Day 1: Depart for Iceland: Depart aboard a scheduled airline for an overnight flight to Iceland.

Day 2: Reykjavík – Borgarfjörður: Upon arrival discover the colorful capital of Reykjavík with a sightseeing tour. Catch the city's energetic vibe through top visitor attractions like the visually stunning Harpa Concert Hall and the Parliament on bustling Austurvöllur Square. Enjoy panoramic views from the city's main landmark, Hallgrímskirkja church. Head to Akranes to visit the local Museum Centre, which preserves a comprehensive collection of geological and maritime exhibits. Arrive in Borgarnes for dinner and a two-night stay.

Day 3: Bay Cruise - Snæfellsnes Peninsula – Northern Lights: After breakfast we embark on an adventurous sail in Breiðafjörður Bay to encounter thousands of tiny islands and experience "Viking Sushi," a sampling of sea scallops, urchin, and crab drawn onto the boat straight from the pristine Icelandic waters. Along the rugged coastline of Snæfellsnes Peninsula encounter secluded fishing villages and Kirkjufell Mountain and surrounding fjord teeming with herring and orca whales. The picturesque harbor village of Arnarstapi offers the opportunity to walk among columnar basalt rock formations and cliffs, swarming with colonies of seabirds. Savor the remote tranquility of Snæfellsjökull National Park, which exhibits an astonishing variety of natural landscapes from moss-blanketed lava fields and pebbled beaches to the imposing cliffs. Return to our hotel for dinner and if conditions are favorable, we will hunt for the elusive Aurora Borealis.

Day 4: Þingvellir - Geysir – Gullfoss: After breakfast head to the bubbling waters of Deildartunguhver, Europe's most powerful hot spring. Enjoy a scenic visit to a duo of exceptionally beautiful and unique waterfalls at Hraunfoss and Barnafoss. Onwards to Þingvellir National Park where the world's oldest parliament met for centuries on the shores of Iceland's largest lake. Continue through farmland areas to the geothermal fields of Geysir with bubbling mud pools and the high-spouting Strokkur hot spring. Visit the dramatic two-tiered Gullfoss waterfall. Stop at Skálholt, Iceland's capital during the Middle-Ages and now a culture center with a beautiful church. Visit Laugarvatnshellir cave where two Icelandic families built a homestead and farm during the early 20th century to show how locals once lived. Overnight and dinner in the south coast area.

Day 5: Iceland's South Shore: After breakfast drive along the south shore, a beautiful area to view year-round in Iceland. This is also one of the main farm regions of the country, and the road will pass by typical Icelandic farms, often with Icelandic horses in the fields. This part of the country is home to the new Lava Centre, an interactive, high-tech educational exhibition depicting volcanic activity, earthquakes and the creation of Iceland. Stop at the spectacular waterfalls Seljalandsfoss and Skógafoss before we head onwards, passing by Mýrdalsjökull Glacier. We visit Reynisfjara beach and take a walk on the black sands and admire the extraordinary rock formations as well as the thundering waves of the Atlantic Ocean. Enjoy dinner and a two-night stay in the Kirkjubæjarklaustur area.

Day 6: Vatnajökull National Park – Jökulsárlón Glacial Lagoon: Enjoy breakfast at the hotel. Today we enter the area of Vatnajökull National Park, named after Europe's largest glacier. This national park is also the largest one in western Europe. The park's Skaftafell region is a site of outstanding natural beauty, dominated by Vatnajökull glacier. View Svinafellsjökull, one of the most beautiful of the glacial outlets emerging from Vatnajökull. Continue to Jökulsárlón Glacial Lagoon where you can enjoy a breath-taking sight of icebergs floating in the fantastic 180m (591 ft.) deep glacial lake. Return to our hotel for dinner and overnight.

Day 7: Volcanic Areas - Hveragerði - Blue Lagoon – Reykjavík: Breakfast at your hotel. Head towards the village of Hveragerði, which is one of the few sites in the world located directly in the middle of a geothermal area. Hveragerði is often called "The Flower Village" because of its many greenhouses heated by hot water from nearby springs. Follow along the coastline with its breath-taking waves and through a deserted community that once was a flourishing centre for the region. On to the Reykjanes peninsula, where you can enjoy a dip in the famous Blue Lagoon, a unique wonder of nature with pleasantly warm, mineral-rich water in the middle of a black lava field. Overnight in Reykjavík. Dinner is on your own.

DAY 8: Journey Home: Breakfast at your hotel. Transfer to Keflavík Airport for the return flight home.

Payment Policy: A \$500.00 per person deposit is due to secure your reservation with the balance due by June 4, 2027. Make checks payable to: Madison County Senior Center, and send to P.O. Box 389, London, OH 43140. Phone number: (740)-852-3001.

TRAVEL

ACTIVITY LEVELS

LEVEL 1

LIGHT & LEISURELY

You're a leisurely traveler. You like to take it easy and people-watch. You can climb at least one flight of stairs, board a coach, and walk unassisted at a relaxed pace for up to 60 minutes without difficulty. You can handle altitudes up to 5,000 feet. **

LEVEL 2

MODERATE

You like a balanced approach to travel. Walking two or three miles over the course of the day is no problem. You can take part in a two-hour leisurely walking tour (with breaks). You can handle a variety of terrains, from cobblestone streets to moderate hills. You can climb flights of stairs with ease and stand in line for short periods. You can handle altitudes of 6000 feet. **

LEVEL 3

ACTIVE

You're an on-the-go traveler. You don't want to miss a thing, so walking and standing for long periods are no problem. A moderately paced two or three-hour walking tour, covering miles, with hills and uneven surfaces, is no problem. You can easily handle altitudes between 6000 and 9000 feet. **

LEVEL 4

VERY ACTIVE

You're ready to seize the day, whatever it may bring. You lead an active life at home; 10,000 steps a day is normal. You can handle longer walks, more than 3 hours, covering more than 3 miles at a steady clip, with activities that involve uneven terrain, steep slopes, and standing for long periods of time, at varying altitudes and temperatures. This level is not appropriate for travelers using wheelchairs, walkers, and other mobility assistance.

**** Trip may fall between two activity levels.**
