

CERTIFICATE

OF COMPLETION

COMMUNITY WILDFIRE RISK REDUCTION SAMPLE

This certificate is proudly given on this 16th Day of November, 2025, by Firemedx International® and represents the minimum achievement in the field of Wildfire Risk Mitigation, demonstrating a foundational competency for contractors within the Wildland/Urban Interface relating to the course proficiency.

This certificate is a basic understanding and essential recommendation for working in a defensible space environment and does not represent an individual skillset in this field or meet Preferred Vendor Qualifications.

Course Proficiency:

Fundamentals of Fire Behavior
Firewise USA™ Program
Wildfire Risk and the Home Ignition Zones
Site Property Home Assessment
Field Day: Wildfire Risk Reduction proficiency
