1. Dare to Dance will contact the local health dept/website two weeks prior, one week prior, and two days prior to activity to check in on the current plan for activity to confirm it meets all requirements. Dare to Dance agrees to adhere to all recommendations and modification requests to ensure the safety & health of all participants, organizers, & streaming crew.
2. The majority of the Dare to Dance crew is from the same household. Those that are not within the same household will be kept at a distance of 6 ft or greater from others. Masks will be worn by anyone entering the building, including all of Dare to Dance staff, participants, spectators, and stage crew. Two spectators will be allowed per participant. This will be monitored/limited by online ticket sales. Spectators will enter through the lobby and exit out the opposite side of the venue. Attendees will enter the building at their assigned arrival time at an entrance separate from spectators. Masks are required and will be provided to those that show up maskless. A log of attendees/educators will be taken, as well as, current temperatures of all participants. We will ask if any have been exposed to Covid or have symptoms. If any participant or educator has symptoms they will not be allowed to enter. Each performing group will have up to 2 educators with them. After check in the groups will be taken to a warm up area where they will wait with their team until they go on the stage. Participants may remove masks for actual performance if Health Dept allows. At the conclusion of their performance on stage they will exit the stage and return to their assigned dressing area. They will enter on one side of the stage and exit on the other. All areas of high touch surfaces will be disinfected between groups.
