LOCATION:

The city of Dundee, with a population in the order of 150,000 is situated on the north bank of the Firth of Tay, lying approximately 25 miles east from Perth. The city benefits from a main line railway station, sitting on the East Coast line, with a further rail link to Perth and to the Central Scotland area. The city also benefits from excellent road transport links to Aberdeen and the north, with the Tay Road Bridge to the south to Fife; access to the Central Scotland motorway network is via the M90 and M9.

Dundee is the main administrative and commercial centre for the Tayside area, which has been through a period of urban regeneration in recent years. A number of redevelopment projects have been completed, in addition to the various current developments on-going within City Quay, City Centre, and significant regeneration in the Blackness area of the city.

The Dundee Waterfront Project is also well under way with major infrastructure improvements now complete with the V & A Museum and Visitor Centre attracting a number of visitors not just at home, but far and wide. In addition, the nearby and fully refurbished Malmaison Hotel opened less than ten years ago and a further hotel now forms part of the major redevelopment of Dundee Railway Station. This significant investment in this part of the city will undoubtedly increase economic activity and it is anticipated that these projects will reinvigorate the city and reconnect the city centre to the Waterfront area, with Slessor Gardens attracting world-renowned music artists to the City of Discovery.

Located off the west side of Commercial Street to the north of its junction with High Street with a mix of surrounding retailers, restaurants and licensed premises at street level with offices and flats above. The McManus Art & Museum is just around the corner..
