Therefore, it is the duty of the recorded owners of the realty to make provisions that any occupant of the realty pays the sewage fee, charges, or assessments when due. All unpaid sewage fees charges, or assessments, together with penalty and interest, shall become a lien on the realty.

Additionally, the Board shall set the procedure and time intervals for period reconciliation and status reports on all accounts.

In addition to the power to lien realty and to proceed to sheriff sale on said realty to satisfy any delinquent amount due the Authority under this Resolution, the Solicitor is also permitted to proceed in assumpsit against the owner of the realty and/or against the user of the water, either jointly or severally, to collect any and all monies due the Authority hereunder, including the collection of the penalty of ten (10%) percent per annum, and the interest computed at a rate of ten (10%) percent per annum as heretofore stated, together with an attorney fee and/or commission of five (5%) percent, as permitted by statute for the collection of delinquent municipal claims, and to reduce any award to judgment and to execute said judgment against any and all assets of the delinquent sanitary sewer user who is the actual user and/or the realty owner, jointly and severally. When any Statute or Resolution permits a larger interest rate, penalty, or attorney's fee than that stated herein, then the Solicitor shall have the prerogative to proceed under said Statute or Resolution or any part of any Statute or Resolution that will produce the greatest return to the Authority or that will reduce the cost of the proceedings to the Authority.

Changes in the rates shall become effective on the date specified in the Resolution setting the new rates. The fees, charges or assessments for the initial billing cycle shall be due the date specified in said bill, and the amount due shall be computed by multiplying the rates set forth in Section 3 of this Resolution, to the quantity of water used as indicated by the water use meter reading or estimated quantity for the month, or, if applicable, shall be the minimum fee as set forth in Section 3 of this Resolution, and thereafter, all said fees, charges or assessment shall be based on the each succeeding monthly water use meter reading, or estimated quantity, from succeeding month to succeeding month; Provided, however, to compute the correct fees, charges or assessments due each

month , the gross amount of water usage from prior months occurring in the same calendar year shall be added to the current month to determine the applicable rate to apply for that specific billing cycle, and each quantity of water usage shall be added to the gross water usage of prior month during the same calendar year to determine the proper rate to apply for any specific month. After the initial billing cycle, all subsequent billing cycles shall be due on the last day of each month.

SECTION 14. This Resolution is intended to be read in pari materia with Ordinance No. 976 of the Borough of West Mifflin enacted April 11, 1991 and is not intended to rescind Section 10 of said Ordinance, which provides for civil penalties for failure to pay any monthly fee, charge or assessment.
