Firewise Community information update October 21, 2026

Our first community Firewise presentation was June 29 at the Coyote Creek Sales office. This presentation was for ZONE C. The meeting was well attended and many questions were answered by Captain Asa Pallette.
Information about the Firewise program and how you can protect your home is available at the Coyote Creek Sales office.

Due to limited time and availability of the Rincon Valley Fire Department staff who do the presentations we will hold the next meeting for the entire community at a location and date to be determined. The next meeting will include all ZONES.

The Rincon Valley Fire Department made 30 firewise property assessments available to Coyote Creek residents. 29 homes had assessments completed. The Firewise committee hopes to make more of the assessments available to the community in the future.

Stay tuned for additional Firewise information and opportunities to keep our community Firewise safe.
