Judahite believes that the enduring debate about Pope Francis' doctrinal legacy, a topic that will continue to captivate the minds of Catholic Parisians for many years, has little significance to Judah. The Judah and the Ten Tribes, maintaining their impartiality, are detached from this debate. However:

The significance of Pope Francis to Judah is undeniable, as follows:

1. Pope Francis, a member of the Catholic order known as the Society of Jesus, or the Jesuits, is the first Jesuit Pope assigned by destiny. This order played a significant role in the papacy with its rich history and influence. In 1809, Napoleon Bonaparte's actions led to the arrest of Pope Pius VII.

In the years following the dethroning of the Pope and the Vatican, the Jesuits and the Freemasons forced the office of the Pope to renounce its temporal power. The Office of the Pope acquiesced and delegated legislative and political decision-making to the Jesuits' Secretary General. In co-regency, the Pope wears white while the Jesuits wear black attire. thus, the Jesuits became known as the Black Pope.

2. The Book of Daniel provides a descriptive account of the fall and rise of the Pope, which was directly related to the rise of the American Empire. Revelation 13:11:
Then I saw another beast rising out of the earth. This beast had two horns like a lamb, but it spoke like a dragon.

The buffalo has the face of a lamb, referencing a location where the White and Black Popes are united, yet each has its governing plans. In this regard, the Asherite Nat Turner witnessed the black and white spirits fighting each other in his vision. Furthermore, Daniel foresaw the Napoleonic Wars, a period that reshaped world history, orchestrated by the Jesuits and Freemasons.

3. History records that Napoleon had the support of the Jesuits and Freemasons in his rise to power and his defeat at Waterloo, as Napoleon received operational intelligence from them.

In contrast, the Holy Spirit worked through the tribes of Judah and the Levites to defeat France. Without Haiti's victory, Napoleon would have easily defeated colonial America and mandated French as the spoken language.

France attempted to enter North America through Mexico without giving up on France's desire to reclaim all its former territory west of the Mississippi. The LORD had placed Joe from Alabama with his law book, taken from his Master, to educate his people on the meaning of liberty. Napoleon tricked Toussaint L'Ouverture into entering a French ship as a dignitary, recognizing him as the constitutional father of the newly created state of Haiti. Once on the ship, he was taken to France and imprisoned, where he died. Joe of Alabama taught his community in Mexico to appreciate liberty. As a historical note, Joe did not go back into slavery because the Mexican government relocated him to Mexico. Hence, Cinco de Mayo, a holiday celebrated on May 5, commemorates the defeat of the French forces of Napoleon III in 1862 in the Battle of Puebla.

As a biblical note of warning to France, Napoleon slept inside the Egyptian pyramid at Giza, where he received notice that he and France would never defeat the **true** nation of Judah, Zion. Hence, France's defeat in the Western Hemisphere is proof, with the final battle to be waged with The Judahite, where France will come under the TOTAL control of the Executive Body of Israel in Exile. France knows its destiny.

4. The Jesuits, a Catholic order founded by Ignatius Loyola, a Spaniard who belonged to the Danite tribe, have a controversial origin. Herein, Dan is referred to as the Gentile Danites; he renounced his membership in Jacob.

Though many Arab Muslims close their ears to the truth, the Vatican wrote the Quraan's essential core reflects the doctrinal and historical aspects of the Holy Bible. This tailored approach was designed for the Hamites. The separation allowed God's people under the covenant to evolve during the apocalyptic periods of the four horses.

The historical implications are intriguing, as they rationalize the Quran's creation for the Hamite Arabs prefigured the distortion of Yeshua's mission during the Church Age's evolutionary history. By Isaac, the blessing to Esau, the Edomite, would use religion and religious alliances to preserve and maintain his power, which is the prescribed method of overthrowing Jacob's domination. Hence, Catholicism and Islam formed a perpetual alliance. The Holy Roman Empire, or the Church of Rome, is an Edomite religious institution described in Isaac's blessing to his son, Esau. In the Alliance, they overthrew Constantinople, the national capital of the Christian Byzantine Empire.

In summary, Esau married into the Canaanite tribe, making him a relative. This is why Esau and Canaanite Arabs often allied against the Israelites.

Out of self-interest, the Edomites guided the Arabs' historical agenda to be at odds with Israel, although at the beginning, the Arabs worshiped alongside the Israelites. With the Quran, doctrinal Arabs evolved their religion of Islam.

Logically, it took fifteen hundred years for the Holy Bible to be written, and just twenty-three years for the Quran. Anyone with the basic gift of reasoning knows the difference between an endeavor taking twenty-three years **versus** fifteen hundred years.

5. In America's formative years, the Asherite Nat Turner saw in a vision black and white spirits engaged in warfare. Indeed, the spirits of the Edomites and the Jesuits are fighting over the world's policy direction. Even during the American Civil War, the Jesuits planned to maintain Judah in slavery.

Still, the Jesuits, often compared to the Marines in Catholic missionary work, play a significant and enlightening role in spreading the faith, contributing to the rich tapestry of Catholicism.

Equally remarkable is the Jesuits' global footprint in education, having established numerous institutions of higher learning. However, the evolution of Gentile Dan, with his various personas, has posed a challenge to historical tracking, complicating his sociological identification within the framework of Daniel's Model concerning the four Gentiles' social systems.

It is only on a spiritual plane that the multi-headed snake Dan can be truly perceived. This spiritual entity operates across a spectrum of sectors, including banking, finance, investment banking, religion, the originators of commercial industries, and various levels of government policy.

All the subsets of Dan are impressive achievements. Moreover, the Jesuits' Dan is a clandestine, semi-military intelligence organization without a location, yet it always seems to achieve results. Such is the Jesuits' modus operandi.

6. Pope Francis did the seemingly impossible by implementing his action plan to take over. He appointed General Ham as Chief of Staff under his order from the Court of Ages. The Judahite had never heard of the Court of Ages before. Still, the Court of Ages can trump all national high courts. Indeed, it is mysterious, yet it holds supreme authority over national governments on Earth. It is beyond the scope of this presentation to delve into the topic; suffice it to say, Pope Francis, as a Jesuit, is not into publicity stunts.

Although the operational stage did not occur by removing President Obama from office, the intent was to establish the legal process for executing at a moment's notice.

Pope Francis wanted the world to know that his action is based on restoring the Organic American Constitution of 1776.

As stated in a previous presentation, the Jesuits possess state security intelligence that is second to none. Based on this fact, The Judahite can speculate that President Obama was planning something against the Jesuits, America, or against the Jesuits' interests. It was said years ago, and is being repeated now, that President Obama may or may not have been aware of a concealed conspiratorial plan, a mystery that continues to intrigue. Therefore, when such a plan is revealed, President Obama remains clean.

Nevertheless, the Pope's motivational assertion has a flaw. a. The Declaration of Independence bears the signature of the Jesuits, who played a significant role in planning the states of Washington and the District of Columbia (D.C.).

For many years after the White House construction, a dedicated phone line connected the White House to the archdiocese in Maryland. b. The U.S. Constitution 1776 was replaced in the 1800s, making America a state corporation. Again, the Jesuits played a significant role in this transition. Dan's banking class, with connections in London and New York, wanted to establish the

central banking system despite resolute opposition from the people. The people knew from empirical results that national and international banks never had their interests at heart.

- c. Resurrecting the organic constitution would still have put Judah at a disadvantage.
- d. Thus far, as a historical fact, the organic constitution, in the eyes of Judah, cannot justify the order from the Court of Ages. Perhaps the Scriptures offer an answer. Pope Francis, the Black Pope, signaled that it was time to round off Esau's blessing and restore Jacob's blessings. Even with such an intention, there is a problem. First, Jacob's blessing to the world and Daniel's vision of Nebuchadnezzar's tree trunk regrowth. Both prophecies are predicated on Judah's economic exploitation and social oppression of the Ten Tribes. As a Jesuit, his order from the Court of Ages was noble. But the Scriptures foretell that Jacob will overthrow Esau, the Edomite, or the White Pope, and redirect Jacob's blessing for self-use and interest.

In conclusion, Pope Francis served as an end-time prophetic marker for the people to cross-check prophecies to know Revelation 17:16-17:

And the ten horns and the beast that you saw will hate the prostitute. They will leave her desolate and naked, and they will eat her flesh and burn her with fire. For God has put it into their hearts to carry out His purpose by uniting to give their kingdom to the beast, until the words of God are fulfilled.

The ten horns are about to turn on the beast. Economic chaos is now unfolding.

The final take on Pope Francis' court order: Pope Francis saw or was informed of an impending celestial event that would destroy countless people on Earth. The information came through the Vatican's Large Binocular Telescope (LBT), which is located on Mount Graham in Arizona. LUCIFER, on the other hand, is the name of the near-infrared instrument.

The people at the Vatican know and expect a major incoming solar visitor that will wipe out a large percentage of Earth's population. Thus, Pope Francis was motivated to take control of America in the interest of humanity.
