

Part III

Africa's Destiny

Consciousness unfolding.

Combining biblical statutes and prophecy, The Judahite evolved consciousness within the prescribed confines of tribal Judah guided by the Holy Spirit, as the Holy Spirit guides many people through different assignments.

Within focus, The Judahite integrally has evolved within the historical materialism of tribal Judah per Jeremiah, Zechariah, Isaiah, Revelation, and applicable scriptures regarding the timing when scattered Judah would be gathered from the world's four corners.

End-time Scriptures can be perplexing because of the confluence of many historical processes flowing toward a significant event in biblical history—recasting the Congregation of Israel or the ending of Jacob's Tithing-blessing to the Gentiles.

The Judahite continues to be guided methodologically by the Second Heaven Magistrate, Archangel Raphael, prophetic Statutes, and the Armies of Heaven. Hence, The Judahite resists all attempts to contain his practice two-dimensionally for those seeking simplicity regardless of reasoning. Being integrated into the Scriptures like the prophets and servants of the Elohim, The Judahite moves multidimensionally according to the Holy Spirit.

Moreover, the Messianic People, no longer living under Gentiles' rulership, now have access to other time dimensions due to the Executive Body of Israel in Exile methodological approach to separate people and countries from non-tribal Israelites in policy guidance for the Commonwealth of Israel in Exile. As a rule, people of a nation who cannot see their future outside of a Make-believe ideals create massive confusion for others. As always, make-believe ideals run into objective reality daily in attempts to put into place non-sustainable efforts, exposing the illusion.

No longer being restricted under the old system, the Israelites now have flexibility and the expansion of thought to form systems and sub-systems for the Commonwealth of Israel in exile.

Ghana

The focus herein is on historical features of neo-imperialism; therefore, topics that have secondary importance to this presentation are pushed aside.

We all live within a society of customs and laws passed along from generation to generation; Ghana is no exception. The people of Ghana are friendly, though insignificant to the financial codes of commerce governing imports and exports trading transactions.

Conceptually, Ghana is an archetype of social imperialism. Using an analogy, the smaller fish is always eaten by larger fish regardless of relative size. The translation is that money is always taken from those with fewer financial options.

Going back to colonial days, European investors, regardless of levels of investment, came to Ghana and invested industry creation and later came for industry growth over hundreds of years. Although the investments did not target the local population, pockets of local areas indirectly benefited.

Primarily, the investment catered to Britain and other nationals with relatively good financial means. Being smart investors, they focus on international clientele with money to spend. Hands-on management were key to their success; otherwise, their investment would have yielded fruitful results.

Over hundreds of years as the economy expanded due to exports, Europeans were compelled to form local partnerships substantially beneficial to both parties. Exports created an increased demand for imports.

As a very important point to underline, the dominant employer was state-run enterprises. Currently, most of the state enterprises have been sold off. The slack has been taken up by large multinationals and smaller niched companies.

From generation to generation, people looked for and expected job security in state enterprises. International financial institutions like the IMF, World Bank, etc. forced Ghana to abandon state run enterprise as a precondition for obtaining financing because the enterprises were poor run, they were not profitable.

Ghana is not a big market for small time enterprising with little operating capital. In contrast, it is a market that requires heavy capital investment for a successful business. Where would people go to obtain investment financing? There are very few options, next to none.

As an additional burden, neo-imperialistic policies require people to pay upfront or to make substantial payments on credit. For example, decades ago, during the time of The Judahite's resident, upfront annual rent (pay yearly rent in advance) started around twenty thousand U.S. dollars.

Totally socked, standing in disbelief at rental rates, then it became clear, the place of living catered to foreign nationals, not to local people. Even so, the high cost of living has a cumulative impacts economic growth.

In the field of commerce and trade, credit is highly selectively granted. When extending credit to an entity, 50% cash or higher is required upfront or somehow collateralized. Factually not having credit holds back commerce.

The Central Bank of Ghana like other enterprises must give respect to the financial ratio 2:20. Interest rates affect borrowing and in turn condition lack of economic growth or condition expansion.

In summary, neo-imperialism debilitates. Consciously or unconsciously, people's financial interaction reciprocate the pattern of debilitation.

**True to Form ,
Neo-imperialism Financially Debilitates**

Under the guidance of the Holy Spirit, The Judahite interacted on the universal level of neo-imperialism to advance the prophecy of tribal Judah.

Take notice, Africa's Destiny II provides insight on the Pale Horse's riders and the antithetical principality to subvert tribal Judah's constructive initiatives.

Ghana contributed to The Judahite's financial debilitation. What is required in the name of justice?

- a) The individuals and sub-system operators will be delivered before a tribunal to give an account of their action.
- b) The amount taken from the Judahite will be fully restored. Compensation will be given in combination of commercial and monetary assets.

Niger

Referring again to Africa's Destiny Part 1 and 11 as a follow along understanding of how The Judahite became integrated into neo-imperialist financial/ banking system at the universal level apart from the neo-imperialistic sub-countries on account of environmental incompetency.

Murphy's law is predominant in such an environment. "Anything that can go wrong will go wrong, and at the worst possible time." The antithetical principality always attempts to formulate disappointments and despair occurring at that particular moment to cause the most hurt to tribal Judah.

Terms

Although many use the term neo-colonialism as a follow-on logic to colonialism, the term needs revising. The Judahite uses neo-colonialism to uncombined colonialism and combines, interchangeably, neo-colonialism with neo-imperialism. The reasoning being is that the global central bank system is integral to imperialism and, therefore, accurately fits the realities of financial debilitation. It is impossible to transcend 2:20, yet to balance the financial ratio, institutionalized stealing and defrauding are necessities built into the social system of capitalism. So, independent of each colonial country's styles and governing methods, the financial ratio 2:20 disregards all countries and imposes universal consequences on all countries with the same outcomes when the circulation of financed capital cannot maintain the 2:20 equilibrium.

Transubstantiation

is the process wherein The Judahite used incompetency at the country level to transition to the universal level. On which, The Judahite learned fascistic banking and finance categories of imperialism.

The Red Dragon

Judah vs. the fascistic red dragon of imperialism.

The Judahite had part of his monetary assets transferred to Europe. As a daily routine, nothing unusual about the transfer except The Judahite was the first Judah American to shepherd his assets from the South to the North, from Africa to Europe. Although asset transit is a daily routine, complications can and do occur as part of the established fascistic banking/financial system.

Once in the North and when it became necessary to return custody of the currency assets, problems occurred in France, where the assets were being processed. According to the European Standard Code of Processing, regulatory procedures had to be met, thus preventing The Judahite from taking re-custody of his possession.

Accepting the fact that private banking agents' position would not change regarding the release of over four million dollars, The Judahite sought due process. What? Yes, due process in the court of law. However, to reemphasize their positional statement, the fascistic banking/financial private banking agents put locks on all doors to prevent access to due process.

Realizing the universality, The Judahite, like many Sub-Sharan Africans, went through the designed opened, closed, and trapped security doors within the fascistic banking/financial private network with an unexpected outcome. Following the same pattern, Sub-Sharan Africans live in poverty. Valentine Strasser, the former President of Sierra Leone, is one example.

Still, for the next year, The Judahite spent time investigating the invisible network of global private banking in different European countries. From Africa to Europe, a black hole exists where monetary assets, diamonds, gold, and currency disappear without a trace.

Around the same time, an African president declared that based on his investigation, the Europeans take an estimated 189 billion dollars annually from Africa in various forms, confirming Neo-imperialism and imperialism categories to debilitate people financially worldwide. Geographically, neo-imperialism is within the scope of Africa, in contrast to the global scope of imperialism without a prefix, yet both share the same purpose—to devitalize meaningful commercial activities per the rules of capitalism.

The Judahite became one with the many only by becoming a trapped complaint. Even though everyone fully understood what had happened, no power existed to do anything because the fundamental fight to change is against a system, not a specific person, yet they must be held responsible.

**Globally, the imperialistic tenets are:
to kill, steal, and destroy,
causing spiritual deprivation.**

The financial black hole reappeared on December 19, 2019.

Long forgotten about the details, the Holy Spirit visited The Judahite on December 19, 2019, by debiting his bank account. The Judahite did not know the party from Niger who withdrew the money illegally.

Even so, The Judahite knew it was **not** random. When considering whether the act was one criminality or prophetic, the act was purposeful, for the amount taken was little to nothing. Then, too, the account needed more money.

Over months, The Judahite reconstructed the details and found a prophetic link from 1995. Still, a piece of the puzzle could not be accounted for, though he had mentally rebuilt the entire predictive framework since 1995.

The coup in Niger in July of 2023 was the missing piece of the puzzle, for the **Pale Horse** had finally finished its mission regarding France and the Francophone countries.

Significantly, the Holy Spirit arranged for uniting Judah America with Judah Niger. When the Pale Horse of France ended its mission, the masses of Niger are now gifted with learning their tribal affiliation with Judah. Indeed, Jubilation, as expressed, is in support of new governance. Although the masses did not realize the spiritual undercurrent of their Jubilation, the Holy Spirit still moved the people to display Jubilation. Why? Because the coming weeks had scheduled the prophetic door of consciousness to be opened to the room of tribal Judah at France's Pale Horse rider arrest.

Coming soon, the masses will have to acknowledge, making it official, through voting their true allegiance to tribal Judah and his end-time prophetic mandate to secure standing before the LORD due to the people of Niger having sinned wickedly. As such, it is illogical to return without signs of repentance; hence, voting is required before taking any restoration steps.

French Niger will no longer be spoken, and the many dialects within Niger as they indicate spiritual disobedience. Of course, the people not of Judah should continue doing what they are doing.

Tribal Judah will come under one jurisdictional authority, regardless of nationality, per Jeremiah's Seventy Years disclosure in 2017.

Dispersed: Levite, Benjamin, and Judah are located beyond the Nile River.

For then will I turn to the peoples a pure language, that they may all call upon the name of the LORD, to serve him with one consent. Zephaniah 3:9

From beyond the rivers of Ethiopia, shall my suppliants the children of my dispersed people bring me an offering . Zephaniah 3:10

Sub-Saharan African Francophone Countries.

Francophone countries should see themselves as an extension of Niger. Consider the analogy: if one country, representing a fish, is placed on a fish strain of the fisherman (France), if another fish is caught and placed on the same fish strain, as a repeated procedure, then the caught fish is under one administrative hand. Frances' administrative neo-imperialism covers all Francophone countries. For this reason, predictive logic sees the Francophone countries as the family of Judah. Such an association is an excellent start for all to assert tribal affiliation.

The upshot, from the individual state (Niger) to the general (14 Francophone countries) and from the 14 countries to Mali, is the exact pathway instructions for all to reconnect to tribal Judah.

Knowing in advance that a permanent separation will occur, countries following the Gentiles should not expect time extension to decide whether they want an identity association with tribal Judah. As foretold by the LORD's prophets and declared by the LORD himself, the followers of anti-New Testament precepts will be eliminated from the Congregation because they are contemptuously committed to the New Testament in words and deeds. Therefore, the Judahite is under no illusion that all Francophone nations will accept the LORD's grace despite knowing they have Judah's blanket assurance of a better life.

Niger's Program outlined.

Without a doubt, many people are holding doubts about the words of The Judahite and the Executive Body of Israel in Exile. The underlying doubts are more about needing to understand biblical end-times history than programmatic accuracy. Reading and studying the Bible can quickly give anyone a perspective view of Judah's end-times role. From an ultimate view of Judah, the scattered Judah will be gathered from the earth's four corners as a sign of the Feast of Tabernacle.

At the personal level, the spirituality of the Tabernacle is designed to mirror the divinity within each Congregational member. Following the same pattern of the returning exiles, The Judahite's highest priority is constructing Elohim's new Temple, the concentric divine force around which social life would rotate.

As a reminder to the liberated Francophone countries:

All earth's minerals and natural resources, including

- ✓ "The silver is mine, and the gold is mine, saith the Lord of hosts." Haggai 2:8
- ✓ A Psalm of David. The earth *is* the LORD'S, and the fulness thereof; the world, and they that dwell therein. Psalm 24:1

- ✓ But who am I, and who are my people, that we should be able to give as generously as this? For everything comes from You, and from Your own hand we have given to You. 1 Chronicles 29:14

Either by Referendum or Plebiscite.
The outcome will be a statement of
Condemnation of our foreparents' sins through
Repentance.

The LORD of Host (Armies) says
to the Francophone Countries:

1:3 “ Lord hath been exceeding angry with your fathers. The Lord hath been exceeding angry with your fathers.”

1:4 And thou shalt say to them: Thus saith the Lord of hosts: Turn ye to me, saith the Lord of hosts: and I will turn to you, saith the Lord of hosts. Turn ye now from your evil ways, and from your evil doings: but they did not hear, nor hearken unto me, saith the LORD.

1:5 Your fathers, where are they? and the prophets, do they live forever?

1:6 But my words and my statutes, which I commanded my servants the prophets, did they not take hold of your fathers? and they returned and said, Like as the LORD of hosts thought to do unto us, according to our ways, and according to our doings, so hath he dealt with us.
(Zechariah)

A Timely Notice for Voting Allegiance.

He will raise a banner(EBIE) for the nations and gather the exiles of Israel; He will collect the scattered Judah from the four corners of the earth.
Isaiah 11:12

The people and each country must vote on their identity association with tribal Judah. Consider the ramification of the Vote, pledged Allegiance to the Regathering Movement that the Executive Body of Israel in Exile leads (EBIE), the ensign or the standard purposed by Jeremiah 50:2.

The Vote is for recasting a new universal cultural organically associated with the Stone Kingdom, of which the practicing precepts are befitting the Messianic People.

Universal Precepts

- ❖ A good man out of a good treasure brings forth good things, and an evil man out of an evil treasure brings forth evil things.
Matthew 12:35
- ❖ Let no evil speech proceed from your mouth; but that which is good, to the edification of faith, that it may administer grace to the hearers. Ephesians 4:29
- ❖ So then, let us pursue what leads to peace and mutual edification.
Romans 14:19
- ❖ I will appoint peace as your governor and righteousness as your ruler. Isaiah 60:17

The Procedural Format

A. Voting.

If the national government refuses to hold a national Referendum, within four weeks, communities and regions must hold the plebiscite to vote on becoming autonomous with allegiance to the Executive Body of Israel in Exile based on Isaiah 11:12 .

- a. Voting can be done in schools, parks, and on the streets.
- b. Adjusting to unexpected realities, people can gather in sports stadiums or a field and vote by the show of colors. Red is against, and black is for the plebiscite, the universal jurisdiction of tribal Judah over tribal Judah, and the Regathering Movement of Repentance.

Why cannot you prosper?

You have forsaken the LORD and He has forsaken you.

- Then the Spirit of God came upon Zechariah son of Jehoiada the priest, who stood up before the people and said to them, "This is what God says: 'Why do you transgress the commandments of the LORD so that you cannot prosper? Because you have forsaken the LORD, He has forsaken you.'" 2 Chronicles 24:20

B. Post Plebiscite.

- 1:4 And thou shalt say to them: Thus, saith the Lord of hosts (1): Turn ye to me, saith the Lord of hosts (2): and I will turn to you, saith the Lord of hosts (3) . Turn ye now from your evil ways, and from your evil doings: but they did not hear, nor hearken unto me, saith the LORD. Zechariah.
1. Consistent with the Red Horse's mandate, the **EBIE** will arrange to eliminate those opposing the Regathering Movement of Repentance per the statutes of end times' purposes.
 2. **EBIE will use a phased-in approach. Co-governing with the current governing officials, wherein they will act as the administrators under EBIE's direct orders.**
 - a. **EBIE is now issuing a Request for Proposal (RFP) to Judah and the Ten Tribes worldwide to start working on design plans, sub-systems, and administrative functioning systems in ALL disciplines and fields for constructing an entirely different country, a new country.**

- b. The EBIE will employ an interdisciplinary approach for making an integrated functioning society.
- c. Currently, the EBIE encourages all who have skills to use their resources to do their best to reach the maximum limits in project development work. Use all available resources opened to the public for one's research initiative. All expenses will be covered. What is more, promising RFPs will be funded.
- d. Currently, the EBIE is looking for all the necessary elements to derive accurate design classifications. No one's initiative will be overlooked.
- e. On site in Niger. All contributors will be invited to make an on-location tour to gather more data. Everyone should count on a four-weeks working trip with paid travel and housing costs.
- f. Once the central core has been determined, the plan will be componentized and self-driven into functionality.
- g. Naturally, an elimination mechanism will be put in place to assess the values of each proposal relationally to the objectives and goals of the Commonwealth of Israel in Exile.

C. Fast Track

Meeting human resource needs at the grassroots level. Whatever skills are needed for future requirements, the local skills will be fast-tracked for upgrades while putting a system in place to train and educate future skills requirements.

Unlike in the past, job training and educational requirements were geared to meeting capitalistic needs. In contrast, the Commonwealth of Israel has different needs; therefore, not under any pressure to prioritize capital over labor. A system will be designed for a perpetual labor mobilization on all levels of the economy.

D. Funding

The U.S. government has put a hold on 500 million dollars allocated to Niger. In future weeks, the funds will be transferred into the Niger Reserved Account for EBIE to drawdown to fund Request for Proposals (RFPs) to initiate the mission steps as quickly as possible for conceptualizing the nucleus prototype around which the new order of society will be model.

Lots of work will be taking place in Niger for setting up management facilities and housing. Therefore, the U.S. government must transfer the 500 million dollars into the Niger Reserve Account earmark for the EBIE. It would be wise to have the transfer done on time.

Besides the allocated funding account opened in America, a general account for Niger Reconstruction will be opened in America for contributors to fund. France will be the first in line to contribute, followed by Belgium.

The EBIE will determine Belgin and France's future.

Understanding our times

The Pale Horse has completed its phased mission. The RED HORSE is now on the move.

On November 6, The Judahite received a direct illustration of the Red Horse from the Armies of Heaven.

- *And another, a fiery red horse [of bloodshed], came out; and its rider was empowered to take peace from the earth, so that men would slaughter one another; and a great sword [of war and violent death] was given to him. Revelation 6:4 (Amplified Bible)*

For a better perspective of the Red Horse, it appeared in two distinct applications, yet one mission—to take peace away. Its first appearance came in the nascent Christian Era. And now, at the end of the Christian Era.

Spiritual warfare is the institutionalized definition of the Red Horse. As an oath of validation, the attesting testimony is patience and faith to all who died and will die in the actual battles of spiritual warfare.

Saints' Attesting Testimony

He that leadeth into captivity shall go into captivity: he that killeth with the sword must be killed with the sword. Here is the patience and the faith of the saints. Revelation 13:10

Theological Justification

- Do not assume that I have come to bring peace to the earth; I have not come to bring peace, but a sword. Matthew 10:34
- Not as Cain, who was of the wicked one, and killed his brother. Why did he murder him? Because his own works were wicked: and his brother's just. 1 John 3:12
- From the blood of Abel unto the blood of Zacharias, which perished between the altar and the temple: verily I say unto you, it shall be required of this generation. Luke 11:51

**Since Man doesn't operate on the same time scale as God,
Tribal Judah is fully aware as the Scriptures foretell
it shall be.**

Oracular Template, a self-historical validation.

Hast thou not heard what I have done to him of old? from the days of old I have formed it: and now I have brought it to effect: and it hath come to pass that hills fighting together, and fenced cities should be destroyed. Isaiah 37:26

The inhabitants of them were weak of hand, they trembled, and were confounded: they became like the grass of the field, and the herb of the pasture, and like the grass of the housetops, which withered before it was ripe. Isaiah 37:27

The Oracular Template, a historically proven track record, is for tribal Judah to know that his future is secured. Trustworthy! Yes, trustworthy. The world appears to be running off disinformation, which conforms to end times' behavior as foretold. At hand, the Red Horse:

- And there went out another horse that was red: and to him that sat thereon, it was given that he should take peace from the earth, and that they should kill one another, and a great sword was given to him. Revelation 6:4

November 7 and 8, 2023

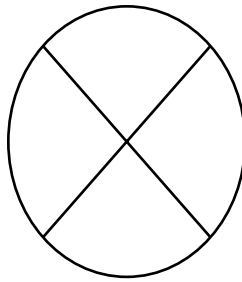

The Judahite received a direct notification from the Armies of Heaven:

“Speak to Zerubbabel, governor of Judah, saying, I will shake the heavens and the earth:

“And I will overthrow the throne of kingdoms and will destroy the strength of the kingdom of the Gentiles: and I will overthrow the chariot, and him that rideth therein: and the horses and their riders shall come down, everyone by the sword of his brother. Haggi 2:21 &22

The Solar Eclipse

A nation under divine judgment. In August 2017,  the solar eclipse occurred to give people a heads-up with knowledge to expect the final decree in April 2024.

Using observations from different NASA missions, this map shows where the Moon's shadow will cross the U.S. during the 2023 annular solar eclipse and 2024 total solar eclipse. Although God gifted man with technology, man sooner or later uses technology to demonstrate his power over God. As always, God proves that technology is nothing more than trash. The LORD illustrated to The Judahite what is coming soon to allow man to fall into his own trap, to victimize himself.
