COYOTE CREEK

Coyote Creek Homeowners,

Coyote Creek offers access to both public and private trails for residents to enjoy. These trails are a valued community amenity, providing opportunities to walk, exercise, enjoy the outdoors, and spend time with family and pets.

As a reminder, some trails cross or run alongside homeowners' lots. We ask that all residents and trail users be mindful of the privacy, property, and comfort of those who live near these areas.

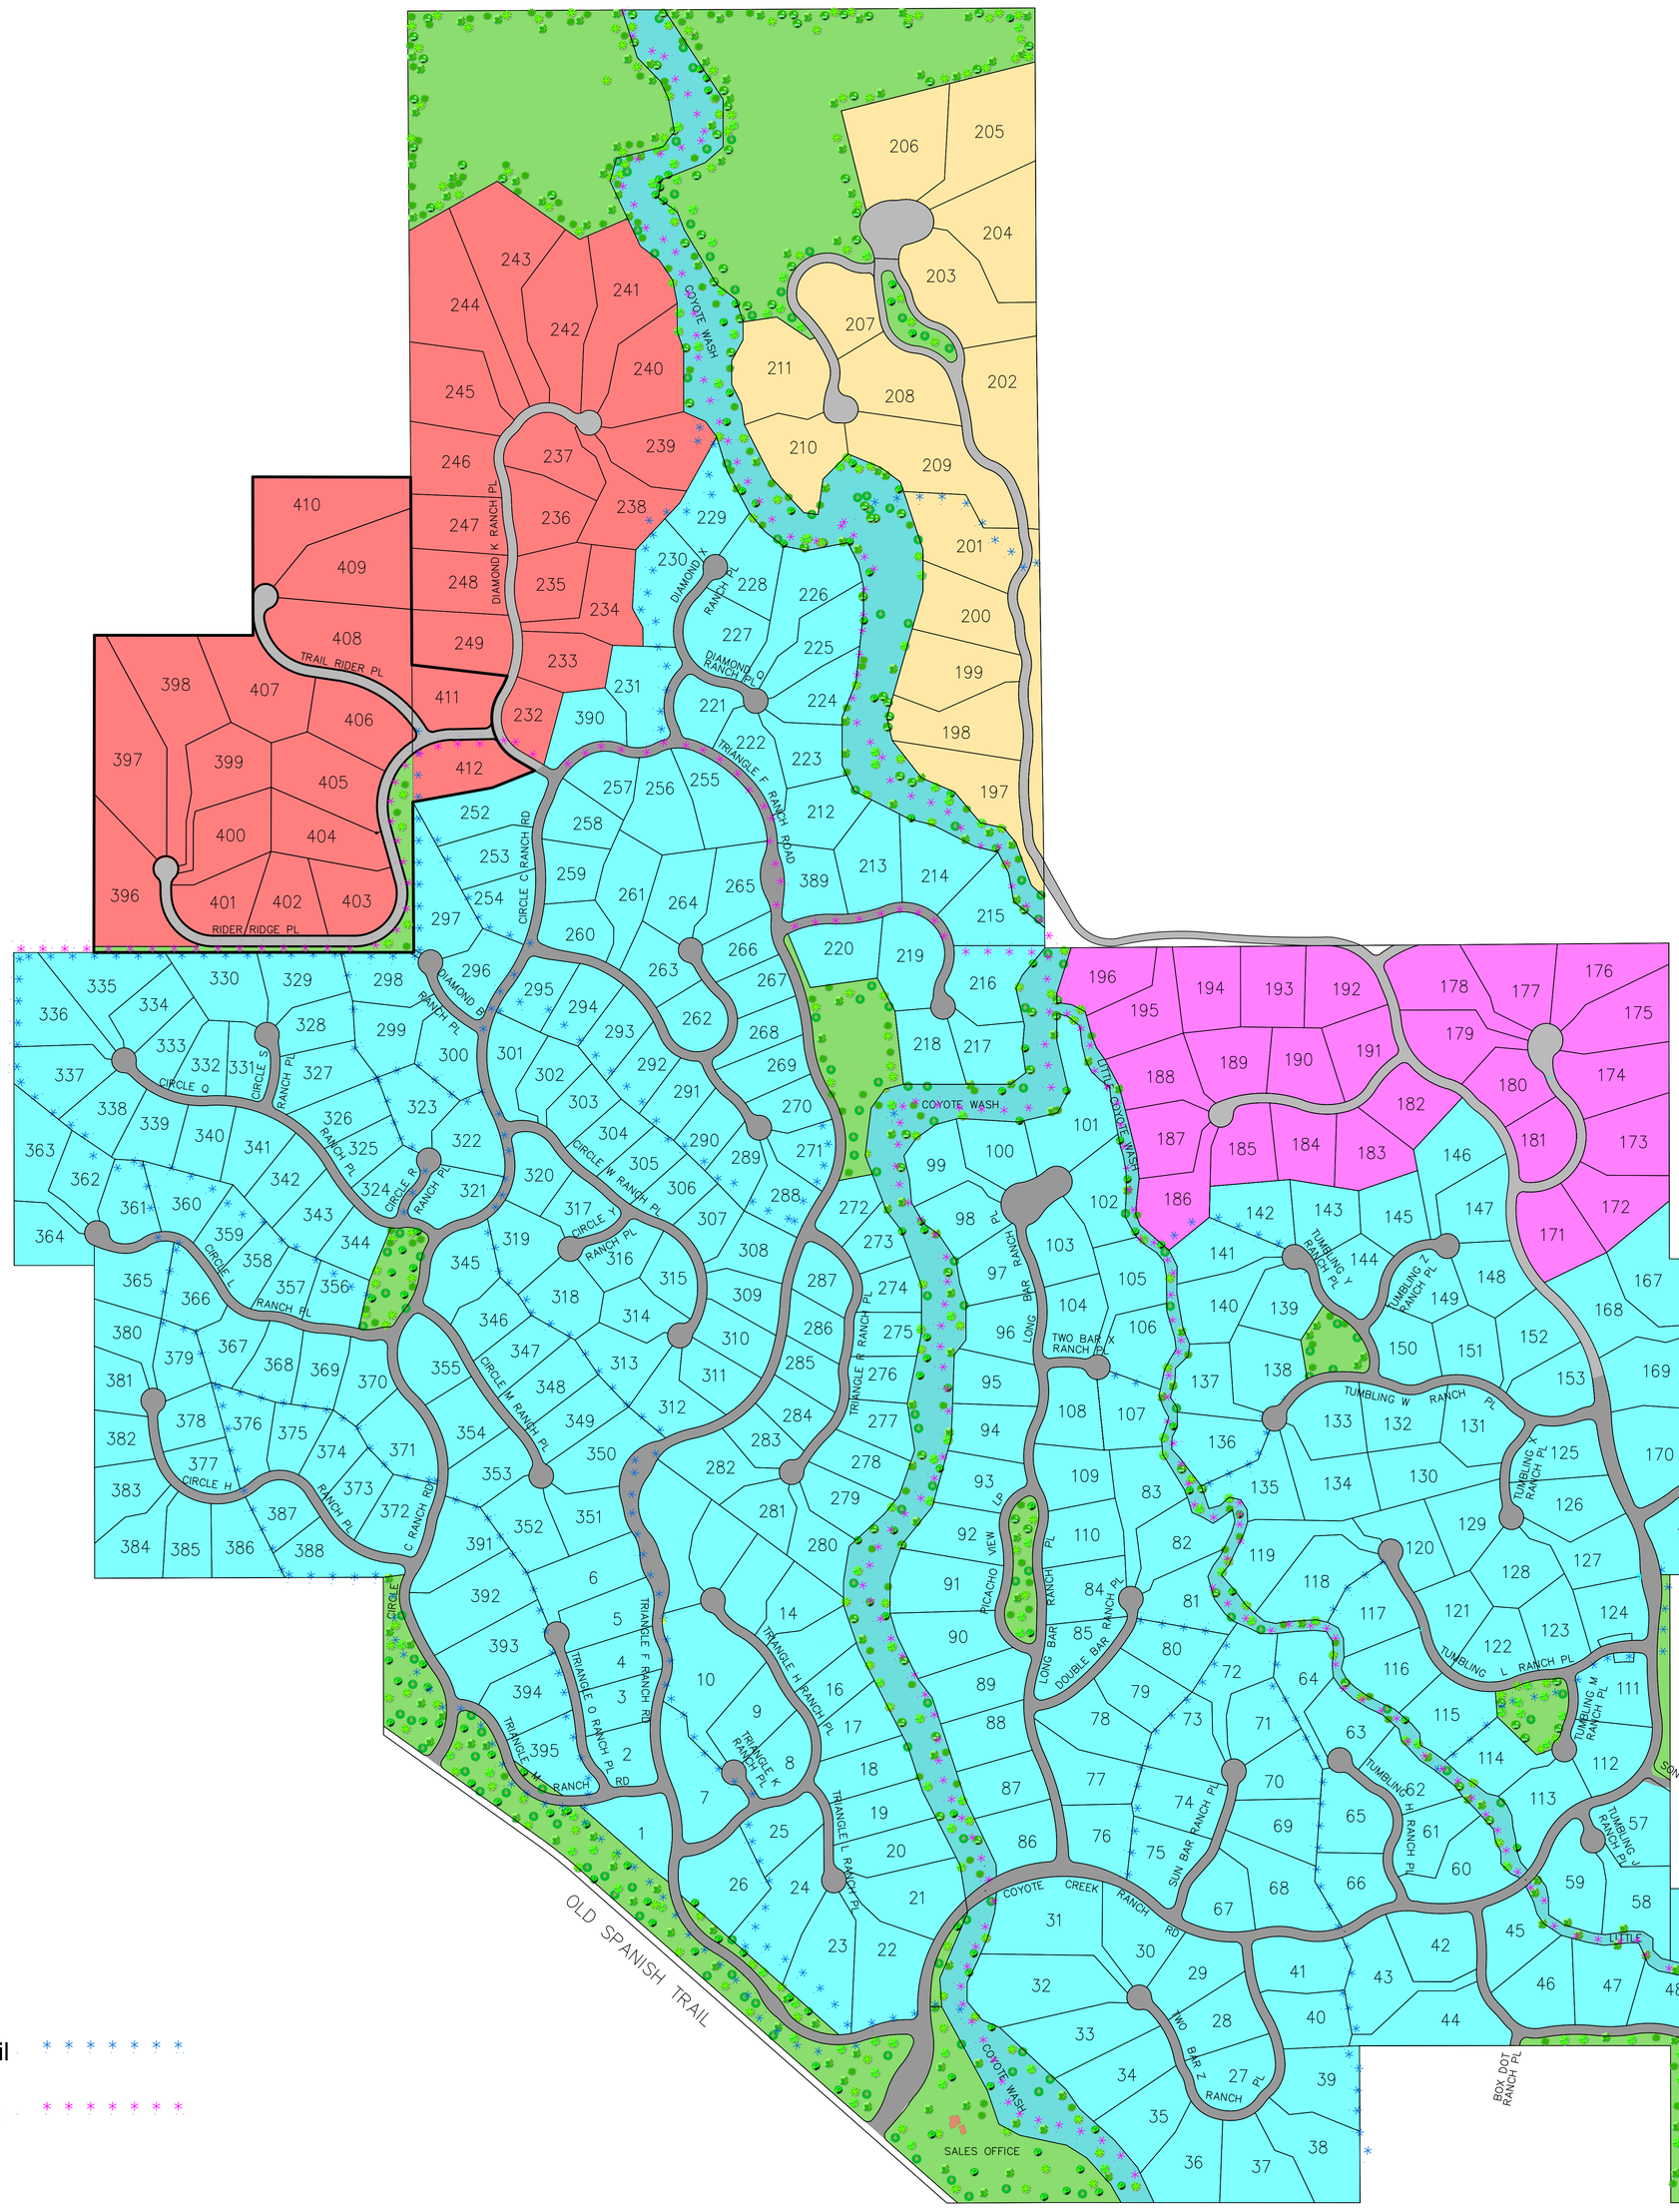

Please keep the following community courtesy guidelines in mind:

- **Be respectful of private property.** Stay on designated trails and do not enter, cut through, or linger on neighboring homeowners' lots.
- **Pick up after your pets.** Always clean up after your pets and properly dispose of waste.
- **Keep noise to a reasonable level.** Be considerate of nearby residents, especially when walking or gathering in areas close to homes.
- **Respect the privacy of others.** Avoid looking into homes or yards, taking photographs of private property, or engaging in behavior that may make residents uncomfortable.
- **Be courteous to fellow trail users.** Share the trails respectfully and allow others to enjoy these spaces peacefully.
- **Respect residents living near the trails.** Homeowners whose lots are affected by trail access are also expected to be courteous and respectful toward individuals lawfully using designated trails. Please address concerns calmly and avoid confrontations.

Our goal is to ensure that everyone can enjoy the trails while maintaining a peaceful, respectful environment for all Coyote Creek residents. Whether you are using a trail or living alongside one, mutual courtesy and consideration go a long way toward preserving the quality of life in our community.

Thank you for doing your part to keep Coyote Creek a welcoming and enjoyable place to live.
