By Kimberly Klein

### **THE SPIRIT WORLD IS SPEAKING—ARE YOU LISTENING?**

Previously only available as a full-length book, the belief-changing, mind-expanding, spirit-enlightening information given to us from the spirit world in the books *The Universe Speaks A Heavenly Dialogue, Books One and Two* can now be read as individual inspirational quotes delivered to you on your iPhone or iPad on a daily, weekly, or hourly basis!

When Kimberly Klein's thirteen year-old daughter, Talia, died in a plane crash in Panama, December 2007, the story made international headline news. Kimberly thought her life was over—until something miraculous happened: *Talia started speaking from heaven!*

In *The Universe Speaks: A Heavenly Dialogue*, we read Talia's life-changing messages of love, joy, wisdom, and truth—which the spirit world wanted us to know. In *Book Two*, Talia took us deeper into the workings of the spiritual and taught us the how-to's for living up to our birthright: our right and ability to be in relationship with our true authentic selves, with the Universe, and with our God.

Talia's words didn't just make us wonder—they addressed some of life's biggest questions: Where is God? How do we become One? What is Oneness?

Now Talia's messages from Spirit are available as excerpts to be read at your leisure—anywhere, anytime—as a new FREE App for the iPhone and iPad!

*"The Universe Speaks is the most in-depth, accurate communication with those who have crossed over into heaven that I have ever seen put to paper. Talia is a remarkable spirit who gets right to the heart of spiritual knowledge. This is a must read for anyone curious about life after death—and let's face it, isn't everyone?"*

- RONALAFAE THAPA, INTERNATIONALLY RECOGNIZED PSYCHIC AND MEDIUM

*"The author offers hard-to-dispute proof of the validity of these messages . . . More than eight months of "conversations" between Talia and G reveal insights and contain knowledge that only Talia herself could have known."*

“While on the surface, this book is about communication with the afterlife, it has wisdom and teachings toward living a better life and being all that you can be. You’re right about nothing being a coincidence and everything meaning something—although some would contend with you about that out of ignorance. If you are looking for a means to cope with grief, wrestling with where you are in life, or looking for your own enlightenment, pick up a copy. I hope that you will be as charmed by it as I was.”

- LESLIE OBRIEN, Amazon Review

“I have lost loved ones in my life, and despite my more straightforward views, the story of Talia and her mother shifted my perspective and opened my mind to new possibilities. I thoroughly enjoy learning about new ways of thinking, particularly when they aren't shoved down your throat in a proselytizing way. Klein did a wonderful job of presenting her point of view, telling a story, explaining her philosophy, then leaving reader to draw their own conclusions. Well done! Any book that makes me re-assess my perception of life and the world beyond is definitely a winner!”
