

THE IRON KETTLE

LANDMARK RESTAURANT

The Iron Kettle Legacy

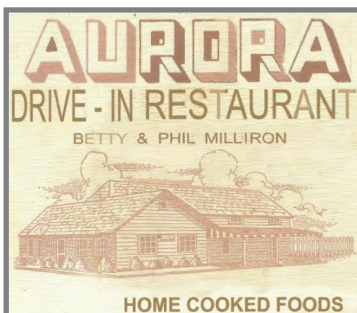

The Iron Kettle Landmark Restaurant was first established in 1947. Five generations of owners have operated this well-known restaurant as the "Iron Kettle". However, it was first known as the Aurora Drive-In. The restaurant has always featured home-cooked meals prepared in-house every day and we are committed to honoring that legacy.

**ORIGINAL BUILDING
NOW THE "COFFEE SHOP"
(FRONT COUNTER AREA)
1950's**

We welcome you to experience the unique warmth & quaint beauty of our two main dining rooms. Each room features their own fireplace and has been named after our children, Ella and Alex. From time-to-time, you will find Ella and Alex helping out!

The "coffee shop" (original building) features counter and table service. This room has been dedicated to preserve the history of the building by displaying the works seen below as well as other memorabilia.
