

**Come home.
Get better.
Live well.**

Orthopedic Rehabilitation

Unique Health Care Solutions offers Orthopedic Rehabilitation and is designed to provide rehabilitation services to you in the comfort of your home. Our health care team consists of nurses, physical and occupational therapists, and medical social workers. We work closely with you and your Orthopedic Surgeon to provide a customized plan of care tailored to meet your physician's recommendations and rehabilitation goals.

Orthopedic rehabilitation focuses on treating conditions affecting the musculoskeletal system, which is made up of your joints, muscles, bones, ligaments, and tendons.

Unique Health Care Solutions will work with you to:

- ✚ Help you recover from surgery
- ✚ Improve your strength and range of motion
- ✚ Increase overall functional mobility
- ✚ Achieve your best outcome
