

## Convocation C Update May 26, 2022

Today, on the eve of May 27, 2022, the supernatural spirit attests to the dates and numbers given to The Judahite.

As seen in previous presentations, the corroboration among the dates and numbers has been established. Thus, the point of emphasis of this Update is on the supernatural attestation of the numbers displayed today, pointing to May 27 Pentecost.

The combined summary of 12,7 and 6 is as follows:

- The Executive Body of Israel's policies is active and enforceable.
- The Declaratory Dates Stand.
- Judah and Israel will separate from the established order, motivated by replanting their spiritual goodness in the Lands of Promise.
- The LORD swears by his own words per the oath of Pentecost.

May 6 announced the time for replanting, according to Jeremiah. With linkage to May 6, the LORD called for the institutionalization of May 7 as the inaugurated meal for being faithful to his Word.

Yeshua taught a spiritualized concept applicable to the inaugural meal: after offering the prayer, one must act in the now as if one has already received the blessing.

So then, May 6 and 7 are linked. Likewise, May 26 and 27. Supernaturally, May 26 and 6 validated their operations within the Oath of Pentecost.

May 27 takes all the eventful dates and rolls them up, particularly to the Feast of Pentecost.
