Pricing

Every attempt is made to keep our prices as close to the current catalog list price as possible. However, because of price fluctuations from our suppliers, equipment sourcing and volume buying, the price of some items may increase or decrease accordingly.

Returns

Before returning any part(s), a return authorization number is required. Returns without an RA number will delay the credit or exchange and in some cases they will be returned to you. Some items are not returnable depending on application and condition of item(s). However, we may consider purchasing them from you depending on condition and application. All returns are subject to up to a 20% restocking fee. Shipping is subjective on each individual issue.
