

BiW4Teens Program – Multi-Student Visit Log

Write the student's name and date of birth in the gray space above the visit date. If applicable, make notes about no shows or upcoming appointments in the notes section. Record visit date of each student contact and use one of the following visit codes to signify what type of contact it was:

OV = Office Visit PC = Phone Call T = Text E = Email

Students should be seen in the office every 2 weeks while they are working through the BiW4Teens program materials. Once student complete the program materials, they begin the maintenance phase of the program. During the maintenance phase, should should be seen in the office once a month. Ideally students should follow the BiW4Teens program for a minimum of 6 months.
