The Universe Speaks: A Heavenly Dialogue

A Book by Kimberly Klein

The world waited and prayed as people witnessed on the news in nearly every country around the world Kimberly Klein's search for her daughter's missing plane in Panama, December 2007. The death of thirteen year-old Talia, resulting from a plane crash in the Panamanian jungle, made international headline news. Kim thought her life was over until something miraculous happened: she started getting messages from Talia.

At first Talia's messages were just that—messages for her mom. But then Talia started to expand on her messages with descriptions of what heaven is like, what happens immediately after you die, how everyone can hear the spirits if they believe, the need to live authentically, and love and truth. Talia herself said that her messages needed to get out to the world, now. Thus *The Universe Speaks: A Heavenly Dialogue* was brought to life by Kim.

The Universe Speaks is an expansion of Kim's first book, the international hit *Hummingbirds Don't Fly in the Rain* (PMA Press 2011). It is an in-depth journalized dialogue between Talia from heaven and "G," Kimberly's dear friend here on earth, taken from hundreds of hours of eye-opening, life-changing messages of love, joy, wisdom, and truth, that the spirit world wants us to know NOW. These messages, often deeply personal, have the power to bring individuals, families, communities, and the world everlasting peace and joy.

Says RonaLafae Thapa, internationally recognized psychic and medium: "*The Universe Speaks* is the most in-depth, accurate communication with those who have crossed over into heaven that I have ever seen put to paper. Talia is a remarkable spirit who gets right to the heart of spiritual knowledge. This is a must read for anyone curious about life after death—and let's face it, isn't everyone?"

From Kirkus Reviews: "The author offers hard-to-dispute proof of the validity of these messages . . . More than eight months of "conversations" between Talia and "G" reveal

insights and contain knowledge that only Talia herself could have known. ”

Born and raised in Southern California, Kim Klein, a California attorney, turned from non-believer to believer in the spiritual world after her communications from Talia began. Kim now spends her time writing about her experiences surrounding the death of Talia and is learning how to heal others from the grief of losing a loved one. She currently resides in Nevada, where she enjoys the peaceful desert scenery and continues on her path of healing, learning, and spiritual awakening.
