

Stained Glass Scripture *Word Worx*

Great as inspirational gifts, stocking fillers at Christmas or to have laminated & hanging in a window - let the light shine through and help remind you of the empowering, life giving words.

Whether it's memorising scripture or just wanting to see your favourite words of wisdom captured in artwork, here is a great technique to try...

1. Choose a favourite scripture or memory verse
2. On computer or free hand use black to write the verse in a font you love
3. Colour with your favourites or a theme you prefer using **wax** crayon
4. Scrunch paper into a ball to crease/crack all the wax, being careful not to tear it.
5. Working quickly, using a runny black paint, cover the whole surface and then clean off with a soft, slightly damp paper towel or cloth.

The outcome will be similar to a Stained Glass effect.

WiseWorx Pro Tip: wear gloves :)

WiseArtyAnswers can deliver the activity personally. (depending on location)
Other Options include: **Online**, in a Small group, **Large** group, as an *EVENT* or delivered as a **team builder**.
