## Where Compassion Meets Action!

**At Repurposed Foundation, we believe in the power of community and the boundless potential of kindness. Our mission is simple yet profound: to make the world a better place, one act of generosity at a time. We are a dedicated team of volunteers, donors, and advocates, united by a common passion for positive change.**

Our story begins with a shared belief in the transformative power of human kindness and the unwavering determination to tackle the world's most pressing challenges. Our journey was ignited by a simple yet profound realization that together, we possess the potential to create profound change.

In the face of adversity and inequality, we saw an opportunity to be a force for good. For most people in vulnerable communities, the future is bleak. They live with little to no hope. Our goal is to help change that. We aim to give the helping hand that will pull them out of the bleakness and into the world of possibilities.

***“There's a magic that occurs when we all pool our gifts and resources. Let's bring our abilities and passions together to effect real change.”***

We will support this campaign with our social media posts, on our website and will make a video with a shout-out to our sponsors and donors.

Thank you for being a vital part of our community of changemakers.

### Snapshot of what your donations will do:

**\$25** covers the cost of school supplies for one student or provides

**\$50** covers elementary school tuition fees for one term for one student

**\$100** covers secondary school tuition fees for one term for one student

**12** children have been sponsored from elementary to secondary school

**30** Students received new school shoes during the school year.

**Help our cause:** Please consider sponsoring our event or providing us with a silent auction item that we can auction during our event. Your contribution goes beyond monetary value; it represents hope, empowerment, and positive transformation. Together, we can turn compassion into action and improve lives.
