

Miller Wood Supply

Headquartered in Springfield, Missouri

Serving the Bedding Industry since 2005

Organizational Highlights

- Raw material contracts with numerous Canadian mills.
- All lumber is purchased directly from the mills to eliminate brokerage fees.
- Partnered with the Pennsylvania Mennonites to operate multiple cut-to-size lumber mills in Pennsylvania in addition to our own mills.
- Our organization is modeled around competitive pricing with exceptional customer service.

| ● QUEEN | ● KING | 2 End Rails | 30 Wood Screws (Philips Head) |
| ● CAL. KING | | 10 Wood Slats | 1 1/2" Wrench |
| | | | 1 Foundation Cover |

| ASSEMBLY INSTRUCTIONS | |
|--|---|
| <p>FOUNDATION ASSEMBLY</p> <p>1. Place side & center rails (the longer ones) on floor, parallel to each other.</p> <p>2. Fasten one end rail (the rounded ones) to both sides and center using bolts and flange nuts.</p> <p>Repeat step 2 at other end of foundation. When completely assembled tighten all flange nuts with wrench.</p> |   |
| <p>ADDING THE BED SLATS</p> <p>3. Place the bed slats in the notches on the sides of the foundation.</p> <p>4. Screw down the slats starting at the ends and then the center (screwdriver not included).</p> |   |
| <p>COVERING THE FOUNDATION</p> <p>5. Unfold the cover and place on the foundation.</p> <p>Pull down snugly on all sides.</p> <p>6. Pull the drawstring to tighten the cover and slide the locking ball in place.</p> |   |
