## July 10, 2022, will be known as Personalized relationships. Re-fashioned in the River of Waters To the Glory of Tabernacle.

Crossing the Jordan River and camping at Gilgal, the men underwent circumcision, restoring God's grace toward them: "today, I have rolled away the reproach of Egypt off you, so the place was called Gilgal, which means to roll away."

Hence, a personalized relationship with the Law of Moses, including the Ten Commandments. The LORD God is not restricted in his forms of communication with his servants. On June 25, 2022, The Judahite received a communication from the host of Heaven about July's dates. Below is the brief notice, though in simplification:

3 thru 9; and 7; from 7.....10.

#### Another look

3, 4, 5, 6, 7, 8, & 9; **7**,,,,,10.

#### <u>Interpretation</u>

[7] July 7 broken iron chain. [2] years later July 7,2019. Look, from July 7 count 8, 9 & 10.

The frequency wave 7 moves very fast toward July 10 and beyond.

Today is July 10 as foretold on June 25.

# There is more about Crossing over.

On June 17, the Most-High God, so depicted, gave The Judahite a comprehensive overview of Pentecost and Trumpet through a schematic diagram. The presentation is termed Sub transversely or nine (9). Such is a timeframe that marks Jacob-tithing blessings and the regrowth of Daniel's tree of global prosperity per imperialism. Sub transversely best describes the slavery of Judah's two-phased cross-over to develop and sustain capitalism and imperialism.

July 4 comes, therefore, as a celebration of Jacob's blessing to America via his son Ephraim who he foretold would be the world's greatest nation.

Post-July 4, the Most-High God presented The Judahite with an update on July 9 so as not to be confused by the Sub transversely and Transverse, the crossing over, impressively presented in schematically diagramed. This updated phase is termed the second nine or **two-nines** to Transverse, crossing the Atlantic and going to the Lands of Promise. Just like the Israelites had to cross the Red Sea and the Jordan River before reaching the Land of Promise.

#### Going in front of the Congregation

Judah's vanguard will go before the Congregation to establish the base of operations to process all exilic returns. *The frequency wave seen on July 7, dating back to June 25, moved very fast toward July 10 and beyond*.

### What to expect?

- a) At 2:34 am on July 10, The Judahite heard a loud cannon ball blast twice.
- b) On July 9, The Judahite received a supernatural illustration of how the prophetic statues would consume many.
- c) At 6:20 pm, July 10, the host of heaven demonstrated how the method of waste dumping would process many who are useless.
- d) Tonight, expect b) and c). Better said, expect to see the first phase as an ongoing operation until Judah's pathway is cleared.

The camp base of operation might or might not be known. Still, the Death Angel will clear the pathway for the vanguard without any interference from anyone.
