The Feast of reDedication

The words reDedication and Dedication II have the same meaning and are interchangeable. On December 2, 2021, The Judahite scheduled prayer service premise on tradition, when the Archangel brought the new criterion before The Judahite's attention.

Background. The Judahite stood in the bathroom to prepare for Dedication II service. After walking out of the bathroom in socks, the wetness of socks caused The Judahite to ask what caused the unaccounted water on the floor--returning to the bathroom to investigate, a discovery of three areas where no water should be. Leaving the bathroom again, The Judahite put on shoes and returned for a thorough investigation.

Standing in the shower for a broader view of the floor, water appeared running from around the five-gallon bucket. Why? Days before, a white plastic pan with water sat upon the five-gallon bucket, clear assumption water leaked from the pan. A tested assumption by filling the pan with kitchen water to see any leaks revealed no leaks. Just in case, the white pan remained in the kitchen overnight for further review.

Returning to the bathroom in puzzlement, The Judahite still could not account for flowing water around the five-gallon bucket. At some point, The Judahite looked inside the bucket and discovered water and poured the water into the toilet.

The water appearing on the floor and in the bucket have a shared history of water appearing supernaturally. Consider water appearing over the years in the apartment unit:

- 1) The bathroom rug saturated.
- 2) Anointing Israel and the 144k.
- 3) The anointing Man-child and the Executive Body of Israel.
- 4) The Judahite's socks and shoes on the Feast of Dedication II were anointed.

In each of the noted events, water appeared supernaturally. In different presentations, The Judahite explained Elohim's communications. To avoid any idealistic interpretation, The Judahite knew the contextual forms of communication.

In review, years ago, The Judahite took a nap, awoke, and went into the bathroom to discover a saturated rug. No sign of water, even the bottom of the carpet rug showed no wetness. As the years progressed, The Judahite forgot the year of visitation, leading to date guessing.

Today with certainty, The Judahite knows the year. The calculations are straightforward. Working backward seven years from 2021, The Judahite arrives at 2014.

The Five Gallon Bucket of Water and Seven Years

We make a conceptual leap once knowing the associative identity between water and SEVEN. The association first appeared in Genesis when the Philistines of a particular tribe infilled a well that Abraham dug. Lack of water became a big problem for Abraham's family, so he confronted the tribal leader, who denied knowing anything about the misdeed.

Taking Abimelech at his word, Abraham went into his herd of sheep and selected seven female sheep and gave them to Abimelech, who asked for the meaning of the ewe lambs.

- *Abraham replied, "Please accept these seven lambs to show your agreement that I dug this well."* Genesis 21:30
- *Then he named the place Beersheba (which means "well of the oath") because that was where they had sworn the oath. 21:32*

After Abraham's death, the Philistines infilled the wells again. Later, Isaac reopened the wells for farming and watering his massive herd of animals. Isaac retained the names of the wells given by his father under Beersheba, the well of seven.

On his way back home to see his father, Jacob/Israel came to Beersheba and "offered sacrifices to the God of his father, Isaac." Genesis 46:1

Now consider wet socks from water in the five-gallon bucket, a metaphor for well. Abraham, Isaac, and Israel verified the "Oath of Seven" or the Well of Oath by using the well-water and for their posterity. Even during Yeshua's days, he sat at Jacob's well. Yeshua, too, combined the association of well-water with the Gospel of the New Testament when he said to the woman: *you will never thirst after the water I give you*, meaning his doctrine. Further, he pointed out to her; she knew not what she currently worshipped.

Walking back in time, the "Oath of Seven" captures seven years when the water first appeared, 2014, in the bathroom, a symbolic place used in the purification of Judah, the new Temple, as required under the Abrahamic Covenant before returning home. Years later, supernatural water appeared in The Judahite's bedroom, including Ten Tribes' purification within Judah's governmental jurisdiction.

Abraham indexes the tabernacles of Israel under the Oath of Seven. Indeed, on December 2, 2021 "the Oath of Seven" recertifies its meaning and purpose. The Archangel caused water to run around the bucket, signifying the overflowing gratification stored within the pledged well water.

On December 2, the Archangel provided the procedures for canonizing Dedication II, the new tabernacles.

- *The Revelation of Jesus Christ, which God gave Him to show His servants—things which must shortly take place. And He sent and signified it by His angel to His servant John.*

Biblical numerology assigns abstract values to the meaning of numbers. Under the New Covenant, biblical Five is added to Seven ($7 + 5$) = Twelve. *"Twelve is a perfect number, signifying perfection of government, or of governmental perfection."* 5/12 is the new expression; five over twelve. Look, 12/12.

The Feast of Dedication II

The 5/12 Oath:

The 144 000 & the waves of Firstfruits are purified tabernacles. No need to dig well water anymore; the water resource is at hand in abundance within the bucket.

The Pledged of abundance resources will always be available for the perpetual work in the construction of the Stone Kingdom.

The 5/12 Oath requires us to wash and purify ourselves as tabernacles. In contrast, we refine not the metals, stones, and wood of a church; instead, we disinfect the **filthiness of our** sins. Once purified, we act and behave under the New Covenant ratified in May 2021 to receive the abundance Pledged per 5/12. The Pledge comes as a subdivision of the New Covenant.

On December 17, 2021, Yeshua sent his messenger to display the attachment (Psalms) to the Oath.

December 17, 2021

Codifies 5/12 Pledge

When The Judahite poured the water from the five-gallon bucket into the toilet, he asserts some of the adherents to the Oath will stand in some fashion against some or all the principles. Therefore, the assertion demands codes in application of the inheritance and property equity.

Psalms 15 Codified

The codification procedures. Psalms 11, 12, 13, and 14 plus 15 are expressed numerologically as $4+1=5$. Relational to the Oath of Seven, the four Psalms apply. Related to issues and disputes arising from the 5/12 Pledge, Psalm 15 applies.

From now on, we have codes to address contractual enforcement issues. The Oath demands responsibility from both parties; therefore, Live within the well water of many blessings and do what is Right!

The May 25,2020 Soundwave25

removed the words Black and Native American from the Congregation.

Names outside biblical definitions that have been assigned to social classes by the system of political economy serve to differentiate financial and economic social wealth distribution. As a reminder, do not assume that people wearing a dark skin complexion are Israelites; likewise, those wearing light skin should not imagine non-membership in the Ten Tribes.

On February 25,2020, Yeshua's Soundwave25 announced the open door that no man or woman can close regarding his Mission Statement to rejuvenate Israel and Judah.

The Judahite asserts: May of 25,2020 broke the mental hindrance of Judah and the Ten Tribes. Honestly, the Soundwave25 shattered the cognitive limitations of Judah and the Ten Tribes. The entire House of Israel was free to think possibilities within grasp and act on them.

Only a small percentage walked through the door of promised possibilities, the explanation and substantiation tell why so few.

1). **Explanation.** From A.D. 70 to the present, Judah has always sought to separate himself from ungodly behavior. Because of skin color, Judah got thrown in with others during the Arab and transatlantic slave trade and integrated into the capitalist economic and social systems.

Judah had to unite with others based on skin color, out of self-preservation due to racism, though realizing a moral difference between himself and others wearing the same skin color.

The Black Lives Movement became a significant hindrance for Judah and the Ten Tribes' attempt to separate from those who are into racialism. Both whites and blacks got an invested interest and profit from the political economy of racism. Those non-congregational members wanted to stay inside the room of Mosaic Curses to better themselves within the system at the expense of the Congregation, i.e., federal and state dollars driven by reform, i.e., abolish the police department with the replacement of ten layers of administrative bureaucracy. That's the bottom line, keeping corruption going.

2). **Substantiation.** COVI-19 came as a tool for the entire House of Israel to make good on Soundwave25. But, business as usual, daily reporting headlines, COVID-19 attacks more blacks than whites. The reporting seems genuine; if valid, COVI-19 removed mainly non-congregational members and those not right with God. Still, such reports served their purpose for keeping most Israelites behind the color line instead of thanking God for COVI-19 for cleaning his Temple of sinful behavior.

Per Apphus' litigation under Mt. Horeb Court Order, COVID-19 became a global pandemic. Indeed, on the date given to see a spike in COVID19 cases, W.H.O. announced the pandemic.

As a messianic people,

the words black, Afro-American, African American, etc., are deleted from self-characterization and other members. For yourself, refer to your tribal name or as Israelites or as a messianic people. In perspective, it is imperative to separate oneself from the social definition of blackness. Yes, let others call themselves black because they are not heirs of the Abrahamic Covenant.

Festival of Lights Rebirthing One's Tribal Affiliation December 25, 2021

Yeshua's character blends synergically with tribal identities

Through Soundwave 25

December 25 recognizes Yeshua's spiritual birth as Emanuel (God is with Us). Before his birth delivery, the Judeans knew Emanuel's character and purpose for coming to the earth. But there is a problem, December 25 is not Emanuel's date of birth, instead Nimrod's birthday. For now, the discussion about Yeshua's date of birth occupies a secondary place; the focus, for now, is on his divine nature, existing independent of any assigned calendar date. "Before Abraham, I was."

December 25, 2021 will come as the rebirthing day of tribal affiliation, each tribe reconnecting consciously with their tribal names. How will the consciousness come? Through synergism. Yeshua's Soundwave25 imbue consciousness. Anyone can adopt a word name, but there isn't a personality dynamic without a named character. Hence, all the accolades given at Emanuel's celebratory birth will imbue each of the twelve tribal nations. Emanuel will transfer his glory to many who magnifies his spiritualized attributes in celebratory joys fitting to each tribe.

Having a consciousness of one's Tribal Identity truly gifts each tribe with particles of heat-flame embedded in Soundwave25 expressed in songs and dancing that radiates the spiritual energy in the festivities of light. Truly, Ezekiel's vision of the resurrected Dry Bones of Israel will become a reality on December 25.

The Judahite has used the term **Soundwave 25** in different presentations. Briefly, on February 25, 2020, Yeshua used soundwave technology (unknown on earth) to shatter The Judahite's glass skillet lid into hundreds of pieces accompanied by a booming sound, shaking the apartment unit without the cover collapsing. A re-proclamation of his stated mission, seen worldwide on May 25, 2020, continues even today.

December 25

Birthing the New Tradition: Celebrating the Gala Lights of Tribal Restoration.

Officially December 25 rests on Soundwave25. Through Soundwave technology, Yeshua announced his anointed Mission on Earth: "to proclaim liberty to the captives and recovery of sight to the blind, to release the oppressed." Luke 4:18

Yeshua's Declaration: Season Greeting:

- “For judgment I am come into this world; that they **who see not**, may see; and they who see, **may become blind**.” John 9:39

Yeshua's Proclamation and Declaratory Judgement end Christmas on December 25, Nimrod's birthday.

The Soundwave25 continues to move in sound patterns. *For the Ten Tribes worldwide that have ears, let the Spirit speak. and you will hear. December 25 is your day of rebirth fashioned explicitly for you as stated in Yeshua's Mission Statement. !!!*

December 25 comes as the individualized rebirth of each tribal member of Israel; therefore, be very festive on the day of your spiritual renewal.

Programmatic Contents

LIGHTING preparation comes fourteen days before the big day of spiritual celebration.

What is now known as Christmas Songs will undergo a modification. Where appropriate, Jesus' name will be substituted for Israel. Naturally, some Songs will not be subject to name substitution.

Remember, this is your birthday of sight recovery; therefore, the emphasis is on the **gift of sight**, thanks to Soundwave25.

However, on Yeshua's birthday, the nonmodified Songs retain their elevated character and spiritual quality. Still, the traditional songs have yet to achieve their highest degree of magnificence.

The Festivities of Lights obligate tribal nations:

- *No one lights a lamp and puts it under a basket. Instead, everyone who lights a lamp puts it on a lamp stand. Then its light shines on everyone in the house.*
- *So let your light shine before men, that they may see your good works, and glorify your Father who is in heaven. Mat 5:16*
- *That ye may be the children of your Father which is in heaven: for he maketh his sun to rise on the evil and on the good, and sendeth rain on the just and on the unjust. Matthew 5:45*

Insightful Events

When recounting the events of recent weeks, their interpretative meanings and purposes fit within the big picture of the coming Stone Kingdom. No! The Man-child is without intentions of putting new wine into an old bottle or old wine into a new bottle. Disguises and deception will not work for a new global social order.

For cross-reference, the numerical numbers herein are prophetic and within context. The locations and minute details follow symbolically of numerical weight.

Biblical events are complex, accounting for thousands of years of interconnected communication networks having two endpoints--Yeshua's first coming and second coming.

Consider the recent consummation end-time **events, more to come, being pulled to the conclusion in a chess game of named players. So, regardless of moves and counter moves, the gravitational** pull is in one direction; Judah and Israel return to the Promised Land and establish the Stone Kingdom under Yeshua's theocracy.

Phased-in Phased out Conversion. One.

This holiday season comes with a delivery foreshadowing biblical prophecy. The Holy Spirit alerts us to the changing season driven by the psychology of expectation, a marketing tool of the Second Beast system, Babylon the Great, and the Red Dragon system. Thanks in part to the Red Dragon, China's imperialism, people expect delivered joy and happiness at low cost during the holidays. Look, joy and happiness are thrown into the ravine and forgotten, a sign of immobilization of the Gentiles' Fourth and final social system.

The Holy Spirit teaches impactfully, ensuring people scrutinize their customary Expectations.

THE JUDAHITE KNEW THE EXACT DATE TWO WEEKS IN ADVANCE

- Building Destruction
- Loss of Life
- The Damascus Domino Effect
- Domino Effect having an all-inclusive radius

Over four hundred packages were found in a Blount County, Alabama ravine.

Damascus

Damascus will be destroyed, and the people will be taken away for good. The pending ruins of Damascus will always invoke psychological devastation and fear of God. The Judahite has discussed the updated understanding of Isaiah regarding Damascus months ago and knows with absolute CERTAINTY as of 12/8/2021 through a direct notification that the day is coming soon!

According to Isaiah, expect a domino effect; yes, America is in the picture.

A FedEx delivery man dropped them off, acting as the prophetic *anti-customary expectation agent*. From now on, one should not anticipate seeing standardized behavior on any level of society.

Phased-in Phased out Conversion. Two.

Multiple tornadoes, thirty, hit: Arkansas, Illinois, Tennessee, Kentucky, Mississippi, and Missouri on Friday night, December 10, 2021. The tornados appeared as a theme of Damascus' coming devastation, extended to cover the Gentiles' final social system.

The whirlwinds appeared at the expected time. A direct personal notification from the Archangel, The Judahite's expectation enlarged to 30% over the final two days, from Dec. 8 to Dec. 10. Although the Angel did not reveal the extent of the devastation, the psychology of expectation still compelled speculation.

Consider an integrated corporate system that is expectation-driven by customer-base and supply chain network sufficiently to create its momentum, a vortex whirlwind. Applying the analogy, Amazon's supply chain and customer base rest on a closed-loop system of expectations. Everyone in Amazon's loop system moves non-stop 24/7 to fill orders. Driven Expectations appear to be in Amazon's Mission Statement.

There is an interconnection between the undelivered packages in Alabama and the pictures of Amazon warehouses and delivery systems. The work-in-process depicts (1) boxes out on delivery, (2) parcels delivered, (3) packages thrown away, (4) containers still at the warehouses in different phases waiting to be (5) packaged, and (6) shipped.

Whether boxes were thrown away or destroyed by tornadoes, the expectations of receiving packages died. The tornados disrupted and collapsed the entire operations in the six states hit by thirty tornadoes. The six states devastations impacted the nation.

As the premier corporation in America, Amazon represents the entire corporate structure of America. The tornados signal to corporate America and the rest of the world a short distance remains before reaching the finish line, the period of immobilization when the Stone Kingdom arises.

Phased-in Phased out Conversion. Three.

The tornadoes in Kentucky best exemplify The Judahite's presentation on the Feast of reDedication and the Festival of Light. In summation, the following presentation synthesizes four parts A., B., C., and the operational narrative.

A.

(One) Lights burning for eight days on a one-day oil supply appeared as an affirmation to Apphus Maccabees, stating that the Serpent descendants would be prosecuted under Mt. Horeb Court Order. As such, specific rules and codes would follow the precedent established by Apphus. Thousands of years later, Apphus would appear during the season of Dedication II and the formation of the New Covenant, inseparable, to prosecute.

(Two) Yeshua's death and resurrection closed out the first half of the Edenic Judicial Decree, with the second half yet to be wholly satisfied. Hence, the eight-day candle burning signifies eschatology, thousand-years future, when Apphus, a judicial title having a double-portion capacity, petitions the High Court of Heaven to immobilize the Serpent's descendants. COVID-19 appeared with more judgments to come.

B.

Reconnection: Congregational members will unite with their tribal families of twelve.

About two months back, The Judahite provided a procedure for Congregational members to identify their tribal families that coincided with The Judahite's top broken kitchen shelf restored on Yeshua's birthday, September first. The shelf restoration manifested as the Soundwave25's Mission Statement.

Why does the procedure work for some and not for others? Only the Holy Spirit can answer.

However, The Judahite offers two explanations for why; first, as a preface, all biblical students, professionals, and laypersons, have misunderstood and misapplied Scriptures down through the centuries. Even Daniel misread Jeremiah's seventy-year prophecy. Even so, the Holy Spirit always brings light to one's misunderstanding in due time.

Joel 2:28 holds out promise for those of the Ten Tribes of Israel. *“And it shall come to pass afterward, that I will pour out my spirit upon all flesh; and your sons and your daughters shall prophesy, your old men shall dream dreams, your young men shall see visions.”*

Correction. Joel 2:28 is often misunderstood. In sequence, Joel 2:28 is clear that once Judah is back in the homeland, “I will pour out my spirit upon all flesh,” his messianic people. Indeed, after removing the Mosaic Curses, the Mosaic Covenant of Six Stipulations provides the conditions to envision endless possibilities for a fruitful and productive life. Without the precondition in place, Joel 2:28 is fanciful without a material base, attempting to reform capitalism.

When proceeding from the sealed 12 tribes, 144k, so stated in Revelation; then Joel 2:28 starts to fall into place. The first wave of Firstfruits goes out under the New Covenants to train others, both Gentiles and non-Gentiles, in successive waves of Firstfruits.

However, tribal affiliations must be known for tribal real estate inheritance and wealth distribution.

Please consider:

- A. The Man-child or the Executive Body of Israel assumed prophetic jurisdiction over Israel since 2017, though Judah has yet to relocate to Israel. Still, prophetic jurisdiction might be sufficient for the Holy Spirit to reveal tribal identification.
- B. Maybe after the Executive Body of Israel has taken full authority over Israel, the Holy Spirit would imbue members of Israel and Judah with the correct affiliations.

However, December 2, 2021, the Feast of reDedication and the Festival of Lights might be an optimal time to pray for tribal identification. Would you please do your homework by presenting the Holy Spirit with three possible affiliations? Know with certainty, some if not all, will receive one's tribal title during the Feast of reDedication and throughout the Festival of Lights.

C.

The Festival of Lights' Allegory

Elisha asked for and received a double portion of Elijah's spirit. $8 + 8 = 16$ is the numerical meaning of Elijah's mantle. While in the whirlwind, the Holy Spirit anointed the mantle; seeing it fall to the ground, Elisha picked it up and put it on. Elisha passed along the double-portion mantle to Apphus Maccabees, representing a milepost. The eight days of continuous candlelight signify the Court Order's ongoing execution per summons. Next, Apphus Maccabees passed the mantle to Apphus to prosecute per SUMMONS. Indeed, Apphus presented the prosecuting case before the High Court of Heaven with the rendering decision of COVID-19.

The narrative in operation

In Kentucky, 74 people dead in total as of **12/14/21, the milestone date**. At the candle factory, 8 dead and 8 missing. On the second shift, 110 workers.

- “Eight workers are confirmed dead and another eight are missing after the natural disaster. ‘They had us in the area where you go in case there's a storm, and we were all there and then the lights got to flickering and all of a sudden we felt a gust of [wind], we could feel the wind and then my ears kind of started popping as they would as if you were on a plane.’ “

(The quote taken from the Daily Mail)

The candle factory in Kentucky provided candles for big-name brands. Over the years, The Judahite burned scented candles each week. No doubt, some of them came from Kentucky factory. According to the factory, they had a jump in orders in recent weeks, causing more hiring to meet the demand. Gift candles are a big hit for Christmas.

Today, look at the factory.

Image one

Image two

**Eight dead and eight missing, symbolically,
Ends prosecution under Mt. Horeb Court Order**

The eight-day burning candle lights ended as a historical milepost. Coming full circle, Fort Acra is where Apphus Maccabees received the Cause of Action from Ezekiel to execute death on those who advocated anti-Leviticus and anti- LAW in the advancement of Hellenism. The current day Apphus litigated all SUMMONS per Cause of Action under Mt. Horeb Court Order.

Even though Mt. Horeb Court Order has been satisfied, statutory prosecution continues under different statutory codes.

**The Candle Factory: its role in supplying candles to stores
and the symbolism of destruction.**

The Candles of Death and Life

On December 11, The Judahite purchased and lit a candle under a name brand manufactured by the Kentucky candle factory. Having years of experience predicting the duration of a burning candle, the Dec. 11 candle with a tiny fraction of wax at the bottom of the glass holder should have burned out at midnight on December 17. The **two** candle wicks within the glass container burned for sixteen hours after midnight.

Consider the parallel, one-day oil supply burning for eight days and six hours wicks burning sixteen hours, prophetically sixteen days (**one hour=one day**) Hence, the double-portion.

**Outside and inside the darkness of death and destruction
THEN**

Appeared candlelights of Hope

Five feet of building materials trapped workers for hours. One person used her phone to call 911 to send help and used social media to plea for help. The trapped workers knew death was a certainty as they sent death farewells to their loved ones. One person prayed to live to see an upcoming birthday. Archangel Raphael intervened and saved the workers as the prophetic gift of LIGHT, a symbolic light with a focus on December 25 for rebirthing tribal families affiliations. Yes, Raphael came in the hour of darkness when humans despaired.

The manner of death is always terrifying. Indeed, coming soon, many will seek death to avoid their judgment, but the end will not come regardless of suicidal methods but with prescribed methods of death.
