

INSTA-BED 2.0 FOUNDATION

The Insta-bed 2.0 Foundation offers a complete, stand-alone foundation that requires absolutely no tools to assemble. It can be assembled or disassembled by anyone in a matter of minutes.

FEATURES

- ◆ No tools required to assemble
- ◆ Easy setup within minutes
- ◆ Solid wood construction
- ◆ Factory installed metal brackets
- ◆ Fully upholstered components
- ◆ Upholstered, roll-out slats that secure with Velcro.
- ◆ Ready-to-install legs included
- ◆ (Optional) headboard available
- ◆ (Optional) USB 3.0 charging ports available

Made in the USA

SIZING

Heights: 4.75—7.75” Heights available

Available in Twin, Twin XL, Full, Queen, King, and California King

CONFIGURABLE

Every Insta-bed 2.0 can be used with legs as a stand-alone unit or without legs in combination with a metal frame.

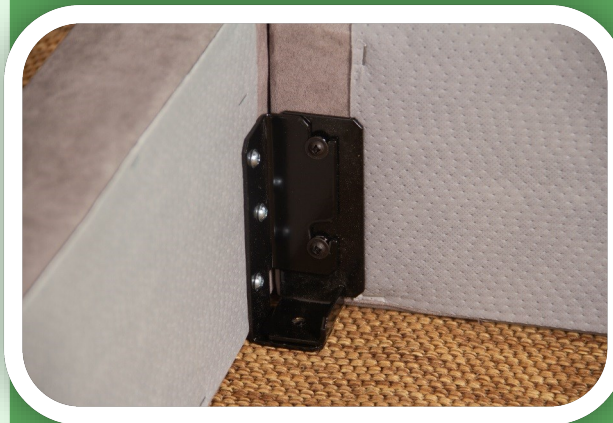

FULLY UPHOLSTERED, READY TO ASSEMBLE

All components of the foundation come fully upholstered from the factory. Even the slats are pre-sewn into upholstery and are ready to roll out to provide a quality, finished look to each foundation.

NO TOOLS REQUIRED

The components fit together using pre-installed metal brackets, which provide reduced noise and superior strength.
