

# CALENDAR UPDATES MARCH AND APRIL 2024 RECEIVED

- ✓ January 31, 2024
- ✓ February 3, 2024
- ✓ February 4, 2024

Updates, including updated calendar dates, should always be investigated as they will reveal more data; further, a closer examination is necessary before considering the dates non-relevant. Many classes of people view the posted dates for different reasons. Also, governmental officials, nationally and internationally, view and use the dates proactively.

For those who observed the dates passively, The Judahite encourages all to search for a better understanding of the prophetic season, knowing one's shifting class societal position and becoming a conscientious agent of change instead of being acted upon.

## Contents of past and current calendar dates

On January 28, 2024, three puddles of coffee appeared supernaturally in The Judahite's unit. One of the puddles indicates the LORD's pledge to make the nations drink from the wine cup given to them per Jeremiah's statutory instructions. The selected countries will refuse to drink but will be forced to drink the LORD's wrath. The other puddle of coffee represents the great abundance of milk and honey in our land of inheritance—finally, the pre-supposition departure from the land of Egypt.

On February 4, 2024, The Judahite supernaturally received a helical lock washer, which is used to go on a screw followed by a bolt or nut to prevent vibration from losing the nut.

The lock washer and the nut came loose and were placed on a table many months ago by The Judahite with an unscheduled time to be re-screwed to the table leg. At any rate, the lock washer was relocated supernaturally to the kitchen on February 4. On February 6 (Tuesday), the 2<sup>nd</sup> **Heaven Court reaffirmed the lock washer's placement**—that aside and moving on to a different topic. Within the next five or six days, The Judahite will give a plan of priorities as the Congregation continues to transition in all phases and at different stages of relocation.

The Judahite hopes all will better understand the operational number in the April divine model with **no calendar dates**. The model is in a separate file to be used as a reference for the composition of divine dates. Expect a posting on the meaning of the five numbers.
