

Is it time to Embark on Your Divine Journey and become a New Earth Goddess?

SARAH-JANE from Love & White Light will be running a year-long New Earth Goddess immersion programme, starting next February.

UNITE IN OUR HEARTS, AS THE MAGDALENE

This is a year-long immersion into the *New Earth Goddess* energies and during this journey, we will walk the path of the rose to reclaim our New Earth Goddess selves.

This immersion will be held as 2 x 2-hour long sessions every month. These will take place on the 1st and 3rd Sundays of the month — with allowance made for any particular times like Christmas or if SJ should be away (in which case an alternative session will be scheduled).

These sessions will run from 10am until 12 noon GMT.

We can meet in person (but you can join by Zoom if it's impractical for you to travel). The calls will be made by audio Zoom, as this enables us to go deeper (by not being distracted by what we see in the outer world).

As we journey, we will trace our steps back to our Goddess selves by following the energy and path of the rose — a journey all the way from the roots to the bud, blossom and the rosy hip full of wisdom — and as we travel, you emerge to bloom and fruit as Goddess. A journey of the soul to the divinity within, your own divine self.

We will connect to Avalon and its goddesses. There will be a strong Celtic feel within the teachings. We will also connect to the Holy Grail, and to sacred sites such as wells, sacred groves and stone circles. We will work with sacred flowers and herbs, all so that we rise up from our old shadows to become our own inner healers, channellers, seers, and counsellors.

You will receive powerful healing transmissions from the essence of the roses we connect with

— including “The Lady of The Lake”, “Wildeva”, “Scepter’d Isle” and “Spirit of Freedom”.

There will be updates as well as any relevant information or messages about the new or changing energies we are witnessing as the Earth’s vibration quickens.

But whilst this immersion will bring healing, it is also for the complete unfoldment of all you are at the core of your being. So you will constantly go within to prune away your dead wood (and anything that needs clearing) to regain access to your deepest wisdom — and you will also be nourished by the energies which will be brought to you with each session.

Each session will be recorded and you will receive the recording following each session.

There is no written material provided (apart from the occasional [Plant Ally Fact Sheet](#)) and there is no written work to do — the focus is on totally immersing ourselves in the new energies, to open you up for whatever you need.

There will be a certificate awarded at the end of the year and you do not need to attend every session to receive this. The purpose of this immersion is to ensure you have a constant connection to the changing spiritual energies and the nurturing which will be brought to you as we connect together.

This is an experiential immersion where everything is directly transmitted to you during our connections.

As a [New Earth Goddess](#), you become part of the [New Earth Sisterhood](#) and will find a home within it and during the year you will know that there is always support and guidance for you.

It is so important upon the spiritual path especially when you progress further along it that you have the support of other sisters.

You will be able to join the closed Facebook group, New Earth Sisterhood, where you can interact and support each other and connect with other sisters in our circle; here you can share your wisdom and you will receive my support, further teachings and guidance throughout the year.

Our circle will serve a purpose to bring a loving and devoted sisterhood together so that you can be completely immersed in the vibrations of the New Earth but also through the very act of coming together and forming a circle, we will create a beacon of light which will automatically spread across the planet bringing light, love and the healing to everyone upon it.

The world can feel dark at times, yet this path to rebirth is joyful! You'll rediscover what's uniquely beautiful in you, and release all the aspects of the old you that you carry — so you can let it all go, embracing your divine purpose.

The cost of this year long immersion is [£720.00](#) GBP. This can be paid in one sum or in 12 monthly payments of [£60.00](#) (by PayPal invoice) to be paid prior to each session.

Upon completion you will be able to hold your own [New Earth Goddess](#) offerings using the teachings you have received and by adding your own teachings to them and creating your own [New Earth Goddess Immersions](#) and your own [New Earth Sisterhood](#).

If you wish to do this then you will need to create your own journal of the year with personal notes from all you have learnt.

If you're feeling called, claim one of the remaining spaces in this sacred container and prepare to awaken as the blessed vessels for the Goddess that we are.

[We begin on Sunday 1st February!](#)

[ALWAYS, above all else, follow your own Heart, for only then can you truly begin to live the gift that is your life!](#)

HOW TO KNOW IF THIS PATH FOR YOU?

- ✿ If your heart has longed for a deeper connection to the Divine Feminine, but you haven't known where to start, this is the perfect place – and now is the perfect time.
- ✿ You're keen to deepen your connections to self and to something greater, in a way that honours the Feminine.
- ✿ You've noticed yourself evolving personally and spiritually, and have been looking for a safe (and fun) way to deepen your exploration.
- ✿ You feel something tug at your heart when you think about "Priestesses" – or have been "reminded" that there are sacred teachings within you ready to be awakened.
- ✿ And you're done with all those development courses that place little emphasis on the power (or beauty) of sacred sisterhood.
