

As the impact of this situation grows in Florida including the communities where we do business, the management team at **The Parrot** would like to share the steps that we're taking to keep our dedicated team and customers safe. At The Parrot, we are fully committed to the health and well-being of our customers, our team and their families.

As a food & beverage service business, **The Parrot** is regulated by strict health and sanitation rules by the State of Florida. At **The Parrot**, we hold ourselves to very high cleanliness and health standards that are designed to maintain a safe and healthy environment in our restaurants. In addition, we remain vigilant in learning more about the COVID-19 virus by monitoring developments closely and keeping informed of additional recommendations from the CDC, WHO, state and local authorities and public health agencies.

Daily disease-prevention measures:

- Hand washing practices are rigorously followed.
- Frequently sanitizing tables, countertops and all commonly touched surfaces.
- Frequently disinfecting restrooms and waiting areas.
- Sanitizing menus, chairs, door handles and other surfaces that are commonly touched.
- Team members are forbidden to work if they are not feeling well
- We have asked each of our team members to inform us of exposure to anyone diagnosed with COVID-19 (Coronavirus) and are asked not to report to work.
- We have requested that team members to not shake hands, hug or have unnecessary contact with our customers.

Please note that we offer take-out dining from 11 am to 10 pm each day.

All of our team members are trained and certified in strategies to reduce food-borne illness and practice safe hygiene. Thank you to our loyal Customers for your continued confidence and trust in our team and **The Parrot Patio Bar & Grill.**
