

Part II

The Magistrate's Order and its Ramifications 24 January 2022

The Magistrate Court of the Second Heaven and its role in governmental affairs.

The Magistrate Court of the Second Heaven (MC2ndH) revealed its functionality again by issuing its Peremptory Edict on Babylonians due to their disrespectful and contemptuousness toward the Most-high God.

Background

Daniel and his three executive managers created the super-state of unbelievable wealth.

The Chaldeans hosted a global conference at Babylon to work out systems for preserving and expanding their rulership. According to plans, the imperialistic Chaldeans would maintain Daniel's Central Banking system for controlling and managing commerce.

- Dan 5:4 *They drank wine and praised the gods of gold, and of silver, of brass, of iron, of wood, and of stone.*

The global conference came when Babylon was the banking capital of the world. The Chaldeans had worked out a master plan to rule by secrecy in each country. The Chaldeans' model requires placing people in positions that would enable them to gather vital intelligence, knowing how and when to act. Sharing intelligence presupposes an excellent internal communication system.

Very pleased with the new prototype of *imperialism*, the Chaldean's King, Belshazzar, held a massive banquet for his guests, personally inspired by the prospect of regional dominance. Befitting the occasion, the King ordered the Temple's utensils be brought from storage to serve him and the highest-ranking governmental officials of the Babylonian Empire.

Daniel

^{5:5} In the same hour there appeared fingers, as it were of the hand of a man, writing over against the candlestick upon the surface of the wall of the king's palace: and the king beheld the joints of the hand that wrote.

(1)

^{5:6} Then the king's countenance was changed, and his **thoughts** troubled him, so that the joints of his loins were loosed, and his knees smote one against another. (2)

^{5:7} The king cried aloud to bring in the astrologers, the Chaldeans, and the soothsayers. And the king spoke, and said to the wise men of Babylon, whosoever shall read this writing, and shew me the interpretation thereof, **shall be clothed with scarlet, and have a chain of gold about his neck, and shall be the third ruler in the kingdom.** (3)

^{5:8} Then came in all the king's wise men: but they could not read the writing, nor make known to the king the interpretation thereof.

The Wise Men failed again!

Greatly troubled and depressed because none of the King's best fortunate tellers in all forms could not read the message. Even before China existed, Babylonian and Egyptian astrologers were the BEST in the world. In contrast, Nebuchadnezzar found out none of his best fortunate tellers could deliver on his request and ordered them killed including Daniel.

Daniel Summoned

The queen did not know the answer, but she knew who had the ANSWERS. She told the king don't worry and to send for Daniel. (4)

(1) The Order from the Magistrate Court of The 2nd Heaven

(2) Denying liability

(3) Affirmative Defense

(4) The Magistrate. Finding of FACTS and ORDER.

Summary Judgment

After the Magistrate Daniel, presented his finding of facts and conclusions, the Chaldean's King **quickly** moved for dismissal per Affirmative Defense.

- Dan 5:29 Then commanded Belshazzar, and they clothed Daniel with scarlet, and put a chain of gold about his neck, and made a proclamation concerning him, that he should be the third ruler in the kingdom.

Affirmative Defense

Legal complexities exist in Chaldean's request for a dismissal. On the one hand, the King demonstrated material fact of substantive law proving dismissal was appropriate by Daniel's crown as the third ruler in Babylon. Indeed, the King could have nullified previous Royal Edicts because of his power and authority. But TIME did not allow him to take counsel from his inner circle,

using creative imagination to nullify Royal Decrees that posed a hindrance to their model.

On the other hand, the Magistrate's finding of FACTS removed all Affirmative Defenses for all times, preventing the Gentiles and the Chaldeans from using defenses for favorable outcomes.

- a. *Generally known throughout the Empire, yet incomprehensible, Nebuchadnezzar was humbled by the Most-High God, forcing him to live among the wild donkeys and "eat grass like oxen until he came to acknowledge God rules in the kingdoms of men."*
- b. *Yet, another incomprehensible fact, Daniel's three executive Judahites did not die in the furnace.*
- c. *Seeing the wonders, the King wrote the Royal Decrees that state death must come quickly to those offending the God of Daniel and his three executive managers.*
- d. *Nebuchadnezzar constructed the Man-image statue as a testimonial to all the generations of earth that Daniel's God rules in the kingdoms of men and "appoints whomever to rule them."*
- e. *The Chaldeans' King had first-hand knowledge of a. thru d. and acted contrary.*

The Magistrate Judge read the Order from the Second Heaven

The Reading

Wherefore he hath sent **part of the hand** to write before the full assembly in real-time so that there would never be utterance as he said she said. "Now this is the inscription that was written: MENE, MENE, TEKEL, PARSIN."

The Interpretation

- *MENE; God hath numbered thy kingdom, and finished it.*
- *TEKEL; Thou art weighed in the balances, and art found wanting.*
- *PERES; Thy kingdom is divided, and given to the Medes and Persians.*

Peremptory Judicial Order

The Magistrate, Daniel, delivered his epilogue before reaffirming the Order from the Magistrate of the Second Heaven.

Transposition Allegorical terminology

Imperialism's archetype

- a. The Temple's vessels & utensils used to serve:
- b. thy lords,
- c. thy wives,
- d. and thy concubines.

E.

The archetype allows for the system of imperialism to fashion commercial and banking gods of silver, gold, brass, iron, wood, and stone to be honored and praised.

F.

Once the Chaldeans embraced the financial equation (the ratio 1:20) absence of the Most-High God, they substituted their gods in the created paradigm of depravity where people feed on themselves. Per their paradigm, they do not respect the basics of air controlled by the Most-High God, the essentiality of human life. They always come up with theories and propose alternatives to the living God.

The Transition to the Gentiles ' Fourth Social System

Prophetic Imperialism and its terminology.

- a. Israel and Judah represent Jacob's tithing- blessing to the Gentiles.
- b. Between 1,200 and 1,500 corporations manage the global economy of today. They are the economic **lords** per Daniel's Man-Image Statue.
- c. The Central Banking system.
- d. The global banking and financial industries.

E.

The commercial lords of global industries worship the by-products of their manufacturing. Not knowing, the theological elements particular to each of the twelve tribes engender international commerce.

F.

When Daniel interpreted, Daniel spoke of the current day reality, the tree's regrowth, and economic prosperity to the entire world.

History gives credit to the Chaldeans' King for establishing the imperialistic archetype, though he did not live to see the propagation. However, the triple interlocking adjudications pre-determined his method of demise.

A) The three Judahites refused to bend knees to worship the Man-image statue representing the four Gentiles' kingdoms. Think about it. They were the first to possess a complete rational understanding of the Man-image statue from God and gave the conceptualization to Daniel to bring interpretation to the King. Utterly jealous of the Most-High God, the Chaldeans concocted a conspiracy against the three Judahites to show that they possess power once God's servants were killed.

To illustrate to the King the Most-High God's words of truthfulness, the Magistrate Court of Heaven had a trial to prosecute the whole subject of power and authority involving the Nebuchadnezzar, the three Judahites, and the Chaldeans. After hearing all the arguments, the phase of adjudication. The Court of heaven made its adjudicative renderings.

One. The Chaldeans, who increased the heat by seven times, were killed by their own heat. Two: the three Judahites walked around singing and praising the Most-High God. Three: The King called for them to come to him on reason: a. out of fear of retribution for offending the God of the Judahites; b. fear of embarrassment. Knowing all the governors and governmental officials in his Empire would witness his powerlessness and that of his gods; c. to seek reconciliation, he issued degrees never, never to interfere with worship to their God.

B. From the concrete illustration of the consuming fire and the fire of protection simultaneously, the King wrote a Royal Edict, personalizing destruction for those insulting the Judeans' God.

C. Daniel, the Magistrate, reaffirmed case law. He used judiciary procedures established by the Second Heaven in the case of Nebuchadnezzar and the Chaldeans consumed by fire. Still, central to all cases, the parties litigate to determine penalties and damages. Nothing is different when it comes to Mystery Babylon of today. The archetypical model requires litigation per statutory codes and the same judiciary principles to guide an issuing Order.

The Order:

Whereas the triple interlocking adjudications automatically determine judgment on the FACTS, the Chaldean's King had to be executed immediately.

“Darius the Median took the kingdom, being about threescore and two years old.”

Part Two

After the king's execution, The Chaldeans consolidated its transgenerational model fashioned under the King of the Chaldeans.

According to the Royal Decree, Daniel to be eaten by the lions, the Chaldeans' model of imperialism polishes off all the elemental attributes embedded in the cut-tree regrowth for global economic prosperity.

Daniel, as the Magistrate, officiated in the making of case law, starting when he delivered to the King an illustrative worldview of all the Gentiles' social systems of which Nebuchadnezzar's kingdom would be designated as the head of gold, and subsequent kingdoms would use his model.

After the fourth kingdom, the Stone Kingdom would appear to replace all kingdoms on earth. The Stone Kingdom would appear supernaturally without human hands, for the falling stone from the mountain of God will strike the feet and toes of Babylonians and the Dragon causing the image of imperialism to fall over and never arise again.

The remarkable Daniel and his three executive associates shepherded humanity through the first two kingdoms, ensuring the imperialistic integrity per his financial ratio 1:20 pushes commerce to cover the entire earth.

Part Three

January 24, 2022, The Judahite's inscription

The Elohim reveals his mysteries to appointed persons at the appointed season and at the right time. No! the Congregation is destined to evolve upwardly, not downwardly. Naturally, a large percentage of the global population seek to devolve.

The electronic media is very powerful on the brain per the many expressed forms of communications. Through the many forms, trends are promoted for people's spiritual devolution while they are seemingly having lots of fun in self-entertaining and being entertained in mindlessness.

A Second Wall Inscription known in Advance.

Wherefore he sent part of the hand to write before the full assembly of the Chaldeans in real-time so that there would never be utterance as he said, she said.

- The Magistrate Court *"sent the part of the hand to write what has been written."*

As a mystery, what would the second inscription say?

The Second transcription presupposes The Chaldeans' imperialistic model inoperable

Among many, there is a great yarning, an inclination to seek simplification in understanding. For sure, there is a season and a time in any give process wherein simplification is revealed out of necessity, independent of subjective determination.

We all appreciate modern day conveniences. Why? For the simple fact that they make daily life much easier for us. Yet, on the other hand, many hold a reactionary view when it comes to the mathematical sciences for making possible the social environment of an advanced technological society. Why? No effort will be given to answer the question, because anyone can answer the question from a practical view.

Only a fool will say that life is simple. Biblical history can be used as a telescopic step-view of all the social systems on earth. One can zoom out to see the end or one can step-view to any stage in history for greater quantity of data on any stage of history. Yes, life is complex, but easily understood for those seeking knowledge.

Hereto, the judiciary in the Second Heaven Magistrate court used its summary judgement principles to square with the Chaldeans' system of imperialism.

- *MENE; God hath numbered thy kingdom, and finished it.*
- *TEKEL; Thou art weighed in the balances, and art found wanting.*
- *PERES; Thy kingdom is divided.*

From January 1st through January 24, the Second Heaven Magistrate Court adjudicated the interlocking alliance involving Mystery Babylon, the serpent, and the dragon. The Judahite saw and understood the adjudicative proceedings.

Phase one

The Judahite went before the governmental office to answer questions about his financial status at 9am on January 24, 2022. The meeting was rescheduled for 1pm. The same questions asked on 30 July 2019 were repeated. The Judahite reported no changes due to COVID-19.

Phase two

Maybe two hours after the phone conference, the Archangel Raphael induced The Judahite with heavy sleep, could not keep eyes opened. The Judahite is familiar with the procedure. The sound of falling water droplets brought The Judahite from the depths of subconscious systematically to the level where semi-consciousness permitted hearing the droplets; onward in time to gain full sound recognition of water dropping between the walls. The Judahite knew the sound existed interdimensionally, no water existed between the walls. Over the past seven years no such sound was heard, except for one time—about a year ago. For clarification, at no time did The Judahite dream of water. The water sound triggered a thought estimation and nothing more.

Phase three

A year ago, the sound of water.

About a year ago, while sleeping, The Judahite heard the mixed sound of water running, i.e., water dripping due to a burst pipe, the overflow of a bathtub, rainwater running from the top of the building down through the walls, etc. Say, between the hours of 2am and 4:15am while sleeping, the sound of water systematically pulled The Judahite from the depths of subconscious to the level where semi-consciousness permitted hearing the water drops, onward in time to gain full sound recognition of water falling from between the walls. The Judahite knew the sound existed interdimensionally.

While still in the semi-conscious state of sleep on 24 January, The Judahite projected water would again flood an area of the building as in 2021. Such is the account. While working at the desk, The Judahite heard a tapping sound. Maybe after thirty minutes, go up to make an investigation. The sound led The Judahite to the shower area, where he listened to the sound coming from the second floor, yes, the sound of water. Then he recalled hearing the exact sound of water.

Say, about two hours after hearing the first water tapping; The Judahite went back into the shower area to see if any water was leaking. Instead, The Judahite heard rushing water moving at a mighty pressure force. The Judahite saw and listened to the exact sound of water running through the city's sewer drainage system several times after a hard rain lasting twenty-four hours. With great astonishment, the question, what is going on?

- **The LORD on high is mightier Than the noise of many waters, Than the mighty waves of the sea. Psa 93:4**

About three hours or so, the maintenance people wanted entry to the unit to see where the water was coming from. Yes, the sound of flooding continued by the ticking sound of dropping water in the shower area. They were instructed to go upstairs to look around.

The lessons: one, futuristic judgment is on a time clock. Two, certification water of promise to the Man-child will be fulfilled.

The prophetic hour came as a preview. No man or woman can stop water sound certified representation because history will sweep away those under judgment.

Concluding, The Judahite, while in semi-sleep 24 January, expected to see either affirmation or the consummation of declarations.

Phase four

The contextual meaning is clear about the sound of dripping water symbolism. Foremost, the obligatory rewards of Jubilee have yet to be given to The Judahite and to the Executive Body of Israel. Secondly, Judah and Israel economic positions remain the same since 2017. Thirdly, after the re-assessment conference 24 Jan., the Magistrate Court of the Second Heaven issued its Order exclusive on the cosmic principle of *PERES—the kingdom is divided*.

Phase Five

The Magistrate of the Second Heaven's Judicial protocols.

Subsection 1

- (1) Among the class of the firsts, the three Executive Judahites challenged the King's Decree to worship the Man-image statue that they, themselves, gave to the King from the Elohim.
- (2) Daniel placed in the lion's den in a conspiracy against the king's Decree.
- (3) Queen Esther, the Benjaminite, risked death when she went uninvitedly to see the king to save herself and the membership of tribal Judah.
- (4) John of Revelation was thrown into boiling oil seven times hotter than usual.

Daniel, the Magistrate:

"In the same hour came forth fingers of a man's hand and wrote over against the candlestick upon the plaister of the wall of the king's palace: and the king saw the part of the hand that wrote." Daniel 5:5

Subsection 2

The Judahite expected a visitation on 24 January 2022. The procedures:

1. The entire day was full of reverifying events.
2. After reviewing the day's events, The Judahite got out of bed for a spiritualized refreshment drink, apple cider.
3. Upon returning to the bedroom, a protrusion close to the ceiling caught the attention of The Judahite. He quickly consumed the apple cider and returned to the kitchen with the glass jar to properly conform to the protocols observed in the Magistrate Court of Heaven.

The Gavel

The protrusion represents in real-time the gavel from the Second Heaven. Striking the Wall came as the manifested force in rendering the Order of justification.

While in bed finishing reviewing the days' events, the gavel-Order appeared on the Wall, though not seen, yet signaling the time to stand on feet before the Court. Then, the Spirit led the Judahite to fetch a spiritualized refreshment drink and return. Upon seeing the gavel-Order, The Judahite appeared in his judicial capacity as the Man-child before the bench for the official ruling.

The Court's imposed procedures.

The Judahite took off his shoes, stepped onto his bed, and walked in the prophetic capacity as the Man-child whose appointment to rule with an iron rod. In a similar functional position as Daniel, **the Magistrate**, the Man-child, went to the bench of heaven, the Wall, and prescribed the timeline execution for Judah and Israel to start receiving their Jubilee benefits.

Ramifications within the Court Order

The Wall was very warned. The Man-child moved the Gavel-order directionally to the right, left, up, and down like playdough.

The Spirit guided the Man-child's hand. The four fingers that wrote on the Chaldeans' palace wall recommended the Man-child's inscription. The four fingers imprinted the Wall in the symbolism of timeline dates. Like Daniel, the Man-child had to decode the transcription and next present the interpretation.

The Court adjourned

After the Man-child's transcription, the Gavel disappeared. Then the Man-child stepped down off the bed, signifying the Wall-bench proceedings closed, and then the hot Wall returned to its natural state.

The interdimensional FACT of the Second Heaven Court closed its doors on the matters at hand. The following morning, upon examination, the Wall was cold as usual. All subdivisions within the Order have assigned agents of FORCE to execute.

The ORDER's Interpretation

At the end of February, the Executive Body of Israel will have the jurisdictional latitude to go anyplace unrestricted to prepare for departure.

An ordinance has been given for the tribe of Judah to use as a guide for millennium marriages. (More to be said in a few days from now.)

For the ten tribes, Jeremiah has already stated an agreement will be inserted in each tribe's inner parts to prevent total damnation. In other words, the ten tribes have had a long history of always going back to sin.

See Part III within a day or so.
