

## Memo (010222)

To: The Congregation of Israel

From: The Executive Body of Israel

CC:

Date: January 2, 2022

**Re: January 2, 2022, ends the New Version of the Festival of Lights.**

From December 25, 2021, through January 2, 2022, the Festival of Lights lasted eight days to celebrate the rebirthing twelve's tribal identity of Israel; what joyous days!

It appears most people received their identity gift on December 25. Using The Judahite as a reference point, the Holy Spirit announced its gift notice by supernaturally knocking twice and next enclosing the head through electromagnetic wave frequency just like at Mt. Sinai when the Elohim made a DNA covenant with the Children of Israel. The two knocks awoke The Judahite out of sleep to receive a renewed identification gift. The Judahite assumes Soundwave25 continued its mission statement as seen on May 25, 2020, touching all in the Congregation of Israel. What a joyous hour of visitation? Some people might have slept through the visitation due to sleeping or distractions.

### **Two Noticeable Dates in December**

December 2, 2021, comes as the day of Dedication II or reDedication, and December 25, 2021, comes as the eight days of the Festival of Light, the period of rebirthing tribal identification.

*In perspective,*

Deuteronomy chapter 28 foretold of the curses that would befall Israel during the last Gentile's Kingdom on earth, a time when they would return to Egypt in ships. All the Mosaic Curses penetrated the Israelites by degrees. Moses gives comprehensive details about the procedures to remove tribal identification. The Festival of Light is a procedural step in tribal identification recovery.

The Holy Spirit gives the gift of recovery because only the Holy Spirit can decode the genetic marks imprinted at Mt. Sinai at the time when the Congregation made a covenant with the Elohim. Moreover, 12/25/21 came as Yeshua's Mission Statement, Soundwave25.

***The problem for complete recovery is*** not with Soundwave25. The conflict is internal to each person, three steps forward and two steps backward because of the reciprocal dynamics between the two opposing forces; Adam's seed and Satan's seed. As an outline of human history, fundamentally, there are two parts. The first coming of Christ and the second coming. ***In rephrasing,***

- *And I will put enmity between thee and the woman, and between thy seed and her seed; it shall bruise thy head, and thou shalt bruise his heel.* Gen 3:15

Prophetic history is categorized by the Serpent's seed and Adam's seed in a perpetual struggle with the aim of elimination, only one victor. Generally, all biblical students understand the two actions in fixed categories crushing the head and biting the heel. There is no either-or in the expression grinding the head and biting the heel because the two forces reciprocate. When the Elohim litigated the Edenic Judicial Decree, the head of Yeshua would be crushed, followed by Satan's heels being cut.

A billion daily situations involving the interplay between the two forces expand the struggle regionally and globally. In perspective, Cain killing Abel started the interplay until Yeshua's death. The interplay between the two spiritual forces reciprocates, depending on who has the advantage in any given situation.

Yeshua's prosecution manifests how opposing spiritual forces unite in certain conditions for mutual support. Primarily, the Idumean Jews conspired with the Roman to put Christ to death. *The Romans did not come to the Jews*; however, they arranged to see a benefit in Christ's death. Quantitatively, the Serpent's descendants gained the upper hand in Gentiles' occupying governments to perpetual Caiaphas Antichrist Model seen worldwide.

The Bible gives many historical details about the interplay. For this discussion, the focus is on Yeshua. When the Elohim issued Eden's Decree, the term crushing his head remained deeply **cosmological**.

Who best can give a comprehensive cosmological exposition than the litigator? Yeshua spent hours praying to his Father in the Garden of Gethsemane, which means oil press. Hours leading to his capture, Jesus had already simulated his spiritual mission in the shedding of his own blood through hematomatosis, the stigmata, in redeeming Adam's seed.

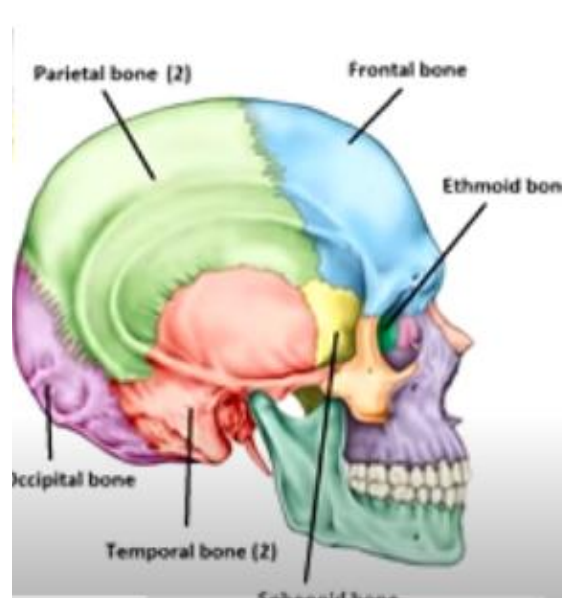

During the stigmata, Yeshua had already fulfilled his **divine mission**. His Divine blood was shaded without human extraction within a pre-established holy place, the Garden of Eden, a substitution for the Garden of Gethsemane, where the Edenic Judicial Decree originated.

By re-attaching the Temple's guard cut off by Peter, he certified the notice: those who have spiritual discernment, let them hear what the Spirit is saying. Humanity being dead about his cosmological mission now could listen to his Gospels, as he would be hours away from transitioning back into his divine state.

For the sake of Scripture, Yeshua followed the course of fulfillment. “**Why has thou forsaken me?**” Iconic words for those who would follow him would suffer, for all his disciples tasted death except for John. After the Apostle Age, countless faith believers would be killed knowing that they would be resurrected, as did many saints at the hour of Yeshua’s death.

No one has made a distinction between the Divine Blood shedding in Gethsemane and forced blood from scourging, for the forced bloodletting by wicked men is theological addressed in the Gospels. Yeshua’s head being crushed is not physical. Such is a divine term meaning spiritual separation from heaven.

In substantiation, Yeshua’s disciple, Stephen, looked up and said: I see Jesus standing on the Father’s right hand. He was divinely connected, yet he was stoned to death, crushing his skull. For those heads that were crushed in direct opposition to Caiaphas’ anti-Christ Model, a worldwide practice, have a prepared link to heaven; always seeing Yeshua standing at the right hand as an oath of Redemption.

**Post Yeshua's Ascension: the two antagonistic forces use the same inter-playbook.**

The Serpent's descendants use the same enmity inter playbook pre and during Yeshua's time on earth. Satan is brilliant. He uses the Mosaic Curses to weaken the will of the Israelites to fight him. Just look around. Many Israelites still consider themselves black or African-Americans. Such is an effective mental lens to see the world as black and white. The hairstyles reinforce this cultural view, making many disassociate mentally with their tribal affiliations.

One must have a deep appreciation for the Man-child's escape; the serpent redoubled his effort to takedown the Woman. The dragon's plan if the woman falls to too the remaining tribes. Hair attachment is one among many tools of warfare.

**The seasons for identity recovery**

There are three noticeable seasons for the ten tribes and Judah's identity recovery: Jeremiah's seventy-year, 400-year when Judah walks into his own jurisdictional authority, and the birth of the Man-child. The Second Heaven set the theme for the Festival of Lights.

On December 25, The Judahite gave himself a haircut. A time to cut off, let go, of unproductiveness in one's life—a time to grow new thoughts and conceive new plans in a different environment.

As a precept for this festival period, the Congregation received an illustrative sign to let go of the assigned curses, detaching from personalized practices that offer no benefits. Supernaturally, the clippers' guard gauge fell into the commode bowl.

We must listen to what the Holy Spirit is saying. Why the hair? If people hope to recover their tribal affiliation, they must let go of the enemies' designed schemes. According to the Edenic Judicial Decree, the Serpent will always conflict with the woman's descendants. What better way to win the spiritual warfare than having the opponent shoot themselves in the head? Self-infliction is the most cost-effective way to succeed by providing the instruments. For example, alcohol played a significant role in Native Americans' mental weaknesses.

The head is for processing information data, which accounts for tens of billions of dollars going into programmed advertising for people to think and act against their interests. The mass media got you covered, not knowing that your brain is tied into the programming designs of your enemies. Granted. Hair extensions and wigs are much more penetrating in redirecting thoughts. The person wearing the attachments shares the same thoughts as the source person. Daily, we all get hit with subatomic particles. In the mixed, the source person's hair retains its RNA and those Israelites wearing the attachments, regardless of location, think contrary to themselves.

Thus, the celebration's theme emphasizes personal steps to remove mental hindrances. If not, one should not expect revolutionary changes in one's life, for one's brain is an electrical processing center converting sound waves frequencies into digital, visual forms, and behavioral forms of representation.

Preventing a repeat of wondering for Forty Years in the wilderness before entering the Promised Land, the Second Court of Heaven has instituted regulatory codes.

- The twelve-inch tissue represents regulatory governance.
- Hair attachments are nothing more than waste material under regulatory codes. Covered with the twelve-inch tissue, either artificially discharged or naturally expelled (BM), the toilet bowl certifies the Code's authenticity.
- Another illustrative sign appeared with a closed commode lid splattered diarrhea on the water tank—an illustration of what will happen to those in violation of the Code.

Considering the consequences of violation, the Bible gives two notable examples of misbehaving. Ezekiel cooked his food on cow's dung instead of human, as he walked righteously, as an illustrative message to the Northern Kingdom of Israel. Eventually, the Northern Kingdom of Israel became dung in the sight of God; he was sick of their behavior and scattered to the earth's four winds.

As far as the Judeans, Isaiah walked naked for three years. Eventually, millions of Judeans walked naked for three hundred years because they were without the means to make clothing for themselves.

### **Wrapping up the Festival of Lights' productivity:**

- The regulatory hair codes.
- The Elohim presented a re-affirmation of the Covenant ratification made on May 29, 2021. Heat and fire damnation will consume Israel and Judah's enemies who attempt to block their pathways leading to the Promised Land.
