

## Re-emphasizing Structural Design Components within the Assigned Calendar Dates.

### Topic i

Why maintaining the use of Babylon? For anyone who seeks to communicate with a large audience of diverse backgrounds, a person uses references and stories familiar to all. Additionally, a person should simplify complex subject matters for all to understand. For example, the Holy Bible is the most-read book worldwide. On the other hand, when communicating with an audience within a specific disciplinary field, there are no restrictions on using technical terms and language.

The Judahite defines Babylon as a global interlocking financial/banking system based within the City of London, the city-state, having Metropolitan London as a satellite state as is the case with 80% of cities of developed countries that support Central Banking.

With historical coherency, The Judahite follows the Babylonian footsteps of Daniel to arrive at the financial ratio of 1:1 and 2:20. The Judahite has discussed the historical origin of the 1:1 ratio and the physics involved. There is no need to rediscuss the topic. However, what is essential is to consider Daniel's generic ratio.

It is crucial to possess the mindset of the correct ratio so as not to be guided by misdirection, thanking that the fourth and final Gentile's social system can transcend its irremovable limits on financial growth tied to Jacob's tithing-blessing that contributed to capitalism and imperialism.

### **Daniel and his three Associates were selected to outline the history of Judah.**

Psychologically devastated, how could the exiled Judeans ever hope to achieve mental stability? Consider the reasoning, the Northern Kingdom of Israel came to its predictable end hundreds of years prior, and before their eyes, Judea was no more—the Temple was destroyed, and the last wave of exiles arrived in Babylon.

Such was a period of soul searching, trying to understand their relationship with their God, Yahawah. For comfort, Ezekiel was the symbol of inspiration. Jeremiah wrote a letter to the exiles instructing them to plant gardens, have many children, and work to make Babylon great.

Daniel and his three Associates, who were the executive managers of the Empire, served to reinforce God's promise to return them to Judea after seventy years.

- Among those chosen were Daniel, Hananiah, Mishael, and Azariah, all of whom were from the tribe of Judah. Daniel 1:6

Daniel and his three Associates entered the global stage of history by staying the death decree of the wise men and the Chaldeans of Babylon. Again, the four Judahites entered the global stage of history by requesting the decreed execution be delayed:

*“...magicians, the enchanters, the sorcerers, and the Chaldeans.”*

OR

The King’s counselors, advisors, magicians, and wise men should have given the King a narrative regarding his dream kingdom.

The wise men’s death decree has been lifted under Jeremiah’s Seventy-year statute, and now they will be executed.

### **Daniel Certifies His Subject Matter Standing. Giving the world the theoretical basis of the ratio**

**2:20**

- *“And Daniel answered before the king, and said, The mystery which the king asks the explanation of is not in the power of the wise men, magicians, enchanters, or soothsayers to declare to the king.*
- *But there is a God in heaven that revealeth secrets, and he hath made known to the king Nebuchadnezzar **what shall be in the latter days** (the era of capitalism and imperialism). Thy dream, and the visions of thy head upon thy bed, are these.” Daniel 2:26-27.*

Thou art this head of gold. Followed by:		
An inferior kingdom	Brass, which shall bear rule over all the earth	And the fourth kingdom shall be strong as iron.

**The original ratio 1:1 was given to Judah to construct the Ark of the Covenant.**

**One part labor to gold**

The Babylonian Empire is the head of gold owing to 1:1 (gold and labor). In subsequent social systems, the ratio 2:20 became permanent attached to the future Gentiles' three social systems. Tribal Dan comes into the 2:20 as the designer of the global financial/banking industry using the institutionalized veil of secrecy to defraud, which is a device to aid in managing equilibrium in national and global economics. For the record, half of tribal Dan remained with the Congregation and the other half renounced its congregational membership. The Gentile Dan took God's secrets assigned to his role to do the Tabernacle's décor. He reapplied the secret of décor to the banking-financial industry after Yeshua chased them out of the Temple. Matthew 21:12.

Thus, Judah and Dan are representatives of 2. Both tribes were prescribed the organic physics inherited in 1:1 at the time when the Tabernacle was first erected.

Some things cannot be comprehended, no matter how hard we try to understand them. As such, we accept as given. Look. Yeshua took five loaves of bread and two fish and fed 5,000 people. If any man or woman can replicate Yeshua's miracle now is the time to step forward.

### Considering part 20.

As in all cases, when a quantum leap of understanding occurs, a new mental paradigm is required generally for the entire given field and or industry. Bullet points:

- Abraham's seeds were mandated to be the foundational resource for developing human civilization on Earth.
- Under this mandate, Joseph became a global leader; King Solomon became a global leader; Daniel and his three Associates headed two great empires; Yeshua gave us the New Testament; Eusebius (the Asherite) is the father of the Church Age; King James I (the Asherite) his Version of the Bible brought spiritual knowledge to billions of people; the banking class of Dan contributed to capitalism; the era of the fourth kingdom is marked by the regrowth of Daniel's tree of global prosperity that is supported by the tripod: (a.) Judah's U.S. Capitol construction for a new world legislative system. (b.) Dan's global banking/financial industry is headquartered in New York & London. (c.) the U.S. Arm Forces, a global military power.

### 10 + 10 = 20

Conceptually, unlike Judah and Dan, Manasseh and Ephraim drives the numeric value of ten in capitalism and imperialism.

- A firstborn bull—he has majesty, and his horns are the horns of a wild ox; with them he shall gore the peoples, all of them, **to the ends of the earth**; they are the ten thousands of Ephraim, and they are the thousands of Manasseh.” Deuteronomy 33:17

Britain coordinated developments of the two major regions of the world per Jacob's blessings given to Manasseh and Ephraim of the East and West respectively. Thus, the parameters of 2:20.

Another example of a fixed expiration.

- *Then Yahweh said, “My Spirit shall not strive with man forever because he indeed is flesh; nevertheless, his days shall be 120 years.” Genesis 6:3*

### Judah Remerges at the end times as the Rock.

Being on the right timeline, Babylonian capitalism and imperialism have forced all national economies to submit out of necessity.

Proceduralize

<sup>2:40</sup> There will also be a fourth kingdom. It will be as strong as iron. (Iron smashes and shatters everything.) As iron crushes things, this fourth kingdom will smash and crush all the other kingdoms.

<sup>2:41</sup> You also saw that the feet and the toes were partly clay and partly iron. This means that it will be a divided empire. It will have something of the strength of iron because there was iron mixed with the clay.

<sup>2:42</sup> And as the toes of the feet were part of iron, and part of clay, the kingdom shall be partly strong, and partly broken. **(West vs. East)**

<sup>2:43</sup> You also saw that the iron was mixed with the clay. This means that the rulers of that empire will try to unite their families by intermarriage, but they will not be able to, any more than iron can mix with clay.

<sup>2:44</sup> And in the days of those kings shall the God of heaven set up a kingdom, which shall never be destroyed, nor shall the sovereignty thereof be left to another people; but it shall break in pieces and consume all these kingdoms, and it shall stand forever.

<sup>2:45</sup> You saw how a stone broke loose from a cliff without anyone touching it and how it struck the statue made of iron, bronze, clay, silver, and gold. The great God hath made known to the king what shall come to pass hereafter: and the dream is certain, and the interpretation thereof sure.

The Executive Body of Israel in Exile is collapsing the national governments in the order of institutional layered formation.

- “You saw how a stone broke loose from a cliff without anyone touching it and how it struck the statue made of iron, bronze, clay, silver, and gold.

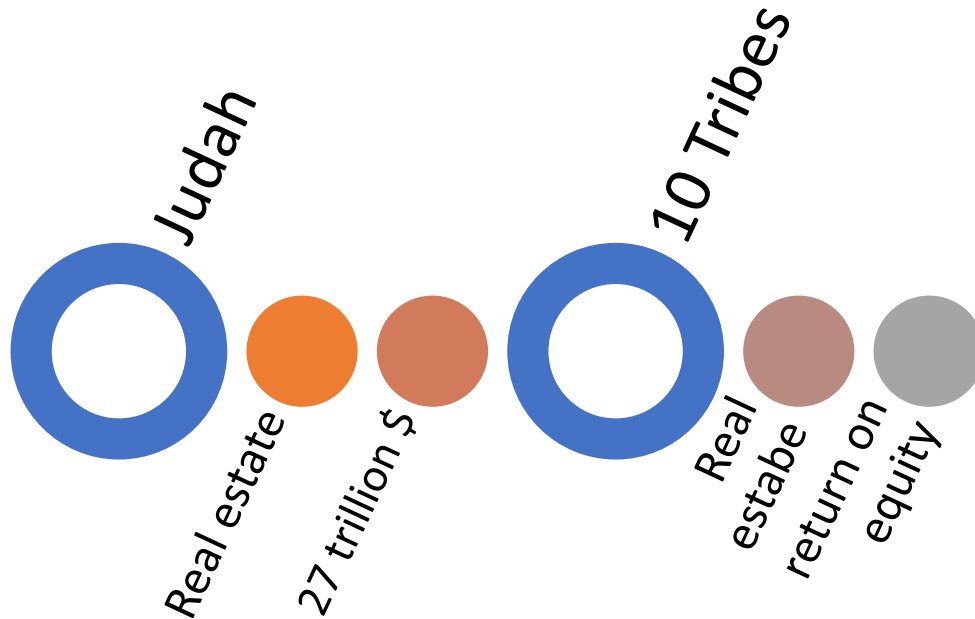

## Topic ii

**May 6, 2023**

**Heralded the opening and closing of prophetic eras.**

The alignment of Kings. Babylon’s offenses against Israel and Judah were weighed by Jeremiah 25:12.

May 6 identifies and summoned the parties before the Magistrate of Heaven and Earth tribunal. May 7 qualifies the legal standing of each party. May 8’s proceedings. First, a review of their deeds against Judah. The critical evidence reveals nothing changed to address the fundamental element of spiritual integrity. The historical scales of justice weighed no appreciative counter-evidence prove the opposite intent. Secondly, the concluding evidence determined the banking/financial Babylonian Empire to be divided and given to the ten tribes of Israel and tribal Judah.

### The Judahite His Assets Claims.

The Magistrate of Heaven arranges peculiar circumstances in which timely operations take place toward fulfilling prophecy specific to the subject matter.

With assistance from the West African tribal Judah, The Judahite directly entered the fight with the hated bird of Babylon. There are pockets of remnants of tribal Judah in West Africa. Their presence resulted from AD 70 migration from Judea caused by the Romans and later running from the Arabs slave hunters. Not all-West Africa is associated with the **Israelites**, only select communities. The rest of the population is divided into the unrighteous centers of Ham's family tree, including Canaan, on the one hand, and the righteous camps of Ham and Japheth, on the other hand.

#### Fighting the hateful birds: a depiction of the Amorites.

"And he cried out with a strong voice, saying: Babylon the great is fallen, is fallen; and is become the habitation of devils, and clings to every foul spirit, and clings to every unclean and hateful bird!"  
Revelation 18:2

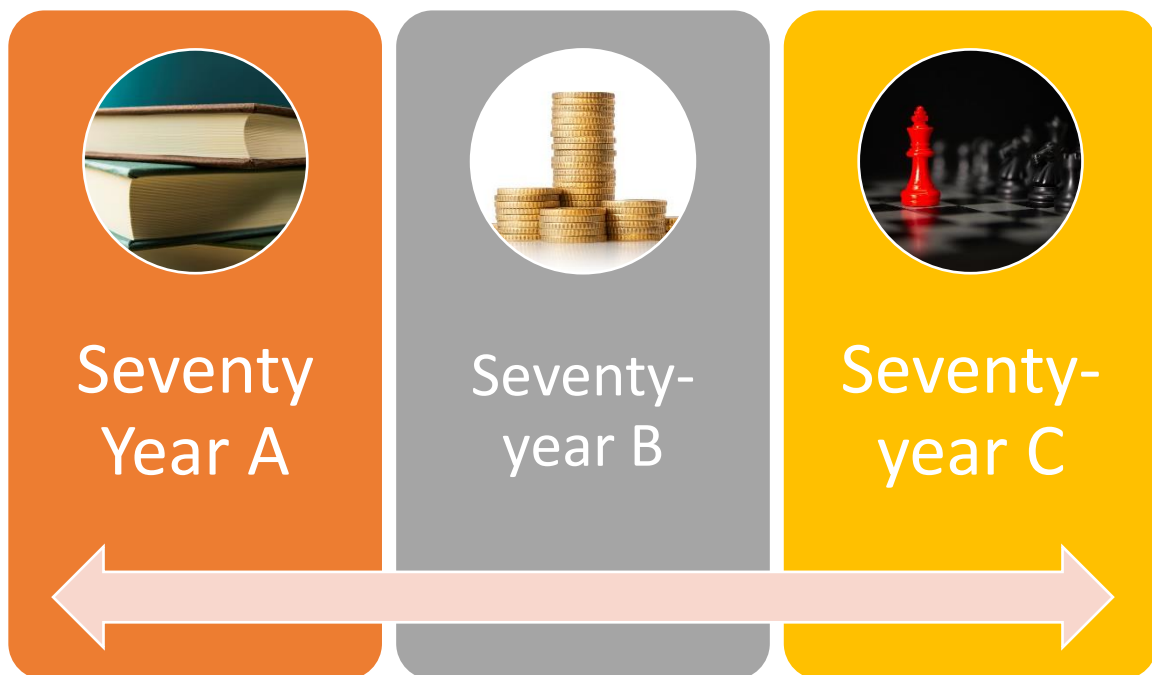

Fighting the “hateful bird” catapulted The Judahite into the final phase of warfare with the Amorites. Exactly where Joshua cosmic positioned the sun and moon, The Judahite commenced the fifteen years of fighting with the Amorites in different countries in Europe and the land of the Chaldeans.

The moon’s disappearance within seconds before the eyes of The Judahite came as the sign of the unsuspected moon to start the final phase of warfare with the Amorites.

Years later, The Judahite was certified as the official remnant of Judah by claiming prophetic jurisdiction over Israel in 2017, which corresponded to the first part of Jeremiah’s Seventy years prophecy. The second part came with the Queen’s seventy years reign at her death. In the Seventy Years’ three-part prophecy, the King of Babylon had to be crowned on May 6 for the entire prophetic conclusion to become operational. Hence, the Magistrate tribunal against Babylon and the Chaldeans commenced.

### It is Official

On May 10, the Seventy-years, three-part prophecy was officially positioned. Nothing else is expected in to be added to the prophetic arrangement. Now comes the results in earnest per Jeremiah’s Seventy-years prophecy.

Topic iii**Settlement**

May 10 held dramatic episodes of ending subject matter processes and generating new ones. Our attention is forward-looking, letting go of old routines of no value in the new reality.

Rejoice and act in the new, knowing that settlements have been finalized.

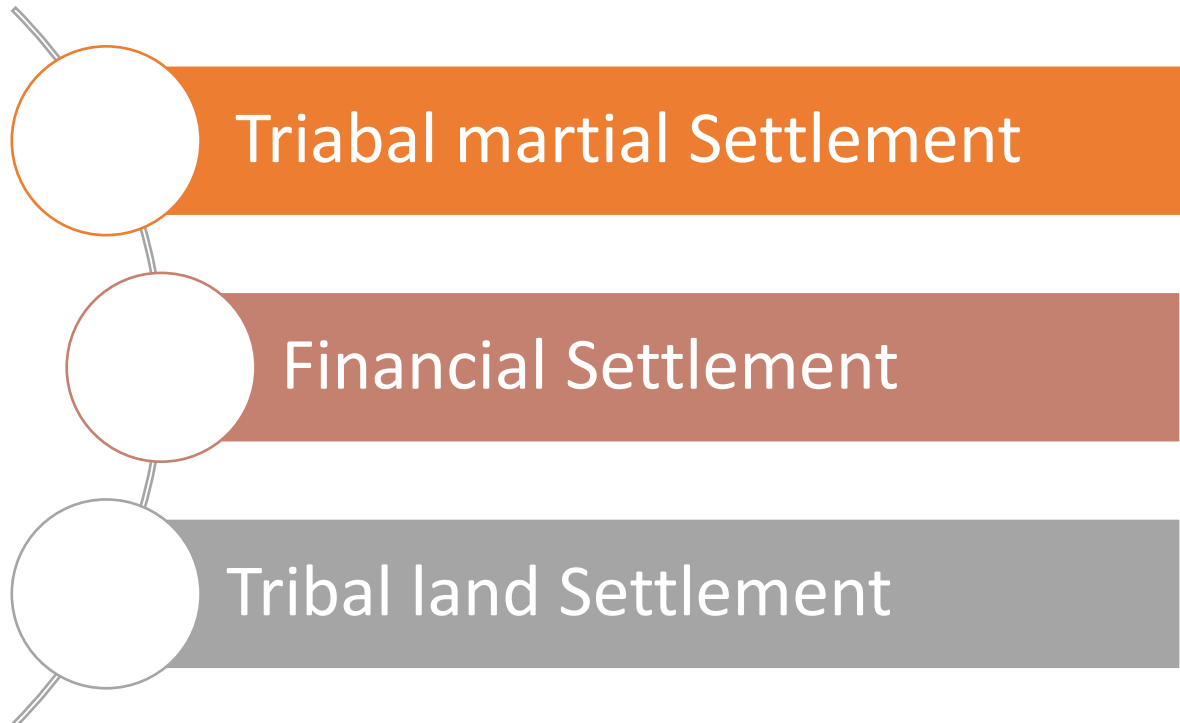

One's **promised portion** under statutes and or prophecy or by the petition has been settled. Once decisions are made in heaven, it is a matter of time before one's share arrives. Thus, go on with life until one's part comes to fruition.

On the other hand, if no portion has been granted in heaven with confirmation, then there is nothing to expect. For thousands of years, people intentionally and unintentionally have misunderstood the results of praying. God doesn't answer all prayers for many reasons. However, there might be opportunities in the next cycle of ten, as the benefits and rewards have been given in the pre-location of the exiles. The settlements are final. A word to the wise: when God's instructions are not followed, do expect to be the archetype of Jonah.

Habakkuk 2:20

*"But the LORD is in his holy temple: let all the earth keep silence before him."*

[the resolutions are final]

### Topic iv

#### **Lighting flashes in the East, but in the West, thunder is heard.**

At Mt. Carmel, Elijah ended the three years drought and killed the false prophets in the land. Before the good news could be spoken in the town about Elijah, the LORD's spirit enabled Elijah to outrun the King's horses beyond five miles to the city. His presence in the municipality validated the coming good news announced by the King.

It is not the speed of focus but rather the message or the news source of self-validation. Such is the case of the Raven, the carrier heralding news, outflaw a fighter jet. For the record, there are technological speeds by objects seen by human eyes within the Earth's skies that go beyond the speed of light. The technical rates are tens of millions years more advanced than anything that man has conceived.

## Part Two coming tomorrow.
