To Whom it May Concern;

The purpose of this letter is to express my complete satisfaction with the consulting services provided by Jon Doney.

As President of R Legacy Entertainment, Jon and I worked together to produce a focus group on sales and marketing strategies for a division of R Legacy Entertainment, Musician's Toolkit. His expertise in all focused areas of education sales and training proved invaluable to the company's new direction.

On more than one occasion Jon was given responsibility for delivering critical components required and each time conveyed, presented and communicated quality data, task definitions, assessments, and overall project management guidelines for our team. From initial analysis to final delivery, all information that was required and needed was addressed.

With regard to client and peer interaction, Jon always received the highest praise. During his short time working with R Legacy Entertainment he built a reputation as an expert sought out by both Executive Management and MTK team members. Overall Jon is very easy to work with. He is able to communicate his ideas in ways that resonated from the un-initiated to people who were well-versed in the development of this division. In closing, I would welcome the opportunity to work with Jon again and could not recommend him more highly.

Sincerely,

Anna Maidon
President
