

Sending Postcards with the Interurban Railway Museum

Postcards are a great way to keep in touch with your favorite people. Even a small message can mean a lot! With one sheet of **cardstock**, a writing tool, and a stamp, you can get your special message anywhere! You can print your very own [Interurban Railway Museum Postcard](#) to get started.

Instructions:

1. Print your postcard! Use **cardstock**. It will protect your message from tears. You can also use other **thick paper**, or even **recycle greeting cards**! If those aren't available, see our [letter blog](#) for a link on how to make envelopes, and instructions on how to address one.
2. Flip the postcard over, it should be blank
3. Draw a line just right of center on the blank side
4. Write your address in the top left corner (optional)
5. Write your message anywhere on the left side of the line
6. Write your recipient's address on the right side of the line. Make sure there's some space for a stamp
7. Put a stamp in the top right corner
8. Your postcard is ready for the mail!

If you want to learn more about mailing messages, check out our [blog on how to write letters!](#)
