

UPDATE MAY 7 MEMORIAL MEAL

Approaching May 7, 2022, in the weeks of Pentecost or Shavuot, around 1:39 A.M. on May 6, The Judahite's pantry shelf collapsed supernaturally. The can goods fell to the floor along with many inventory goods. The glass vinegar bottle and the ceramic serving dish shattered. Noteworthy, around the vinegar bottle's neck, the spirit signals a notation.

In context, an accurate interpretation is rendered. In a similar miraculous act, the upper cabinet's shelf, holding a canister of coffee, miraculously repaired itself in a split second on Yeshua's birthday. Months prior, two of the shelf brackets had broken, though having a box of Green Tea to support the shelf.

The restoration of the Congregation is the message through Yeshua's Soundwave25 Mission Statement.

Comparatively, we must be mindful that we stand within the Weeks of Shavuot. The spiritualized theme of re-planting exhibits the Spirit of picking up the things thrown down with the expectations of re-positioning, but not in the exact location and the same level. The accurate interpretation, therefore, to PLANT. Indeed, plant one's goodness within the Commonwealth of Israel.

- *I will keep My eyes on them for good and will return them to this land. I will build them up and not tear them down; I will plant them and not uproot them.* Jeremiah 24:6

The vinegar smell stayed in the unit for hours. Maybe around 10 a.m. The Judahite started to clean up.

The neck of the vinegar bottle captures the interpretative meaning. Two-thirds of the bottle remained intact, while the bottom of the jar was preserved as if cut with a glass cutter.

Vinegar is the symbolism of longevity—a perfect illustration of not being uprooted again. Detaching the glass bottom, yet preserving its form, signifies planting in a different place. The bottle cap remained tightly closed—the promise of preservation.

May 7 Memorial Meal

In the afternoon on May 6, The Judahite received illustrative instructions to prepare a meal. Having seen Jeremiah 24:6's programmatic thrust regarding collapsing shelf at 1:39 am, the meal would be a memorial meal to Yeshua's Mission Statement, which details in specificity to free the captative and give life abundantly. Therefore, the underline logic is the Congregation's relocation to PLANT anew.

To plant anew

The Memorial Meal comes as a milestone in the Feast of Weeks. The overall designed activities for the week appeared in the exercise of picking up and rearranging positive items for the body's health and relaxation. Still, the seventh day maintains its religious importance for people not to take for granted the sacred meaning of life as the expression of wholesomeness to our creator. The Congregation will once again PLANT the seeds of happiness and creativity in the Lands of Promise. Christ did not give a sacrifice unto himself; hence, the rejection of vinegar. When first offered vinegar, Christ smelled the vinegar and later rejected the second offer to drink the vinegar.

On the other hand, the vinegar served as our surety in which we offered a libation to our Redeemer.

The Memorial Meal will be observed annually as the time to PLANT anew. Yeshua accepted the Man-child's libation honorarium.

The Gravy Dish establishes our obligation always to be productive and fruitful And Committed to Vinegar Libation

In the a.m. on May 6, The Judahite saw a small fraction of the white ceramic dish, used for gravy, on the floor along with all the fallen items. The ceramic handle suggested, on first impression, that a major part of the ceramic dish was still usable, though somewhere around the floor.

Later in the day, after cleaning up, The Judahite could not account for the other part of the dish. What? The fractured part of the dish was taken SUPERNATURALLY.

The Menu

1. Cornbread mixed with onions and carrots.
2. Four elite hamburger steaks with gravy and onions.
3. Strawberry cake
4. Milk
5. Guinness
6. Coffee

Four salads

- a. Broccoli Cheddar Salad (
- b. Fresh Fruit Salad (almonds, grapes, mango, strawberries, lemon cane sugar
- c. Simple clean Cole Slaw
- d. Super food salad. (Peanut, soy cashews, pomegranate blueberry, kale, wine vinegar egg, carrot, sunflower

Greek Salads

Four different recipes that use ingredients common in Mediterranean salads. A partial list.

- a) Kalamata and black olives
- b) Lahanodolmades (cabbage leaves stuffed with rice with ground meat in an egg-lemon sauce).
- c) Feta cheese, olive oil, caper berries, onion, cucumbers, artichoke.
