Purifying the Temple

Removing the statue of Zeus, the altar for hog sacrifice, and other removal items in the purification of the Temple, including lighting the menorah that remained lit for eight days on one days' supply of oil, in all, the work done comprise the Feast of Dedication.

The Jews of today celebrate the Maccabees' accomplishment of Temple purification, known as Hanukkah.

**Judah and the Executive Body of Israel motives
Differ from the established celebrations.**

November 2021 brings to completion the annual appointed observance Feast Days.

The Feast Days are not about eating food. The appointed Feast Days are Astro theological in the function that revolves around the prewritten history of humans still recorded in the cosmos. The children of Israel bring to the world coherency; as such, Jacob read the prewritten history of each of his sons, tribal nations, telling what would befall them in the latter days just hours before his death.

There is a life cycle in the Feast Days, wherein the relational phases depict Adam's downfall and redemption, qualifying Adam's seed to commune daily once again the presence of the **RIGHTEOUS ONE**. Hallelujah.

A very long journey. Discovering the Feast Days thru trial and error.

Since 2010, The Judahite's consciousness systematically unfolded through a very complex investigation about the importance of the Feast Days.

Once, having learned the role of tribal Asher, The Judahite moved in the right direction for further research. The breakthrough came in studying the works of Eusebius and Emperor Constantine. Next, the Protestant Reformation movement in Europe and King James I of England, and Britain's long history in India. Then, when studying the history of how the Federal District, the District of Columbia, came about, The Judahite had to go back and confirm the date of the fall of the Little Horn, the First Beast, and the rise of the Second Beast. Finally, when studying and restudying the Confession of Nat Turner and books about his life, The Judahite, through the Holy Spirit, saw a historical matching pattern between President Andrew Jackson and Nat Turner. Nat Turner is an Asherite, so as King James I and Eusebius.

While Christian Jews correctly observe the **fulfilled** Feast Days, the Asherite Turner illustrated the **unfulfilled Feast Days**. Still today, massive confusion persists regarding correct dates. There is no need to rediscuss the consequences of working off incorrect information. The Gregorian, the

Jewish, other calendars and calendar dates derived as hybrid dates of historical milestones constitute the mixer of complexity. Asherite Turner cuts through the uncertainty.

There is value in Jewish practicing observance of the Feast Days. There are no questions that the Mosaic Curses are 100% effective. The Ashkenazi and Sephardic Jews have shaped the imagery of Feast Days for thousands of years while Judah remained asleep, unconscious of his biblical identity.

The Israelites Judah think and act like Gentiles regarding Feast Days. They see themselves as Gentiles looking from the outside during appointed observances.

After Nat understood the nature and purpose of Yeshua, he professed to walk perfectly in the ways of Yeshua for the rest of his life, yet he ate pork on that occasion of Atonement. As an Asherite Native American, Nat stands as the hallmark of spiritual rebirth after three thousand years living in North American. Yes, Joseph understood the Astro-theology of Jacob and Enoch. Joseph placed Israelites colonies in the East and West as indicated by his father, Jacob. Today, there appears to be a growing trend among Native Americans, the ten tribes of Israel, to embrace themselves as Israelites and practice Hebrew traditions, for the future is in the **promise**, not in seeking to re-create yesteryears of no significant value.

The Judahite has consistently maintained that not all Native Americans are Israelites, though they came from Egypt with the colonies of Israelites.

The Judahite and the unfulfilled Feast Days

The Holy Spirit assigned The Judahite to use Asher's illustrations to bring content purposes for the unfulfilled Feast Days.

The LORD adheres to his working methods. Time assigns itself a long duration to crystalize its designs within people, social, economic, religious processes, and milestone events. Yes, all forms of materialism represent time and place, for time is eternal and manifest in all forms of matter. Thus, time is required to put into place massive details so that each milestone of history could substantiate itself in the future. No, there is no such notion as happenstance.

Only those ignorant and heathens, regardless of educational levels and places of abode, life is a series of accidental chances. Guided by luck, life is to be lived without forethoughts of past civilizations and how they ended. Living in a dark world, the Israelites bring light to the Gentiles' worldview.

The LORD gave The Judahite the appointed unfulfilled feast dates. Though the dates are not observed broadly, they will be with content refinement over time. Thus, first-step-first, the structural components must be put in place first, for the LORD allows time for composing details to emerge at the right place and time. Just remember, prophetic processes can take years, decades, centuries, and thousands of years to emerge from the shadows into the bright light of day.

Since 2017, a dual process has simultaneously occurred, as the breakdown of interdependencies within the Second Beast system and mystery Babylon, including imperialism. While at the same

time, the Man-child's developmental stages unfold, reaching the stage where his hands come to rest above all his foes and then, with the power of Michael, Gentiles' kingdoms collapse by the supernatural Stone cut from the mountain.

Feast Meals

Juxtaposing pork and lamb on the menu Feast Days. Jews would never participate in any feast with pork on the menu, despicable, never. On the other hand, the Asherite feature pork in the celebrative meal, marking the division between fulfilled and unfulfilled feast dates. Hellenism, the Second Beast system, and Mystery Babylon the Great are all subject to the statutory judgments of Mt. Horeb Court Order.

Often overlooked, there is a theological tenet in eating pork the same as the serpent-pole. The LORD commanded Moses to erect a golden snake pole and place it in the center of the camp so that whoever looked upon it and repent would go on living. The rebellious Israelites died by the thousands until Moses made the snake pole. What? Yes, there is an irony. The snakes' bites killed thousands before Moses erected the snake pole for salvation.

As pointed out before, individuals have managerial authority over his and her daily diet. No one in the Congregation challenges freedom of preference. However, eating pork on a selected date will be upheld because the LORD directly approved The Judahite. The LORD doesn't disrespect his process, for the angel who tutored Nat and guided him through the Feast Days, including the celebrative meal of Atonement.

The First Portion. **Temple Dedication**

Part one: **November Dates**

The Elohim establishes **November 5th** as the certification date for Jacob's tithing-blessing to Ephraim's America in co-regency with the Second Beast having interlockings with Babylonian the Great. This date compliments Daniel's version of the rise of the Second Little Horn and Daniel's version when Babylonian tree-trump would regrow and become a global economic empire.

November 11 certifies the commencing imperialistic era of the global snake that would run parallel to Judah's jurisdictional evolution. Archangel Raphael established a milepost for the ramifications outcomes timeline by marking this date.

The Archangel commanded the Asherite to wage war with the snake whose sidewinding motion would foster the rise of the imperialistic dragon. Just as the Archangel told Daniel about leaving the global prosperity tree trump, the same Archangel told the Asherite it was time to wage war with the serpent using his tools.

Nat's decomposition and re-composition body parts serve as the ideal model to illustrate imperialism. The LORD knows best how to teach. As in the case of man statue in Babylon, as in the case of Nat's body decomposition and recomposition, one state of energy transferred to many energy forms of utilities. Thanks to tribal Asher, the energy industry sustains and allows the many marvels of capitalism. The availability of energy resources determines a country's economic capacity to sustain itself and expand simultaneously.

Resting on Jacob's blessing and Judah's economic exploitation, the serpent and the dragon managed the most robust financial and banking systems ever seen on earth.

With time, as foretold, the Man-child would overtake the dragon of imperialism, for it is Dan's financial model that China uses. Not to forget, Dan the snake gave China the algebraic discipline algebra in its very advanced form.

November 12 is appointed Feast of Tabernacle. November 11-12 constitutes one day, integrated dates that are inseparable. Death of the plant (Nat) and the seeds of life for twin brothers (Dan the serpent and Judah the Man-child.)

Planting and tracking the seed of capitalism via the Second Little Horn and Babylon the Great, Nat's recomposition into items of utilities. On the other hand, the seed of Judah involves the re-composition of new spiritual hearts per Scriptures configured into the spiritual design mode called the new Temple.

With each progressive milestone experienced by Judah in opposition to the serpent, the experiences drive the Temple's design model, no abstract fantasies. The spiritual model attests to the historical misconceptions about Judah's desires and aspirations. Judah always viewed the trapping of wealth displayed in Babylon the Great (the system of capitalism and imperialism) as temporary and conditional, having no lasting value.

Like this, the new Temple represents jurisdictional moral behavior under the Stone Kingdom that directly disassociates with stealing, killing, and causing spiritual deprivations as the prevailing tendencies of capitalism and imperialism.

Part two

The Background Dates that Drive Festival Dates

December 2021 holds the following celebrations: the Feast of reDedication and the Festival of Lights.

The 144k and the waves of Firstfruits will always acclaim Mt. Horeb's judicial decision favoring the preservation of Tabernacle. In the Magistrate Court of Heaven, the Finding of Facts and Recommendations led to Elijah appointing Elisha as Israel's prophet before his ascension. Down through history, the acclaimers like Elisha litigated the Mt. Horeb Magistrate Court Order Recommendations (hereafter Mt. Horeb Court Order). At hand, the motion herein, like the motion granted the Maccabees,

Apphus litigates for a default judgment per the Mt. Horeb Court Order. Specifically, Apphus seeks to remove opponents with disrespectful and hostile religious practices to the Feast of reDedication from the House of Judah and the entire Holyland by the end of December's festival dates.

*Straightforward, Yeshua has given an unequivocal definition of reDedication. Those who don't possess the Holy Spirit **cannot hear the voice** of Yeshua and, by default, not a part of the ongoing weaves of Firstfruits.*

*However, on condition, the enemies of the Executive Body of Israel who manage to survive Revelation's vials will be required to come to Jerusalem during the **Feast of Tabernacle** to honor the King of kings under Yeshua's theocracy. Zech 14:16*

Today, the plagues have yet to achieve their purposes; therefore, the default judgment is to remove anti-reDedication opponents from the Holy Land by the end of December's festival days.

Under Mt. Horeb Court Order, Damascus governments have been assigned protagonists in the prophetic drama with Judah; therefore, Damascus will always be prosecuted under the criminal rules and codes.

Once Elijah anointed Elisha, First and Second Chronicles record Israel's perpetual wars with the governments of Syria. A word of caution. Syria has geographical boundaries, though the territorial borders have expanded and shrunk over the centuries. Likewise, Damascus' original edges have expanded and contracted. Still, the oracle regarding Damascus focuses on the national government as an institution. Consider the history, Damascus has been captured and occupied by several foreign states over the centuries, the attention, therefore, is on each of the governmental policy character toward Judah. In other words, a general statement about the government of Damascus is nonanalytical.

For the end times record, December 3, 2021, a judge in Colorado ruled that Ahmad is unfit to stand trial. Ahmad, a Syrian, killed ten people in Boulder at King Soopers in March of 2021. Four doctors determined he was not mentally competent to stand trial.

The interconnections, Damascus as a city no longer justifies existence, per Isaiah. **Soon, Damascus will be destroyed**, and the people will be taken away for good. The pending ruins of Damascus will always invoke psychological devastation and fear of God. The Judahite has discussed the updated understanding of Isaiah regarding Damascus months ago and knows with absolute **CERTAINTY** as of 12/8/2021 through a direct notification that the day is coming soon!

According to Isaiah, expect a domino effect; yes, America is in the picture.

Elisha understood Mt. Horeb Court Order. Accordingly, he formed biblical schools to teach and

train missionary workers. Moreover, the LORD gave Elisha military intelligence on the Syrians planned offenses to feed Israel's army. Once the Syrians realized who God sent their war plans, always neutralized, they came with an army and surrounded Elisha's house to capture him. Elisha blinded the Syrian army and led them away to the King, fed them a meal, and returned their sight. After eating, he sends them back to Damascus.

Elisha anointed the governments of Syria to do their appointed mission. Elisha foreknew Damascus's cruelty would be transgenerational. For example, as foretold, babies would be torn from women's wombs, people burned to death, etc. Looking far into the future, over a million Judean women had their babies ripped from their wombs and children heads smashed against trees and the walls at Zanzibar per Damascus policy under the Arabs.

A Family of Faith, the Maccabees/the Hasmonean Dynasty

Mattathias, the patriarch of the Maccabees, waged war against the Seleucid Empire out of reaction to forced cultural assimilation, forced adoption of Hellenistic practices. Being very clear to the true believers, Hellenism would eliminate the moral laws of Moses.

Faith in God vs. the fear of man. A percentage of Levite priests embraced Hellenism out of fear of being unmercifully killed, taking many people with them, some of which reversed their circumcision.

Mattathias was the first to deliver the death blow to a priest who submitted to the Damascus policy for all subjects to worship Zeus. History repeats. Look at King Nebuchadnezzar and his statue. Nevertheless, killing the priest was an act of sedition, forcing him and his family to escape to the hills.

Before his death, Mattathias called his sons together at the epic moment of history and gave them the faith-blessing of promise, assuring them to believe in God against all odds. He told them to study the old days and learn how Israel warred against enemies ten times as powerful and won. He said that God would deliver the Greeks into their hands for defeat like in ancient days. Apphus, a title, was assigned to Johnathan. He was the commander of the guerrilla military campaign against the Greeks.

Generally, when a conquering army took government control, people worshiped their gods or died. King Nebuchadnezzar's interaction with the three Judahites is a classic example of honoring the conqueror's god and the image.

In the face of the Greeks' inhuman cruelty and the fear of death, many in the Levitical priesthood became weak in faith and led people into worshipping Zeus inside the Temple.

Of necessity, the Hasmonean Dynasty reformed the Levitical priesthood and became the monarchy. Bear in mind that the Levitical priesthood occupied two roles. One being religious and ceremonial as prescribed by Leviticus, a familiarity among us. On the other hand, they served as

municipalities, the center of local governance, including civil works projects, e.g., roads, bridges, schools, etc.

A new version of church and state emerged from the Civil War wherein the Hasmonean Dynasty became the state. In review, the Israelites lived under the theocracy of the Elohim. Then, one day, they lost trust in God and voted to be ruled by a king like Gentile nations. God honored their request by selecting Saul, king of Israel. Since that time, church and state have formed a binding relationship.

A Family that stood in the gap (Ezekiel 22:30)

The Maccabees waged war against Hellenism. There are no compromises for the Maccabees and the people who followed them, either life or death. So, it came to be, Damascus Seleucid government's burned alive many people who refused to worship Zeus and refused to fight on the Sabbath and became "a fish in a barrel." Their enshrined words: *may heaven be a witness to their death*. Their words of **Affidavit on Sabbath Worship** extend to all who died and would be killed for worshipping on the Sabbath regardless of location.

Part Three:

Using the Temple as the rotating base to fashion binary complexities involving Judea's foreign relations with other countries.

The Mt. Horeb Court Order became a functional instrument in the hands of the Maccabees, allowing them to re-engineer the world through treaty laws and diplomatic maneuvering.

The Maccabees' era is one of high-level complexity in fashioning new institutions for Judea and the world, making ready for the Christ under Roman rule. There are a few points to note as mileposts. **A.** the Hasmonean Dynasty exerted control over the priesthood as an institutionalized safeguard to preserve the integrity of the Law of Moses. The office of the High Priest became political appointees. **B.** Unlike any other historical period in Judea's history, the Hasmonaean Dynasty weaponized diplomatic relations through treaty law to defeat the Seleucid Empire headed by Antiochus IV Epiphanes with his capital city Damascus. Relentless efforts drove Hellenism from Judea. The Hasmonean's strategic and tactical foreign service and diplomatic maneuvering neutralized and eventually defeated the Seleucid Empire. Not to overlook the fact, at that time, the Greek Empire was a powerhouse, holding the upper hand over Rome, but without confidence in its military power due to lots of infighting among Alexander's generals. **C.** As a name title of a double spirit, Apphus used the **Affidavit on Sabbath Worship per Mt. Horeb Court Order** to rally the people in the liberty of Sabbath worship. The words of the Magistrate judge at Mt. Horeb spoke of the people who would be a witness of him, indeed.

Apphus petitioned the High Court of Heaven for a summary judgment because Hellenism could not defend its genocidal cultural practices and its ongoing intent. Next, Apphus appealed to the people by asking them to adopt the faith-based principle to fight evil at any time and place by

becoming less dogmatic about the Sabbath. Upon granting the default judgment from the High Court of Heaven, the *people picked up arms to fight against the Judeans who converted to Hellenism* under Damascus's foreign policy relations.

Next, the Hasmoneans simultaneously opened a foreign relations war on all three fronts. Their foreign policy relations are one that modern times appreciate. Making treaties and profiling the role of diplomats is a demonstrative model that there are different ways of skinning a cat or having one's cake and eating it (too). **D.** God's outline of history is coherent. With absoluteness certainty, the Hasmonean Dynasty pre-structured the foundation of the **First Beast System**, the Little Horn. Daniel's Man Statue anatomy depicts the Gentiles' four social systems in the downward moving of history. With absolute certainty, Queen Esther and Mordecai's policies led to the formation of the Greeks' city-states and the rise of Alexander the Great, who ended up destroying the Mighty Persian Empire and died in the city of Babylon. Where Daniel foretold Alexander's demise and the four divisions of his kingdom among his four generals is the place of Alexander's death. As a footnote, the most significant battle recorded in human history where over, by estimate, 700,000 to a million troops were engaged.

Transitional Outcomes

The Idumean appeared for the first time due to the Hasmoneans' treaty and relations with Rome. Under force, the Idumeans embraced the religions of the Judeans for self-serving reasons.

During the Roman era in Judea, the Greek Fort Acra became Antonia Fortress. After 1947, Antonia Fortress's wall became known as the Wailing Wall as a symbolism of the **Affidavit on Sabbath Worship**. In actual truth, the Wailing Wall stands as the testimony to God's assertion in Mt. Horeb Court Order about retaining seven thousand prophets for himself. No, the Wall is not about weakness; instead, the Victory Wall for having kicked out the nonbelievers in Yahawah. Ezekiel 9:4 details the phased operations of the Court Order when Apphus received the command to mark the foreheads of those who would carry out anti-Hellenistic practices.

Multi-culturalism is a proven social weapon that effectively led Ephraim and the Northern Kingdom to abandon the LAW of Moses for heathenistic practices, later called Hellenistic. Hellenism is a personalized philosophy of depravity in all its appetite for living on the dark side of the Ten Commandments. Multi-culturalism buttresses the indistinguishability of social and biological divisional definition lines as a social policy. For example, in today's American society, all definitional restrictions on sexual orientation have been lifted due to protective laws and growing social acceptance of the LGBT-Q. Those pushing a culture of relativism of moral value have the objective to engulf the entire world into the practice of LGBT-Q. Hellenism has put on a different dress with new shoes; fundamentally, nothing has changed. In the larger picture, the lifestyle movement goes back to the prevailing pre-flood culture that covered the globe.

Proceeding from relativism of moral value, any, and everything goes at any time and place.

1. The Northern Kingdom of Israel, led by Ephraim, came to its end due to practicing multi-culturalism. The weapon of multi-culturalism still carries the same assimilated cultural objectives, turning Judah against his God. Greek letters fraternities, sororities, and many other semi-secret and secret societies have long planned for a rematch, hoping to subdue tribal Judah. As in all cases, if one doesn't stand for anything, one will go along with any personalized contact.
2. The future. The Hasmonean Dynasty created the conditions that foster the major theatrical players (a) Judeans, or Judah must be flexible regarding the Sabbath's day of rest, foreshowing the Gentiles' Sunday worship post 70AD when Judah exited the pages of history. (b) the foundational workers for making possible the rise of the First Beast system. (c) Recognizing the functional title of Apphus, the archetype, engineering the litigation under the Mt. Horeb Court Order, **the resultants**: Fort Acre emerged into Fort Antonia that now stands symbolically as a victory in the Feast of Atonement; a place where the LORD placed his name, the city of Jerusalem; the Sabbath's Wall of Victory is the earthly magistrate's courthouse, where the Jews come to atone for their treacherous deeds during the Seleucid Empire; the Herodian Dynasty (killing of thousands of boys under two years of age in an attempt to kill Yeshua); the death of Yeshua in a pre-arranged verdict; killing the Apostles during the Apostle Era; continued with prosecuting Christians with intensity until after Emperor Constantine moved to Constantinople; the transatlantic slave trade out of it the formation of capitalism. For sure, there is a need for ongoing atonement related to Judah.
3. The Sabbath's Wall of Victory (instead of the Wailing Wall) is symbolic of Magistrate's Courthouse on earth. Ezekiel notes the Wall or the Fort Acra where Apphus would receive his command to mark the foreheads of the anti-Hellenist. Still, a place where the Jews come to atone for their treacherous deeds. Today, there is a way out for some.
4. Under the Court Order, Damascus' Arab state policy sanctioned hunting Judah down, capturing him like an animal. Mostly men were killed followed by all children and unborn in the last trimester of birth. Forty million estimated died in the first half of the Arab slave trade.
5. Jeremiah's seventy-year prophecy coincides with Paul's notation of the Feast of Trumpet's first and last sound of Trumpet. In between the first and last, Trump would emerge. Yes, both prophets corroborate the four-year season for Judah to make a ready departure. Paul calls Trump by name and states the condition by which he would rise to power. Indeed, in the closing hours of the polling stations, The Judahite went in and cast his ballot for Trump.
6. Just as Paul proclaimed, President Trump served a dual mission. First, he performed in his elected role for four years as required by U.S. Constitutional law. Secondly, Trump completed the arranged quid pro quo. Prophetically, as The Judahite's envoy, Trump visited the Wailing Wall in 2017. Sufficiently, by touching the Wailing Wall, the Affidavit of

Sabbath Worship, Trump acknowledged the Magistrate Courthouse and Mt. Horeb Court Order. Not to be misled, there is no claim herein to suggest that Trump was conscious of his prophetic visit to Israel. The Spirit made all the necessary touchstone arrangements to validate prophecy. Jeremiah's seventy-year prophecy speaks of Judah's return to Israel. Indeed, acting prophetically, Judah established his jurisdictional authority over Israel just as Jeremiah foretold.

7. Trump came into power specifically detailed by Apostle Paul at the last hours of presidential voting; The Judahite cast his vote for Trump. No such thing as a coincidence. Isaiah called King Cyrus by name about a hundred years before his birth. Cyrus served as a time marker for the Feast of Trumpet; likewise, Apostle Paul called Trump by name, yet again, as a marker for the Feast of Trumpet.

Part Four:

Purifying the Temple with the Traditional date of Dedication

Upon victory, the Maccabees returned to the Temple to give thanks. Behold, they fell and cried when they saw the statue of Zeus built over the Holy Altar used for hog sacrifice.

They started the purification process by lighting the menorahs with one's daily oil supply. The resupply of Temple's olive oil required eight days of processing. Burning seven candles stands for eight days: indeed, a miracle. Because of this miracle in the purification process, the event came into celebration as the Feast of Dedication.

Standing in contrast to traditional practicing, Dedication requires the clearing of one's heart to win Victory. The Congregation can sum up the victory as the **Doctrine of Disassociation** from spiritual impurities. The true meaning of Dedication has been concealed and misplaced. The Maccabees arose in response to religious weakness in God; for some of the Levite priests, faith in God was relative. They could not see the difference between paganism as the lowest form and the Most-High.

Updated

The meaning and purpose of one day's oil supply.

One day's oil supply is symbolic of Mt. Horeb Court Order in the affirmation that no man, regardless of title and governmental systems, is sufficient to overturn the outlined Court Order to remove impurities from the Tabernacle.

The light burning represents the Court Order is still in effect. The sign that the Court Order will always be in the pre-selected hands to execute the Court Order with assurance to have sufficient capacity to overcome lifestyles of spiritual degradation.

In spiritual essence, the Mt. Horeb Court Order is about God's Tabernacle. The Dedication festival centers around the **Doctrine of Disassociation**, spiritualized disassociation in preserving the Sabbath.

Moving forward in time A.D. 33, after Yeshua's ascension, the ceremonial services at the Temple continued until A.D. 70, when the Herodian Dynasty and the political appointee priests ended. The end and the new. The Idumeans based in Rome and still had deep connections to the power centers of Rome would continue opposition to the Christians for two hundred years.

In contradistinction, the Apostles continued using the Temple with the Idumeans, but the Apostles' miracles pushed the faith-based movement of Christ away from Jerusalem. As the Christian movement grew, the Apostle's era fashioned the Church Age around Yeshua's practices, observance, and the Great Commission to go into all the world preach the Gospel and baptize in the name of the Father, Son, and Holy Spirit.

The menorahs have contrasting purposes:

(1) Nonstop burning for eight days.

(2) Stop burning each night for 39 years.

The menorah lights went out supernaturally in the Temple each night from AD 33 to AD70. Yet, an ample supply of oil was on hand. The correlation is clear, **making way for the reDedication of Hearts, not a building.**

Relighting the menorah by the Maccabees and extinguishing the menorah lights each night for 39 years is two sides of the same coin. The Holy Spirit manifests as the guidepost. Consider, the continuation of burning lamp and the relighting of the menorah has the same purpose: the Mt. Horeb Court Order is always in effect, visible or invisible, waiting for the next assigned prosecutor to execute statutory codes in the last portion of the double eight.

AD 70 signals the era of Judah's re-enslavement and the rise of the First Beast, the Little Horn described by Danial. The Hasmonean Dynasty pre-conditioned rise of the Little Horn, and in time, the Little Horn gave way to the Second Beast system, having operational powers in both Rome and Washington D.C. The guidepost of history still certifies the enforceability of the Mt. Horeb Court Order.

Part Five:

**Yeshua himself is the probative value in the
Feast of Dedication**

Yeshua Observed the Temple's Feast of Dedication

John 10:22-29

And it was the feast of the dedication at Jerusalem: and it was winter. John 10:22

And Jesus walked in the temple, in Solomon's porch.

Then the Jews surrounded Him and said to Him, "How long do You keep us in doubt? If You are the Christ, tell us plainly."

Jesus answered them, I told you, and ye believed not: the works that I do in my Father's name, they bear witness of me.

But you do not believe, because you are not of My sheep, as I said to you.

My sheep listen to My voice; I know them, and they follow Me. 27

John 10:28 And I give unto them eternal life; and they shall never perish, neither shall any man pluck them out of my hand.

John 10:29 My Father, which gave them me, is greater than all; and no man is able to pluck them out of my Father's hand.

On Solomon Porch,

Yeshua discloses the new Temple's bedrock of spiritualized disassociation.

1. From Solomon Porch, Yeshua could see the walls of Fort Acra where the Greek soldiers would depart and kill many Judeans on the Sabbath and later any other day during the years of civil war. Yeshua was mindful of the affidavit given by the Judeans. They offered themselves as burnt sacrifice out of respect for the Sabbath just as he said in his issuing decision in Mt. Horeb Court Order: some would not bow down to idols.
2. The self-proclaimed Jews, not from the tribe of Judah, surrounded Yeshua on the celebrative feast day and demanded a **yes** or **no** answer whether he is the Christ. He was mindful of the Jews' secret intent to find an excuse to misdirect his response.

Yes or No. The Jews could have answered their own question had they passed on the opportunity to be baptized by John. They refused to repent of their sins; therefore, they could not grasp the spiritual task of John nor the spiritual essence of Yeshua's ministry.

They were complicit in the imprisonment of John the Baptist, who pointed out the spiritual corruption within the governing establishment, including the priesthood and later beheaded.

Over the years, they heard Yeshua's teachings, saw his ministry, raised the dead, and fed 4k and 5k, etc. Demanding a yes or no answer to a non-doctrinal issue would have amounted to placating fanciful desires!

Officially,
Yeshua defines the Feast of Dedication

Although Dedication never became one of the appointed Feast Day per Leviticus, Yeshua officially defined Dedication at the Temple when he presented the Doctrine of Disassociation, thus elevating Dedication to rededication because the ten tribes were not in Judea though included as his sheep.

- *“But you do not believe, because you are not of My sheep, as I said to you. My sheep listen to My voice; I know them, and they follow Me.”* ^{10:27} John

He asserts the principle of spiritualized disassociation.

Yeshua acknowledges the Affidavit of Sabbath Worship by asserting:

- ^{10:28} *“And I give unto them eternal life; and they shall never perish, neither shall any man pluck them out of my hand.”* John

Such is the doctrinal assurance when standing with Yeshua in disassociation.

Yeshua Satisfies his judicial decree.

Remember when the Elohim adjudicated the issues among Eve, the Serpent, and Adam and the rending decision: there will always be a conflict between Adam's and the Serpent's descendants.

Yeshua re-certifies the embedded principle of spiritualized disassociation contained within the Edenic Judicial Decree. Speaking loud and clearly: no man or woman can serve two opposing masters. In anger, the *Jews sought to put their hands on Yeshua with the intent of crushing his head with stones in their hands, but he disappeared.*

Months later, Yeshua *satisfied the first part of his own judicial decision through his death.*

- And I will establish my covenant between me and thee and thy seed after thee in their generations for an everlasting covenant, to be a God unto thee, and to thy seed after thee...
Genesis 17:7,8

Yeshua's bring judicial clarification to the Fest of Dedication. First and foremost, the Maccabee's victory was an internal victory over the enemy within the Congregation. The lesson: always wage a faith-based fight with opposing forces within the Congregation.

- a. *How can God's temple come to terms with pagan idols? For we are the temple of the living God! As God himself has said, "I will make my home with my people and live among them; I will be their God, and they shall be my people." 2 Corinthians 6:16*

After Yeshua encountered the Jews, he went on to fulfill his mission. He was killed, buried, arose, and ascended into heaven.

At the ninth hour, Yeshua's moment of death, the Temple's veil ripped from top to bottom, removing the wall of separation—the intermediaries. Now, today, salvation can be obtained directly through the Son of God. No more animal sacrifices, for he is the sacrificial lamb. Mission completed: killed, buried, arose, and ascended into heaven where on the phone line of the Holy Spirit he can be reached at any time 24/7.

Why is there so little talk about the sun's disappearance supernaturally for three hours while Yeshua was on the cross? At the same time, the full moon stood visibly! Pretty much the answer is clear! You don't talk about something that you cannot comprehend.

Staying aligned with Yeshua's judiciary, avoiding incorrect practices.

The latter Temple will be greater than the former. Already, the New Covenant established in May of 2021 serves as guidance for ideal principles and precepts for making the latter Temple.

The New Temple's Corner Stone:

- Know ye not that ye are the temple of God, and *that* the Spirit of God dwelleth in you? Corinthians 3:16 & 17
- What? know ye not that your body is the temple of the Holy Ghost, *which is* in you, which ye have of God, and ye are not your own? 1 Corinthians 6:19
- And are built upon the foundation of the apostles and prophets, Jesus Christ himself being the chief corner *stone*. Ephesians 2:20

Summary Points

Mt. Horeb Court Order Pre-determines the specific statutory codes for prosecuting each division within the Eden-Decree before the High Court of Heaven.

- a) Ezekiel's anti-Hellenist mark on the forehead establishes legal authority to kill all who live in that moral persuasion.
- b) Apphus' theological principles of the Sabbath incorporate the precept of growing the Tree of Life. The rewards of life are more significant than the reward of death. Apphus' motivational principles inspired the Judeans to arise and fight for the liberty to worship on Sabbath in peace. Anti-multiculturalism drove the Judeans to fight to win.
Yeshua's precept: "***He who believes in Me, as the Scripture has said, out of his heart will flow rivers of living water.***" The Temple of God is within. In contrast, physical structures

- are proper places for the collective expression of worship. Moreover, “where two or more are gathered in Yeshua’s name, he is the midst.”
- c) A moral duty for all Judeans to disassociate from Hellenism regardless of location and period. Sororities, fraternities, and many other semi-close societies are Hellenistic. By no means limited by private clubs and private organizations, the entertainment and sex industry promote Hellenism for everyone to become native of its social setting. The multi-billion dollars industries are a relative scope of Hellenism.

Second Portion

The Temple’s reDedication

While talking to Jews on Solomon Porch, Yeshua stood within months of reaching the midpoint of his history on earth, marked by the Serpent’s descendants crushing his head, tomb burial.

On Wednesday-Thursday of High-Sabbath (his death and burial), Yeshua *satisfied the first half of his own Edenic Judicial Decree.*

In the First Sentence of Genesis, he declares: “I will give my life by free will and take it back by my own power.”

*The second half of the Eden Decree declares cutting the heels of the Serpent’s descendants. Under the judicial mandate, the Serpent’s descendants are now being prosecuted according to criminal rules and codes per Mt. Horeb Court Order. The judgment is pre-determined immobilization as the descendants’ self-will is now being taken away by the **Executive Body of Israel**. Or, the Angels are **NOW** in front of the Congregation, clearing the way for a safe return home.*

Stephen vs. Saul

the dynamics between a physical structure vs. the spiritual Temple

After Stephen’s masterful presentation on the evolutionary history of spiritualized disassociation between the steadfast adherents of Yahawah’s Tabernacle and those steadfast congregational

adherents to **gods** in opposition to the Mt. Sinai Covenant, he was taken out and stoned to death.

High points in Stephen's presentation

- a. God selected Moses at Mt. Sinai to give his oracles to the Congregation. Yet the council of Elder, composing the Sanhedrin, lacked faith and wanted to turn back to Egypt instead of going forward to receive their inheritance.
- b. During the Northern Kingdom, the Elders made an idol calf with their hands, and they bowed down to worship it.
- c. Next, they "took up the tabernacle of Moloch, and **the star** of their god Remphan figures they worship, (**now called the Star of David**)" during the forty years in the wilderness.
- d. They worshiped Remphan (**still do**) in disrespect to the Tabernacle. The LORD gave Moses detailed specifications for constructing his Tabernacle to commune with the Congregation.
- e. The Tabernacle entered the Promised Land under Joshua and remained until David. Finding favor before the LORD, David wanted to construct a permanent place for the **Testimony of Witness**. The Elohim said: the earth is his footstool. How is it that you can build a temple to hold me?
- f. On conditions, Solomon built the Temple in the spirit of Yahawah. No human hands can design temples to reflect the Tabernacle of Heaven. The Holy Spirit tasked the conceptual design.
- g. The Elders attended the Solomon's Temple dedication service when the acceptance smoke of the Holy Spirit drove everyone out of the Temple. Yet, the Elders have killed and persecuted every prophet and servant of Yahawah, even the Just One (Christ).
- b. Stephen concludes: "*You stiff-necked and uncircumcised in heart and ears; you always resist the Holy Ghost: as your fathers did, so do you also.*" Acts 7:51
- c. The truth hurts. Stephen was taken out and stoned to death, while Paul/Saul lent his voice and a direct hand in the murder.

By becoming the first Christian martyr, Stephen launched the second half of the Edenic Judicial Decree that commands the Congregation to cut the heels, immobilizing the Serpent's descendants.

Now that the heads of Adam's descendants have been crushed, it is proper and fitting to replace **Dedication** with reDedication of hearts. Whereas the old Temple was made of bricks and stones, the new Temple's construction is about the living word of God that "flows rivers of waters." "*The new Temple will be more glorious than the former, declares the LORD of Armies. And in the new Temple, I will give peace to the Congregation, declares the LORD of Armies.*" Haggai 2"9

Part Six:

Transitioning from Dedication to reDedication

The Festival of Lights and reDedication are festivals. In contrast with the old tradition, the upgrade

amplifies Apphus' summary judgment petition granted by the High Court of Heaven, removing the Greeks from Fort Acra and those with no trust in the living God.

With renewed hearts and commitment, the burning lamps signal the aspiration of passion for immobilizing the serpent's descendants as quickly as possible.

Being within the second half of the Edenic Judicial Decree, Apphus petitions the High Court to immobilize the serpent's descendants. Apphus is a judicial title of capacity for having received a double portion of spirit per Mt. Horeb Court Order.

Today, living in Mystery Babylon and under the Second Beast system, the Executive Body of Israel is compelled to look at mileposts of history that show the evolutionary maturity of Judah, the Man-child, sufficiently strong to cut the serpent's descendants heels.

Jeremiah's seventy-year prophecy demarcates Judah's jurisdictional separation from the Gentiles by Judah asserting prophetic jurisdictional authority over Israel.

- a. In 2017, Jeremiah's seventy-year prophecy manifested at its appointed time. Without rediscussing the Presentation, consider The Judahite's excerpt from the 2017's Presentation.

December 2, 2021

The official date of reDedication. On November 23, 2021, The Judahite Petitioned in prayer for December 2, 2021, to become the official date for reDedication and for December 25 to remain as the Festival of Lights. Shortly after that the moon stood still at N degree 30 for two hours, only to move upward by 24" from its position at the start of petitioning. The following morning verification came in the traditional signs in the skies.

Judah returned to Israel after seventy prophetic years in 2017

In 2017, The Judahite became fully aware of his bedside carpet rug moving away from the bed each night on December 4. The keyword: became conscious. The Judahite registered the consciousness date instead of when the carpet moved in previous discussions.

Consciousness means that The Judahite marked the floor each night to see movement. Unconsciousness means pushing the rug back in its stationary position without seeking why the carpet remnant moved in the first place. As a multi-year review shows, the rug remained fixed only moved while mopping the floor.

God reveals his secrets or unfolds his mysteries in due time. As such, December 2, 2017, marked the date for Feast of reDedication, indeed. On December 6, 2017, President Trump announced the U.S. Embassy relocation to Jerusalem, causing the world to react with many deaths.

Don't put the horse before the cart. A problem of moving before the appropriate season. What would have been the purpose of amplifying December 2, 2017, as the reDedication celebration back in 2017? Apphus of the Maccabees established the procedures for the U.S. Embassy to be on location in Jerusalem. However, President Trump became the first sitting president to visit the Wailing Wall on May 22, 2017. President Trump acted as The Judahite's envoy delivered himself as a service of process.

The month of May is in the season of Pentecost. Another validation of Jeremiah's seventy-year prophecy.

“My sheep listen to My voice; I know them, and they follow Me.”

b. About two months back, The Judahite gave a procedure for members of the Congregation to identify their tribal family. Maybe the method worked for some and not for others. Why? Only the Holy Spirit can answer.

However, offering two explanations for why; first, as a preface, all biblical students, professionals and laypersons, have misunderstood and misapplied Scriptures down through the centuries. Even Daniel misread Jeremiah’s seventy-year prophecy. Even so, the Holy Spirit always brings light to one’s misunderstanding in due time.

Joel 2:28 holds out promise for those who are from the ten tribes of Israel. “And it shall come to pass afterward, *that* I will pour out my spirit upon all flesh; and your sons and your daughters shall prophesy, your old men shall dream dreams, your young men shall see visions.”

Joel 2:28 is often misunderstood. Correction. In sequence, Joel 2:28 is clear that once Judah is back in the homeland, “I will pour out my spirit upon all flesh,” his messianic people. Truly, the day when all Mosaic Curses are removed, and the Mosaic Covenant of Six Stipulations will permit all to consider endless possibilities of a fruitful and productive life.

People must come to know their tribal affiliations as the children of Israel. Additional possibilities are at hand for learning. Please consider:

- A. The Man-child or the Executive Body of Israel has had prophetic jurisdiction over Israel since 2017. Although Judah has yet to relocate to Israel, prophetic jurisdiction exists that might be sufficient for the Holy Spirit to reveal tribal identification.
- B. Maybe after the Executive Body of Israel has taken full authority over Israel, the Holy Spirit would visit members of the Ten Tribes.

However, December 2, 2021, followed by the Festival of Lights, should be an optimal time to pray for tribal identification. **Please do your homework.** Present the Holy Spirit with three affiliated possibilities. Know with certainty, some if not all, will receive one’s tribal title during the Feast of reDedication and throughout the Festival of Lights.

All must join in prayer for tribal affiliation to be known to each person on December 25. From now on, December 25 will become known as the Revelation of Lights, the biblical identity of rebirth. The Holy Spirit’s knowledge-gift of tribal identity will shine as the living Festival of Lights.

According to Moses, Jeremiah, and Joel, all tribal nations of Israel must be identified by name before receiving his promised inheritance. Additionally, one works consciously to the Voice of Yeshua: The Kings of kings and LORD of Lords. **“My sheep listen to My voice; I know them, and they follow Me.”**

- “I have other sheep that are not of this fold [**the ten tribes of Israel**]. I must bring them in as well, and they will listen to My voice. Then there will be one flock and one shepherd. [**Israel and Judah reunited.**]”
- “But you do not believe, because you are not of My sheep, as I said to you.”

Part Seven Festival of Lights

Relighting the menorahs with a day's olive oil supply.

Generally accepted, processing the Temple's oil took eight days, yet the seven menorahs continued to burn during the eight days.

The one-day oil supply is the metaphor for the Mt. Horeb Court Order. Elisha's statutory ministry shepherds Mt. Horeb Court Order through its two epic divisions of the “double portion of the Spirit.” For example, when a dead man's hand touched the bones of Elisha's corpse, the man awoke and walked from the tomb. The interpretation is: the Court Order would be forgotten for hundreds of years until the specific hand triggers remembrance to the prescribed actors to resume prosecution according to the Court Order. As such, Apphus of the Maccabees acted as prescribed by Ezekiel. Apphus' Civil War actions obligated, post-Christ, Apphus to execute the summons thousands of years into the future per Mt. Horeb Court Order.

Indeed, the one-day oil supply burned for eight days re-verified God's Court Order that specifies the rules and codes to prosecute those who are anti-reDedicated and anti-New Covenant; the two are inseparable.

So, instead of seeing the burning lights as a miracle as the Jews do, the Executive Body of Israel considers the blazing lights as a re-verification of the Court Order's ongoing execution. Objectively, the blazing lights assert independent of man's personal will, the complete satisfaction of the Court Order will be realized in the assigned two epic divisions.

A subjective lesson of interpretation applies to the eight days of light burning. For example, generally known to most in the religious community of Elijah's departure on that day because they all had a shared vision of Elijah's departure. Many who saw Elijah go up in a whirlwind asked Elisha if they could go and look for his body. So embarrassed by their insistence, he gave permission. After three days' search, they came to Elisha, reporting no luck. Elisha said I told you so.

A day's oil supply burning for eight days until resupplied could have burned more extended, but the eighth-portion of spirit had to be certified. Overall, the one-day oil

supply represents the eschatological days when Apphus litigates the last phase of the Court Order to immobilize the serpent's descendants.

As outlined by Daniel, a stone, not cut by human hands, will fall from the mountain and smash the feet of the Gentiles' social systems, forcing them to fall over to the left side due to cut heels. Then, the Stone Kingdom will arise and consolidate in Israel, after which it will move progressively to cover the entire world.

[When the heels are cut, the human body cannot walk. Cutting the heels mean immobilizing the Gentiles' kingdoms or social systems.]

The biblical meaning of eight.

Eight is the inspirational number assigned to the Man-child's epic division. Invariably, expect an abundance of seven in whatever form. However, there is an encoded meaning in the sequence when seven precedes eight. The Temple received an ample supply of olive oil processed explicitly for the Temple, different from other processing methods.

The Festival of Lights' Allegory

Elisha asked **for** and received a double portion of Elijah's spirit. $8 + 8 = 16$ is the numerical meaning of Elijah's mantle. Hence, the eight days of continuous light signifies the Court Order's ongoing execution per summons until a new agent comes by the name of Apphus, who represents Elisha's double-portion, the symbolism of eight days processing for a new batch of olive oil. As a milepost, Apphus of the Hasmonean Dynasty constitutes one portion of the Mt. Horeb Court Order. In contrast, the last part or the last eight is assigned to Apphus to bring before the High Court of Heaven statutory codes and rules for the summary judgment to immobilize the serpent's descendants.

The Festival of Lights is NOT a miracle of eight days, rather a spiritual certification of the Temple second cleaning will be of the hearts to make clean the inward Temple, not of wood and bricks.

Still, the Festival of Lights kept hope alive for over thousands of years, though the essential meaning got misplaced by the Jews.

The Angels used diagrams to compose the spirituality of the double portion to illustrate the gift of Eight in the latter days. Consider the discourse between Zachariah and the Angel:

- What seest thou? And I said, I have looked, and behold a candlestick all of gold, with a bowl upon the top of it, and **his seven lamps thereon**, and seven pipes to the seven lamps, which are upon the top thereof: Zech ^{4:3} And two olive trees by it, one upon the right side of the bowl, and the other upon the left side thereof. What are these two olive trees upon the right side of the candlestick and upon the left side thereof? ^{4:12} And I answered again, and said unto him, What be these two olive branches which through the two golden pipes empty the golden oil out of themselves? ^{4:13} And he answered me and said, Knowest thou not what these be? And I said, No, my lord. ^{4:14} Then said he, these are the two anointed ones, that stand by the Lord of the whole earth.

The *“two anointed ones that stand by the LORD of the whole earth.”* Think of the two anointed ones as spiritualized concepts of God’s Temple. Even though spiritual concepts present interdimensional challenges to comprehend. In our everyday lives, interdimensional forms of communication are familiar. The Bible points out that our everyday world is complicated yet understandable, corresponding to our spiritual evolution. **As a child, you think and act like a child; as an adult, put away childish things.** The Bible gives examples as we move from one level to the next, higher levels of abstractions.

Elijah’s mantle of double portion composes two spirits represented by the two olive trees of Judah, rooted in different historical periods’ pre-Christ and post-Christ. The piping running into the bow is represented by Israel and from the bow of oil to the candlesticks representing the Church Age of Holy Baptism. The Holy Water equips the baptized to recognize Satan in his disguises and directly confront the anti-Christ in all forms and locations.

Elijah best illustrates an interdimensional arrangement of time and space principles. Elijah gave the Court Order to Elisha, who specifically named individuals either by name or in specific historical conditions per Court Order, making clear the selected persons who would serve representing double portion by standing in the gap to be witnesses.

Elijah returned to earth as John the Baptist with the banner of spiritualized disassociation. John gives the Christian world the Holy Spirit to enable the Church Age to wage an effective spiritual confrontation with Satan.

Elijah fully realized fighting flesh with flesh would not work. He did all that he could do and departed the earth. Upon his return as John the Baptizer, he gave the Holy Spirit through the water to those who would repent of wrongdoing and confess Yeshua as the son of God.

Holy Baptism

Known only to a few, the science of WATER does what it supposes to do when commanded by a spiritualized voice. Thus, through Holy Baptism, *“Those seven lamps represent my eyes--the eyes of the LORD--and they see everything on this earth.”* Yes, those baptized become inoculated and stand against Satan. For sure, the baptized have a fighting spirit for good.

Please note: an evil religious person or a religious person who is not wholly right in spirit administering Holy Baptism will not do the person any good. Factually, they will be going through the motion, the procedures, but the designed words will not do any good; however, if the person is sincere in repentance and accepts Christ as their savior, has some degree of protection in the fight with Satan.

For clarity, a person would not always know if the pastor or person administering the Holy Water is aligned in word and deeds prescribed by the Elohim. A wolf in sheep clothing. However, the person still stands before the Holy Spirit in supplication and will be heard. The advantage of Holy Baptism is in the water vaccine against self-deprivation. The science of water is absolute.

The secret of baptismal water is well-known and scientifically documented. Such is the reason for pushing the church to accept without challenging wicked behavior. The pastors and ministers do more harm than good when they do not stand in the gap to witness Elohim's words.

A case in point, the Holy Spirit baptized Nat Turner and Brantley, no human hands. An illustration that God guides the nation's destiny. When combining water and Jesus' words of fire within Holy Baptism, billions of baptized people become the eyes of the LORD throughout the world. Yeshua demonstrated fake believers could not receive his words.

Elijah and John the Baptist stand for the concept of witnessing unto the spirit of Tabernacle. People who seek repentance receive the Holy Water of forgiveness.

Likewise, Apphus and Apphus wear Elijah's mantle of double portion, meaning 8 + 8, the **leaven** bread given in the New Covenant.

The Olive Trees: the spiritual extraction of the Double Portion Flowing into one bow

The two olive trees represent tribal Judah, the territory of Judah. To say that Moses and Elijah are the two witnesses is CORRECT when extrapolate each spiritual character. The Mt. of Transfiguration encapsulates the whole meaning. Moses did not enter the land of Judah or the Promised Land, yet he stood in the land of Judah through the representation of LAW. Using the LAW of Moses, Elijah always fought the desires of the flesh in the external or under conditions having criminal consequences, yet constantly witnessing the same outcomes. For this reason, Elijah departed earth and returned to give all the Spirit of Holy Baptism.

Yeshua stood as the bow between Moses and Elijah integrates the LAW and the Spirit of grace. Judah of the Old and New Testaments are territorial witnesses that stand before the Elohim. Look, when the suggestion of constructing three Tabernacles, the Father of Heaven certifies Yeshua is the only Tabernacle of heaven by rejecting the Peter's proposal. Yeshua's New Testament Gospel bow flows directly into the seven lampstands of the Church Age (See Revelations). Yeshua's seven rewards define the operations within the organization of Tabernacle.

Both Moses and Elijah appeared before the Magistrate Court of Heaven. Then Moses appeared before the High Court of Heaven on Mt. Sinai, whereas Elijah gave a double portion of his spirit to Elisha so that others would have standing before the High Court of Heaven. An interdimensional interface allows the selected ones to enter the interface. As such, Apphus, as a title name, invokes biblical eight in the spirit of executing justice. Solomon eight times convoked the ear of the LORD: “hearken unto the cry and the prayer which thy servant prayeth before thee.”

Part Eight

Redesigning the New Temple Under the New Covenant

**Consistent with Mt. Horeb Court Order & the Edenic Judicial Decree,
The Executive Body of Israel will drive out all Jews and many others at odds legally with
The redesigning process of each person’s heart.**

Many Jews have taken an oath claiming that their ancestors departed the land of Israel between 68-70 AD going all points South. As a result of false claims of land ownership and inharmonious religious practices, the Executive Body of Israel gives immediate notice to leave the territory of Israel now. Having proclaimed, the Jews who believe Yeshua is the Son of God and baptized have a reserved place in Israel; further, they will come and worship at the feet of Judah as Yeshua’ proclaimed.

The Order stands for those at odds with Judah, the Executive Body of Israel, to depart now.

**Solomon’s petitioned the Elohim under the ecclesiastical codes to remove all from
territory of Israel on specific legal principle**

Solomon’s Ecclesiastical Codes (2 Chronicles 6:18-23)

- a) Have respect therefore to the prayer of thy servant, and to his supplication, O LORD my God, to hearken unto the cry and the prayer which thy servant prays before thee: 2 Chr 6:19
- b) Record with your eyes the practices and activities inside your Temple both day and night, where you have established your name.
- c) Hearken unto the prayer that thy servant prays for this place. 2 Chr 6:20
- d) Hearken therefore unto the supplications of thy servant, and of thy people Israel, which they shall make toward this place either in the temporal realm of earth or from your dwelling place in the Holy of Holies. Without restrictions, wherever, even from heaven, and forgive transgressions. 2 Chr 6:22
- e) If a man sin against his neighbor, upon oath and the oath come before thou altar in this Temple; 2 Chr 6:23 **Then adjudicate the cause from heaven.** Decree, from heaven, court orders particular to the ministerial corps penalties: by requiting the wicked, by recompensing criminal deeds; and by justifying the righteous, by giving him according to his righteousness.

- f) If a man sin against his neighbor, upon ***oath and the oath come before thou altar*** in this Temple; 2 Chr 6:23, Then adjudicate the cause from heaven rendering penalties upon the ministry corps and recompense replicating crimes on the heads of the wicked. And the righteous, by giving him according to his righteousness.

Herein, Solomon's Ecclesiastical Codes serve as regulatory rules before the High Court of Heaven per Mt. Horeb Court Order.

The final phase of executing Mt. Horeb Court Order eliminates ALL who stand in opposition to the Man-child's peace and harmony. When the Executive Body of Israel enters Israel, there will be no compromise on ANYTHING.

Once in Israel, the Executive Body of Israel will formulate a two-hundred-year action plan, followed by another two-hundred-year action plan. According to the Stone Kingdom's organizational schedule, there will be a global convocation at the end of four hundred years.

As always, those without a workable vision of the future always like to retreat to yesteryears of adolescents, where it is very comfortable with making executes and romanticize all the possibilities of life.

reDedication

The Festival of Lights will continue with the traditional date of December 25, lasting eight days with a glowing effect to know the temple's light is within each of us. December 25 will not be honored as Jesus' date of birth.

Joel 2:28 reboots the Festival of Light in designed faith and love. The theme: bless the name of THE RIGHTEOUS ONE. And under Covenant, we pledge to become an inspirational agent to grow ourselves as the Tree of Life.

Traveling around the moon in the Man-child-Space Temple

Plans are now being formulated for a space-temple to depart earth on December 2 to orbit the moon. What a humbling experience! One that will last a lifetime, totally in honor of the LORD of the Sabbath.

The earth existed before the moon appeared. Just as Genesis states, the moon was put into place to give people of the earth to know the cosmic seasons, for Adam descendants' activities to be in alignment with the principles of the seasons monthly and appointed Feast Days.

The Judahite received revelation on constructing the space-temple. The plan is for all Firstfruits to orbit the moon each year. Special worshipping services will be held in the New Covenant to the LORD of the Sabbath.

The moon is not what one thinks it is. Yes, yes, the prevailing positions on all aspects of the moon are inadequate to explain the. The technological marvel is beyond humanity's comprehension, yet the moon is for our environment enhancement, and to know there is a season for all stages in human life. Forever, we give honor and praise to the Son of God, the **RIGHTEOUS ONE**.
