SBCCA President’s Message

Lori Logan, *President SBCCA*

Greetings SBCCA Subscribers!

I am delighted to welcome you to our 2018-2019 South Bay Community Concert Season. We have another outstanding set of quality entertainment lined up for you all.

We have had a bit of change in ‘command’ this past year. Our dear previous president, Dave Knauer, had to step down for personal reasons. I will be filling his very big shoes as president. I want you to know that I take this position seriously and will be doing all I can to make sure our organization continues to be a successful and worthwhile program, now and for the years to come.

This change in presidency has affected other office positions. Our new Vice President will be Art Irizarry; Dale Korman is returning as our Subscription Chair; our new News Letter Editor will be Clay White; and our new Artist Hospitality Chair will be Susan Behar. I am so excited about our new officer selection! These people are hardworking, smart, and dedicated. In the next

several newsletters we will be introducing you to our newest board members and officers so you'll get to know more about them. (See photo below)

Finally, we still have room for more subscribers this season. Please take a few of the brochures we have available in the front of the lobby and distribute to your friends and family. Thank you for your help. Without you, we don't exist!

If you have any questions or comments you'd like to share, please let me know.

Wishing you all health and good cheer!

Lori Logan

They converged in Vienna from all around the world, united by a modern conception of virtuosity and the constant urge to push the limits of performance. The five musicians hail from Poland, Italy, Belgium,

the USA and Chile, and each brings his own unique and vibrant personality to the group. The ensemble's imaginative programming mirrors the diversity of its members, rooted in classical music, while venturing into American jazz, South-American Latin styles and European folk music. Their "starving artist" past is echoed in their concerts by their use of theatrical elements, their strong connection with the audience, and their spontaneous approach to making music.
