UNLEASH YOUR POTENTIAL

SET A GOAL - WORK HARD - COMPETE - GROW

During this past year, nearly every musical concert, recital and performance opportunity was cancelled. It is more important than ever to take advantage of the few opportunities that you have to set a goal and work towards it's completion.. When you decide to enter a competition, you begin to work a plan of preparation with your teacher that will guide you to the goal of your audition. As you focus on this goal, you will inevitably become a more focused conscientious player. I encourage you to become the best that you can be even in this time where It is difficult to find purpose in practicing. Make this your purpose. Set this goal for yourselves. Grow your talent so That you may be used for God's glory where He places you.
