

Restatement of COVID-19 and its Variants.

Omicron has an aim and will continue to spread

Indeed, a memorable year of prophetic events. December 2019 recaps events from January 2019 through November.

At the beginning of December 2019, The Judahite observed unnatural occurrences each day and night. Toward the end of December, The Judahite received a visual display of a curse and a blessing.

In January 2020, coronavirus 19 emerged in the news media, noting a virus from China. Nothing unusual about giving exotic names to viruses from China. As the weeks progressed, news images worldwide appeared in the daily news, mainly record numbers of daily deaths in Italy with no end in sight.

By the end of January 2020, the world knew Wuhan China contributed to the global spread of COVID-19. Since February of 2020, many obtained reports in Congressional hearing show the coronavirus leaked from a laboratory in Wuhan. With disbelief, a United States research organization knew, in part, about the laboratory's research projects because the lab received U.S. funds for some of the projects. This fact complicates the picture as to who might be the responsible perpetrator.

The Hosts of Heaven Had a Hand in COVID-19

Truly, the organization of Heaven knew decades in advance about the plague. Two thousand nineteen signals the 400-year promise of Judah's jurisdictional release from the Gentile's social system. Symbolically, the iron chain broke supernaturally in July. 2017 assigned for The Judahite to give notice of Jeremiah's 70-year timetable.

The eventful 2019: The Judahite's banking account debited for 19 on the 19 of December be an unauthorized source. 19 as a biblical numerological number holds significance. Additionally, the 19-sign emerged in different forms in December. Years ago, 19 appeared as a prophetic reference in The Judahite's life.

Insightfully, The Judahite operates from a pre-established timed-design model fashioned decades ago, allowing circumstantial agents of change to interact with other agents of change within a time-phased sequence; that is, triggered for pre-orchestration. Therefore, when The Judahite (1) forecasts evolving events, (2) states policy positions for the Executive Body of Israel, (3) and asserts statutory judgments, The Judahite becomes operational within the designed-phase time model.

The Judahite cannot invoke prophetic operations not in the time model because each property element is named and pre-defined by the architects who actualized the design model.

Effective immediately, Omicron will double every hour until achieving its design purpose.

That said, The Judahite petitioned the High Court under Mt. Horeb Court Order to allow the 144k to manage COVID-19 for a specific amount of time. The rationale for such the petition has been explained in a different presentation, though a short version.

In 2020, The Judahite set the announcement date a week in advance to declare a significant spike in COVID-19 cases. The notice went out to different parts of the world. The words matched the evidence on the given date.

Governments worldwide imposed a lockdown, little to no movement-- ghost cities worldwide.

The month of April 2021 came as the expiration date to turn COVID-19 back into the hands of the Second Heaven. The Delta Variant is viewed as the scheduled request by the 144k before April's expiration date. As far as The Judahite, COVID-19 served as a tool for the Executive Body of Israel's strategic policy mission for redesigning Africa. The Executive Body of Israel will reverse the European division of current African states by forming only one national government.

In a different presentation, The Judahite outlined a new Africa. The Congo area will become the center of Africa, the central government under the Stone Kingdom's expansion. Current states will no longer exist. Nigeria will disappear so too Egypt, claimed by the Ten Tribes.

Jeremiah foretold of Judah retracing his steps on the day of returning to Israel.

The Congo is unique to Judah-Americans because the pure-blooded Judahites were taken and shipped directly from the Congo to North America.

After the fall of Mobuto, a new governmental administration came to national power. The officials came to America offering The Judahite large monopolistic contracts for telecommunication infrastructure development and other commercial endeavors. A verification of Jeremiah's oracle.

Omicron foretold

The Judahite misread dates in 2018 and erroneously declared three million snakes to appear and drive out those who don't belong in the Congo. Such judgment must be kept in the border perspective of the continent's redesigned outlined. Techniques should not be confused with structural rearrangements for the Stone Kingdom because techniques can change without harming the original intent.

A few months back, the Elohim sent The Judahite confirmation of his petition. While burning a scented candle, a formed smoke cloud moved from left to right while watching a video on the future effects of the COVID-19, leaving millions to die, particularly in Third world countries. The speaking person is an African. The message came certified because The Judahite knew ALL the encoded words and signs.

Effective immediately, Omicron will double every hour until achieving its design purpose.

Beyond comprehension, the Second Heaven arranges indelible communication for the servant of the LORD to understand.

Not to repeat the full explanation given in a different presentation, The Judahite saw a cloud of white smoke flowing upward after seeing the lateral moving cloud smoke. The rising smoke signifies God accepted the prayers of tribal Africa-Judah and The Judahite's petition. Both combine and inclusive without any subtracting.

It must be stressed to those not familiar with African culture of the widespread practice idolatry in so many forms. The African stands out as a mixing pot of religious beliefs and practices of spiritualism. Africa exists in a state of pitifulness and will permanently preserve that economic status.

Judah's capture ended all productive values that would have been forthcoming had Judah not departed to the East and the West as slaves. The Judahite came to this revelation through a long process. There is an excellent chance of history repeating itself if practicing idolatry is allowed to live among Judah. However, to the credit of the surviving remnant of the Judeans, their faith, practicing Old Testament customs, fully embracing the New Testament as Christians put them in favor of God.

The Omicron virus originated from South Africa, an index reference to the video speaker in Africa. The embedded sign within the flowing smoke told The Judahite the virus would come out of Africa and spread worldwide. Truly, Omicron is now in over seventy-seven countries. Nevertheless, The Judahite had the keys codes for proper interpretation. The prayer offerings of many Judeans were seen when the smoke went upward as the sign of the Elohim acceptance.

The Declaration
