Historical Social & Religious Rules Guide

- c. Israel's Separation & the restoration governorship per the ten tribes.
- d. Judah's Jurisdictional Independence.

Introduction

Our current period of history is known as the “falling away,” Israel's separation from the Gentiles.

- Do not let anyone deceive you in any way, for it will not come unless the rebellion takes place first and the man of sin, who is destined for destruction, is revealed.” 2 Thessalonians 2:3
- “PERES: After Finding Facts and the Conclusion of Law. Magistrate Daniel ordered the Medes and Persians to divide the Babylonian Empire. In dual parallel, the Babylonian Empire is given to Judah to divide among the ten tribes of Israel.

Today's hard news is disconnectedly confusing for many, but confusion should never be a desire to simplify the complexity of a process. Your passion should always be to seek out people who can best explain current realities from the perspective of Scriptures, an advantage for pre-adjusting mentally to the rough days ahead.

PART ONE

Teeth Symbolization

From the day of earth's formation, the Elohim and his host divisions of heaven have proven to be superb teachers. Today is no exception.

The God whom we serve doesn't promote confusion. However, God reinforces delusions because some people are pre-disposed toward suicidal actions and don't listen to the reason of righteousness. They possess the serpent's spirit, the antichrist.

On March 12, 2022, the Archangel set two anchored milestones. **One.** The ending of COVID-19, which is officially closed as a pandemic. Of course, people can come down sick from different viruses. **Two.** The Judahite's teeth smashing illustrates the enemy's teeth. Signaling now is the time to transfer wealth resources to the Commonwealth of Israel, the Stone Kingdom.

- For thou hast struck all of them who are my adversaries without cause: thou hast broken the teeth of sinners. Psalm 3:7

The Bible gives different perspectives on the enemy's teeth, but with one conclusion—to disarm the adversaries, making them harmless and causing problems eating food; no longer able to use capital resources of the economy.

Finding Facts and Conclusions of law necessitates divisional separation.

When transposing Daniel's Court Order, The Judahite knew for weeks the coming division

between the Executive Body of Israel and Babylonian's existing social order per 24 January Court Order.

Weeks prior, The Judahite awoke to find the vinyl baseboard had pulled away from the kitchen cabinet. The Judahite knew the meaning because being under the tutelage of the Archangel gave the definitions of functional relations over the years. In this context, The Judahite used two strips of duct tape to pin the baseboard to the cabinet. Maybe a week or two later, the baseboard pulled away. Next, to re-pin, one strip of duct tape was used. Again, after two weeks, it pulled away.

The illustrative lesson to the Congregation: when God separates, do not seek re-accommodation; instead, focus on developing the Commonwealth of Israel.

The Elohim used The Judahite's mouth to illustrate statutory codes in the depiction between the top row of teeth and the bottom jaw of teeth. As a milestone date and event, the supernatural teeth smashing is the shocking wave of anti-imperialism.

**Severing as the head or the feet,
Judah commands the successive social systems since Daniel.**

Within,

The territorial administration of Manasseh of the East and Ephraim of the West.

1. The Persian and Medes did not destroy Babylon. Alexander the Great died in Babylon surrounded by his four generals, proofing Daniel's predictions.
2. The Elohim gives us the concept of leapfrogging. Daniel completed his model of imperialism under the Medes and finally influenced the issuance of the last Royal Decree for financing the Temple's construction in Jerusalem.
3. On the other hand, Daniel and his three associates put into place the super economic foundation of the Persians Empire and Queen Esther and her uncle continued the economic policies that amass unbelievable wealth. Alexander the Great transported the captured wealth from the Persians to Egypt, earmarked for building his city, Alexander, Egypt.
4. The Persians under Mordecai, the Prime Minister, conditioned the creation of the Grecian Empire to destroy the Persian Empire. Yes, Mordecai knew what he was doing. As historical consistency, Queen Esther gave a set of numerological numbers for killing the ten sons of Haman "as they were killed today," kill tomorrow. Both the Queen and her uncle had the value of knowing about Daniel and his writing from others who personally knew Daniel in his retirement years. Still, the empire dynasty of tribal Judah (including Benjamin) continued in successive empires in the East and West.

Queen Esther's prophetic killing Decree is crouched within Daniel's prophecy of Babylon's fall in the latter days. Currently, the ten tribal relatives of the Amalekite are scheduled to be annihilated per Queen Esther's order that rest on Moses' covenant altar with God.

Amalek. *"Amalek was the first of the nations; but his latter end shall be that he perishes Forever. Numbers 24:20"*

5. When Jeremiah wrote his prophecy regarding Babylon, he wrote about the current day Babylon. His Seventy-year projection is predicated on The Judahite establishing prophetic jurisdictional authority over Israel in 2017, the precise date foretold by Jeremiah.

Daniel Shows Us the Mileposts to Follow.

^{8:20} The ram which thou sawest having two horns are the kings of Media and Persia. ^{8:21} And the rough goat is the king of Grecia: and the great horn that is between his eyes is the first king. ^{8:22} Now that being broken, whereas four stood up. . . four kingdoms shall stand up out of the nation (**the Greek Empire**).

[as foretold, Alexander the Great divided his Empire among his four generals]

Walking according to Daniel's outline of history, the divisional kingdom of Greece would emerge with the Etruscans to form the Roman state. In time, Rome would act to repress the Apostle Age through the guidance of the Idumeans Jews, who gained political power in Rome by promoting sports events to feed Christians to beats. In time, Imperial Rome became a footnote of history. By default, the Church of Rome filled the void left by Imperial Rome. It grew into the Holy Roman Empire, covering western Europe, by maintaining political separation from the Eastern Orthodox Christian Empire that still exists today. In a conspiracy, the Church of Rome united with the Ottoman Empire and overthrew Constantinople, the Byzantine Christian Empire. From that date to World War I, Mohammedanism acted militarily out of self-interest that indirectly benefited Roman Catholicism's objective to repress Eastern Orthodox Christians.

^{8:24} And his power shall be mighty, but not by his own power (**the Church of Rome interlocked with kings for implementing the Pope's policies.**) and he shall destroy wonderfully (**the Eastern Orthodox Christians**), and shall prosper, and practice, and shall destroy the mighty and the holy people (**the Jesuits supported the Protestant Reformation in a conspiracy yet supported the Pope's Judah-slave- trade policy**). ^{8:25} And through his policy also he shall cause craft to prosper in his hand (**Freemasons**); and (**the Pope and Vatican**) shall magnify himself in his heart, and by peace shall destroy many (**the 500 years Inquisitions**); he shall also stand up against the Prince of princes (**Yeshua's theocracy**); but he shall be broken without hand. (**Illustrated by The Judahite's teeth smashing.**)

A summary of Daniel 8:20-25.

Daniel outlines the rise and fall of the Persian Empire, the rise and fall of the Imperial Roman Empire, and its transformation into the Ecclesiastical Roman Empire, covering Western Europe. Being in a conspiracy with the Ottoman Empire, the Church of Rome overthrew the Byzantine Empire and the Eastern Orthodox Christian Church.

After institutionalizing its political-religious philosophy of Catholicism that caters to all traditional religions, the Holy Roman Empire wrote the Quran for Mohammed and Islam. Muhammad claims angel Gabriel dictated to him the Quran over twenty-three years. Many do not believe his account. John of Revelation refers to Mohammedanism as being the false prophet. Moreover, Islam sees Yeshua as a great prophet but not as the son of God.

Why would Gabriel tell Mary one thing about Jesus and turn around and tell Mohammed something different about Jesus? It took fifteen hundred years to complete Holy Bible vs. 23 years for the Quran's completion.

It would not be a stretch to say Roman Catholicism and Islam are sisters, for they are both seeds of the Babylonian Empire.

As foretold by Daniel, the Napoleonic Wars led to the Pope's ostracism. Napoleon imprisoned different Popes in France, intending to restructure the Papacy in a power-sharing arrangement with the Jesuits. Finally, after many years, the Freemasons and the Jesuits achieved their objectives, rendering the Pope subordinate to the Jesuit.

Being a prophet of imperialism, Nat Turner saw the white and black angles fighting. No: black and white colors are not symbolic, but the actual representation of the white Pope (Vatican) and the black Pope (the Jesuits).

Having succeeded in bringing about the American Revolution, the Freemasons and Jesuits had the experience of organizing the French Revolution, indeed a milestone in European History.

Daniel saw no end to the perpetual conflict involving Israel in the seminar with the Angel, leaving him bewildered. The Angel told him to have confidence in the future and close the Prophecy Book. The people living at that future time, our time, would be righteous, the 144k, and understand. But, the wicked would continue to do wrong and would not understand the season even if given tons of money.

The Gentiles' Misplaced Emphasis On Daniel's Book

Yeshua being the central focus of human history, marked his arrival on earth: TIME AND TIMES AND HALF TIMES. This is the anchored date for successive dates.

Daniel asked a universal question: when would the wonders end? Daniel's question implied he wanted a conclusion date. Now consider, the reply: "*When he shall have accomplished to scatter the power of the holy people, all these things shall be finished.*" Indeed, the Bible is full of presentations related to the String Theory of physics. 70AD came as the scattering of Judah after the New Testament had been written and Jerusalem's destruction.

The Gabriel's reply to Daniel makes perfect sense because humanity could not have received salvation redemption without Yeshua's birth, death, resurrection, and ascension.

Next, the angel transitioned the discourse to the level of prognostication. He presented imagery of the futuristic Congregation of Israel and Judah, of whom would understand Daniel's global prosperity tree of imperialism. The angel referred to Daniel's Man-image statue so that we could follow the milestones dates of history, enabling us to pinpoint our location and the actual predominant activity of the social system at that time on the space-time continuum. Listen:

- *But thou, O Daniel, shut up the words, and seal the book until the appointed time; many generations will present speculative times on end time dates and events that add in the multiplication of knowledge. (Internet) Daniel 12:4.*
- The angel underlined, "*scatter the power of the holy people.*" Did you catch that: "*the power of the holy people.*" Yeshua's teaching is not about bricks and wood and a particular geographical

location, “when two or more are gathered in my name, I am in the midst.” Over and against the immaturity of worshipping, Yeshua brings pan-worshipping and non-localization as the revolutionary philosophy to the entire world through Christianity.

“*The power of the holy people*” is a divine concept, making for mental difficulties in processing the movement of time and matter. Daniel could not digest the data given. We all, no exception, misplaced connections or make the wrong connections in the flow of history because we are limited in comprehending the eighteen dimensions of time in which is total cohesion. As servants of the Most-High God, we do as commanded because we cannot understand the construct of the eighteen-time dimensions, yet we live every day within the construct as babies. Once our DNA changes, we would become toddlers, and at each level of graduation, our DNA changes enable us to know more as we would need to do more to improve our daily existence.

As a highlighted point, the Jesuit and Freemasons

Daniel received in different forms future events such as the First and Second Beast; the First and Second Little Horns; the rise of the Jesuit's power over the Pope; and the regrowth of imperialism, symbolic of Nebuchadnezzar's tree regrowth; the slave trade of Judah; Jeremiah's seventy-year prophecy. Still, he could not process the data. “Close the book Daniel and go your way.”

PART- TWO

Judah Stands independently from Nation-States

And

The Executive Body of Israel's Complex Relations with other Countries.

Part-Two assumes recasting nation-states to the subordination of the Executive Body of Israel according to prophecy. Scriptures have declared what will happen in the latter days to usher in the Stone Kingdom of Israel that replaces Gentiles Kingdoms.

This section of the presentation uses Judah's zoom mechanism allowing The Judahite to focus and refocus on nation-states at any stage of their history according to declaratory judgments by biblical statutes. So, what happens to nation-states is a matter of law that removes personal feelings and misplaced subjectivity.

Zooming-in on the Status 1 thru 6.

Reading from Isaiah, The Judahite understands there will be a triple dominos chain reaction involving the fall of Damascus, the government of Israel, and the fall of America.

1. As a prophetic forecast of Damascus demised, the ten killings in Colorado by a Syrian gives a preview.
2. Consider the operations of interconnections among the parties: the condo collapse in

3. Surfside Florida, claiming Jews who had relatives in Israel and a specialized rescue team from Israel to recover bodies.
4. Seconds before the collapse, a wife, resident, called her husband in Colorado about seeing the swimming pool disappearing before her eyes. The phone went dead while in conversation as she went down with the collapsing building.
5. Then came the tropical storm, Elsa, meaning "God is my oath." Upon her approach, the demolition crew demolished the entire building.
6. America seems to be the pivotal point in Isaiah's prophecy. 1. through 4. confirm the triple domino effect as previews resolutions.
7. On May 17, 2020, China Ambassador died in Israel. Since 2017, The Judahite has exercised prophetic jurisdiction over Israel. Now, consider when combining # 5. and 6. God's pledges remain in ready-mode activation, conditioned in progression to each degree of Judah's separation division from nation-states. One can measure the increasing distancing of separation from the Gentiles by the constantly given updates.

Overlooked Prophecies

- Jeremiah 49:39 foretells Iran will again go into captivity in the latter days. The meaning is clear: Judah will take control and change the entire governmental structure, making the country part of the Commonwealth of Israel.
- The river Nile runs down to the Congo. Yes, everything east of the Nile belongs to Israel. Jeremiah even extends land possession to the Congo, where the tribe of Judah was captured, making up the most significant percentage of tribal members in captivity.
- All lands of the Middle East belong to the returning Congregation, and the inhabitants will go into captivity.
- Often overlooked, billions of exiles will be coming to the Land of Promise.

Zooming-in on the Oracles of Balaam

"I see him, but not here and now. I perceive him, but far in the distant future. A star will rise from Jacob; a scepter will emerge from Israel and shall afflict the corners of Moab and defeat completely all the children of Sheth." Numbers 24:21

Understanding Contextual Terms:

- A. The **scepter will not depart from Judah**, nor the ruler's staff from his descendants, until the coming of the one to whom it belongs, the one whom all nations will honor. Gene 49:10
- B. Gilead *is* mine, and Manasseh *is* mine; Ephraim also *is* the strength of mine head; **Judah *is* my lawgiver;** Psalm 60:7
- C. May he rule from sea to sea, and from the Euphrates to the ends of the earth. Psalm 72:8
- D. "I have installed My King on Zion, upon My holy mountain." Psalm 2:6

Many people have a distorted view of Moab's geographical location. No disagreement about the home location being in the Middle East. But the **corners** of Moab are global. Wherever Moab's genetic traits are found, the Executive Body of Israel will impose infliction. Sheth's descendants of nation-states and or large definable communities will come to utter destruction.

China

As an introduction to this topical section, The Judahite will review his relationship with China.

Level one. Judah's organic relation with imperialism.

Prophetically, Nat Turner placed The Judahite on the same timeline with imperialism, Jacksonian-imperialism. Turner appeared at the same time Andrew Jackson, as he was the seventh President of the united thirteen colonial states of America. When Nat's body underwent decomposition and re-composition expressing forms of energy gas, oil, financing, and banking, he linked The Judahite in parallel to the evolutionary growth to imperialism. The Judahite and Judah were predestined to evolve with imperialism. Daniel's predictive global tree of economic prosperity re-grew when Oklahoma became the oil capital of America. The gas and oil industries drove the Jacob-tithing-blessing to the world once the Ten Tribes made Oklahoma their national capital.

On the other hand, Judah consecrated Texas as the lurching pad of imperialism via oil. Texas entered the Union as a slave state through President Jackson's imperialistic conspiracy. As the exterior of the Thirteen United Colonial States of America, Judah faced the outside world from Texas. Judah consecrated Texas as he did the Middle East during the Arab-slave trade. Often overlooked, Judah contributed significantly to the Middle East's economic infrastructure construction for taking advantage of Nebuchadnezzar's global tree of imperialistic prosperity. Judah's Texas oil enabled Judah's Middle East oil to piggyback becoming the Petro-dollar of global currency.

As a reminder, the odds of human civilizations sustaining themselves are two percent. This is very true for many reasons. But who cares, an expressed attitude of self-validation. That said, the point of emphasis: there is nothing by chance in human civilization related to the children of Israel.

Tribal Dan, the snake, performs his assigned role. Dan is good at working within global complexities. It was Dan who worked out the science breach of hyper-algebra for the Chinese to take and develop global imperialism as seen today. Such is China assigned role. Affirmed. The snake or serpent, Dan, nourished the creation of the imperialistic dragon, who sought to kill the Man-child, who would be the one to slay imperialism.

Level two: the legislative black agenda.

Political and philosophical literature of the East. Without the Viet Nam war, the vanguard of the civil and voter rights movement could not sustain the social revolution in America. The Viet Nam War served as the general connection for black self-determination. The essential thrust of the civil and voter rights movement was legal and enforceable laws to stop white repression and violence

against self-determination initiatives. Secondly, upgrading the labor rights and contract laws of black reconstruction. These two demands constituted the essential core of the legislative black agenda.

The black legislative agenda saw some hope in the ideal of the Great Society purported social programs.

Hope and aspirations. Sounded good but where were the funds for investment in social programs coming from? The leading economic theory and economists saw the necessity of an imperialistic war economy to expand the economy. World War II and the Korean War grew the American economy with the same expectations the Viet Nam War would do the same.

At a time of social upheaval within the black community due to lack of economic development and resources, state and national legislative bodies saw the answer in police power to keep law and order. Divisional conflicts were pregnant around the world as seen East vs. West, democracy vs. communism, colonialism vs. liberation movements in the Third World; the cold war vs World War III; monopolistic capitalism vs. socialistic capitalism; etc.

The black dynamism of self-determination sustained the American social revolution of participatory democracy. Key points:

- a. Hell no, we want go! Became the black slogan of black self-determination.
- b. The black anti-imperialistic movement motivated white college students.
- c. The philosophy of non-violence and civil disobedient techniques took hold in breaking the strongarm of monopolistic capitalism.
- d. The vanguard blacks talk the white organizations the concept of participatory democracy. In truth, 80% of the white population did not understand the American Constitution and the Amendments. Naturally, the Compromise of 1877 removed the U.S. Constitution as a governing decree because constitutional rights omitted blacks; therefore, whites had no real need to understand constitutional law. Factually, a significant number of judges never read the U.S. Constitution and the Amendments.
- e. The young white students and ex-students formed organizations for many different reasons.
- f. The most progressive young white organization formed political coalitions with progressive black organizations and ran and supported candidates for political offices.
- g. With such coalition, the Dixiecrats were turned out of office, permitting for the first time since Reconstruction passage of legislation with the embedded spirit of democracy.

Without the Viet Nam War, the congressional Dixiecrats' 170-year voting block never would have disintegrated in the interest of constitutional democracy.

- a) The Viet Nam War became a democratic tool for the black liberation movement of self-determination. Why go and fight Communism in the interest of democracy when basic constitutional rights are denied the black population.

- b) For the first time in American history, the imperialist movement gave the black vanguard a world view of its connections with a movement having one common enemy, capitalist exploitation.
- c) Such a great need to become intelligent about the sophistication of capitalism, monopolistic capitalism, and the labor union movement.
- d) Lots of studying and seeking international resource materials to enable the vanguard to transition to the fight of class struggle.
- e) The Chinese donated closed to a million books to the black vanguard about their struggle against British colonialism and rise to socialism. For record, Communism doesn't exist in the world and will never exist in China.
- f) Book stores were opened in the major cities. Ignorance in the Black community had no end. How can one fight a system with ignorance? The Chinese Revolution inspired us. Likewise, the Russian Revolution. Study, study, study, never stop studying.
- g) Out of necessity, SNCC organized the Co-op or Cooperative movement in the South without outstanding success, a working model of self-determination. People wanted to be productive and enjoy the fruits of their labor.
- h) When reading Karl Marx's instructional letters to Lincoln about how to reconcile the antagonism between the white working class the slave labor, Karl offered an answer to avoid a civil war.
- i) On the other hand, the banking class out of France instigated the American Civil War due to the ignorance of the southern aristocracy **not knowing mathematics in trading finance**.
- j) Understanding the mathematics of capital relations with labor enabled the black vanguard to make the successful transition to the labor union movement and, in so doing, precipitated the ending of monopolistic capitalism—full acknowledgment to the Black Workers Congress. The workers at the Point of Production had a decisive influence on the auto manufacturing industry, with countless sub-industries representing each component that make up the automobile. The auto industry employed close to two-thirds of the American workforce, putting the Black Workers Congress in reach of controlling the American workforce. Workers at the Point of Production are the most advanced workers, regardless of color, running the engine of the U.S. economy.
- k) Karl Marx's contribution to the science of political economy will always be held as foundational science in collaboration with tribal Manasseh. Karl did not address the stage of imperialism because the relevant historical circumstances had not emerged, including the required science of mathematics to evolve the era of imperialism.

The Necessity for political-economic dogmatic philosophy.

All economic systems have corresponding philosophies that give reasons for an integrated approach. Citizens-participants in the relations of production must know their percentage of profit, be it in wages, salaries, or profits. Yes, there is an enduring contradiction between

fairness and non-fairness in the social distribution of wealth. Fundamentally, an economic philosophy molds itself around land ownership upon rests the means of production for producing everything to sustain daily life.

Do not be confused. For example, the United States of America, Inc. is not the social system of capitalism. Fundamentally, political & economic philosophy, two sides of one coin, arise from the real estate base of land ownership of society, private property, which determines the relations of production.

The U.S.A. is one of many countries that make up the social system of capitalism. Even as an evolved social system, capitalism connects to other social systems, say feudalism. Banking and financial hooks of various kinds allow a limited degree of integration. For example, China constitutes the social system of imperialism with links to capitalism and feudalism. Yes, a link to the slave system. China's debt trap has enslaved many countries worldwide, including African countries.

Capitalism & the Slave Trade. Private property under capitalism pre-determines who gets the lion's share of wealth because the legislative body wrote laws predominantly to protect capital. Judah represented a capitalistic instrument in private hands. Hence, the reason for building a broad base voting coalition to kick the southern Dixiecrats out of office.

From a historical perspective, the consolidation of legislative power in the USA required members of Judah to be counted as 1/5 as a political equation of political economy for the agricultural class to maintain control of the U.S. Congress through voting percentages.

China's dogmatic philosophy.

The Judahite has read the works of Mao Zedong and Deng Xiaoping and has taken an interest in Chou Enlai's foreign relations policy toward the United States of America. Mao's philosophical works serve as a mold for the Chinese Communist Party. Mao's philosophical doctrine is rooted in Nagarjuna, The Philosophy of the Middle Way. Tribal Simeon's contribution to Nagarjuna.

Tribal Simeon had to come to grips with his hatred for Joseph. Yes, Joseph, a teenager gifted in visions interpretations, drew out the philosophical thoughts of Simeon by putting him in prison as a ransom until his brothers return with Benjamin. While in prison, Joseph regulated his condition of discomfort for Simeon to come face-to-face with his hatred toward Joseph, not knowing Joseph was the prime minister over Egypt. Simeon had to find the Middle Way as the only way for psychological rationalization. Yes, it was Simeon's turn to live inside the well. Simeon's descendants are credited with all the esoteric religions of the East.

On the other hand, Mao's path forward stood in contrast to Deng Xiaoping's visionary approach for advancing China's industrialization. Deng studied in Russia and understood the best way forward, taking China's societal development to the next level. The Judahite deduced from studying Deng's policy toward the West that he gained deep insight into the real reasons behind the Cold War. Deng took a page from the Russian and perfected stealing intellectual

property with the assistance of the banking class of tribal Dan.

Like Chou Enlai, Deng recognized the necessity of the Chinese to cast off feudalistic thinking by integrating with the West. This meant adopting a market-driven economy vs. a planned economy.

Demonstrating his commitment toward a capitalist base marketing-driven economy, Deng visited Washington, D.C., in 1979 when President Carter was President.

The Chinese Embassy hosted a banquet for tribal Judah

Due to tribal Judah's attempt to form sister-city relations with cities in China, the Chinese held a banquet for Judah in Washington, D.C. The Judahite received special attention at the feast due to his knowledge of China's Revolutionary history.

The banquet was a good gesture for the Israelite Chinese to acknowledge their prophetic relationship with tribal Judah, not to the CCP. Tribal Judah builds empires and topples them. The CCP is nothing more than a transitory period of existence and will collapse within the Stone Kingdom, Yeshua's planetary kingdom that ends ALL Gentiles' kingdoms. Look at Lady Freedom, representing the Ten Tribes of Israel.

The entire house of Israel is under the mandate to identify their tribal affiliations. No longer sufficient to say Chinese if one is claiming tribal membership in the Congregation. Only the Holy Spirit gives insight about one's tribal affiliation.

^{15:18} In the same day the LORD made a covenant with Abram, saying, unto thy seed have I given this land, from the river of Egypt unto the great river, the river Euphrates: ^{15:19} The Kenites, and the Kenizzites, and the Kadmonites. Genesis. 18:16-23

Over the past year, China's future came before The Judahite. In previous presentations, The Judahite discussed China as the Land of Promise as the Kadmonites.

Repeatedly the Archangel's illustrative narratives show China's collapse into the framework of the Commonwealth of Israel. China's ambassador to Israel died in Israel in May 2020, a prophetic month having prophetic meanings. **A.** Israel is now under the prophetic jurisdiction of The Judahite. **B.** The CCP has no standing in Israel. **C.** The CCP has NO place in the Stone Kingdom.

Acting within the Executive Body of Israel's prophetic parameters, The Judahite posted a directive to Taiwan on the Congregation's website: to form a committee to write a research proposal on China's industries that could interface with Taiwan's industries.

The Judahite encourages the Taiwanese

- a. To give top priority to the research proposal.
- b. Do not worry about China's invasion.
- c. China's defeat will come from the armies of heaven.
- d. After China's defeat, the country will no longer exist in its current form. Many current inhabitants will be scattered to the four winds.
- e. The Judahite will select a governmental committee to interface with the Taiwanese to review the research proposal.
- f. The Judahite has given two examples of pre-announced earthquakes on the island activated by the Archangel to demonstrate the weight behind his directive.
- g. The Judahite has given a forewarning that if the research proposal isn't ready for a review, on time, to expect Taiwan's sinking to the bottom of the ocean.

Another Sign of Resolution Came to The Judahite Affirming China's Pending Fall

March 16, 2022, The Judahite heard a news report about China's plans to take over Taiwan in the fall. The Judahite thought he would have been in a condition for arranging China's fall, as stated to the Taiwanese months ago. "So clear & loud—blocking your blessings by doubting." For sure, a question of timing, but never doubting because China's downfall has been repeated to The Judahite from different perspectives over the past six or seven months.

China's downfall occupies a position of high importance among the armies of heaven. Factually, The Judahite awoke this morning with a burning tongue, a fiery tongue, for about forty-five minutes, signaling the cup of wrath is now in possession of subject nations. There will be many knocked-out teeth as Judah separates from Babylon, Chaldeans, and the Second Beast system. The delivered message and timely received re-asserts Taiwan's safety and China's pending downfall.

What the Executive Body of Israel needs to know about China:

1. Like America, many nationalities live in China.
2. The Chinese Communist Party is the governing body of China. The Executive Body of Israel makes a policy distinction between the government and the people.
3. There are Israelites from the Ten tribes of Israel living in China.
4. Like all over the world, the Israelites of China must identify their tribal affiliations for national registration. Only the Holy Spirit can confirm one's tribal affiliation.
5. Nothing personal, each party's motivation incorporated within the prophetic architectural design years ago. Taiwan has found prophetic favor with The Judahite. China has found disfavor because of imperialistic behavior, waiting to catch the Man-child and destroy him. Regardless, the Chinese are under the 400-year Abrahamic Covenant and within Moses' purview to extend the Land Promise to cover China.
6. The biblical names for China: Cain (decoding and encoding China) to avoid being killed; Ishmaelites; Kenites; the Kadmonites.
 - "and he looked on the Kenites, and took u his parable, and said. 'strong is they dwelling place, and thus putteth they nest in a rock. Nevertheless, the Kenite shall be wasted, until Asshur shall carry thee away captive.' Numbers 24:21 &22.
7. According to the Abrahamic Covenant, the Kadmonites' land will be taken. Within a few minutes, the armies of heaven would have destroyed all symbols of powers. After all said and done, the Executive Body of Israel will send in units for cleanup

8. operations. There might be some fighting somewhere along the line. To avoid self-inflections per Genesis' declaration,
 - “And the LORD said to him, “Therefore, whoever kills Cain, vengeance shall be taken on him sevenfold.” And the LORD set a mark on Cain, lest anyone finding him should kill him.”

The Judahite petitioned the High Court of Heaven to permit killing Cain. The Court approved The Judahite's Motion. Notice is hereby given: outside the Court Order, no one has the standing to engage in a physical confrontation with a Chinese unless on account of personal dispute or self-defense.

One Week after March 12, 2022

On March 19, 2022, the Lord re-affirms his judicial declaration to The Judahite with qualifying illustrations. According to Numbers chapter 24:

1. The Executive Body of Israel will dispossess
 - a. The Edomites (including a mixture of those living in Israel).
