

October 9 & 10

The assigned days of October correspond to biblical numbers. Not all days stand alone, independent of other days. Some days co-join under specific conditions as they always have through biblical history. Some numbers come in sets of two's and three's patterns.

Overall, regardless of how numbers are combined, The Judahite will give interpretation to their representations.

On October 9, The Judahite received date codes covering the 9th and the 10th with other extension dates. The biblical science of mathematics has demonstrated God's use of mathematics to prove he doesn't deal with happenstance or chances. Sometimes biblical date patterns are repeated. For example, God used the number 13 for the fall of Jericho. Look. For six days, the Israelites marched around the city once each day, and on the seventh day, they marched seven times. $6+7=13$. Thus, 13, as a biblical number, could mean victory or defeat.

The number nine in our base ten system of mathematics has the peculiarity that no other number possesses. Consider,

Nehemiah 11:1,

- The administrators took up residence in Jerusalem, and the rest of the people cast lots to bring one man in ten to reside in Jerusalem, the holy city, while the other nine would remain in the other cities.

The Parable about the lose coin

"Or what woman, having ten silver coins, if she loses one coin,... in the same way, I tell you that there will be more joy in heaven over one sinner who repents than over ninety-nine righteous ones who do not need to repent." Luke 15:7-10

Overall, the biblical nine's significance conveys finality and judgment regarding, in part or whole, matters in man's social systems. Daniel's Man Status Image shows the embodied problems and issues in man's evolutionary economic developmental systems.

The number ten is another number of significance. On the 10th day, the 10th month, and the 9th year of Zedekiah's reign, King Nebuchadnezzar placed a seizure around Jerusalem, which lasted in the eleventh year of King Zedekiah's reign. 2 Kings 25:1-2.

The Bible gives us many applications of the biblical number ten. For example, the

- **QUALIFICATION TEST TO STAND ON ONE'S RECORD.** "These ten times you have humiliated me, have assailed me without shame!" Job 19:3
- **FAITH TESTING QUALIFICATIONS TO STAY IN THE WILDERNESS.** Saying No is the choice for rejecting Yahawah's designed pathway to milk and honey. "Israel tested God in the wilderness "ten times" Num. 14:23

- **QUALIFYING TO BECOME THE MONARCHY.** *“But yet all the men that have seen my majesty, and the signs that I have done in Egypt, and in the wilderness, and have tempted me now **ten times**, and have not obeyed my voice, surely they shall not see the land, which I swear to their fathers; but their children which are with me here, as many as know not good or evil, every inexperienced youth, to them will I give the land; but none who have provoked me shall see it. Only my servant Caleb {tribal **Judah**}, because he had a different spirit and has followed me fully--I will bring him into the land where he had gone, and his descendants {**Judah**} will possess it.”* Numbers 24:22-24
- **QUALIFYING TO REJECT EATING THE CHALDEANS' FOODS.** Daniel and his executive associates were tested for ten days with vegetables and water. Dan. 1:12,14
- **QUALIFYING TO UPHOLD THE COURSE OF DESTINY.** Selma's religious community equates with the church at Smyrna. The Judahite's ten days tribulation. *“Behold, the devil will cast some of you into prison that you may be tried; and you shall have tribulation ten days. Be thou faithful until death: and I will give thee the crown of life.”* Revelation 2:10

Ten has an association with completeness, and so do other numbers. But, ten has a different classification, involving either endurance in task performance or commitment testing. In summary, the number ten is associated with the concept of testing the strength of one's faith in traditions.

The testing's outcome predetermines survivals or remnants, as the weak and distracted always perform with uncertainty and unnecessary questions—the equation for self-elimination.

Applying biblical 9 and 10 WAR

Biblical nine's significance conveys finality and judgment regarding, in part or whole, matters in man's social systems.

A few words about war. First, the dictionary defines war:

- *a state or period of armed hostility or active military operations.*

On October 9th, The Judahite received affirmation of the banking and financial system disintegration.

Without taking sides, look at the process

The war in Ukraine is very emotional for many. The Judahite makes a statement that has stood the test of time. The real causes of wars are written on paper and kept in a secret vault of the ruling elite. There is no period for disclosing the reports.

War is a big-time business, yet businesses in the most developed countries seek to get in on the actions, not knowing they are blindly pushing a prophetic process.

The Judahite has no intention of beating the bushes to arouse people's opinions about the war. New York ad companies control American public opinion. Besides the culture we live in, wanting everything fast, Americans got short memory for several reasons.

New York advertising companies got contrasts to bring the USA into World War II. It took lots of work to garner public opinion in favor of the War. The War in Kuwait. An ad used a Kuwaiti lady to fabricate a story about Iraqi soldiers entering hospitals and killing babies. It worked. Public opinion supported Americans' involvement.

The following facts to examine

- Russian forces defeated Germany, thus ending the War.
- The Negro Soldiers were trained to fight in WWII. Whites did not respect the Negro soldiers. Generally, most white Americans believed the Negroes were cowards, mentally weak to fight, and very submissive. Whites did not respect the Negro soldiers.
- Tuskegee was the training base for the black airman during the War. A biblical prophecy foretold of Judah's association with the re-establishment of Israel.
- WWII conditioned Israel's statehood.
- WWII led to the American global military bases.
- In Antarctica, Archangel Michael defeated the American elite special forces because defeating Germany was not in Judah's best interest.

The War in Ukraine is Prophetic

The war in Ukraine is the beginning of reversing Europe's established relations with the USA. **Again,** always look at the historical formations and less talk from politicians.

Europeans now face a very high cost of living without Russian oil and gas. Winter is coming. The situation doesn't look suitable for the Europeans—high prices on everything! Yet, a class of profiteers is ready to force high prices on the people. War is good business.

This time in history, Judah holds the Ace of Spades. There is a coming time when the earth will move from its orbital rotation; indeed, part of Judah and Israel's transitioning.
